**WHAT IF\_**  
**FOLLOWING THE MAP**  
**ISN'T YOUR STYLE?**

You'd need a vehicle that's as open to adventure as you are. With the capability to take you where you want to go, and the comfort and technology to make the trip back just as much fun. So load up and let's go. We're ready. The Nissan X-Trail.

## BREATHTAKING FROM TOP TO BOTTOM

**Comfortable zero-gravity inspired seats with spinal support –** With your comfort in mind, Nissan engineers have designed an articulated driver's seat that supports you from the pelvis to the chest, along with seat cushions that flex in response to your unique pressure points.

**Power Opening Panoramic Roof –** Enjoy a panoramic view from the Nissan X-Trail's Power Opening Panoramic Roof, that stretches the length of the vehicle.

**Heated and Cooled Cupholders -** Help to keep your drinks at a temperature you prefer.

**Quick Heated Front Seats –** Specifically target key areas of the body to heat them in sequence, ensuring you warm up as quickly as possible.

## SLIDE, GLIDE AND SWING WIDE.

**A smarter 2nd row.** This 2nd row is truly first class, thanks to X-Trail's flexible seating system. The 60/40 split seat slides forward for easy access and adjusts to give you a little more cargo space, more leg room or anywhere in between. The seats also recline, when it's time to just relax.

**Optional 3rd row.** X-Trail's 50/50 split folding 3rd-row seat gives you added flexibility carrying 2 extra passengers and their gear, or folds down to make a flat cargo floor for maximum carrying space.

**Power Tailgate and Rear 77° Wide Opening Doors.** X-Trail gives you easy access with rear doors that swing out nearly 80°, and a power tailgate that opens by a tap of a button on the boot, your Nissan Intelligent Key or a switch mounted by the driver.

### KEEP AN OPEN HATCH AND AN OPEN MIND.

**Room for craft and crew.** With room for an object around 2.6 metres long, X-Trail gives you possibilities you never knew you had. And with a clever 60/40 folding seat, there's plenty of room to bring friends along, too.

**1,982 LITRES**

You, a passenger and lots of cargo.

**550 LITRES**

Five of you and your gear.

## CONFIGURATIONS

**Luggage Board System.** All New Nissan X-Trail comes equipped with an innovative Luggage Board System which enables you to adjust shelves and dividers to give you a variety of configurations - it's so easy, you can do it with one hand.

**A.** A long, flat floor with under-floor storage for those big items and the ones you want to hide.

**B.** Lower your floor for added height to fit those tall items.

**C.** Create a hidden compartment that keeps valuables out of sight, with a handy shelf on top.

**D.** Make an open space for storage underneath, and a handy shelf to keep other items separate and within easy reach.

## GET A LITTLE DIRTY – WITH A CLEAN CONSCIENCE.

**What if you got excellent fuel economy in a roomy SUV that's lots of fun to drive?** With X-Trail, we got there by developing everything from exterior aerodynamics that whisper through the wind, to advanced engines and a virtually gearless Xtronic transmission that maximises efficiency and performance.

**Power to go.** Powering the Nissan X-Trail is an advanced dCi 130 engine, tuned to provide the performance of larger diesel powerplants, while offering enhanced fuel economy and lower CO<sub>2</sub> emissions. X-Trail's all new DIG-T 163 four-cylinder turbocharged petrol engine is not only one of the most advanced and fuel-efficient petrol engines on the market, it also offers a sharp performance that can sprint from 0-62mph in 9.7 seconds with top speed of 124mph. Both engines also feature Nissan's automatic Stop/Start, which shuts down the engine when it's not needed – at traffic lights, for example – to save fuel, then smoothly and quickly restarts as you pull away.

ENGINE	OUTPUT (PS)	TORQUE (NM)	CO <sub>2</sub> * (G/KM)	FUEL CONSUMPTION* (MPG)
dci 130 diesel 2WD MT	130	320	129 (133 with 19")	57.6 (55.4 with 19")
dCi 130 diesel 2WD Xtronic	130	320	135 (139 with 19")	55.4 (53.3 with 19")
dCi 130 diesel 4 WD MT	130	320	139 (143 with 19")	53.3 (52.3 with 19")
DIG-T 163 2WD MT	163	240	145 (149 with 19")	45.6 (44.1 with 19")

\*Tentative pending final homologation.

**Xtronic** (Continuously Variable Transmission). In the newest version of our Xtronic, friction is reduced by up to 40% and the ratio coverage is increased to greater than that of some 8-speed automatics. A new Eco mode improves fuel economy at the touch of a button. All this, and performance so smooth, it's like riding a continuous wave of power.

## WHAT IF\_ YOUR CAR KNEW WHEN YOU WERE CORNERING?

**And how to react to your commands?** That's the kind of intuitive response we've engineered into every X-Trail, so you can enter any situation with more confidence.

**Intuitive 4WD.** With X-Trail's optional All-Mode 4x4-i, you've got a system that's capable on-road and off. You can choose full-time 2WD for maximum efficiency. Auto Mode constantly monitors conditions and adjusts the balance of power between front and rear wheels for best traction. Challenging conditions? 4WD Lock Mode is your choice.

**Active Engine Brake.** Whether you're slowing for a corner or coming to a stop, this system uses the Xtronic transmission to apply engine braking – much like shifting to a lower gear in traditional transmissions – to help give smoother deceleration and a more confident feel when braking.

**Active Trace Control.** This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

**Active Ride Control.** X-Trail can automatically apply braking and adjust engine torque after you hit a bump to smooth out your ride.

**Hill Start Assist.** Helps prevent rollback when starting and driving away on an incline.

## NISSAN ADVANCED DRIVE-ASSIST DISPLAY INNOVATION THAT'S RIGHT IN FRONT OF YOU.

With so much going on around you, it's easy to lose sight of what's most important: driving. From turn-by-turn directions to caller ID, the Advanced Drive-Assist Display serves up information conveniently within your eye line, helping to minimise time looking away.

# NISSAN CONNECT \* INNOVATION THAT KEEPS YOUR WORLD WITHIN REACH

**SMART AND FUNCTIONAL.** NissanConnect is incredibly easy to use thanks to the high resolution 7" anti-glare touchscreen. It comes equipped with a rich range of features including audio, navigation and communication functions as well as cutting edge connectivity and smartphone integration features.

**CONNECTED WHEREVER YOU GO.** NissanConnect offers Smartphone integration. Enjoy an ever evolving list of applications\* from the comfort of your Nissan's display screen, all tailored to enhance your overall driving experience in a safe way.

**INTELLIGENT DRIVER ASSISTANCE** and navigation functions support you in all kinds of traffic situations with motorway exit views, lane guidance and dynamic re-routing.

**STREAMING AUDIO VIA BLUETOOTH®.** Enjoy digital radio, Over The Air internet radio, or stream music from your mobile phone.

**IPOD/ USB INPUT.** Plug in your iPod or MP3 player to access your entire music library while you're on the road.

\*Driving is a serious business. Only use NissanConnect services when safe to do so. Some applications shown are not yet available and more will be available at a later date. NissanConnect service subscription required but is available on a complimentary basis for 2 years from purchase. Service and applications only available in select European countries and on select Nissan models. Services and applications may be provided by third parties outside Nissan's control and are subject to change without notice or liability to Nissan or its agents (including, without limitation, services cancelled/suspended by third parties.) Certain remote functions require compatible phone or device, not included with vehicle. Cellular networks are provided by cellular companies, and are not within Nissan's control. Cellular networks not available in all areas. Roaming charges and/or data usage charges may apply. Nissan is not responsible for any equipment replacement or upgrades or associated costs that may be required for continued operation due to service changes.

**NISSAN AROUND VIEW MONITOR**  
**IT'S GOT YOUR BACK.**  
**AND THE REST OF YOU, TOO.**

What if parallel parking was easier? A rear view is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why X-Trail offers an Around View Monitor. Four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and kerb-side views, so you can get a better look. And since all obstacles aren't stationary, Moving Object Detection keeps an eye around your X-Trail and can warn you about moving objects detected in your vicinity.

**Parking the All New Nissan X-Trail is as easy as driving it:** Intelligent Park Assist measures the available space to make sure there's enough room. What's more, in Auto Mode, X-Trail does the steering manoeuvres for you to slide effortlessly into place.

On-screen controls let you tell the system how you want to park.

For other parking situations, on-screen controls help you choose your desired space, and then steer you in.

## NISSAN SAFETY SHIELD PHILOSOPHY

# INNOVATION THAT LOOKS OUT FOR YOU.

**Keeping an eye out.** Smart technologies help monitor your vehicle's systems and surroundings. Like a warning when you're straying from your lane, or a system that helps ensure you're travelling on correctly inflated tyres.

**Tyre Pressure Monitoring System.** Alerts you when tyre pressure is low in any wheel.

**Driver Attention Alert.** Your X-Trail monitors your driving, and if it senses that you may be fatigued, drowsy, or distracted, an audible warning will sound and an alert will appear on the Advanced Drive Assist-Display.

**Traffic Sign Recognition.** X-Trail employs an advanced system that can actually read road signs, including speed limits and other advisories, providing you with the information on the Advanced Drive-Assist Display.

**High-Beam Assist.** If you're driving with the high beams on and the system detects oncoming traffic, it will automatically turn the high beams off. Once traffic passes, the system will turn the high beams back on.

**Helping you respond.** When you need to hit the brakes hard or suddenly manoeuvre around an obstacle, these standard technologies help you respond to a potentially harmful situation.

**Vehicle Dynamic Control** helps you maintain your steered path.

**Anti-lock Braking System** helps you maintain steering control around obstacles when braking heavily.

**Brake Assist** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

**Helping protect you.** When a collision is unavoidable, Nissan's Zone Body Construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

**6** STANDARD AIR BAGS

## NISSAN SAFETY SHIELD TECHNOLOGIES

### GET AWAY WITH JUST A WARNING.

**Discover a drive that's alive with technologies,** using cameras and sensors the All New Nissan X-Trail delivers 8 different safety systems which work together to build your confidence and keep you on top of your surroundings at all times.

**Forward Emergency Braking.** Depending on speed and situation, Nissan's Forward Emergency Braking system may, in certain circumstances reduce the impact of a collision by automatically activating the brakes if you get too close to the vehicle in front of you.

**Blind Spot Warning.** If another vehicle is detected in your blind spot area, a warning light appears in the driver's or front passenger's doors and on the Advanced Drive-Assist Display. Put your indicator on, and the warning light will flash and you'll also hear an audible alert.

**Lane Departure Warning.** If X-Trail detects that you're straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. The system is so smart, its designed to stop the warning when your indicator is on.

**Moving Object Detection.** When the Around View Monitor is in use and detects something moving by the vehicle, it gives a visual and audible alert.

**Optional equipment.** This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

**Nissan's** commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

**Three-year/60,000 miles manufacturer's warranty** – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

**LEAF** – Nissan LEAF offers a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. The Nissan LEAF lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF's capacity gauge for a period of 5 years / 60,000 miles. For LEAF flex customers, the battery state of health guarantee applies for the duration of the battery lease.

**NV200 Combi** - New Vehicle Warranty is issued by Nissan International SA is valid for 3 years from the warranty start date or 60,000 miles, whichever comes first. In addition, for each new NV200 Combi sold by an authorised UK Nissan dealer, Nissan Motor (GB) Limited (NMGB) will issue an extension to the New Vehicle Warranty. This warranty extension will cover your vehicle from 60,000 miles up to 100,000 miles or 3 years from the warranty start date, whichever comes first. Please note that audio and navigation units will not be covered by the warranty extension.
