

The New Toyota Crown Collection.

These are the common features that make

Only the Crown collection offers you all these features as standard fittings. Many of them are exclusive to Toyota; others are the sort of safety and luxury equipment that

Side repeater flashers.
Hazard warning lights.

Low fuel indicator light.
Handbrake warning light.

Anti-dazzle rear view mirror.

Fully reclining front seats.

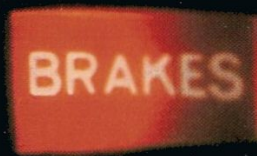

Attractive centre console.

Felt lined cigarette box holder.

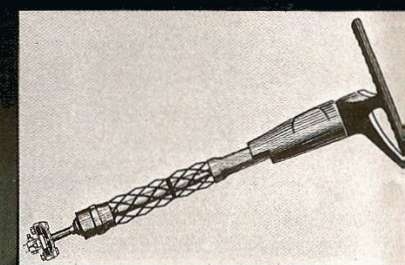

Stop and tail lamp failure
warning light.

Brake fluid level warning light.

Light switch and rheostat panel
light control.

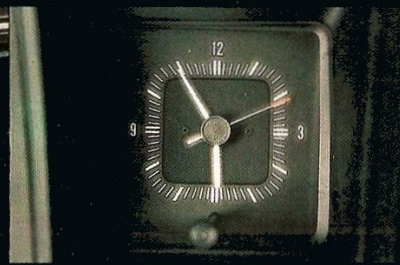

Collapsible steering column for
safety.

Lockable, illuminated glove
compartment.

AM/FM 5 push button radio with
three speakers (auto-search radio/8
track stereo on Special).

Electric clock with sweep
second hand.

Three speed heater/demister with
illuminated controls
(Air-conditioning on Special).

Two speed windscreen wipers and
electric washers.

the Crown such an uncommon range.

most car makers term 'optional extra'
—and, of course, they charge extra
for them.

Toyota includes them all within
the price.

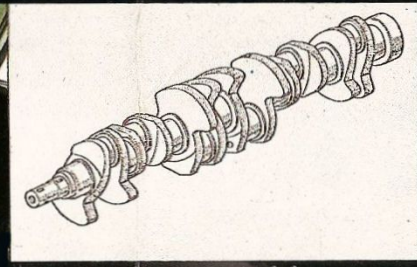

Toyoglide three-speed automatic transmission with T-shift (column shift on Estate).

Lockable petrol cap (Flap on Estate).

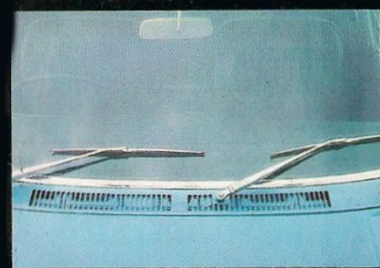

Power assisted steering.

Eight balance crankshaft for extra smooth running.

Electro magnetic door locks—all doors lockable from drivers position.

Laminated windscreen with built-in radio aerial.

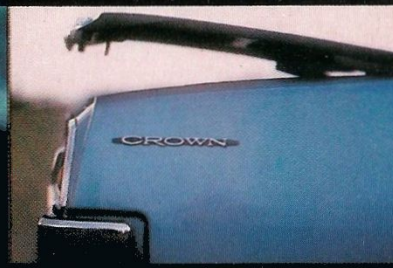

Tinted glass all round. Flow through ventilation.

Heated rear screen.

Steering column lock with alarm (open door with key left in and alarm buzzes).

Electro magnetic boot release operated from drivers position.

Cigar lighter front...

...and rear.

Red safety light on rear passenger doors when open.

150 bhp (SAE) 6 cylinder engine with oil cooler. Illuminated engine compartment.

Spacious illuminated boots.

Crown 2600 De Luxe Saloon.

Here's true luxury motoring, a compact yet spacious 100 mph, 2.6 litre saloon designed with flair and assembled with care. The fine elegant lines of the Crown are

both distinctive and timeless. And it's solidly engineered, too, designed for a long, trouble-free life.

Technical Specification

Engine

Model: 6 cylinder, single overhead camshaft, aluminium crossflow cylinder head, oil cooler.
Bore & Stroke: 80mm x 85mm
Cubic Capacity: 2,563cc
Compression Ratio: 8.7:1
Maximum Horsepower (SAE): 150bhp @ 5400rpm
Maximum Torque (SAE): 164ft lbs @ 3800rpm
Carburettor: 2 barrel downdraft, automatic choke with return fuel system.
Battery: 60amp hr
Alternator: 45 amp
Fuel Capacity: 15.4 gallons.

Transmission

Box: Toyoglide three-speed automatic with floor-mounted T-shift.
Ratios: 1st 2.400, 2nd 1.479, 3rd 1.000, Rev 1.920.

Rear Axle

Type: Semi-floating hypoid
Final drive ratio: 4.111:1

Steering

Type: Recirculating ball, power assisted, collapsible column.
Steering ratio: 19.3:1

BRAKES

Type: Servo assisted, front discs, rear drums. Dual acting master cylinder. Rear pressure control valve.
Diameters: 10 inches front, 10 inches rear

Suspension, Body & Tyres

Front suspension: Independent with coil springs, wishbones, double-acting shock absorbers and anti-roll bar.
Rear suspension: Live axle, 4 links and coil springs. Double action shock absorbers.
Body: Unit construction, 4 door saloon.

Tyres: 175 14 Radial-Ply
Wheels: Pressed steel 5J x 14

Dimensions & Weights

Wheelbase: 8ft 9.9ins
Track-front: 4ft 6.7ins
Track-rear: 4ft 6.3ins
Overall length: 15ft 4.3ins
Overall width: 5ft 6.5ins
Overall height: 4ft 7.9ins
Ground clearance: 6.9ins
Kerb weight: 2965 lbs.
Minimum turning circle: 36.1ft

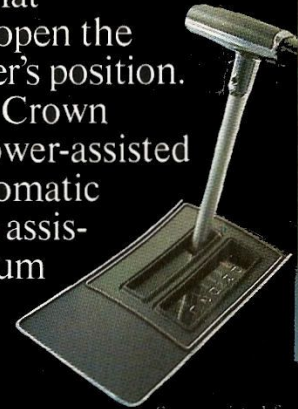

Performance

Top speed: 100mph
Maximum cruising speed: 87 mph
(all performance figures are approximate)
Seat belts and number plates not included as standard equipment.

In fact, quality and craftsmanship shows in every detail, from the quiet smoothness of the six-cylinder engine to the carefully-thought-out luxury fitments like tinted glass, two cigar lighters and master switches that lock all the doors and open the boot lid from the driver's position.

And, of course, the Crown De Luxe Saloon has power-assisted steering, Toyoglide automatic transmission and servo assisted dual-circuit disc/drum brakes.

Crown 2600 Special Saloon.

This is the car for the connoisseur, for the discerning motorist who needs an elegant, distinctive vehicle that offers just that little extra.

The Crown Special includes all the luxury fittings of the Crown De Luxe plus a full air-conditioning system. This comes complete with a 'town switch' that ensures that the unit will still work effectively and efficiently, even when you're idling in heavy

traffic on a hot day. This is a feature which is normally found on only the most expensive cars.

There's a neat, useful 'extra' in the boot, too—a cold box to keep perishable goods fresh when you're travelling or shopping.

In addition to the items shown on pages two and three, the Crown Special also has

anti-whiplash head restraints on the individual, fully-reclining front seats and an eight-track stereo tape player as well as a self seeking AM/FM radio.

Performance

Top speed: 100mph
Maximum cruising speed: 87mph
 (all performance figures are approximate)
 Seat belts and number plates not included as standard equipment.

Crown 2600 Custom Estate.

This is no utility vehicle. The Estate version in the Crown Collection is a sturdy vehicle which combines practicality with luxury. Fold down the rear seats and you have a massive luggage compartment more than six feet long—just the job for camping

gear or for carrying bulky loads. Even with the rear seat upright, you still have 26.84 cu-ft of luggage space—room for all the cases and bags that you and four passengers may need.

And, of course, the Estate shares the same mechanical specification as the De Luxe saloon—including Toyoglide automatic transmission,

power-assisted steering, servo assisted dual-circuit disc/drum brakes and all the prestige, luxury items.

It has some 'extras' of its own, too. If you are a family man, you'll appreciate the two, rearward facing, children's seats which can be folded neatly away into the luggage space. In addition, there's a column selector for the transmission in place of the T-shift of the saloons and the rear suspension has been strengthened to match the extra load carrying ability.

Technical Specification

Engine

Model:	6 cylinder, single overhead camshaft, aluminium crossflow cylinder head, oil cooler.
Bore & Stroke:	80mm x 85mm
Cubic Capacity:	2,563cc
Compression ratio:	8.7:1
Maximum Horsepower (SAE):	150bhp @ 5400rpm
Maximum Torque (SAE):	164ft lbs @ 3800rpm
Carburettor:	2 barrel downdraft, automatic choke with return fuel system.
Battery:	60amp/hr
Alternator:	45amp
Fuel Capacity:	13.2 gallons

Transmission

Box:	Toyoglide three-speed automatic with column mounted shift.
Ratios:	1st 2.400, 2nd 1.479, 3rd 1.000, Rev 1.920.

Load space:	3ft 4ins min (3ft 10ins max) x 4ft 2.5ins 3ft 4ins min (3ft 10ins max) x 6ft 9ins (with rear seat folded).
Load capacity:	26.84 cuft 46.05 cuft (with rear seat folded).

Performance

Top speed:	100mph
Maximum cruising speed:	87 mph
(All performance figures are approximate)	
Seat belts and number plates not included as standard equipment.	

Crown 2600 Coupé.

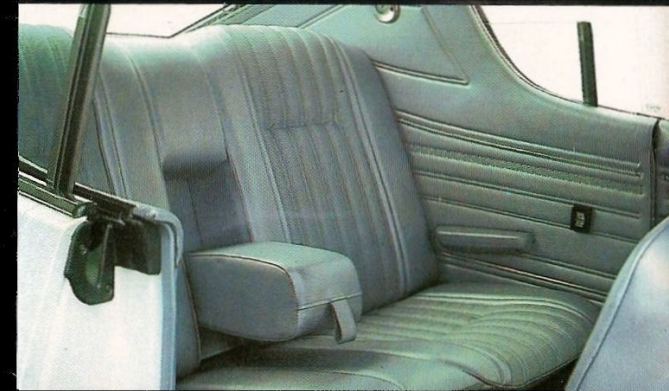

A sporty addition to the Crown range, the 2600 Coupé is a sleek, two-door, fixed-head coupé with elegant fastback coachwork.

Like the Crown Saloon, it's a full five-seater, powered by a high-performance, six-

cylinder, overhead cam engine driving through a three-speed automatic transmission. And it has power-assisted steering; servo-assisted dual-circuit disc/drum brakes; T-shift on the floor and a full complement of luxury equipment which includes an AM/FM radio, heated rear screen and electro magnetic door locks.

In addition, it has a sports steering wheel and—a very practical innovation—electrically operated rear quarter windows which can be opened and closed from both the front and rear seats.
