

New Carina Range

TOYOTA

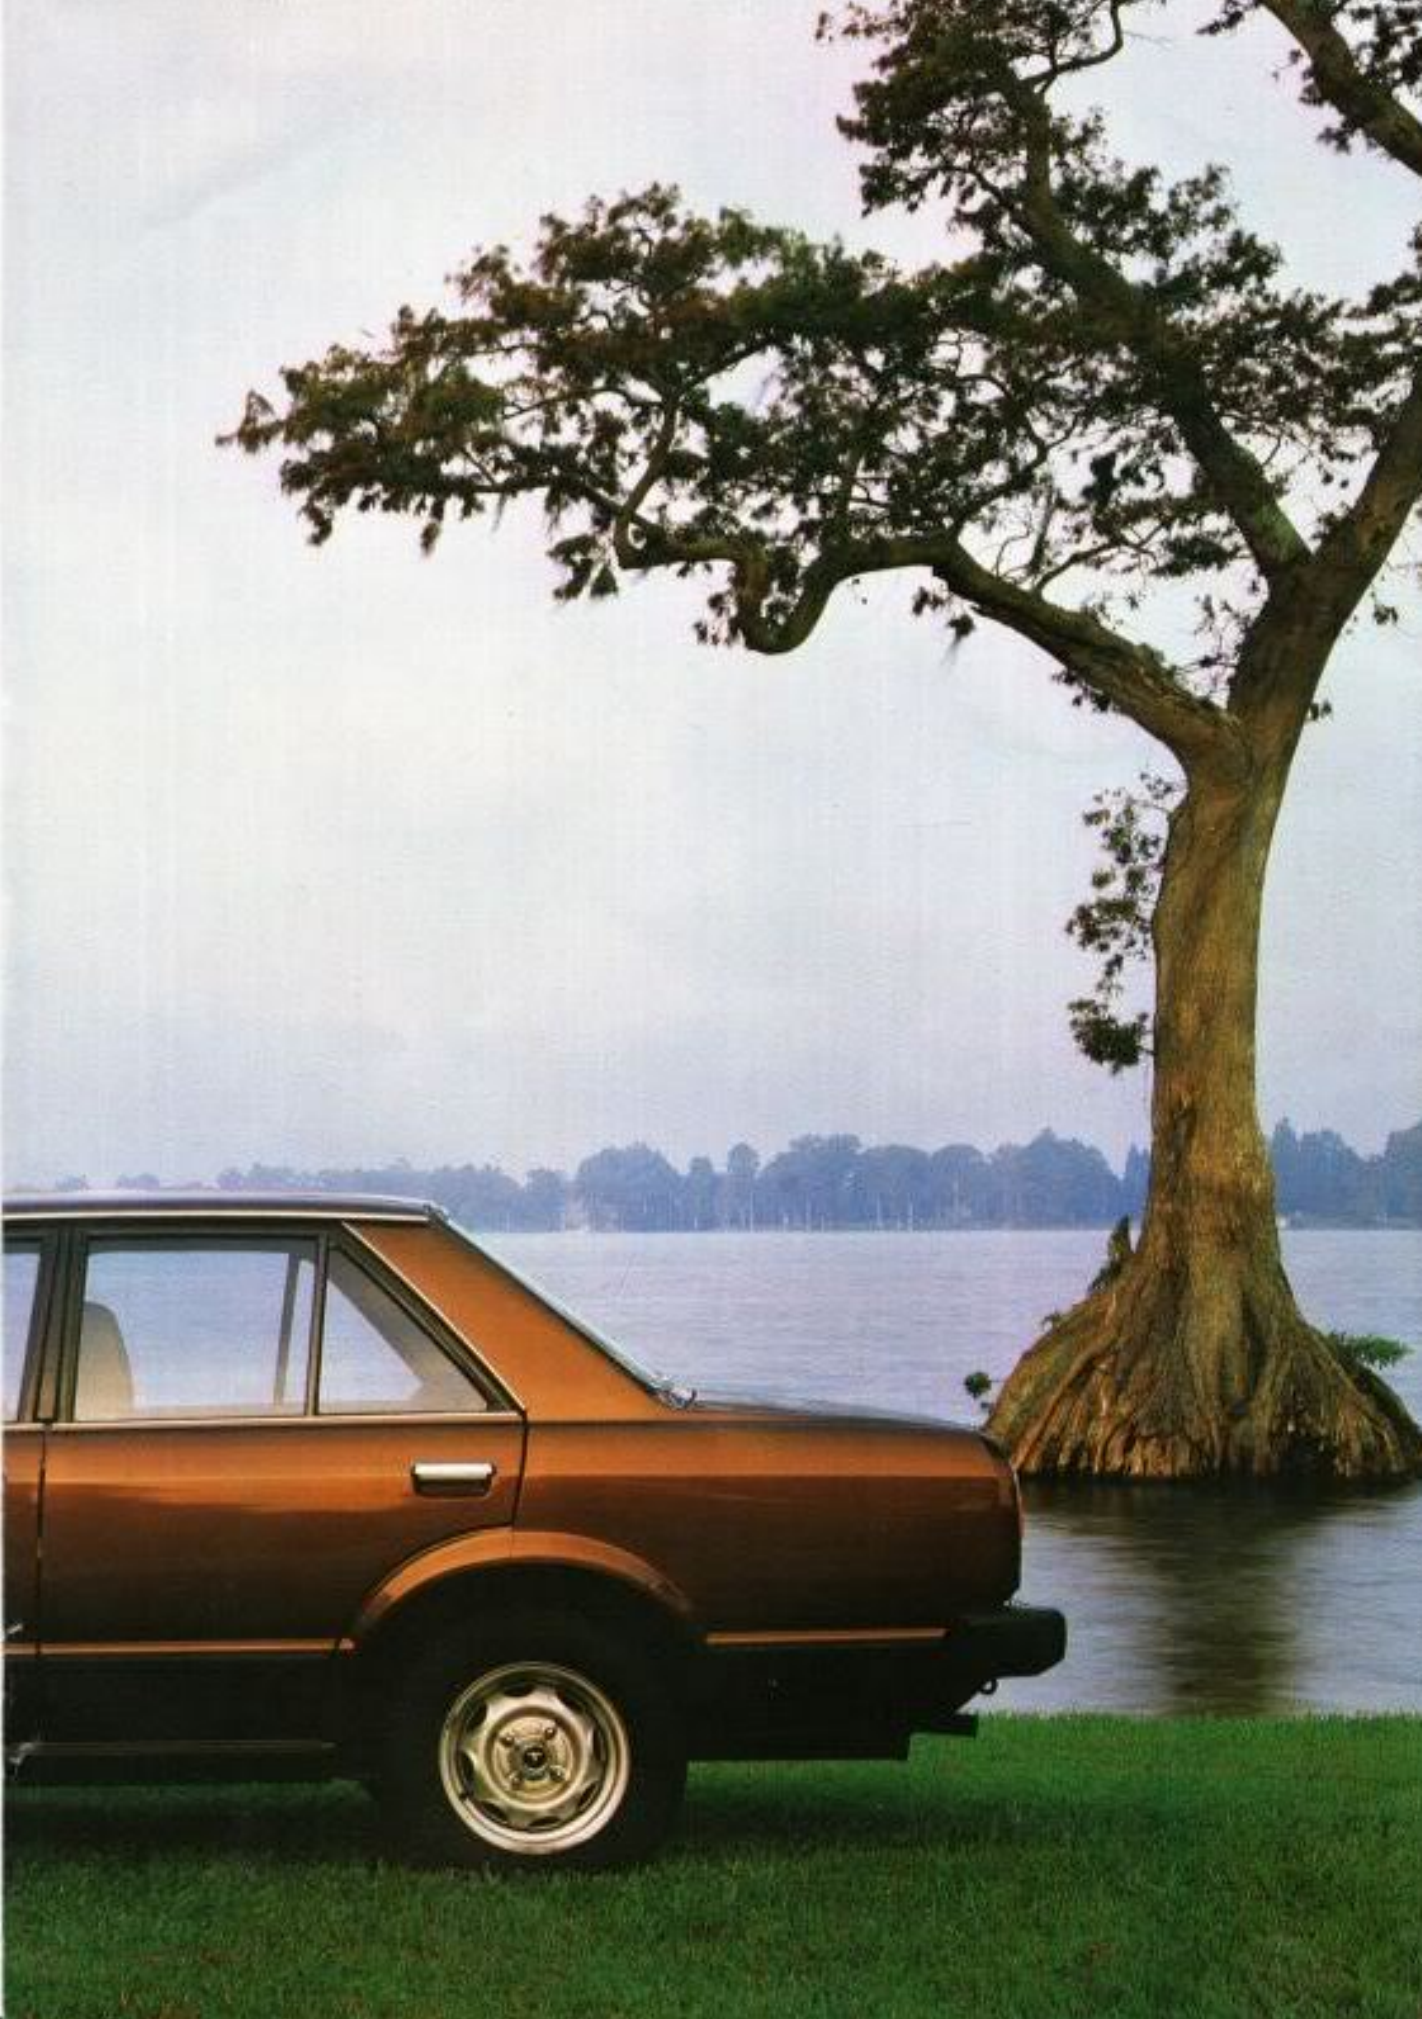

Carina like every Toyota – is the car for those who demand a great deal without having to spend a great deal to get it. In a world where reliability, high technology and value really count the Carina is the economical answer.

Look at the Carina shape – it is well proportioned – shows good taste and style, all reflected in Carina's classic lines – four doors, front engine and so much room for luggage. A full 5-seater saloon or estate that makes sense, no matter how you look at it.

A 1588 cc engine which runs on 2-star petrol, a lightweight design that needs less fuel to propel it – that's Carina economy. No stinting with the latest materials to achieve strength and durability – that's Carina safety. Front seats which adjust for reach and rake, seats that really fit – that's Carina comfort. Plenty of room for people, leg-room, headroom, elbow-room, and so much room for luggage – that's Carina space.

Take a look inside. See what you get for your money. Head restraints designed to help prevent injury from rear impacts. There is a toughened, tinted

windscreen, flush-fitting door handles, seat belts and child-proof locks at the rear – more safety features. A LW/MW/FM push-button radio, colour co-ordinated cloth upholstery and rich, loop-pile carpet. A headlight dip beam and turn signal switch, 2-speed wipers and intermittent wipe. All standard equipment in the Carina.

And there is plenty you cannot see – automatic choke to ensure efficient starting, even on the coldest, dampest mornings. A demister that works on the side windows as well as the screen, and a heated rear window. Then there is our well-proven, all-synchromesh gearbox. Powerful front disc brakes with tandem master cylinders in the braking system to make sure you stop quickly and safely, with only light pressure on the pedal. And finally, Toyota engineering under the bonnet which means reliability.

Take a look outside – a front spoiler that streamlines underneath the car. There are indicator repeater lights that can be seen from the side and rectangular halogen headlights to help you see, even in the worst road conditions. A rubber protective moulding runs

the full length of the side panels to protect your Carina paintwork from the car park 'door bashers'. All this and Carina style too.

Carina Estate – There is always a job for an estate – a bulky piece of furniture, a family outing, sports equipment, or even just space for the dog.

The rear door, which has its own wash/wipe system, lifts at a touch. Inside is a load space, smooth, uncluttered and sensibly low – no strong arm stuff needed here. If you have a really bulky load then just fold the rear seat away and you will be amazed just how much the Carina Estate can carry – and it has the rear suspension to cope with the extra weight you will want to transport.

It has power too – like the saloon, the Estate uses our economical 1588 cc engine which produces 73 bhp – that means there is power for towing light caravans and dinghies.

Carina Estate combines the best of both worlds – luxurious and hard working. But be careful – you will find it is the car most people will want to borrow!

See the style . . . Drive the difference.

A dark-colored Toyota station wagon is shown driving on a dirt road during sunset. The car is positioned in the lower half of the frame, moving towards the right. The background features a large, leafless tree on the left and a dark, silhouetted hillside on the right. The sky is a warm, golden-orange color, and the car's headlights are on. The license plate reads "CYH 905Y".
