## TEMPO OFFERS AN APPEALING COMBINATION OF COMFORT, PERFORMANCE, STYLE AND SOLID VALUE.

Throughout the years, Ford Tempo has been the popular choice for all kinds of people all over America. It's easy to see why. Tempo offers an appealing combination of comfort, performance, style and solid value. The 1994 Ford Tempo is available in two body styles: coupe and sedan. Both are loaded with an impressive list of standard features and available options, including value-packed Preferred Equipment Packages. See your dealer for a complete listing.

### ROOM-FOR-FIVE INTERIOR

Tempo's interior makes the best use of available space while providing an unexpected level of comfort for five occupants. You'll also find Tempo's instrumentation is highly visible and its controls are carefully designed and easy to reach. And rear seat passengers will find that Tempo offers as much room as some larger models.

### CHOICE OF TWO ENGINES

A 2.3-liter HSC inline 4-cylinder engine is standard on Tempo. Or, if your driving needs require more power, you can choose the optional 3.0-liter V-6 engine. Both feature sequential multi-port electronic fuel injection for optimal efficiency and performance. And both can be matched to a standard five-speed manual transaxle or an optional three-speed automatic transaxle. EPA estimated City Mileage for Tempo engine/powertrain combinations varies between 24-33 mpg.

### FULLY INDEPENDENT SUSPENSION

The 1994 Ford Tempo is equipped with a four-wheel fully independent suspension. This contributes to Tempo's outstanding ride and handling. Each wheel steps over road imperfections with minimal effect on the opposite wheel—or the passengers inside.

### DRIVER-SIDE AIR BAG

A driver-side air bag Supplemental Restraint System is available on Tempo models equipped with the 2.3-liter engine and automatic transaxle. An air bag offers added protection when used in combination with a safety belt. Always wear your safety belt.

### COMPREHENSIVE WARRANTY AND MORE

Every 1994 Ford Tempo is covered by a comprehensive, 36-month/36,000-mile bumper-to-bumper warranty. Also during the warranty period, every 1994 Tempo is covered by a complimentary 24-hour roadside assistance program. Roadside assistance covers such items as changing a flat tire, jump-starting your vehicle, towing, getting you into a locked vehicle, bringing you gas should you run out, and more. Complete details and a copy of the limited warranty are available at your dealer.

### POWER STEERING

Power-assisted rack-and-pinion steering is standard on Tempo. It delivers excellent road feel with the right amount of assist for all driving maneuvers, including parking.

### STANDARD FEATURES

Here are some of Tempo's standard features:

- Front-wheel drive
- Five-speed manual transaxle
- Analog instrumentation
- Front disc/rear drum brakes
- Low-back individual reclining cloth front seats
- Child-proof rear door locks (4-door)
- Five-mph impact bumpers
- Reinforced side door impact beams
