

1 9 9 5   F O R D   C O N T O U R

**THE ALL-NEW CONTOUR IS A TRUE DRIVER'S CAR THAT IS BOTH SATISFYING AND INSPIRING.**

The 1995 Ford Contour is an all-new, five-passenger, four-door sedan designed and built to not only satisfy and please you, but to surprise and delight you. Contour is an innovative car with 21 new features never before offered by its major competitors. It has responsive handling, roomy comfort and many leading edge engineering features. And it meets 1997 federal safety standards now.

Contour is available in three models: the well-appointed GL, the highly refined LX and the performance-minded SE. All are available with an impressive list of standard features and options, including value-packed Preferred Equipment Packages—so you can add a personal touch to this all-new car.

**LOGICALLY DESIGNED INTERIOR**

Spacious, comfortable and well thought-out are words that accurately describe Contour's interior. You'll find that it is an environment that caters to the driver and passengers alike. The seats are sculpted to the contours of the human body for improved support and comfort. And the controls and instrumentation are designed and arranged for easy use.

**PERFORMANCE CHOICES**

Contour offers you two new powerful performers. The standard Zetec 2.0-liter DOHC 16-valve 1-4 engine produces 125 horsepower at 5,500 rpm. The optional new Duratec 2.5-liter 24-valve V-6 generates 170 horsepower at 6,250 rpm and doesn't require a scheduled tune-up for the first 100,000 miles under normal driving conditions.

**EXCLUSIVE AIR FILTRATION SYSTEM**

Contour is equipped with the MicronAir® Filtration System, which screens out virtually all pollen, road dust and other pollutants before they enter the car. That should please allergy sufferers or anyone concerned with air pollution. MicronAir also helps keep windshields, dashboards and air-conditioning systems cleaner.

MicronAir® is a registered U.S. trademark of Freudenberg Nonwovens

**ALL-SPEED TRACTION CONTROL**

Contour's optional all-speed traction control provides safer, straighter acceleration from a stop and greater handling and steering control at higher speeds. This advanced safety feature regulates the spin of either or both front wheels to help maintain driver control and traction on slippery road surfaces.

**DUAL AIR BAGS**

Contour's standard driver- and front passenger-side air bag Supplemental Restraint System offers added protection when used in combination with safety belts. Always wear your safety belt.

**TRUNK-MOUNTED SEATBACK RELEASES**

The controls for Contour's 60/40 split-fold rear seatback are located in the spacious 13.9-cubic-foot trunk. That makes it easier for you to load and carry long items.

**21 UNIQUE FEATURES**

You'll find 21 new features never before offered by Contour's major competitors. And 13 are standard on every Contour.

- 2.5-liter V-6 Duratec System, including sport-tuned steering and suspension, 4-wheel disc brakes and larger tires (optional)
- MicronAir Filtration System
- All-speed traction control (optional)
- Anti-submarine seats
- Driver-side seat belt grabber
- Seat-mounted front safety belts
- Illuminated headlamp switch and heater controls
- Illuminated power window switches (optional)
- Illuminated power door lock switches (optional)
- Illuminated interior door handles (optional)
- Curb illumination
- Rear dome light
- Remote locking with trunk and panic feature (optional)
- 10-way power driver's seat (optional)
- Front seat valance stowage bins (LX and SE only)
- Driver's side glove box
- Trunk-mounted rear seat releases
- Remote trunk release deactivation
- Diagnostic plug
- Solar tinted glass
- Glove box utility hook

**FORD WARRANTY**

Every 1995 Contour is covered by a comprehensive, 36-month/36,000-mile bumper-to-bumper warranty.

**ROADSIDE ASSISTANCE**

Also during the warranty period, every Contour is covered by a complimentary 24-hour roadside assistance program. It covers such items as changing a flat tire, jump-starts, towing, lock-out service, bringing you gas should you run out, and more.

See your dealer for complete information about Contour's limited warranty and roadside assistance program.

## STANDARD FEATURES, OPTIONS AND SPECIFICATIONS

### STANDARD FEATURES

Here are some of Contour's many standard features:

- Front-wheel drive
- Zetec 2.0-liter DOHC 16-valve I-4 engine (GL and LX)  
(2.5L DOHC Duratec 24-valve V-6 engine standard on SE)

- Full-length console
- Rear defroster
- Heated dual power exterior mirrors
- CFC-free air conditioner
- Electronic AM/FM stereo radio with cassette

### DIMENSIONS (IN INCHES)

Wheelbase:	106.5
Overall length:	183.9
Overall height:	54.5
Overall width:	69.1

### CAPACITIES

Cargo volume:	13.9 cu. ft.
Curb weight:	2,769 to 3,040 lbs.

### STANDARD ENGINE

Type:	Zetec transverse-mounted DOHC 16-valve I-4
Displacement:	2.0 liters
Horsepower (SAE net):	125 @ 5,500 rpm
Torque (SAE net):	130 lb.-ft. @ 4,000 rpm
Fuel system:	Sequential multi-port electronic fuel injection

Fuel capacity:	14.5 gal.
EPA estimated mpg:	24 city/35 highway

### OPTIONAL ENGINE

Type:	Duratec transverse-mounted DOHC 24-valve V-6
Displacement:	2.5 liters
Horsepower (SAE net):	170 @ 6,250 rpm
Torque (SAE net):	165 lb.-ft. @ 4,250 rpm
Fuel system:	Sequential multi-port electronic fuel injection

Fuel capacity:	14.5 gal.
EPA estimated mpg:	22 city/30 highway

### TRANSAXLE

Fully synchronized, including reverse, manual 5-speed overdrive with ultra-compact design, low internal friction and two-piece diecast aluminum case.

Electronically controlled automatic 4-speed overdrive with lock-up torque converter, shift sensors, automatic overdrive lock-out switch and brake/shift interlock.

### SUSPENSION

Front: Independent MacPherson strut-type with lower A-arms, strut-mounted coil springs and stabilizer bar. All steering and suspension components are connected to a rubber-mounted subframe.  
(SE has sport suspension with front dampers.)

Rear: Quadralink fully independent suspension, strut-mounted coil springs, passive rear-wheel steering and rear stabilizer bar mounted to a rigid subframe.  
(SE has sport suspension with rear dampers.)

**PRODUCT CHANGES** Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Ford Division reserves the right to change product specifications at any time without incurring obligations.
