Get To Know Geo

We're the Geo gang. Light, lively, and fun-to-drive. A family of truly affordable cars that range from economy sedans, convertibles and 4x4 utilities, to sports coupes with more performance than a travelling rock band.

Get To Know Geo's World

The Geo family of cars comes with an international pedigree. Design and engineering is a blend of Japanese quality with North American flair; some built in Japan, some made in Canada. To give you the best of import technology, the Canadian way.

Get To Know Geo Choice

Geo is more than a one-car philosophy. We're an economical 3-door Hatchback, 3-door sports Hatchback, 5-door Hatchback, 4-door Notchback Sedan. We're a sports-utility with downtown flair and off-road freedom. And we're a stormin' sports coupe at a feels-right price.

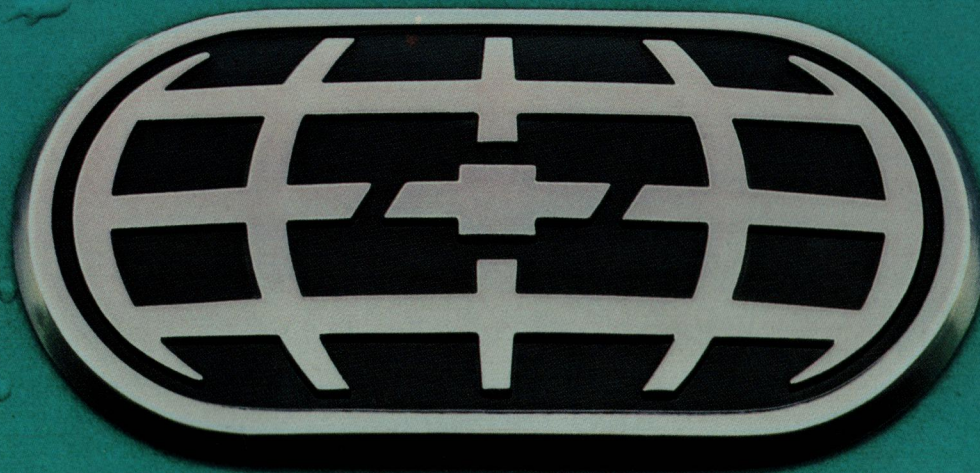

Get To Know Geo Tech

While our competitors try to squeeze the last drop of fuel from four cylinders or more, Geo says three can be enough and proves it with one of the best high-mileage performers in Canada. On the other hand, if multivalve, twin-cam, four-cylinder performance is what moves you, Geo is really going to move you.

Get To Know The New GM

What General Motors of Canada wanted was a family of imports you could relate to. What GM did was work with our colleagues abroad to develop a line of affordable cars you could drive with pride. And what GM offers is a coast-to-coast network of select Chevrolet/Geo dealers backed by GM's all-inclusive, no-deductible*, 3 year/60,000 km GM TOTAL™ Warranty.

*Whichever comes first, see your Geo dealer for details.

Geo Metro

HATCH A GOOD IDEA.

Geo Metro hatchbacks are a miracle in price and efficiency. Just raise the hatch and head for the beach. Metro's fold-down rear seat is going to pack you happy.

* With rear seat folded down			

Small Miracles

If kilometres could be measured in smiles, the Geo Metro would be known as The Happiness Machine. Designed to spare the fuel and save the earth, Metro is four of the most space efficient, fuel efficient, affordable cars in Canada. Cars for the working week that say "let's go play" when Five-o'clock-Friday rolls around. The ideal choice for a first new car, Metro lets you choose from 3-door and 5-door Hatchbacks; a 4-door, 4-cylinder Notchback;; plus a brand new 4-cylinder GSi Hatchback Coupe. It's a miracle in price and efficiency. And there's nothing small about that.

Metro Notchback Sedan.

Geo Storm

YOUR SAFETY CUSHION.
A driver-side airbag is standard in every Geo Storm. Always wear safety belts, even with an airbag.

Pushing Your Limits

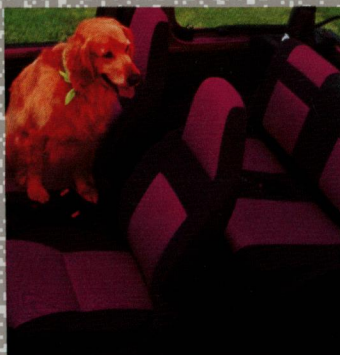

Take an adventure to places you've never been before. Do it in a Storm. Do it with style, performance, and the built-in safety of a driver's side airbag. And here's one Storm that blows two ways in a smoother-than-sleek 90-hp. 2+2 Coupe, or a thundering 140-hp. GSi sports machine. Four-wheel independent suspension assures road hugging security, power-assisted rack-and-pinion steering is direct and responsive. Leave home in a Storm and you'll want to keep driving forever.

* With rear seat folded down		

Rock To A Different Drummer

Your journey in a Geo Tracker begins where the back roads meet Main Street. Because Tracker is a rugged do-anything, go-anywhere hauler that loves a night at the movies or loading up for the wilderness. With 2-wheel-drive, Tracker is a night on the town. With 4-wheel-drive, Tracker 4x4 goes, well, just about anywhere. Rear-wheel anti-lock brakes (operates in 2-wheel-drive mode) are standard safety equipment. In Convertible and Hardtop versions; for those who think maps are for sissies.

Geo Tracker 4x4 Convertible.

It was a dark and stormy night.

Geo Storm GSi • 140 H

P 16 Valve Dual Overhead Cam Engine • 4-Wheel

A dark-colored car is shown from the front, parked on a wet, reflective street at night. The car's headlights and side lights are illuminated, casting a glow on the wet pavement. The background is dark and blurry, emphasizing the car and the wet surface.

A Word About This Brochure.

We have tried to make this brochure as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Geo dealer for complete details. At your Geo dealer, financing or leasing your new Geo can be as easy as saying GMAC.

General Motors, GM, the GM emblem, GEO, the GEO emblem, METRO, STORM and TRACKER are all trademarks of General Motors Corporation and/or General Motors of Canada Limited. GMAC is a trademark of General Motors Acceptance Corporation. Scotchgard is a trademark of the 3M Corporation. Printed in Canada, December, 1992 © 1992, General Motors of Canada Limited

The last thing we want is to leave you stranded.

When you drive away in your new Geo, it's not the conclusion of a sale. It's the beginning of a partnership, in which our obligation is to see that every kilometre is as pleasing as the first. So we've developed the Geo Roadside Assistance Program, a 24-hour-a-day emergency service with a toll-free number useable anywhere in Canada or the United States.

It could be as simple as losing your keys, or locking them in your vehicle. Or perhaps you need a jump start because you left the lights on. You're hopelessly stuck in snow or a tire's gone flat. And who among us hasn't run out of fuel, with never a gas pump in sight? When minor inconveniences such as these occur, Roadside Assistance will get you on the road again, usually without charge.

In the unlikely event that a serious problem occurs and you're far from home, we'll tow your vehicle to a Geo dealer and if necessary, find food, lodging, transportation, even help with the costs. And since every trip should have a happy beginning, Roadside Assistance also offers a trip routing service suggesting the best roads, time and distance travelled, maps and other useful information.

We believe there's more to life than selling you a vehicle. So we hope you'll take a moment to ask your Geo dealer for the Geo Roadside Assistance booklet. Because in this imperfect world, the last thing we want is to leave you stranded.
