ASPIRE

Left: Aspire 3-Door in Crystal White. Below: Aspire 5-Door in Bright Sapphire Clearcoat.

Aspire fits nicely into many lifestyles and most any budget. First car, second car, third car — it offers compelling proof that comfort and versatility can be affordable. Available in 3-Door and 5-Door bodystyles, the surprisingly

THE SMALL CAR THAT FITS SO MANY LIVES

in the city

highway*
roomy Aspire gets great gas mileage, features standard dual
air bags (always wear safety belts) and offers an optional anti-lock braking system.

*EPA estimates with manual transaxle.

Aspire was the first in its class to provide standard driver and front passenger air bags to supplement the safety belts.

Aspire was the first in its class to offer optional 4-wheel anti-lock brakes. They provide greater steering control while braking under most driving conditions,

even on wet or slippery

surfaces.

DESIGNED FOR COMFORT AND SAFETY

Aspire's ergonomically efficient interior is shown here with the optional Interior Decor and Convenience Group. It includes versatile split seat backs which can be configured as shown below.

One seat can be folded forward to allow for oversized cargo and a passenger...

...or both of the seats can be folded down to make space when cargo takes precedence.

Even with the rear seat(s) up, there's 17.0 cu. ft. of space in back (14.9 in the 3-door).

For a subcompact car, the fun-to-drive Aspire is big on standard equipment.
