Introduction

BMW 5 Series Touring

From a family of sports cars, a family sports car.

There is really no good reason to separate work and play, is there? At least not in the 5 Series Touring. It is the link between conference table and aerodrome, between family and business partners - and connects you with other people that like their daily lives to be a little bit special. Typical BMW dynamics and a versatile interior make for a unique combination: the new BMW 5 Series Touring.
