## DESIGN

Drive a MINI Cooper Cabrio and you'll stand out from the crowd, no doubt about it. What with its unique styling, fully automatic roof (which opens in 15 seconds flat), Easy Load boot system and a heated glass rear window, heads are going to turn. Everyone will want a go in your MINI Cooper Cabrio. It seats four in spacious comfort, so everyone else will have to wait. Or get their own.

## SAFETY

The MINI Cooper Cabrio sticks to the road like glue, with a single-link spring-strut front axle, a multi-link rear axle and anti-roll bars. It has four airbags, a roll-over bar and a dizzying array of safety features. Cornering Brake Control improves braking in bends and prevents understeer, while Electronic Brakeforce Distribution ensures short stopping distances. All this safety is rounded off by disc brakes and electronic ABS, leaving you to the serious business of driving.

## ENGINE

To suit discerning drivers of all kinds. All MINI Cabrio models have powerful 1.6 litre engines and MINI Cooper Cabrio boasts 115 bhp and has torque aplenty, meaning it pulls hard even at low revs. The only thing accelerating faster will be your heart rate.

Fuel consumption combined (ltr/100 km) 7.3 (7.9)  
CO<sub>2</sub> emission (g/km) 175 (189)

## DRIVING EXPERIENCE

Above you, the open sky. Below you, the open road. You get the best of both in the MINI Cooper Cabrio – the unique point and squirt driving experience of the MINI, with panoramic views thrown in. Nippy performance, agile handling, unique design. The MINI Cooper Cabrio is ready for anything. Are you?
