### Manufacturer's Recommended 'On the road' Retail Price Band 'G' – Diesel

The 'On the road' recommended retail prices for diesel engines with a CO<sub>2</sub> emission figure above 225 g/km include the following:-

Delivery to retailer	£388.51
Number plates	£20.00
VAT	£71.49
Vehicle excise duty	£300.00
Vehicle first registration fee	£50.00
<b>Total</b>	<b>£830.00</b>

The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139. Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO<sub>2</sub> emissions produced. The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles. **Please Note:** We have tried to ensure that all price and product information is correct at the time of going to print. However, the specifications contained in this brochure are for information purposes only and are subject to change. VAT is calculated at 17.5%.
