M5 Saloon

BMW EfficientDynamics delivers impressive emissions reductions and better fuel consumption without sacrificing driving pleasure. This is achieved through a combination of intelligent engine management systems, innovative new technologies and the use of lightweight materials.

#### Brake Energy Regeneration.

Intelligent Alternator Control monitors battery condition, engaging the alternator only when the battery requires recharging. This reduces the demands on the engine, reducing fuel consumption and emissions. In addition, when the car's brakes are applied or when coasting downhill, this system automatically engages the alternator to charge the battery, recycling energy that would otherwise be wasted.

#### Lightweight Engineering.

The overall weight of the vehicle is reduced through the use of lightweight materials such as thermoplastic, aluminium and magnesium alloy. The results are enhanced driving dynamics and improvements in both fuel economy and weight distribution.

Engine	M5 Saloon
90° V10 engine with four-valve technology	
Catalytic converter	-
Digital Motor Electronics (DME)	-
Dual-mass flywheel	-
Electric throttle butterfly control	-

 Full turn-by-turn prompts with voice guidance, unit will prompt you to "Turn right in 500 feet".
 Pre-loaded with regional mapping (UK and Ireland).

- 2 year warranty .
  Easy-to-use, 4.3" touchscreen display .
  Full UK postal code search . Vehicle suction cup mount.

 Detailed 3D or 2D birds-eye view mapping.
 GTM 25 integrated FM TMC traffic receiver with free lifetime subscription which notifies you of traffic and automatically suggests alternative routes\*.

- Includes Garmin Lock™ anti-theft feature.
- Configurable car icons.

- Built-in lithium-ion battery: lasts up to four hours depending on usage.

- Safety camera alerts enabled by Cyclops™ data (30 days free trial subscription to download ùpdates).

- Sleek, ultra-slim design fits easily in pocket.
  Auto re-route (fast off-route and detour
- recalculation) - Custom POI's (ability to add additional points of interest).

- Photo navigation (navigate to geotagged photos).

- High-sensitivity GPS receiver for improved

performance and reception.

Trip computer records mileage, max speed, total time and more. - Built-in travel kit includes features such as picture

viewer, world clock, currency and measurement converters and calculator.

- SD memory card expansion slot. Weight: 173g
