EXTERIOR

VIP service

Your Viano offers you and your passengers a phenomenal amount of space. But, like every Mercedes-Benz, it also oozes elegance and style. If you're looking to underline these qualities, you've come to the right place.

Mercedes-Benz light-alloy wheels such as the 10-twin-spoke "X-Clusive" lend your Viano an executive class feel.

Or you can opt for a distinctively sporty look with a 5-spoke wheel in high-sheen sterling silver.

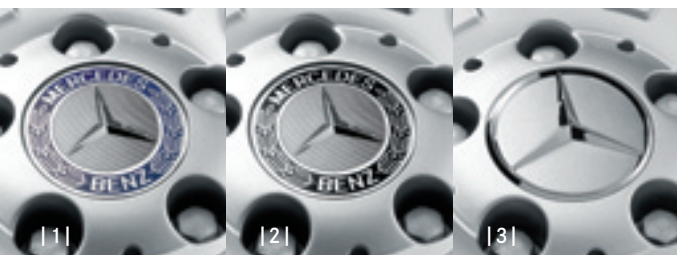

The range has plenty to offer "Very Individual Persons" – like you.

Hub caps

Protect the hub from dirt.

Available in the following versions:

- 1 | Classic Roadster design in blue
- 2 | Classic Roadster design in black
- 3 | Titanium silver with chrome star

10-twin-spoke wheel "X-Clusive"

45.7 cm (18 inch)

Finish: sterling silver (pictured on previous page) or himalayas grey (pictured below)

Wheel: 7.5 J x 18 ET 56

Tyre: 245/45 R18

7-twin-spoke wheel

40.7 cm (16 inch)

Finish: sterling silver

Wheel: 6.5 J x 16 ET 60

Tyre: 205/65 R16

5-spoke wheel

43.2 cm (17 inch)

Finish: sterling silver

Wheel: 7 J x 17 ET 56

Tyre: 225/55 R17

EXTERIOR

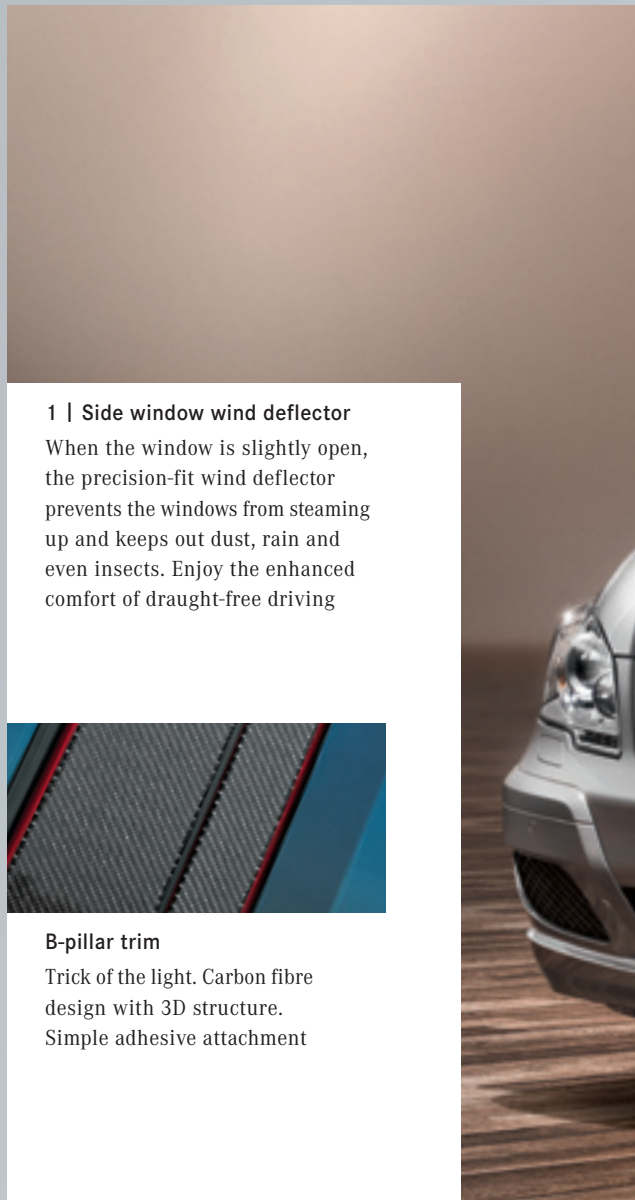

Mud flaps

Effectively reduce spray and protect the bodywork from scratches and dirt. Made from high-quality, durable plastic. Simple to fit without any drilling

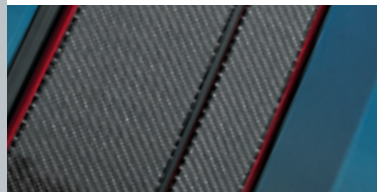

Snow chains

Safe roadholding even in wintry conditions. Snow chain system featuring track pattern chain mesh with grip links. Spring steel hoop for easy fitting. Also suitable for light-alloy wheels

1 | Side window wind deflector

When the window is slightly open, the precision-fit wind deflector prevents the windows from steaming up and keeps out dust, rain and even insects. Enjoy the enhanced comfort of draught-free driving

B-pillar trim

Trick of the light. Carbon fibre design with 3D structure. Simple adhesive attachment

TELEMATICS

Rear Seat Entertainment System¹

With this powerful system, your rear passengers can watch DVDs, look at their favourite photos or even play video games on a fold-down 25.9 cm colour screen – and all without disturbing the driver, as the sound is output via the two sets of infrared headphones provided

Two sets of infrared headphones and a remote control – the Rear Seat Entertainment System offers everything you need for in-car entertainment

Vanissimo!

Your Viano offers an impressive amount of space – plus the comfort of a Saloon. The cutting-edge telematics systems are among the many features that let you know that – as you would rightly expect from a star-branded vehicle – there are no compromises here.

And there's more: never before have the rear seats in a Mercedes-Benz felt more like front row seats in a cinema than in a spacious Viano with Rear Seat Entertainment System. And what greater comfort can there be than rear seat passengers who leave the driver in peace to concentrate on the driving?

iPod®/iPhone® holder

Black plastic holder for the glove compartment. Holds your iPod in place. Soft, flock surface protects your iPod or iPhone from scratches and prevents it sliding around. For the iPod Interface Kit

Mercedes-Benz iPod® Interface Kit²

It's easy to control your iPod via the multifunction steering wheel: scroll through the menus [A], adjust the playback and volume [B] and display the title of your choice in the instrument cluster [C]. The iPod is connected and charged in the glove compartment, where it is hidden from prying eyes

The iPod Interface Kit is compatible with the following models: iPod from 4th generation | iPod video | iPod photo | iPod U2 | iPod mini | iPod nano 1st, 2nd, 3rd and 4th generations | iPod classic | iPod touch 1st and 2nd generations | iPhone 1st generation | iPhone 3G | iPhone 3GS | iPhone 4

*iPod Interface Kit
Rear Seat Entertainment System*

TELEMATICS

¹ Only in conjunction with pre-installation for Rear Seat Entertainment System (EV8)

² The Mercedes-Benz Interface Kit allows you to listen to the music on your iPhone. It does not support the phone function

COMAND APS

Our innovative multimedia system combines contemporary in-car hi-fi technology with an intelligent hard drive-based navigation system (for navigation throughout Europe). The 17.7 cm colour screen with high-resolution map depiction and dynamic route guidance (takes into account congestion information provided via TMC) ensure optimum driver information. Up to 4 GB of memory offers space for your favourite music in MP3 format. And of course COMAND APS also plays audio or video DVDs. COMAND APS can be operated via the multifunction steering wheel. Available with DVD changer as an option

1 | Navigation DVD for Audio 50 APS

2 | Navigation DVD for COMAND APS

Rediscover navigation. In recent years integral navigation has made journeys more relaxed, less time-consuming and, above all, safer. If you want to continue to enjoy these advantages to the full, we recommend that you regularly replace the navigation DVD in your navigation system with the latest version. Ensuring that the data you're using matches the roads you're travelling on. And that the only surprises you encounter during your journey are of a pleasant nature. Please contact your Mercedes-Benz partner for the latest map versions

Audio 50 APS

Audio 50 APS offers DVD navigation throughout Europe, with convenient arrow-based instructions provided on the 12.7 cm colour display. Integral dynamic route guidance via TMC. Three radio tuners, MP3-compatible DVD player and Bluetooth interface with standard hands-free function. Audio 50 APS allows you to dial phone numbers via the telephone keypad or can be operated using the multifunction steering wheel. Available with DVD changer as an option

Audio 20 CD

Compact twin-tuner radio with MP3-compatible CD player and Bluetooth interface with hands-free function. Audio 20 CD can be operated using the telephone keypad or the multifunction steering wheel. Integral CD changer

Navigation DVDs*

TELEMATICS

MediaNavigationCenter

This navigation and multimedia system offers an impressive variety of functions and is easy to operate – via the multifunction steering wheel or the 15.5 cm LCD touchscreen. The navigation system has map data for 35 European countries. Audible directions in 18 languages, an integral TMC tuner and an option for inputting personal destinations (POI) round off the navigation functions. For your entertainment the system offers, among other things, an MP3-compatible CD/DVD drive and connections in the glove compartment for iPhone/iPod and players with a USB or AUX interface. You can also watch the videos stored on your iPod. Other features: Bluetooth hands-free system for your mobile; 4 x 50 W output

Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the system's "intelligent" mobile-phone holder. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself.

Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing telephone technology either.

Further advantages of a mobile-phone holder:

- Optimum reception quality as a result of using vehicle's external aerial
- Mobile's battery is charged
- Access to internal phone memory
- Convenient operation using multifunction steering wheel

To use a mobile-phone holder, your vehicle must be factory-fitted with optional extra **Code EH4**. Holders are available for many popular models of mobile phone

Holders are available for many popular Nokia, BlackBerry, Apple and Sony Ericsson mobile phones. The range of mobile-phone holders is constantly being extended. Please contact your Mercedes-Benz partner for details

Mercedes-Benz Bluetooth® telephone module

The telephone module is designed to extend the mobile communication system in your Mercedes-Benz. Just connect it to your Convenience Telephony system (Code EH4) on the dashboard, and start using your mobile via the on-board hands-free system. You can leave your mobile phone in your jacket pocket.

Advantages of the Bluetooth (SAP) telephone module:

- Access to contact details saved on SIM card
- Optimum reception quality as a result of using vehicle's external aerial
- Read and receive text messages
- The closed box features an integral USB port which can be used to charge the mobile phone

Two versions of the Mercedes-Benz Bluetooth SAP¹ telephone module are available: one in the form of a closed box (pictured) and the other with a corded handset (not pictured). Both versions feature a SIM card reader

¹ SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

For further information about using the phone while in your vehicle, go to www.mercedes-benz.com/connect or contact your Mercedes-Benz partner

1 “DUO plus” child seat | p 20 |

Child safety
Interior appointments

INTERIOR

Visionary

It's in the nature of the Viano that its passengers often tend to be numerous and young. So it's reassuring to know that your Mercedes-Benz lives up to the star brand's reputation for occupant safety in every respect.

What could be more natural than to trust the same brand when it comes to child safety accessories too?

Stainless steel badge for door sill panel

Making a stylish entrance all round. For the driver and front passenger doors and the sliding doors. Available individually

"DUO plus" child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. Adjustable tilt.

With automatic child seat recognition and ISOFIX attachment points.

Washable "DaimlerSquare" cover

“KidFix” child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The “KidFix” seat is secured using the 3-point seat belt and ISOFIX attachment points. For children between the ages of around 3.5 and 12 (15 to 36 kg).

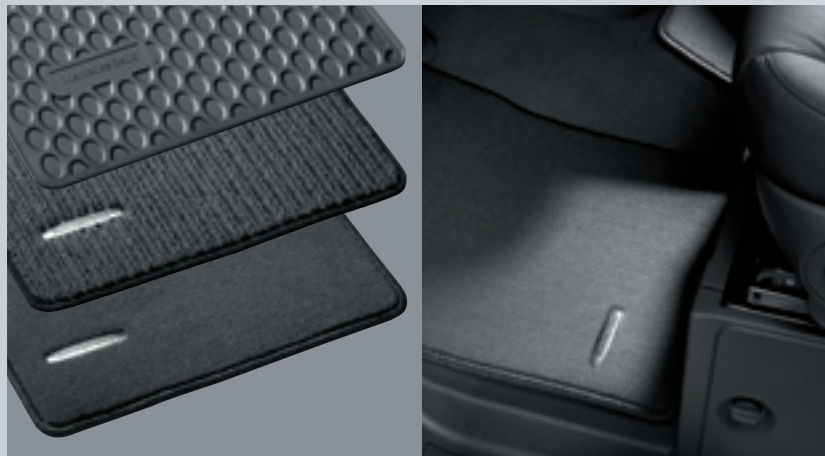

Available with automatic child seat recognition as an option.

Washable “DaimlerSquare” cover
| pictured below left |

“BABY-SAFE plus” child seat

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg).

Washable “DaimlerSquare” cover
| pictured below right |

Rubber floor mats

Robust, dirt-repellent natural rubber – precision-tailored to the geometric dimensions of your Viano. Zip fasteners seamlessly join corresponding mat sections, ensuring extensive floor coverage and preventing the mats from slipping. Easy to remove and clean

Velour floor mats

Extensive coverage of the footwell with soft yet extremely robust velour acts as a visual upgrade for the interior of your Viano. Other advantages: a precision fit, held in place to prevent slipping, odourless

Rep floor mats

The perfect combination of extremely hardwearing, durable rep material and elegant design. Other advantages: a precision fit, held in place to prevent slipping, odourless

|2|

¹ Also suitable for previous XL model which opens on one side

² Also suitable for previous L model which opens on one side

Variability

Everyone has different transport needs.

But the Viano is designed to cope with the whole range of activities that life offers.

With well thought-out cargo solutions that help ensure, for example, that you're relaxed and unwound before you even set off for your holiday destination.

New Alustyle ski and snowboard rack "Standard"

For up to 4 pairs of skis or 2 snowboards. Lockable | not pictured |

New Alustyle ski and snowboard rack "Comfort"

For up to 6 pairs of skis or 4 snowboards.

Lockable. Practical pull-out function makes loading and unloading easier | pictured right |

Mercedes-Benz roof boxes

Elegant, aerodynamic design, made for your Mercedes-Benz. High-quality, extremely durable material. Boxes open on both sides for convenient loading and unloading

1 | Mercedes-Benz roof box 450

family box | Capacity approx. 450 litres.

Available in black metallic and silver metallic

2 | Mercedes-Benz roof box 330

sports box | Capacity approx. 330 litres.

Available in titanium metallic and matt silver

Alustyle basic carrier bars

Elegant and aerodynamic: the Alustyle system is designed to be combined with a variety of accessories such as roof boxes or ski racks. Max. roof load of up to 100 kg. Available for vehicles with and without roof rails:

A | Alustyle basic carrier bars

Bolted into the roof channel

B | Alustyle basic carrier bars for roof rails

For quick, flexible attachment to the roof rails

Retrofit roof rails

Complete kit, providing a fast, simple way to retrofit roof rails to the standard roof | not pictured |

CARGO & CARE

Rear-mounted bicycle rack

Designed to be fitted to the tailgate.
Holds 2 cycles (virtually any model and size). Even with bicycle rack in place, tailgate can still be opened.
Includes statutory repeater lights.
Rear power supply required

Extension kit for rear-mounted bicycle rack

Allows you to add 2 further cycles to the rear-mounted bicycle rack
| not pictured |

Trailer couplings

Making light work of towing heavy loads. Available with detachable or fixed ball head. Both versions have a drawbar load of 75 kg and a towing capacity of up to 2,500 kg. Fitted by your Mercedes-Benz partner

Ultrasonic reversing aid

The reversing aid is designed to assist the driver. Any obstacles up to a distance of 1.60 m behind the vehicle are registered using ultrasonic technology. Audible signals make manoeuvring and reversing into a parking space easier and safer

Mini adapter

Designed to connect any trailer with a 7-pin plug to the 13-pin trailer coupling

Fluorescent jacket

Already compulsory in many countries, the bright orange and yellow fluorescent jackets with reflective stripes are conspicuous even in the dark

Charger with trickle charge function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible battery life. Available in a 3.6 amp version (pictured right) and a 25 amp version (not pictured)

Box of replacement bulbs

Space-saving safekeeping for all the required standard bulbs

CARGO & CARE

Load compartment stowage pocket set

Creates flexible order in the load compartment. Easy to attach to the load-securing bolts in the seat rails. Requires next to no space when folded

Deep load compartment tub

Helps protect your Viano's load compartment from dirt and scratches. Made from lightweight, robust plastic. Depth: approx. 27 cm. Suitable for transporting foodstuffs. For long and extra-long models

Shallow load compartment tub

Like the deep load compartment tub, protects your vehicle's load compartment. The slightly raised edge, approx. 6 cm deep, also helps prevent dirt from getting into the passenger compartment. Suitable for transporting foodstuffs. For long and extra-long models

Coolbox

Connected to the 12 V socket on board, the coolbox consistently and reliably cools its contents, even on long journeys. Made from hygienic, easy-to-clean plastic. Special strap system for securing in place in the load compartment. Easy to carry using handy carry straps. Capacity: 16 litres

Luggage net

The robust net prevents contents from falling out of the load compartment, even when the tailgate is opened quickly. Items can also be stowed in the handy mesh pockets

September 2010

The range of genuine accessories for the Viano is constantly expanded and updated. Please contact your Mercedes-Benz partner for the latest details

Please note: changes may have been made to the products since this brochure went to press (31.08.2010). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Dealer.
