# **RENAULT CLIO**

# WHO BETTER THAN RENAULT

# TO SERVICE YOUR RENAULT?

Your new Renault Clio is covered by a 3-year warranty package — the first 2 years of unlimited mileage Renault manufacturer warranty, followed by a further year of cover up to 60,000 miles. Paintwork is also guaranteed for 3 years while the anti-corrosion warranty runs for 12 years. In addition, the Renault Assistance plan ensures prompt help in the UK and Northern Ireland for manufacturer defects for 36 months. For full details please refer to the Renault warranty terms and conditions, available from your Renault Dealer or from www.renault.co.uk.

#### **SERVICE INTERVALS (EURO5)**

EXCEPT:	18,000 miles / 1 year:

Twingo 1.2 TCe 100 & Renaultsport 133	
Mégane Renaultsport 250

- All DIESEL engines

OCS monitors driving conditions that directly affect the quality of your engine oil, protecting your engine from excessive wear and possible bearing failure. Under certain conditions; low speeds, heavy traffic, door-to-door deliveries (engine turning with little distance travelled) or in high gear for long periods; sport driving, towing a caravan/trailer over 500kg (engine turning at higher revolutions), the vehicle's service interval may be shortened and you will be alerted, via the instrument panel service indicator, that a Renault Service is required earlier (refer to driver's handbook for details).

#### **EXTENDING YOUR WARRANTIES AND COVER**

Renault Extended Warranty allows you to extend your Renault Warranty up to 5 years or 80,000 miles

Renault Assistance Added Cover provides you with additional cover for incidents not covered by Renault Assistance: incorrect (or lack of) fuel, keys lost, stolen or locked inside the vehicle and incidents involving caravans or trailers.

For full information on these products please ask your Renault Dealer or log on to www.renault.co.uk and click on 'Owner Services', where you can also buy securely online.

#### SERVICE PLANS

When you buy a new car, you can also purchase a Fixed Price Service Plan. Prices start from just £199 and the plan covers your recommended manufacturer servicing up to 3 years or 30,000 miles, whichever comes first.\* For more details ask your dealer or log on to www.renault.co.uk and click on 'Owner Services'.

\*Plan only available at the time of vehicle purchase.

Find out more about your vehicle at www.e-guide.renault.com

We know that the car is at a turning point, it has to evolve whether you believe in global warming or not; to emit less in cities, to make less noise and to use increasingly scarce energy more efficiently.

At Renault we are working to create more affordable cars, with radically lower  $\mathrm{CO_2}$  emissions. For the widest possible audience. Today that's our collection of 'eco²' models.  $\mathrm{Eco^2}$  indicates that the vehicle produces  $\mathrm{CO_2}$  emissions lower than 140 g/km, it includes at least 5% recycled plastic in its plastic mass, and has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy). In addition, eco² means that our factories are ISO 14001 certified.

Starting this year there will be a groundbreaking range of electric vehicles, from a nippy town car to a comfortable family saloon and a small van. They will be affordable to run - you will be able to drive up to 100 miles using a battery that costs typically £3 to charge, and a lot less using cheaper tariffs. And parking and congestion charges should all be lower too.

We believe it's time to make the car a driver of progress once more. We are determined to drive that change. Soon you will be able to join us.

Clio eco meets three criteria:

- (a) it is manufactured in an ISO 14001 certified factory, minimising its environmental impact,
- o the vehicle produces CO, emissions lower than 120 g/km,
- and it includes at least 7% recycled plastic in its plastic mass, and has been designed in such a way that 85% of the materials used could have a second life (recyclable for other use or as a source of energy).

With ECCO, Renault displays its environmental commitment at every stage of the vehicle's life.
