The new Tiguan

EVERYDAY DRIVING AT ITS BEST.

Model shown is new Tiguan Sport with optional Bi-Xenon headlights and metallic paint.

Whether you're driving round town, down a country road or cruising on the motorway, the new Tiguan offers the ultimate in dynamic and comfortable motoring. Packed with the latest technology and driver assistance systems, all designed to make driving as easy as possible, and numerous measures for greater efficiency, the new Tiguan S, SE and Sport provide on-road capability at its very best. Everyday driving simply doesn't get any more enjoyable.

Model shown is new Tiguan Sport with optional metallic paint.

**LET'S ESCAPE –
THE NEW TIGUAN OFF-ROAD.**

Model shown is new Tiguan Escape with optional Bi-Xenon headlights and metallic paint.

It's not by chance how the Tiguan Escape got its name. With the capability to tackle nearly any terrain, this is exactly what it enables you to do. Explore uncharted territory and escape into the great unknown, all in the highest levels of luxury and comfort. The off-road design of the Escape is distinct from all other Tiguan models, with a front 28° module allowing it to traverse a larger angle of approach (from a horizontal surface to a gradient), while underbody protection at the front protects against ground contact. The off-road setting, including hill descent assist, provides easier control when driving down steep gradients, while the compass will always keep you on track where there aren't any roads. All this intuitive performance at the touch of a button provides effortless driving on any terrain, giving you the capability to follow your dreams and discover what freedom really means.

Model shown is new Tiguan Escape with optional metallic paint.

EXTERIOR.

Stylish, dynamic and exciting, the new Tiguan is unmistakably Volkswagen, with its distinctive shape, sculpted bodylines and refined design. The front restyling incorporates two designs depending whether you require on- or off-road capability: one elegant and sporty, the other rugged and powerful, each uniquely adapted to the demands expected of it.

Model shown is new Tiguan SE with optional 18" 'Sierra' alloy wheels, panoramic sunroof, front fog lights and metallic paint.

01

Heat insulating tinted glass from the B pillar back is 65% light absorbing, reducing exposure to the sun's rays and gives a sporty look. Optional on S and S BlueMotion Technology models. Standard on all other models.

04

An **automatic coming/leaving home lighting function** illuminates the surrounding area making it safer to exit your new Tiguan at night. Standard on all SE, Sport and Escape models and optional as part of the mirror pack on all S models.

02

Bi-Xenon headlights with automatic range adjustment and dynamic curve lighting continually follow the steering movements, ensuring optimum illumination, particularly on bends and when turning. New integrated LED daytime running lights ensure the vehicle can be seen better during the day and headlight washers improve safety in rain, snow and poor road conditions. Optional on all models.

05

The **pivoting towbar** enables you to tow loads of up to 2.5 tons. Fully retractable, it can easily be stored behind the bumper and folded out when required. Optional on all models.

Please note, there is no functionality to power interior caravan lighting, fridge or charging of a caravan auxiliary battery.

03

Whichever new Tiguan model you've selected, alloy wheels create a sportier look that will turn heads and demand attention. **'Philadelphia'** 7J x 17 inch alloy wheels with 235/55 R17 tyres are standard on SE and SE BlueMotion Technology models.

FOUR DIFFERENT MODELS.

Interior shown is new Tiguan SE 4MOTION with optional 'Vienna' leather upholstery and metallic paint.

01

The impressively equipped new **Tiguan S** offers a host of features all fitted as standard, including stylish 16 inch 'Portland' alloy wheels, 'Pakata' cloth upholstery, 'Anthracite metallic' decorative inserts and 'Steel finish' air vent surrounds. The well appointed interior features driver's and front passenger's height-adjustable seats, 'Climatic' semi-automatic air conditioning, an RCD 310 DAB digital radio/MP3 compatible CD player, load-through provision with sliding and reclining rear seats that split fold 60:40 allowing rear seat passengers and bulky items to be transported together, an electronic parking brake with auto hold function and alarm with interior protection, along with handy storage compartments throughout.

03

The new **Tiguan Sport** is dynamic and exciting, with 18 inch 'Sierra' alloy wheels, front fog lights, chrome side window surrounds, heat insulating rear tinted windows 65% light absorbing from B pillar back and stylish chrome-plated roof rails. Inside, Alcantara upholstery with 'Milan' side bolsters, a leather trimmed three-spoke multifunction steering wheel and gear knob, and carpet mats add a real touch of luxury, while sports suspension and front sport seats with height and lumbar adjustment ensure a more responsive drive. Entertainment is provided by the RCD 510 touch-screen DAB digital radio/dash-mounted MP3 compatible six CD autochanger which also displays the Bluetooth telephone preparation information, as well as the added convenience of an automatic coming/leaving home lighting function, front footwell illumination and Fatigue Detection system.

02

Elegant and luxurious, the new **Tiguan SE** include such features as, front comfort seats with height and lumbar adjustment, 2Zone electronic climate control, 'Pandur' cloth upholstery and heat insulating rear tinted windows 65% light absorbing from B pillar back, all provide the highest levels of interior comfort. An RCD 510 touch-screen DAB digital radio/dash-mounted MP3 compatible six CD autochanger, Bluetooth telephone preparation for HFP (Hands Free Profile) enabled phones, along with the leather trimmed three-spoke multifunction steering wheel and gear knob and, front and rear parking sensors enhance the driving experience still further. Distinctive 17 inch 'Philadelphia' alloy wheels complement the exterior bodystyling, while the Fatigue Detection system provides peace of mind on your journey.

04

The off-road design of the new **Tiguan Escape** with its 28" front module and underbody protection, enables it to take steep angles in its stride. Stylish 17 inch 'Tunis' alloy wheels, front fog lights and chrome-plated roof rails enhance its rugged appearance, while interior features such as attractive 'Pandur' cloth upholstery, front and rear carpet mats and the leather trimmed three-spoke multifunction steering wheel and gear knob add elegance and comfort. Driving enjoyment is further enhanced by the off-road setting with hill descent assist, 4MOTION four-wheel drive, front comfort seats, an RCD 510 touch-screen DAB digital radio/dash-mounted MP3 compatible six CD autochanger, as well as useful features such as a tyre pressure monitoring system, rain sensor, Bluetooth telephone preparation, automatic dimming interior rear-view mirror and Fatigue Detection system.

01

02

03

04

01

Thanks to its **exceptional flexibility**, the new Tiguan provides exactly the seating or stowage arrangements you require. The rear seats spilt 60:40 and each side can be moved lengthways, while all but the driver's seat can be folded flat, providing a massive loading volume of up to 1,510 litres.

Please note, passenger seat on S models cannot be folded flat.

02

The interior can be specified in optional luxurious and extremely durable **'Vienna' leather upholstery**, which includes driver's seat with electric 12-way adjustment (in lieu of driver's under seat drawer) and lumbar support. Heated front seats and heated windscreen washer jets are also included to make cold mornings just that little bit easier to bear. Optional on all models.

Please note, some parts of leather interior will contain artificial leather.

The **electrically operated panoramic glass sunroof** gives an extra dimension of light and space and comes equipped with a retractable blind to prevent glare from the sun. The front area of the sunroof can be adjusted into a number of positions to provide optimum ventilation. Optional on all models.

Panoramic sunroof and Storage pack cannot be specified in conjunction with each other.

Models shown are for illustration purposes only and may not necessarily reflect UK specification.

01

AS ADAPTABLE AS YOU WISH.

Interior shown is new Tiguan Sport with optional panoramic sunroof, 'Vienna' leather upholstery and metallic paint.

02

EQUIPMENT.

If you're searching for a new route or trying to find a parking space, the new Tiguan is equipped with the latest state-of-the-art driver assistance systems, assuring you of relaxed, safe driving. Whether the equipment is fitted as standard or an optional extra, every element blends harmoniously into the interior of the new Tiguan.

01

The latest generation **Park Assist system** with front and rear parking sensors recognises both reverse and parallel parking spaces and automatically steers into either, while the driver operates the clutch, brake and accelerator. The system can now parallel park in particularly small spaces, only 1.1 m longer than the vehicle. In addition an optical parking display extends the functions of the parking sensors by indicating your position on the vehicle's audio display during parking. Standard on all SE and optional on all other models.

02

The **Winter pack** in conjunction with cloth upholstery includes heated front seats with three preset temperature settings and heated windscreen washer jets, ensuring you are fully prepared to face any cold spell. Optional on all models.

03

Cruise control can be set at speeds of over 19 mph to maintain a constant speed. Once set to your desired speed, all your concentration can be focused on the road ahead creating a more relaxed drive. Optional on all models.

Cruise control cannot be specified in conjunction Lane Assist.

04

The **RNS 510 touch-screen navigation/DVD radio system** responds to spoken voice commands for navigation, CD and radio functions, and features a 6½ inch colour screen, 30 GB hard drive with preloaded navigation data, SD card reader, compatibility with MP3, WMA and DVD video data files, and AUX-in socket for connection to an external multimedia source such as an iPod or MP3 player. Optional on all models.

RCD 510 radio system, RNS 315 navigation/radio system and RNS 510 navigation/DVD radio system cannot be specified in conjunction with each other. DVD playback will not function whilst the navigation system is in use, or the vehicle is in motion. RNS 510 touch-screen navigation/DVD radio system is fitted in lieu of standard DAB digital radio receiver.

05

High Beam Assist ingeniously senses the lights from oncoming vehicles and switches between main and dipped beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order not to dazzle vehicles in front. Optional on all SE, Sport and Escape models.

06

The **Multi Device Interface (MDI)** with iPod and USB cables enables you to connect and charge a compatible device, while track selection is viewed and selected via the vehicle's radio system. Specify this option on all S models and you also get a handy front centre armrest. Standard on all SE models and optional on all other models.

07

The **multifunction leather trimmed steering wheel** enables you to control the radio, multifunction computer and Bluetooth telephone preparation without taking your hands off the wheel, thanks to the intuitively positioned buttons. Standard on all SE, Sport and Escape models and optional on all S models.

THINK BLUE.

BlueMotion Technologies is our contribution to sustainable motoring. This means we offer optimum solutions for every demand, which makes driving more fuel efficient. Lower fuel consumption and lower emission diesel engines allied with BlueMotion Technologies are friendlier to the environment and your wallet, without having to give up everyday practicality and comfort.

We've also designed a range of other energy-saving technologies to work in synergy with our advanced engines and gearboxes. BlueMotion Technologies such as a multifunction computer including visual gear change recommendation for optimum fuel consumption, recuperation (battery regeneration during braking) and a Start/Stop function that can cleverly switch the engine off when your vehicle is stationary and in neutral and start it again as you depress the clutch, all combine to aid increased efficiency.

BLUEMOTION
— TECHNOLOGIES —

01

The **Start/Stop function** momentarily switches off the engine when the vehicle is stationary, in neutral and the clutch disengaged. This is notified to the driver with the 'Start Stop' symbol displayed on the multifunction computer (Highline), which then disappears when driving is resumed.

02

The **multifunction computer (Highline)** provides useful statistics about your journey, such as exterior temperature, average and current fuel consumption, average speed and estimated distance to refuelling. It also includes a visual gear change recommendation for optimum fuel consumption.

Externally, **Volkswagen's 'BlueMotion Technology' badging** identifies the cleanest, most energy-efficient cars in our range. So when you see this logo you'll know we're talking about ways to cut emissions and the cost of your motoring.

LET THE ADVENTURE BEGIN.

TECHNOLOGY.

Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68 kg) and luggage (7 kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) Thanks to the knock control, unleaded four star (at least 95 RON) can be used instead of unleaded Super plus. In order to achieve maximum fuel consumption benefits on the TSI engine, Ultra Low Sulphur Petrol (ULSP) must be used.
- 05) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 06) The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.
- 07) The use of RME and FAME (bio diesel) is not possible.

Exterior dimensions

Engines

Front transverse-installed engine

- 1.4 litre/160 PS⁽⁰¹⁾ (118 kW) petrol engine. TSI engine with dual-charging, double injection catalytic converter heating, turbocharger with waste gate, additional mechanical supercharger, intercooler, maintenance free timing chain, continuous inlet camshaft timing adjustment, grey cast iron cylinder block, steel crankshaft, duo-centric oil pump, dual-circuit cooling system, fuel system regulated according to requirements, high pressure fuel pump with a delivery pressure of up to 150 bar, four valves per cylinder. The 1.4 TSI engine is the first to use a combination of supercharger and turbocharger. That means the engine is charged by a supercharger in addition to the turbocharger depending on the torque requirements
- 2.0 litre/180 PS⁽⁰¹⁾ (132 kW) petrol engine. TBA
- 2.0 litre/210 PS⁽⁰¹⁾ (155 kW) petrol engine. Four cylinder in-line engine, aluminium cylinder head, four valves per cylinder with roller rocker finger valve drive, electronic direct injection, variable inlet valve timing, programmed ignition with cylinder-selective anti-knock control, four single spark ignition coils, longlife spark plugs, exhaust gas turbocharger, three-way close-coupled pre-catalyst and underbody catalyst, lambda control
- 2.0 litre/110 PS⁽⁰¹⁾ (81 kW) Common rail diesel engine. EU5 emissions standard
- 2.0 litre/140 PS⁽⁰¹⁾ (103 kW) Common rail diesel engine. EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)
- 2.0 litre/170 PS⁽⁰¹⁾ (125 kW) Common rail diesel engine. EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

Brakes

- Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Electronically controlled Anti-lock Braking System (ABSPlus) and Electronic Brake-pressure Distribution (EBD)
- Electronic parking brake – with auto hold function
- Battery regeneration (recuperation – energy recovery during braking)

Steering

- Maintenance-free rack and pinion steering rack with speed related, electronically controlled servo assistance
- Height and reach adjustable and collapsible safety steering column

Transmission

Front wheel drive

- Six speed manual gearbox: 1.4 litre TSI 160 PS, 2.0 litre TDI 110 PS, 2.0 litre TDI 140 PS

Four wheel drive

- Six speed manual gearbox: all models
- Seven speed auto DSG gearbox: 2.0 litre TSI 4MOTION 180 PS, 2.0 litre TSI 4MOTION 210 PS, 2.0 litre TDI 4MOTION 140 PS

Running gear

- Front suspension: McPherson strut, one-piece aluminium subframe, decoupled spring and shock absorber mounting, anti-roll bar
- Rear suspension: multilink, anti-roll bar
- ESP (Electronic Stabilisation Programme) – includes EDL (Electronic Differential Lock) and ASR (Traction Control)

VOLKSWAGEN SERVICE FOR YOUR PEACE OF MIND.

The Volkswagen Warranty.

Three-year Warranty.

All Volkswagen new Tiguan come with a three-year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen retailer or repairer; however, this additional warranty must be purchased before the mileage reaches 60,000*. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

* All warranty work must be completed by an authorised Volkswagen retailer or repairer.

Three-year Paint Warranty.

The paintwork of the new Tiguan is covered against manufacturing defects for a period of three years. Naturally, the new Tiguan must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

12-year Body Protection Warranty.

The internal body sections and panels of the new Tiguan are covered against rusting through from the inside for 12 years. Naturally, the new Tiguan must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty.

You may purchase additional protection from your authorised Volkswagen retailer or repairer, or contact 0870 9000 115.

Tax Free Sales.

For full details, please contact your authorised Volkswagen retailer.

Service Intervals.

Volkswagen are pleased to offer you a choice on how your new Tiguan is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Time and Distance Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Time and Distance Service are as follows:

- Oil change service
Every 10,000 miles/1 year (whichever is soonest).
- Interval service
Every 20,000 miles/2 years (whichever is soonest).
- Inspection service
Every 40,000 miles/3 years (whichever is soonest).

The LongLife Service is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

With the LongLife Service the vehicle can cover anywhere between 10,000[†] and a maximum of 18,000[†] miles or 24 months (whichever is soonest) between oil changes. Inspection service is typically in the third year of ownership and thereafter every second year, for vehicles with an approximate annual mileage of 10,000 miles.

[†] Please note that mileages are approximate as the service indicator system uses kilometres as the distance measurement.

Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Volkswagen Insurance[‡].

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8 am – 9 pm and Saturday 9 am – 5 pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Visit www.insurewithvolkswagen.co.uk for details of the full range of insurance products available.

Here you can also get a quote for your annual car insurance and buy it online too. All of our insurance products are designed to ease the pain of making a claim.

[‡] Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Finance[‡].

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs.

No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

[‡] Volkswagen Finance is a trading name of Volkswagen Financial Services (UK) Limited.

An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Volkswagen Roadside Assistance.

Every new car is registered for Volkswagen Roadside Assistance for one year. This provides vehicle home and roadside recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer or repairer.

CO₂ Emissions.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.
