

VOLVO S80

THERE'S MORE TO LIFE THAN A VOLVO. THERE'S THE DEDICATION TO ACHIEVEMENT AND THE LUXURY OF FULFILMENT. THERE'S THE INVESTMENT OF TRUST AND THE RETURN OF RESPECT. THERE'S THE CELEBRATION OF FREEDOM AND THE COMFORT OF SECURITY. THERE'S THE LOVE OF BEAUTY AND THE BEAUTY OF LOVE. THERE'S THE PURSUIT OF DISTINCTION AND THERE'S THE CONFIDENCE OF DRIVING SOMETHING OTHER THAN ANOTHER CLICHÉ. THAT'S WHY THE VOLVO S80 IS MORE THAN A LUXURY CAR.

Reward yourself. Spoil others.

Everybody wins here. Drive the Volvo S80 and reward yourself with the perfect balance of luxury and intelligence. Enjoy indulgence without extravagance, performance without pretence and safety without peer. This well-crafted expression of automotive excellence reflects the quiet confidence of those who can share their achievements without reservation.

Volvo. for life

THERE'S MORE TO LIFE THAN A VOLVO. THAT'S WHY WE DESIGN OUR CARS TO SUPPORT YOU IN ANY SITUATION ON THE ROAD. THAT'S WHY OUR SAFETY TECHNOLOGY HAS PUSHED AUTOMOTIVE DEVELOPMENT FOR MORE THAN EIGHTY YEARS. THAT'S WHY WE AIM FOR A FUTURE WHERE CARS DON'T CRASH. THAT'S WHY WE LEAD THE WAY TO ZERO EMISSIONS, AND OFFER ONE OF THE PREMIUM SEGMENT'S STRONGEST RANGES OF LOWER CO₂ ALTERNATIVES. AND THERE ARE ALL THE REASONS IN THE WORLD TO MOVE THE BOUNDARIES FOR WHAT'S POSSIBLE AND WHAT'S NOT. THAT'S WHY WE INNOVATE FOR LIFE.

Innovated for your enjoyment, the Volvo safety technologies will protect more than the fun of driving.

Across the world, Volvo equals safety. And that comes with good reason, because few carmakers can match our record of safety innovations and the commitment for safety that has guided us for more than 80 years. Of course, this makes us extremely proud. But we're not satisfied. Because we know what we want to achieve: zero accidents. This huge task calls for innovative thinking and a brand new approach to the way we design cars. The good news is we've already come a long way. For starters, our cars are more fun and engaging to drive than ever (because a bored driver will never be a safe driver). And the technology needed is no figment of the imagination, some is already available in your Volvo. This means driving a Volvo today is like having a first peek at a very exciting automotive future – a future where passionate engineering and design do more to help you get the most out of life.

After all, there's more to life than a Volvo.

EXHILARATING COMFORT.
Ergonomic design in seats and driver's environment makes you relaxed and helps maintain your concentration on driving.

PERSONAL GATEKEEPING.
Inspired by fighter aircraft technology, the IDIS (Intelligent Driver Information System) can help reduce your workload in stressful situations.

24/7 PEACE OF MIND.
Stay cool. Volvo On Call is Volvo's integrated emergency and roadside assistance technology.

RAIN PROOF.
Water-repellent side windows improve vision in the rain, and a rain sensor automatically engages the wipers if it begins to rain or if water splashes onto your windshield.

AN EYE ON THE BLIND SPOT.
BLIS (Blind Spot Information System) helps you detect vehicles entering your blind spot.

STAYING ALERT.
Driver Alert Control alerts you if you begin to lose concentration and need a break.

EYES IN THE BACK.
Park Assist and Park Assist Camera let you know what's going on behind your car when reversing.

POSITION CONTROL.
Lane Departure Warning warns you if you begin to drift between the lanes.

ALL-ROAD STABILITY.
Volvo's AWD (All-Wheel Drive) with Instant Traction™ enhances driving stability and traction in all weathers, all seasons and on all roads.

ON-ROAD ENLIGHTENMENT.
ABL (Active Bending Lights) with Dual Xenon technology expands your vision range when driving in the dark and provides considerably improved illumination around bends.

SECURE CONNECTION.
PCC (Personal Car Communicator) enhances your personal security and convenience after you've parked your car.

STAY ON TRACK.
Volvo's DSTC (Dynamic Stability and Traction Control) improves handling and safety in a wide range of challenging situations.

SMOOTH CRUISING.
ACC (Adaptive Cruise Control) automatically maintains your set speed and distance to the vehicle ahead of you.

KEEPING A SAFE DISTANCE.
Collision Warning with Auto Brake warns if you're too close to a vehicle in front and helps brake the car automatically if a collision is imminent.

Designed to catch the light brilliantly, this car also reflects a promise.

Thankfully, the automotive industry is moving away from fantasyland to the real world. Our journey towards a better environment started in the early 70s. Then we were among the first carmakers to acknowledge the environmental downside of cars and to do something about it. Since then we are constantly innovating to reduce the environmental impact of our cars and how we make them.

Today's biggest challenge is, of course, to reduce the carbon dioxide emissions that cause climate change. Today we offer one of the premium segment's strongest ranges of lower CO₂ alternatives: the Volvo DRIVE variants. Utilising innovative power train technology together with advanced aerodynamics, low friction technology and lightweight materials, the DRIVE range is an important step towards zero emissions.

In the near future we will introduce new technology such as plug-in hybrid vehicles that will further reduce CO₂ emissions and can be charged from a standard wall socket. And we're heavily engaged in the development of electrical vehicles – a technology that will dramatically reduce the environmental footprint of our cars and make them even more fun to drive.

Good for you, and for the world we share.

ALLERGY-APPROVED INTERIOR.

CZIP (Clean Zone Interior Package) provides cabin air that is so clean it is recommended by the Swedish Asthma and Allergy Association.

BRAKE FOR ENERGY.

Every time you brake, the battery is fed with extra power. Smart and fuel-saving.

CLEANER EXHAUST.

Fast responding after a cold start, Volvo's advanced emission control eliminates between 95 and 99% of carbon monoxide, hydrocarbons and nitrogen oxides from petrol engine exhaust gases. The Volvo turbodiesels feature a particulate filter that removes about 95% of the particles from the diesel exhaust gases.

ALLERGY-TESTED INTERIOR MATERIALS.

All our upholsteries and interior textiles are tested for certain allergy-inducing or harmful substances and comply with Oeko-Tex Standard 100. And several interior metal details are tested for contact allergies. Good for you, and for anyone who shares your ride.

FUEL-SAVING DESIGN.

To reduce energy loss from wind and roll resistance, we utilise advanced aerodynamic design, light-weight materials and low-friction technology. Together with state-of-the-art engine technology, this lowers your CO₂ emissions and helps you travel further on less fuel.

119 G CO₂ PER KM.

Our latest eco-progress, the Volvo S80 DRIVE, satisfies itself with up to 62.8 mpg*, for minimum emissions and maximum style.

* Based on a combined cycle.

FRESH CABIN AIR.

Continuously monitoring incoming air and shutting out carbon monoxide, ground-level ozone and nitrogen dioxide, Volvo's Interior Air Quality System helps ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic.

85% RECYCLABLE.

To help minimise its total environmental impact, every Volvo is designed to facilitate recovery and recycling at the end of its useful life.

MAXIMISED FUEL EFFICIENCY WITH DIESEL.

Volvo's advanced common-rail turbodiesel technology ensures superior fuel economy and low CO₂ emissions; from the CO₂ optimised DRIVE variant to the sparkling 205 PS D5.

Welcome to the Executive lounge.

Intuitive and luxurious, our top of the line Executive variant takes the sensory experience of the Volvo S80 even further. Relax in lush surroundings finely detailed by ambient lighting throughout and enjoy. Of course, handcrafted soft leather and hand-finished walnut wood abound.

Executive interior design

The Executive interior features ventilated front seats that are fully upholstered in perforated soft leather and that include an Executive massage treatment to really spoil you. Walnut wood trim in door panels, gear knob and dashboard add to the Executive ambience – all complemented by the unique walnut wood Executive centre console with an articulated aluminium jalousie. Note the time on the elegant analogue clock and indulge the journey ahead.

Please note: It's not possible to reproduce exact original shades in printed matter. Please ask your dealer to show you samples.

Integrated rear seat refrigerator

For the simple pleasures, you can add a refrigerator between the rear seats. Refreshments are kept cold and within convenient reach for those with the privilege to ride in the back. These passengers will also have their own hand-cut Swedish crystal by Kosta Boda, designed by the Swedish glass artist, Bertil Vallien, and engraved with the Executive emblem. The cabinet includes a specially designed Executive bottle opener in stainless steel and features ambient light to set the crystal aglow.

Every detail considered – including the road ahead.

This new Volvo S80 delivers the royal treatment – 21st century style. Technologically speaking, scouts run ahead, check the road, and report back. At work are digital video and radar-based predictive technologies, ACC (Adaptive Cruise Control) and CWAB (Collision Warning with Auto Brake), which monitor the cars in front and adjust power delivery and braking intuitively. This onboard intelligence is available to help you negotiate traffic in terms most favourable to you and your passengers, helping you to keep a safe distance. The creature comforts and thoughtful amenities throughout the cabin also seem to anticipate and satisfy your every need, even the remote key fob, the PCC (Personal Car Communicator), can help keep you in touch with your car's status: locked, unlocked, occupied? Call it a sixth sense, second sight or intuition; no one predicted intelligence would travel like this.

Volvo's advanced driving system helps make driving more comfortable. Now supplemented with a digital video camera to help examine the road ahead, it is possible for the Volvo S80 to discern stationary objects from other road users and to register lane markings. If you are ever distracted or tired, the car's ability to identify your lane, and any stationary vehicles in your lane, can help you reach your destination without incident. But please note: Even these sophisticated systems, LDW (Lane Departure Warning), DAC (Driver Alert Control) and the BLIS (Blind Spot Information System), have limitations. It is the driver's responsibility to remain alert at all times.

Controlled power, unrestrained pleasure.

Power and control. How often do you find them in perfect accord? In all its petrol and diesel variants, the S80's liveliness and response have no issues with expressing their superior performance. For example, our premium diesel power source, the 205 PS D5, exploits state of the art sequential twin-turbo technology, while at the other end of the spectrum, the outstanding DRIVe model produces the least amount of CO₂ emissions (62.8 mpg). That's all well and good, but power of that quality demands a chassis above the ordinary and the S80 doesn't disappoint. Featuring high-torsional rigidity, a wide stance and a long wheelbase, agility, grace, safe driving or any combination thereof are always in evidence. Add McPherson front suspension struts and a lowered Sports chassis and you're ready to relish every twist and turn of every journey.

It doesn't just devour motorway,
it knows which fork to use.

Experience sophistication and refinement where it matters most: on the road. Here, the advanced chassis displays impeccable manners. Defined by high torsional rigidity, wide stance and a long wheelbase, the Volvo S80 chassis is a faithful interpreter of road and driver. Its multi-link rear suspension counteracts any tendency to understeer while the McPherson front suspension struts promote superior comfort. Above and beyond the manifestation of comfort and performance that's standard in the Volvo S80, the lowered Sport chassis delivers impressive agility and balance. With it you'll experience quicker steering and a sure, planted feeling at all times, in all corners. Devour miles of motorway with grace and then relish the twists and turns that lead you home in time for dinner. Bon appétit.

Volvo designers feel they've created an environment ideal for driver and passenger alike. Floating layers, inspired by Scandinavian landscapes, both converge and soothe. Controls are easy to operate and pleasing to touch. Even the Satellite Navigation System screen appears and disappears into the dashboard with an elegance and simplicity that complements its vast functionality. And much attention has been paid to comfort throughout the cabin. For example, the seats set the standard for ergonomic and aesthetic excellence, and with the Dynamic leather-faced front seats, deep contours and full side bolsters provide even more support through tight corners. Now, run your hand over Volvo's real wood inlays and the genuine leather upholstery. Exquisite to the touch and crafted with meticulous care, rest assured they're the genuine article and of world-class quality.

An air of refinement that actually includes refined air. How refreshing.

What makes a luxury car a luxury car? Is it the broad, beautiful strokes of polished wood, exquisite leather surroundings, and a cabin so quiet you can hear the sound of satisfaction? Or is it in the minute details that show, in every respect, this luxury car is at your service. For example, the Volvo S80 can air itself out before you get in,

automatically close the vents to protect you from outside pollution, and claim air so free of allergens, it is recommended by the Swedish Asthma and Allergy Association. In any case, this is a car that enjoys the highest standards, as will everyone who travels aboard. And when it comes to luxury, if you want it all, the Volvo S80 has it all.

Mind the crystal.

Volvo's modern sound systems are among the best in the world, especially with the latest generation of Dolby® Pro Logic® II Surround Sound, pure digital amplification and spectacular loudspeakers. Our audiophile system, Premium Sound, utilises twelve high-end loudspeakers, including two in the centre, and sophisticated sound processing calibrated especially for the interior of the Volvo S80. Plug in your favourite MP3 player or iPod® and the combination of crystal-clear presence and wake-the-neighbours power ensures accurate reproduction of your favourite songs at any volume. Please exercise caution.

Performance audio system

A console-integrated radio and CD player. It sounds good, looks good and it's easy to use. Performance equipment includes:

- RDS radio
- CD player
- Aux Input in front centre armrest
- 4 x 20 W amplifier
- 6 loudspeakers
- Steering wheel remote audio controls

Accessories: USB and iPod® Music Interface.

High Performance audio system

This is a powerfully versatile system. Each loudspeaker is fitted with a more powerful magnet and a larger coil. In combination with the amplifier, this system promotes excellent transient reproduction and high power – quite simply superb sound. This High Performance audio system includes:

- RDS radio
- MP3 and WMA compatible CD player
- USB and Aux Input in front centre armrest
- 4 x 40 W amplifier
- 8 High Performance loudspeakers
- Steering wheel remote audio controls

Options: an integrated 6 x CD player rear seat audio console and DAB (Digital Audio Broadcasting) radio.

Premium Sound

This is our top-of-the-line audio system designed for dynamic clarity with the entire sound spectrum. This 5 x 130 W system features twelve high-end loudspeakers. In addition, Dolby® Pro Logic® II Surround Sound helps tailor a well-balanced audio experience for each occupant. Premium Sound includes:

- RDS radio
- MP3 and WMA compatible CD player
- USB and Aux Input in front centre armrest
- 5 x 130 W digital class D amplifier
- Dolby® Pro Logic® II Surround Sound with centre loudspeaker and digital sound processor
- 12 high-end Premium Sound loudspeakers
- Steering wheel remote audio controls

Options: an integrated 6 x CD player, a rear seat audio console and DAB (Digital Audio Broadcasting) radio.

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.

The S80 range at a glance.

S80 ES

The ES aims to spoil. Its luxurious interior boasts supportive seats with Sundby Textile/T-Tec upholstery. Then there's the 6 speaker performance sound audio system with 80 W output and intuitive features such as electronic climate control, heated washer nozzels and cruise control. On the outside, 16" Oden alloy wheels and colour co-ordinated front spoiler and side mouldings make sure your presence doesn't go unnoticed.

S80 SE

Its luxurious interior boasts supportive seats with leather-faced upholstery. Then there's the 8 speaker high performance audio system with 160 W output and intuitive features such as automatic rain sensor and Bluetooth® handsfree system. On the outside, 17" Cassini alloy wheels and colour co-ordinated front spoiler with side mouldings make sure your presence doesn't go unnoticed.

S80 SE LUX

The SE Lux model stands for luxury. leather-faced upholstery and powered front seats further enhance the luxurious interior. Then there's the satellite navigation system, 17" Cassini alloy wheels, active bending lights and rear park assist offering both style and protection.

S80 EXECUTIVE

The Executive is the ultimate in Volvo luxury. Elegant 18" Balius alloy wheels, the unique walnut wood executive console extends a warm welcome and the Executive ventilated soft leather upholstery with massage function and contrasting seams and piping adorns the seats and armrests. Additional features include our premium sound audio system with Dolby Pro Logic II Surround Sound™ and 12 loudspeakers.

S80 *DRIVE*

DRIVE means making a change for the better without compromise. The exterior styling is unmistakably Volvo, with strong curves and sleek lines – yet DRIVE enhancements like the lowered chassis add distinctive finishing touches. And these changes aren't just for show – they contribute to CO₂ emissions of just 119 g/km and fuel economy of up to 62.8 mpg*.

* Based on a combined cycle

On the road.

How much will it cost to get behind the wheel of your own Volvo S80? Simply decide which model variant and engine type are right for you and then take a look at the full price list below.

Inside information.

Here you can learn more about the features and technology of your Volvo S80. Some are standard, some are optional. For more detailed information, please contact your Volvo dealer or visit www.volvocars.co.uk

Dynamic Stability and Traction Control (DSTC)

By helping prevent fishtails, spinouts and rollovers, stability control technology like DSTC has been described as one of the most vital safety advances of the past decade. At the core of DSTC, a gyroscope senses the car's direction and compares this with steering wheel movements as well as the actual rotation of the car's wheels. DSTC is able to detect a potential skid and help counteract this by reducing the engine's power output, or braking on one or more wheels.

Whiplash Protection System (WHIPS)

Integrated in the front seats, Volvo's WHIPS cradles the occupant to help reduce the risk of whiplash injury (one of the most common types of traffic injury and often the result of low-speed rear impact collision). The function is activated by a collision of sufficient force from behind. Independent research has shown that WHIPS is one of the most effective systems in the world and can reduce the risk of long-term injuries by 50%.

Side Impact Protection System (SIPS)

SIPS is a Volvo unique safety system that has been developed to help protect where occupants are most exposed to the crash forces. The steel framework of the car – including the front seats – is designed and reinforced to help displace the impact of a side collision away from the occupants to other parts of the car body and help prevent intrusion into the cabin. The side structure is extremely strong to help withstand a severe side impact, even with a larger vehicle.

ISOFIX

ISOFIX attachments only allow you to fit the child seat in the correct way. They also make the child seat easier to fit and remove. We offer two rear-facing child seats with ISOFIX attachments: one for infants and small children up to 13 kg, and one for children weighing between 9 and 18 kg.

Dual-stage airbags, driver and front passenger

In a frontal collision, the driver and passenger airbags help protect your head, face and chest. The system varies their level of inflation depending on the force of the collision. Should the collision force be sufficiently low that the airbags aren't needed, it will deploy the safety belt pre-tensioners.

Inflatable Curtains (IC)

The Inflatable Curtains (IC) protect the heads of both front and rear outboard occupants. They also stay inflated for some seconds to provide prolonged protection for subsequent impacts.

Personal Car Communicator (PCC)

PCC is an advanced remote control that combines keyless drive with two-way communication with your Volvo. Keep the PCC with you and the car unlocks automatically as you pull the door handle. Start the engine by pressing a button on the dash, lock the car by pressing a button in the door handle. Later in the day, if you're wondering whether you've locked the car, PCC can remind you; no matter where you are. On your return to the car – within a radius of 60 to 100 metres – pressing the PCC information button will give you a current report on its status.

Satellite Navigation System

Volvo's GPS-based satellite navigation system is totally integrated with your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts it also lets you know if there's weather related trouble en-route and recommends an alternative. This system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic. When not in use, the screen retracts into the dash. The maps are on one DVD and cover major parts of Europe. To help you keep track of new roads and points of interest, you can join our MapCare programme for two free map updates.

Integrated Bluetooth® Handsfree System

Bluetooth® technology enables a mobile phone to be connected to the infotainment system in your Volvo, wirelessly. Once configured for a mobile phone, the system automatically recognises your phone as you enter the car. And as you climb in and out of the car, the system automatically allows you to switch freely from the phone to the handsfree system and back again. With Volvo's integrated Bluetooth® handsfree system you conveniently operate your phone using the buttons on the steering wheel or the centre console keypad. Available as an accessory, there's also a voice-controlled Bluetooth® handsfree system that will listen to your command and make calls for you.

The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under licence. Other trademarks and trade names are those of their respective owners. For details of compatibility, please go to www.volvocars.com/bluetooth

Blind Spot Information System (BLIS)

BLIS uses rear-facing cameras installed in the door mirrors to keep a lookout on either side of the car. As a vehicle enters your blind spot, this function can alert you with a lamp built into the front door post, left or right. Together with the door mirrors, this helps you assess the feasibility of a lane change. BLIS is activated once the car exceeds 6 mph, and reacts to almost any type of vehicle from a motorcycle upwards, day or night.

Park Assist Camera

If the car is equipped with satellite navigation and park assist camera, this helps display what's going on behind your car when reversing. The system uses the satellite navigation screen and a camera discreetly located over the licence plate. On-screen guiding lines provide extra assistance for smooth parking.

Accessories from Volvo.

Of course, your Volvo S80 won't be perfect until it's exactly how you want it. So here's a selection of our range of accessories to completely personalise your new car.

'Space Design' roof box
A lightweight, aerodynamic roof box available in two sizes: 380 and 480 litres.

Front and rear park assist
Sensors integrated into the bumpers combine with pulsating tones to make parking safer and easier.

Infant Seat (up to 13 kg)
Infants can travel safely backwards in this comfortable, easy-to-carry seat with five-point harness.

Convertible child seat (9-25 kg)
Advanced design helps provide world-class protection and flexible seating for many years.

Portable navigation system
Designed to complement your Volvo, this easy-to-use Garmin nüvi® navigation unit guides you all the way.

Booster seat (15-36 kg)
Volvo's new booster seat helps position a child at the correct height for the safety belt.

Bicycle lift
A gas-sprung lifting arm makes placing a bicycle on the roof of your Volvo as effortless as possible.

Illuminated sill moulding
Four footboard mouldings (one for each door) in brushed, stainless steel with lighting giving the sill area a sporty and elegant feel via blue glow.

18" Makara
Silver bright or Black chrome

Handsfree Bluetooth®
Volvo's voice controlled handsfree kit with Bluetooth® is a versatile and easy way to speak on your mobile phone at the same time as sitting in the car.

Clean colours

To reduce usage of environmentally hazardous solvents all Volvo exterior colours are water-based. What's more, our painting facilities are among the cleanest in the world.

INTERIOR DESIGN Upholstery

Dynamic leather-faced
The unique front seat design and sophisticated stitching of the Dynamic leather-faced seats add a classy touch and help create a sportier feeling inside your Volvo.

Leather-faced
This is a hide quality that's comfortable, durable and has a coarse grain pattern. Like all Volvo leather-faced upholstery, it's organically tanned and ages beautifully.

Perforated leather-faced
Designed for use with ventilated seats, this quality is made with buffed leather. Central seat panels are perforated, efficiently managing body moisture while adding an aesthetic quality.

Sundby T-Tec/textile
This sporty looking upholstery also combines two materials: finely woven textile upholstery trimmed with ultra-modern T-Tec, a synthetic skin inspired by wet-suits and durable outdoor gear.

IMAGINE YOUR NEW INTERIOR. Crafted according to your requirements, the interior of your Volvo can take on any number of personalities. Choose between two interior colours (Anthracite Black and Sandstone Beige) and two ergonomic seat designs. Let your senses guide you among the wide range of upholstery variants – including contemporary textiles, exclusive leather and top-of-the-line Inscription full hide. Pick the interior that suits you and add the finishing touch with the interior trim, steering wheel, gear knob and floor mat of your choice. After all, you're probably going to spend a lot of time here.

Volvo seat design
Developed in co-operation with ergonomic specialists to provide generous support for the body during hours of driving, the seats in the Volvo S80 are among the most comfortable in the automotive world. Multiple adjustment possibilities and adjustable lumbar support make it easy to find the perfect driving position.

Dynamic seat design
Choosing the Dynamic leather-faced upholstery, the front seats feature a uniquely designed seat structure with deep contour, extra padding and enhanced side support to hug you in the corners and provide superb comfort.

Inscription Volvo's collection of exquisite and exclusive interiors and details has a name. Inscription. It also has a purpose; to deliver a quiet realm of understated splendour to all those lucky enough to experience it. Every seat is upholstered in the finest Scottish Hide and complemented with contrasting stitching and piping. Tufted floor mats with extra thick pile and the Inscription instep plates add an exclamation mark to this unmistakable statement of quality. Choose from two unique interior trims, then opt for the paint finish of your Volvo S80 from a selection of Inscription exterior colours. As you realise your perfect oasis, you'll find Volvo Inscription is much more than a range of skilfully handcrafted interiors and special details – it is an imaginative and empathic way of saying this is my Volvo.

- (i) For best performance and lowest fuel consumption 98 RON is recommended, 95 RON can be used for normal driving.
- (ii) The results do not express or imply any guarantee of the fuel consumption of a particular car.
- (iii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 700 kg.

Notes

The weight of a vehicle will influence the level of CO₂ emitted and, as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight and CO₂ emissions of the standard vehicle, as published in this price list. The weight effect of any additional items does not affect the amount of Vehicle Excise Duty payable.

A weighbridge must be used to determine specific weights. Data valid for manual transmission unless specified.

All measurements in mm.

Auto = Geartronic Automatic Transmission.

The Max. output figures are quoted in PS (Pferdestärke), which is the metric equivalent of brake horsepower.

NB Some of the information in this price list may not be correct due to product changes which may have occurred since it was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, to prices, colour, materials, specifications and models.

Volvo Car UK Limited, Globe Park, Marlow, Buckinghamshire, SL7 1YQ.

Meet the family.

Please note: Some of the information in this brochure may be incorrect due to changes in product specification that may have occurred since printing. Some of the equipment described or shown may now only be available at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time and without notice, to prices, colours, materials, specifications and models.

Furthermore: There are options, accessories and packages that can be chosen separately or combined as you like. For more information, please contact your Volvo dealer.

INSURANCE

Volvo Car Insurance is designed for Volvo drivers and because we know Volvos inside out, we can offer exactly the right tools and expertise, fitting only genuine Volvo parts by trained Volvo technicians[®]. Your Volvo will come with seven days drive away insurance, so you've already got peace of mind. Because Volvo drivers have an excellent reputation, we can also offer extensive cover at a reasonable price[®]. Call now for your insurance quote on **0800 238 239**, quoting reference BROCH.

SERVICING YOUR VOLVO

Your Volvo dealer has the unique know-how to tailor a service programme according to Volvo's strict recommendations and guarantees you years of safety and driving pleasure. In addition, why not save yourself money on service costs by taking out a Volvo Service Plan? They're designed to spread servicing costs on an interest-free monthly basis, providing you with economic, convenient servicing and peace of mind.

Whatever option you choose your costs are fixed no matter what happens to labour, parts or oil prices. You will also have the satisfaction of being able to have your Volvo serviced at any one of our UK Volvo dealers and Service Centres. For further information and to purchase online please go to www.volvocars.co.uk/serviceplan

VOLVO ON CALL

Subscribe to Volvo On Call and you'll never be completely on your own. It's a GPS-based communication system providing 24-hour access to both emergency and roadside assistance wherever you are. See the Volvo On Call brochure for more information.

LOOKING AHEAD

You'll probably never find out just how good some of these services are. But should the unexpected happen, we'd like to think that you'd be even happier you chose a Volvo.

ROADSIDE ASSISTANCE

Every new car comes with one year's Volvo Assistance cover. You'll enjoy free breakdown and recovery assistance, anywhere in Europe, 24 hours a day. You can even extend cover for £85 for one year or £125 for two years. Call Volvo Assistance on **0845 641 9747**.

WARRANTY

Every new Volvo comes with comprehensive protection. Our warranty covers the first three years or 60,000 miles, whichever comes first. There's a three year unlimited mileage warranty on the paintwork, and either eight or twelve years against rust perforation. If a component fails due to a defect or material fault, your dealer will swiftly rectify the problem, free of charge.

THERE'S MORE TO LIFE THAN A VOLVO.

Volvo. for life

THAT'S WHY YOU DRIVE ONE.

VOLVO

Volvo Car UK Limited
