>> Out of the blue.

smart fortwo edition iceshine coupé and cabrio.

>> A brilliant look for the city.

The smart fortwo iceshine knows how to show the city in a new light. It proudly presents itself in an unusual azure blue. So it's no surprise that its fresh and sassy appearance attracts attention wherever it goes and becomes a source of inspiration for others.

The exclusive azure blue of the bodypanels immediately makes it clear that the smart fortwo iceshine likes to set the tone - and this impression is reinforced by the fresh white of the tridion safety cell. The white finish of the alloy wheels with wide tyres shows off the striking 3-double-spoke design to great effect and also harmonises with the white door mirror caps. And finally, the LED daytime driving lights are one more eye-catching feature among the many highlights of the smart fortwo iceshine.

In the interior, exclusive seats in black leather optic with a white fabric insert in the backrest and white double stitching invite you to take a seat. The 3-spoke leather sports steering wheel with steering wheel gearshift paddles and white contrasting stitching conveys a hands-on sporty feel. The accent trim parts on the instrument cluster and the dashboard instruments also come in white. Exclusive floor mats with the iceshine logo round off the high-quality equipment.

The air conditioning in the smart fortwo iceshine automatically ensures a feel-good temperature. The large panoramic roof (coupé only) gives you a seat in the sun and fills the spacious interior with light. Unless you decide to use the integrated sunblind, that is. In addition, the softouch automatic gear programme and the audio system low-line with USB/AUX port come as standard and further enhance the comfort.

Available as a coupé or a cabrio and with a choice of two petrol engines; the 71 bhp micro hybrid drive or the 84 bhp turbo, a visit to your smart Retailer is sure to convince you that you and the smart fortwo iceshine make a dazzling couple.

>> Highlights of the edition iceshine.

We are pleased to take back your smart for environmentally friendly disposal in accordance with the European Union* (EU) Directive on End-of-Life Vehicles – but that day lies a long way off (*does not apply to Switzerland). To make it as easy as possible for you to return the vehicle, a network of companies exists which will take back your old car and dismantle and recycle it. You can return your vehicle to one of these companies free of charge. In this way you make a valuable contribution to closing the recycling loop and to saving resources. Further information on recycling end-of-life vehicles and the conditions of return is available at www.smart.com.

Regarding the information in this publication: changes to the product may have been made after going to press on 15 July 2012. The manufacturer reserves the right to effect structural or design modifications, colour changes and changes to the scope of delivery during the delivery period, insofar as such changes or modifications are reasonable for the buyer in due consideration of the seller's interests. Should the seller or the manufacturer employ codes or numbers to describe the order or object ordered, this alone shall not constitute a valid basis for the derivation of any rights. The photographs may include accessories or options that are not part of the standard scope of delivery. Any colour deviations result from the printing process.
