## The Volvo C30 range at a glance.

### ES

The comprehensive standard specification includes ECC (Electronic Climate Control), 16" alloy wheels, DSTC (Dynamic Stability and Traction Control), passenger airbag cut-off switch, power windows, a leather steering wheel and gear knob, information centre, floor mats, a CD player and an aux. input for MP3 players.

### SE

The SE model brings added luxury. Leksand Textile/T-Tec upholstery, aluminium inlays, cruise control and steering wheel remote controls on the inside are complemented by the 17" Spider alloy wheels, autofolding power door mirrors with ground lights and fog lights.

### SE LUX

The most luxurious version of the Volvo C30 offers leather-faced upholstery, 17" Spartacus alloy wheels and active bending xenon lights with headlight cleaning system.

### R-DESIGN

The striking exterior lines are enhanced with a full bodykit and 17" Cratus alloy wheels, lowered sports chassis, and R-Design logo on the grille. The unique interior design is complemented with embossed leather/T-Tec upholstery, sports steering wheel and a unique aluminium inlay.

### DRIVE

DRIVE is a series of modifications, adjustments and enhancements designed to make it easy to reduce both your impact on the environment and your running costs. All C30 DRIVE models come with Start/Stop technology to produce only 99g/km CO<sub>2</sub> and fuel consumption up to 74.3 mpg on a combined cycle, which means there is no vehicle tax payable.

### On the road.

- (i) For best performance and lowest fuel consumption 98 RON is recommended, 95 RON can be used for normal driving.
- (ii) The results do not express or imply any guarantee of the fuel consumption of a particular car.
- (iii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.
- (v) All diesel models are fitted with a maintenance free particulate filter.

### Notes

The weight of the vehicle will influence the level of CO<sub>2</sub> emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO<sub>2</sub>. However, vehicle tax is paid according to the weight and CO<sub>2</sub> emissions of the standard vehicle, as published in this price list.

A weighbridge must be used to determine specific weights. Data valid for manual transmission unless specified.

Auto = Geartronic Automatic Transmission

The Max. output figures are quoted in HP.
