

MG6 GT

DRIVEN TO BE DIFFERENT

MG6 GT. Experience more

The new MG6 GT is the car you've been waiting for. Almost 90 years in the making, this award-winning fastback has sporting prowess in every curve. Designed and engineered at our famous home, Longbridge in Birmingham, it effortlessly embodies the iconic MG badge with superior British engineering, cutting-edge innovation, statement style and, naturally, unparalleled sports performance. So why wait a moment longer? Awaken your inner racing champion with the MG6 GT.

MG2U

Safe, sound and secure

A car this irresistible needs top-notch security. But being MG, we didn't stop at best-in-class. We made the MG6 so secure that it won What Car? Best Security Award 2012 with its drive away locking system, Thatcham category 1 alarm, immobiliser and perimeter detection, along with fortified body security and enhanced vehicle markings. With all these defences your MG6 GT is safe, secure

and benefits from the lowest insurance group in its class (13E to 15E).

Total confidence

With 4* Euro NCAP safety rating, 3 years (or 60,000 miles) manufacturer-backed mechanical warranty, 6 years bodywork warranty and our 3 years comprehensive roadside assistance package as standard, MG gives you absolute confidence to simply enjoy the drive.

Captivated? Drive the MG6 GT today

Feel pure exhilaration for yourself, put the GT through its paces today. If you're busy or your nearest MG centre simply isn't near enough, we'll bring a new MG6 GT to your driveway or work car park with MG2U.

Simply visit MG.CO.UK/MG2U enter your postcode in the 'find' bar at the top, and your nearest showroom and MG2U delivery options will be displayed. Then we'll contact you to arrange delivery of your test car.

Book your test drive at MG.CO.UK

Sport is more than skin deep ...it's in our blood

Our racing heritage is imprinted in our hearts, our heads, and even on the skin of the MG6 GT. Choose the responsive petrol or the powerful diesel and get used to second glances at how its modern sporting style combines with superb handling and pure presence on the road.

The growling crosshatch grille, sporty alloy wheels, McPherson strut suspension, sports chassis and enhanced traction control all as standard mean the MG6 GT not only hugs every curve of the road for an unforgettable driving experience, it looks the part too.

MG6 GT

British style for the British lifestyle, and more space to boot

British engineering and sleek British styling means the MG6 GT packs in more of the things a British lifestyle demands – heated leather sports seats[^] to warm you up and dry you out after the rain, front and rear electric windows, air conditioning for those rare sunny days, not to mention a huge 498 litre boot space (expanding to 1,372 litres with the rear seats down) to swallow all your clobber - so huge in fact, it makes others in this price range feel a little inferior.

The biggest in its class - what could you do with it?

It's the old cliché – size matters. But when you're adventuring in the great British outdoors, walking the dog or going hunting (in a supermarket for the weekly shop), being sporty and spacious makes a big difference! The MG6 GT may only be a little larger than other medium fastbacks, but it has a boot that gives you 50% more space and a roomy back seat that's perfectly made for three 6ft adults, or two babyseats and a passenger without the usual squeeze!

Tow bar available on MG6 models as an optional extra.
Tow bar mounted bike rack supplied by Halfords.

'Standard' redefined

'Safety fast' is one of our original guarantees. Today exceptional safety comes as standard on every MG6 GT with hill hold control for perfect hill starts, stability control to reduce loss of traction, ABS with EBD to maximise your stopping power and emergency brake assist. Plus with driver, front passenger, side, and curtain airbags all fitted as standard too, the MG6 GT more than deserves its impressive 4* EURO NCAP safety rating.

If it's 'mod cons' you're after, introduce yourself to the MG6 GT S and you'll be rewarded with 17" twist-design alloys, air con, front and rear electric windows and traction control. Cruise control and built-in sat nav are the standard on the SE, whilst the TSE maximises comfort and style with dual zone climate control, 18" sports alloys, heated leather front seats that are adjusted at the flick of a switch, Bluetooth phone connection and clever reversing camera. Well, 'MG' does mean 'more goodies'!

Personalised dashboard*^
Upload photos of your family or latest adventure achievement to your dashboard screen on every model. This clever central screen is the hub of your car with 11 programmable features.

Hands free^
Stay safe with Bluetooth phone connection, built-in microphone and speakers. Make calls at the touch of a button on your central display and stay in control when you're on the road.

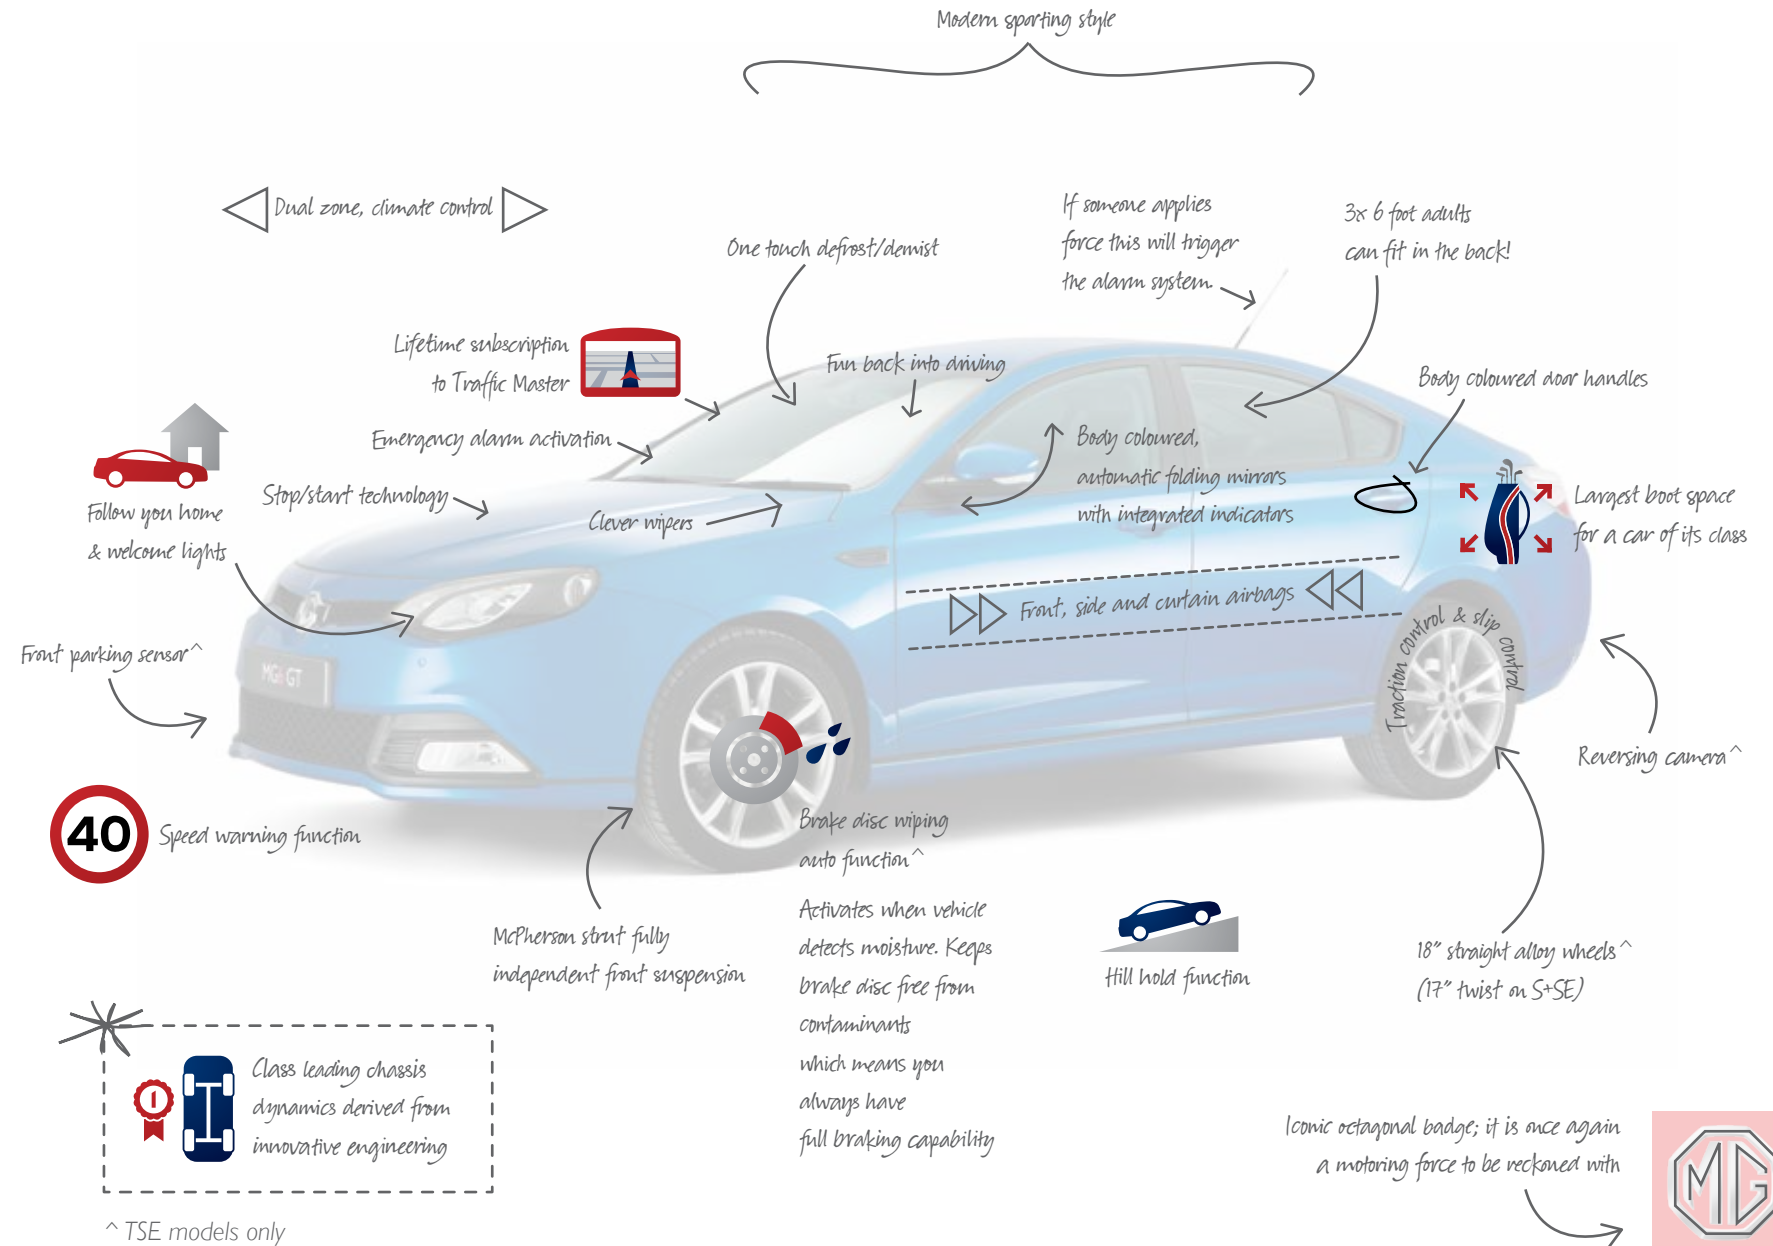

Steering wheel that puts you in control*^
Switch on and adjust cruise control or turn up your favourite song without taking your hands from the wheel.

'Follow me home' lighting
No fumbling or stumbling comes as standard on all models. Just lock up and low headlight beams will guide you to your front door.

Stay cool
Relax with electric air con on S or SE models, or upgrade to the TSE and stay cool with dual zone climate control. Keep your snacks chilled in all diesel and petrol TSE models with a handy cool box in the centre console.

Sat nav with lifetime subscription to Traffic Master*^
Never argue about directions again! Built-in sat nav and live Traffic Master updates will keep you on the right road and out of a jam everywhere you go.

Packed with more features

Driven to be different

Since the first MG went on sale in 1924, we've always been driven to be different from other car brands. Today we're backed by the 8th largest car manufacturer in the world and the MG difference is still startlingly clear; the MG difference is that we always give you more.

More sports power, more British style, more luxurious finishes, more features as standard, more of an exhilarating drive, more personal service, more reassurance... more for your hard-earned money.

More community feel
We're proud to have a huge 'family' of MG fans across the world. When you drive an MG you can become part of something very special through our owners' clubs, social media communities and, of course, our customer feedback board 'Tell it to MG'.

More personal service
At MG every car and every driver is personal to us. Even today we are still able to give you the individual service you deserve when you call. What's more, when you buy an MG6, you'll be eligible to join our Customer Delight programme and enjoy exclusive MG discounts and big ticket giveaways.

More sports support
We've put our passion for developing all-things sport into supporting many sports initiatives, including local projects in Birmingham, MG's Maxifuel Pro Cycling Team, and women's football star, Sue Smith. Of course, we can't forget our racing roots and today this is reflected in our MG KX Momentum racing team. Our newest driver Sam Tordoff, an up and coming star, is also the winner of recent initiative, the KX Academy – giving drivers like Sam the support and advice needed to progress.

More sporting prowess
We've been pushing British innovation to the limit on the track to give you unrivalled performance on the road for over 90 years. Today you can think of the racing MGs at the British Touring Car Championship (BTCC) as prototypes for your MG6.
