## MG6 Magnette

# MG6 Magnette Don't compromise 792 UCM MG001BR06

#### We're proud to say this British-engineered sports saloon truly has it all

Classically elegant and refined, the MG6 Magnette also has a fantastically feisty side which never ceases to thrill. In fact it possesses all the qualities of a classic MG.

Inspired by almost 90 years of sporting heritage and clever innovations by our engineers at our Longbridge headquarters, the MG6 Magnette is British design, British engineering, British beauty at its very best. Your new sports saloon promises phenomenal performance, spacious comfort, more luxuries as standard, timeless good looks and a sensational drive, all for surprisingly less than counterparts in its class.

#### MG6 Magnette. Get all the luxury you deserve, don't compromise

#### SAFE, SOUND AND SECURE

A car this irresistible is sure to make passers-by green with envy, so we gave the MG6 Magnette award-winning security with its drive away locking system, Thatcham category I alarm, immobiliser and perimeter detection, along with fortified body security and enhanced vehicle markings. With all these defences your MG6 Magnette is safe, secure and the lowest insurance group in its class (14E to 15E).

#### TOTAL CONFIDENCE

With 4\* Euro NCAP safety rating, 3 years (or 60,000 miles) manufacturer-backed mechanical warranty, 6 years bodywork warranty and our 3 years comprehensive roadside assistance package as standard, MG gives you absolute confidence to simply enjoy the drive.

#### FIND OUT WHAT LUXURY FEELS LIKE

Experience the luxury of a MG6 Magnette today. If it's difficult to find time or your nearest MG centre simply isn't near enough, we'll bring the MG6 Magnette to your driveway or work car park with MG2U.

Visit MG.CO.UK/MG2U enter your postcode in the 'find' bar at the top, and your nearest showroom and MG2U delivery options will be displayed. Then we'll contact you to arrange delivery of your test car.

Book your test drive at MG.CO.UK/MG2U

#### Engineered to turn heads

With the unmistakable style of MG, the slick lines of a sports saloon and more luxuries as standard than any other car of this class, the MG6 Magnette has a habit of turning heads about town and making co-workers rather envious.

All round electric windows and chrome detailing

Designed and engineered in Britain 🛦

■ Remote open boot

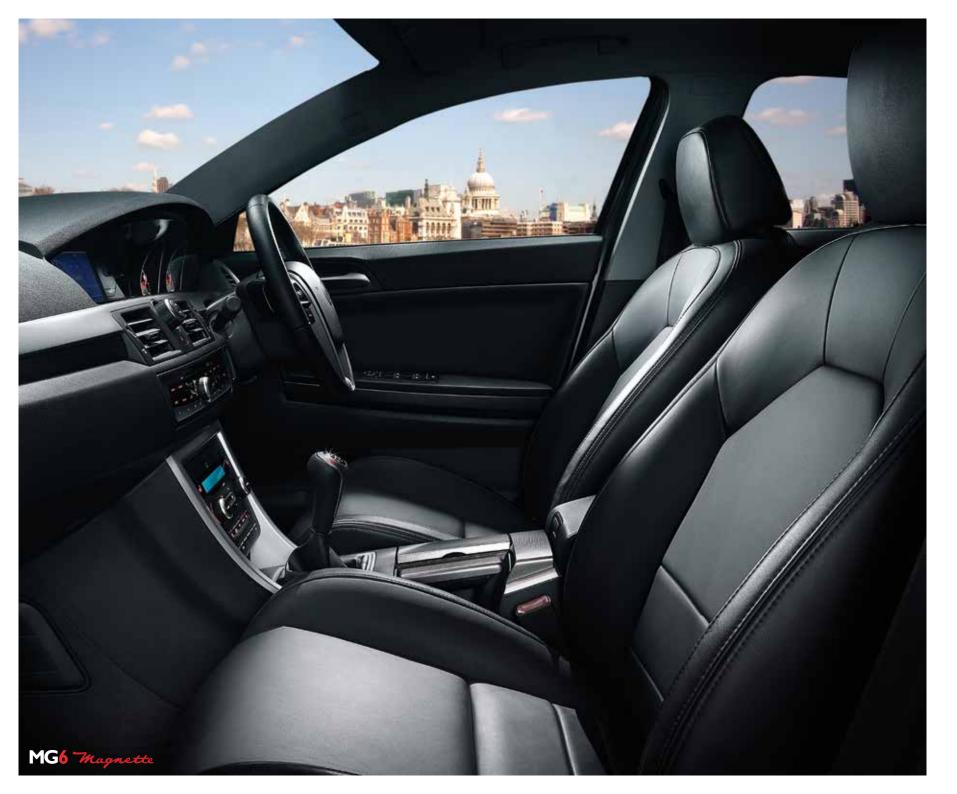

Integrated reversing camera and rear parking sensors

Body coloured auto-fold electric wing mirrors with integral indicators

# Comfort is never an after thought

Comfortable, cosy, feeling at home... these aren't the usual words you'd find in a glossy car brochure, but at MG we're proud to say that the MG6 Magnette is the pure pleasure you've always promised yourself, one day.

Press the one-touch start, relax into your heated leather sports seats, set the dual zone climate control, stay connected with the Bluetooth connection and built-in microphone, select 'traffic avoidance' on your integrated sat nav and let cruise control effortlessly get you there.

#### Room for comfort, not compromise

The MG6 Magnette is a new breed of sports car. This sports saloon gives you the complete package of comfort, space and performance. Its sleek profile hides away a huge 472 litre boot space - room enough for your golf clubs, several bulging suitcases or briefcases, or just your overnight bag for a weekend away.

#### Envious? They will be

Pop the lock on the MG6 Magnette you'll see what our 'driven to be different' philosophy means for you.

It means that the MG6 Magnette is always seductively affordable because all those nice-to-haves on other cars, come as standard equipment on the MG6 Magnette. So if you're dreaming of indulging in a leather trimmed luxury interior, sports seats or rear parking sensors and reversing camera to help you keep your parking credentials, you can stop dreaming, sit back and enjoy it all for not a penny more!

#### Dual zone climate contol

Cool feet for you, warm feet for her, now you can both stay comfortable all journey long.

#### Integrated sat nav

No need to charge your sat nav or remember all the cables, simply select it on the central screen and live Traffic Master updates will keep you ahead of the gueues on every journey.

Auto lights-on

Intelligent lighting helps to improve your visibility and safety in tunnels, bad weather or on winter evenings.

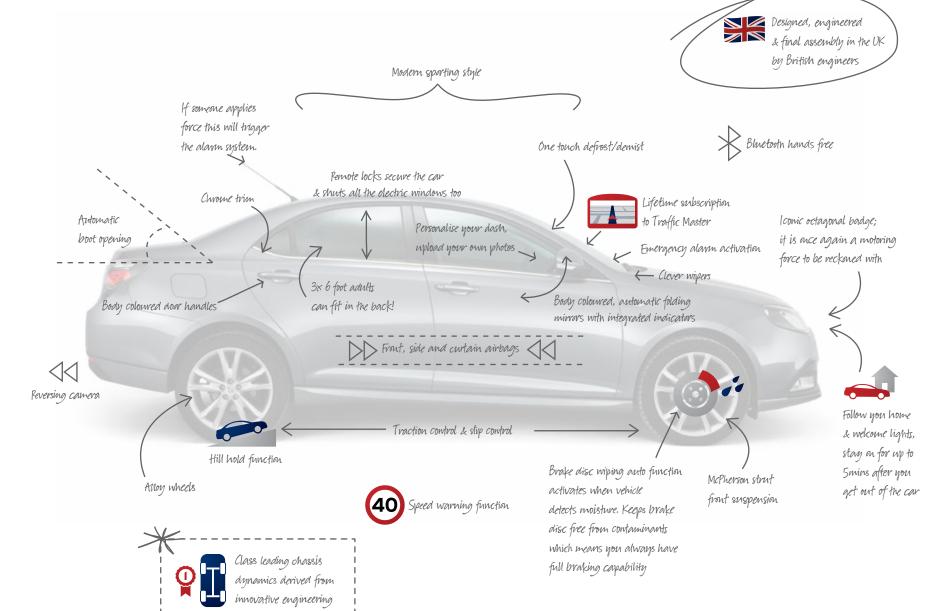

#### Auto-dipping mirror

Clever technology helps you avoid the distracting glare of bright lights behind you.

Stop/start technology and six speed gearbox (diesel only) Get great fuel economy in the city and on the open road with the all new MG DTi-TECH diesel engine.

Bluetooth hands-free connection The Magnette makes it easy to stay connected with the office or your family and stay safe.

#### More features as standard

# We do A to B differently

Choose the newly engineered diesel or the responsive petrol engine and A to B will no longer be just A to B in your MG.

Drawing on decades of sporting heritage, our visionary engineers at Longbridge have given the MG6 a choice of two surprisingly rugged turbocharged engines.

#### TCi-TECH

If you do under 12,000 miles a year, the petrol engine is the best choice for you. Put your foot down in the 160ps four cylinder petrol and you'll get 0 to 62mph in a cool 8.4seconds. So even if winding open roads and mountainous rambles aren't part of your daily drive, you'll enjoy MG certainty at busy junctions and an impressive 37.7mpg in traffic, and of course second glances as standard.

#### DTi-TECH

If rugged power and torque is more your style, the stunning all new MG DTi-TECH Diesel engine has been designed and engineered in the UK for you! Complete with six-speed gearbox which produces I50PS with 350Nm of torque, you won't find more pulling power per pound anywhere in the market! Suitable for weekends away, towing your caravan or just the daily commute, the diesel engine is a must if you're a high mileage driver and still want impressively low running costs.

Choose MG and choose a car which suits your lifestyle - whatever you enjoy doing

#### Style comes in every colour
