

The Volkswagen CC

Elegant and refined, the Volkswagen CC combines contemporary styling with innovative thinking to create a timeless design classic. Ground-breaking technology, such as the DSG gearbox facilitating fast gear changing and Dynamic Chassis Control (DCC), with a choice of Sport, Comfort or Normal settings, deliver the dynamic performance of a sports car or the comfort of a luxury saloon, whichever you prefer.

Dynamic Chassis Control (DCC) is standard on 2.0 litre TSI 210 PS and 2.0 litre TDI 177 PS models, and optional on all other Volkswagen CC and Volkswagen CC GT models.

06 Models shown are Volkswagen CC GT with optional Dynamic gas discharge (Bi-xenon) headlights with LED daytime running lights and Pure White non-metallic paint.

The Volkswagen CC blends four-door practicality with sleek coupé-like styling. Bi-xenon headlights with automatic range adjustment and headlight washers enhance the black gloss radiator with chrome trimmed radiator grille surround and louvres, creating a look that is refined and strong, characterised by horizontal lines. The front air intake, stylish bonnet, lowered suspension and eye-catching alloy wheels add a dynamic, sporty touch.

AND CONTEMPORARY DESIGN.

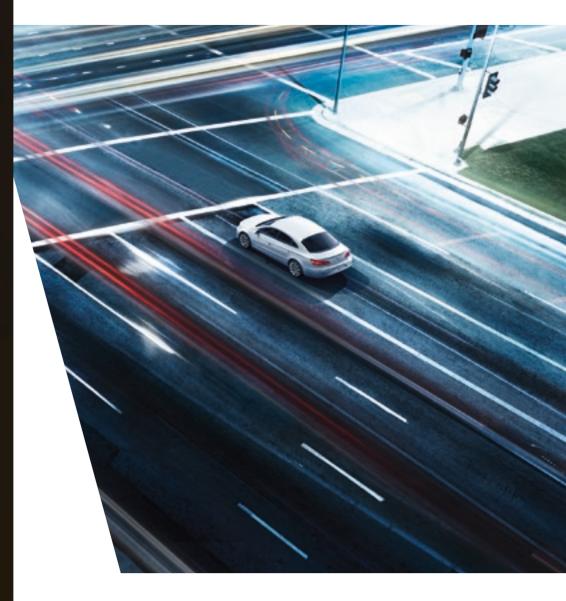

The rear of the Volkswagen CC features stylish LED rear tail lights and rear number plate lights, giving a distinctive look that is unmistakably Volkswagen.

DYNAMIC PERFORMANCE. PURE DRIVING ENJOYMENT.

When it comes to comfort and wellbeing, the Volkswagen CC excels, offering the style and refinement of a coupé along with the elegance and interior space of a classic saloon, with seating for up to five occupants. A wealth of optional equipment provides even greater functionality, such as keyless entry with hands free boot opening, enabling you to open the boot without using your hands via a sensor in the rear bumper – extremely useful when loading luggage.

Fitted as standard, the climate control – 2Zone electronic air conditioning with automatic air recirculation regulates air humidity and maintains your desired interior temperature, while the RNS 315 touch-screen navigation/DAB radio system provides practical navigation and exceptional acoustics. There's also the option to upgrade your radio system with the 'Dynaudio' soundpack, with 10 speakers, 600 watt output and a 10 channel digital amplifier, providing crystal clear sound quality.

01 The LEATHER TRIMMED MULTIFUNCTION STEERING WHEEL is fitted with ergonomically designed switches, making it easy to use the radio, Bluetooth telephone connection and multifunction computer. Standard on all models. BLUETOOTH TELEPHONE CONNECTION allows you to use your mobile phone without taking it out of your pocket. The phone book and call information is displayed on the multifunction computer and the system can be easily operated using the multifunction steering wheel. Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility. Standard on all models. // 02 The RNS 315 TOUCH-SCREEN NAVIGATION/DAB RADIO SYSTEM WITH MP3 COMPATIBLE CD PLAYER features eight speakers, a 5 inch colour display with clearly arranged map navigation, as well as an SD card reader and practical AUX-in socket for connecting external audio devices such as an iPod or MP3 player. The DAB facility enables you to listen to the digital stations available in crystal clear sound. Standard on all models.

Interior shown is Volkswagen CC GT with optional 'Ebony' decorative inserts.

03 The CLIMATE CONTROL – 2ZONE ELECTRONIC AIR CONDITIONING with automatic air recirculation features dual zone temperature control for the driver and front passenger, allowing each to select their individual preferred temperature. Standard on all models.

02 The timeless dashboard mounted ANALOGUE CLOCK represents the craftsmanship, attention to detail and superior build quality that characterises the Volkswagen CC.

01 The AMBIENT LIGHTING PACK provides soft, low-level lighting when the headlights are switched on, giving an even greater feeling of spaciousness and relaxation. It comprises two front footwell lights, light strips below the trim in the front doors, warning lights in the front doors and reflectors in the rear doors. Optional on all models. There is also a choice of dark brushed aluminium, 'Burr Walnut' or 'Ebony' wood inserts in the dash and door panels.

Dark brushed aluminium decorative inserts are standard on Volkswagen CC GT and Volkswagen CC R-Line models.

03 HIGH QUALITY MATERIALS, in metal, leather or polished wood, all colour co-ordinated, surround the clearly designed instruments.

Dark brushed aluminium inserts are standard on Volkswagen CC GT and Volkswagen CC R-Line, and optional on Volkswagen CC models. 'Burr Walnut' and 'Ebony' decorative inserts are optional on all models. Some parts of leather interior will contain artificial leather.

Image shown features Dynamic Chassis Control (DCC) which is standard or available as an option on Volkswagen CC or Volkswagen CC GT models. Keyless entry and Park Assist are optional on all models.

01 Sporty, stylish and distinctive, the Volkswagen CC R-Line adds to the already generous specification of the Volkswagen CC GT with enhanced body styling and a number of additional features, providing even greater levels of functionality, comfort and performance. Externally, this charismatic model exudes confidence and style with the eye-catching 'R-LINE' BODYKIT comprising uniquely shaped front and rear bumpers, side skirts and unique 'R-Line' badging on the front grille. DYNAMIC (BI-XENON) HEADLIGHTS FEATURE LED DAYTIME RUNNING LIGHTS with automatic range adjustment, dynamic curve lighting and headlight washers, while the fog lights with chrome louvre feature a static cornering function for improved visibility. 18 inch 'Mallory' alloy wheels complete the exterior, adding a dynamic, sporty look.

02 The specially designed front grille features the unique 'R-LINE' BADGING, highlighting its sporting prowess and adding charismatic style.

03 18 inch 'MALLORY' alloy wheels add a sporty look, enhanced by unique side skirts and 'R-Line' door sill protectors.

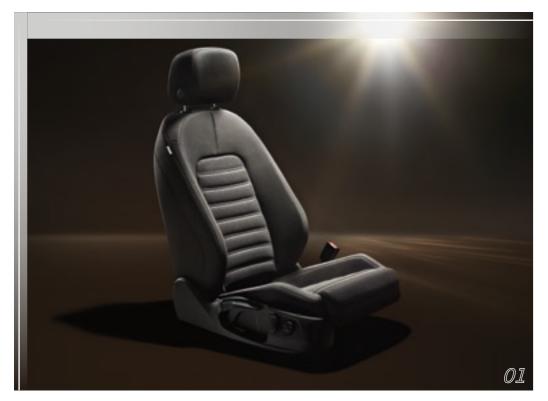

02 Inside, the 'R-Line' styling continues with a LEATHER TRIMMED THREE-SPOKE MULTIFUNCTION STEERING WHEEL finished with aluminium inserts and displaying the distinctive 'R-Line' logo. Elegant, eye-catching and exciting, with an exceptional level of specification, the Volkswagen CC R-Line is designed to get your pulse racing, combining the comfort and luxury of a saloon with the performance and style of a true sports coupé.

18 Interior shown is Volkswagen CC R-Line.

MORE THAN A CONVENTIONAL COUPÉ.

cloth with contrast stitching, offer the front occupants comfort and style. Additionally, the standard 6-WAY ELECTRICALLY ADJUSTABLE DRIVER'S SEAT WITH LUMBAR SUPPORT offers an uncompromising level of driving comfort. Images shown feature 'Silversprint' cloth in Black. // 02 The Volkswagen CC has four doors, providing easier access to the luxurious interior, which offers MORE INTERIOR SPACE than a conventional coupé. And for ease of loading, the rear backrest can be unlocked via the boot and then lowered automatically. Images shown feature 'Nappa' leather in Truffle/Black. 'Nappa' leather is standard on Volkswagen CC GT and Volkswagen CC R-Line, and optional on Volkswagen CC models.

Some parts of leather interior will contain artificial leather.

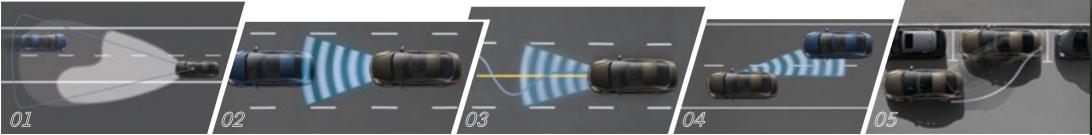

ADVANCED SYSTEMS FOR OPTIMUM PROTECTION.

The Volkswagen CC is equipped with a range of innovative driver assistance systems, designed to make driving easier, more comfortable and, above all, safer. This includes the Driver Alert system, which detects when the driver is becoming tired and recommends taking a break via visual and acoustic warnings. While a tyre pressure loss indicator will alert you to any change in tyre pressure via a warning in the multifunction display, advising you to rectify the situation. The latest generation front and rear parking sensors, using ultrasonic, visual and audible sensors to help you park, and a Traffic Sign Recognition system, that identifies speed restrictions and warning signs. With systems in place to keep you safe, it leaves you free to enjoy the drive, making the most of the powerful engines on offer.

Parking sensors, front and rear are standard on Volkswagen CC GT and Volkswagen CC R-Line, and optional on Volkswagen CC models. Traffic Sign Recognition forms part of the optional Lane Assist. Optional on all models.

THE LATEST DRIVER ASSISTANCE SYSTEMS.

DESIGNED TO HELP KEEP YOU SAFE.

01 HIGH BEAM ASSIST senses the lights from oncoming vehicles and switches between main and dipped beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order not to dazzle vehicles in front. Optional on Volkswagen CC and Volkswagen CC GT models. Only available in conjunction with standard Bi-xenon headlights. // 02 ADAPTIVE CRUISE CONTROL (ACC) adapts your speed to that of the vehicle ahead, using radar sensors, and maintains a constant distance, even round town. When travelling at speeds above 18mph, Front Assist detects if the vehicle ahead is getting too close and warns you in two stages: firstly with visual and acoustic signals, and then with a short braking movement, bringing your vehicle to a complete standstill if necessary. Optional on all models. // 03 LANE ASSIST is a camera controlled lane tracking aid that countersteers your vehicle if it drifts from your chosen lane, and gives an audible warning if you remove your hands from the steering wheel.

It also incorporates TRAFFIC SIGN RECOGNITION, advising you of warning signs ahead. Optional on all models.

// 04 SIDE SCAN helps you change lane safely, using sensors in the rear of the vehicle to monitor areas up to 50 metres behind you. If they detect another road user in your blind spot, the system will alert you via a warning light within the door mirror housing. Optional on all models. // 05 PARK ASSIST WITH FRONT AND REAR PARKING SENSORS helps you parallel and reverse park, using ultrasonic and audible parking sensors and also sends an optical image via your navigation/radio display. It can assist with bay parking, and also parallel parking in and out of small spaces just 0.8m longer than the vehicle length. All the driver has to do is operate the clutch, accelerator and brake pedal and be vigilant of the surrounding area. Optional on all models.

// The DRIVER ALERT SYSTEM (not shown) uses sensors to detect if the driver is getting tired. The system works by monitoring driver behaviour closely, noting any erratic steering wheel movements and lane deviations. If the system detects an erratic or unusual driving pattern, it will alert you with a visual display on the dashboard and an audible warning sound, and if you haven't taken a break within 15 minutes, it will repeat the warnings. The system can also be deactivated should the driver require it. Standard on all models. // TRAFFIC SIGN RECOGNITION (not shown) included with optional Lane Assist, uses a camera to detect changes in speed restrictions and warning signs by comparing visual information with navigational data and advising the driver via the dashboard display. Please note: this is only an assistance system and may not recognise all traffic signs. It is still the driver's responsibility to comply with the Highway Code and road sign information.

Interior shown is Volkswagen CC BlueMotion Technology with optional 'Ebony' decorative inserts.

DYNAMIC CHASSIS CONTROL (DCC) gives you the choice to select Sport, Comfort or Normal settings for your journey with a touch of a button, and adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. Standard on 2.0 litre TSI 210 PS and 2.0 litre TDI 177 PS models, and optional on all other Volkswagen CC and Volkswagen CC GT models.

MORE GRIP. MORE CONTROL. MORE ENJOYMENT.

Engine performance requires perfectly matched power transmission to provide the ultimate in ride comfort and enjoyment. To ensure the best possible ride and handling, the Volkswagen CC offers two sophisticated drive systems. Firstly, DYNAMIC CHASSIS CONTROL (DCC) adjusts damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. At the touch of a button, you can decide how firm or comfortable you wish to set the suspension, with a choice of three settings: Sport, Comfort or Normal. In Sport mode, the vehicle is noticeably more agile, while Comfort mode gives you the driving experience of a luxury saloon. Irrespective of the setting selected, the system will automatically adjust the damping for each individual wheel, using information from the steering, brake and driver assistance systems, to increase driving safety, particularly on uneven roads or when changing lane quickly. Standard on 2.0 litre TSI 210 PS and 2.0 litre TDI 177 PS models, and optional on all other Volkswagen CC and Volkswagen CC GT models.

XDS ELECTRONIC DIFFERENTIAL LOCK, an extension of the well-known EDL (Electronic Differential Lock) function, is linked to the ESC (Electronic Stability Control) hydraulics and works by applying pressure to the inner front wheel during fast cornering to prevent wheel-spin. The one-sided, precise brake pressure helps to maximise traction, reduce understeer and improve responses, thus making cornering even more sporty, safe and accurate. Standard on 2.0 litre TSI 210 PS and 2.0 litre TDI 177 PS models, and optional on all other Volkswagen CC and Volkswagen CC GT models.

THE LATEST GENERATION OF ENGINES TO SUIT EVERY NEED.

Powerful, latest generation petrol and diesel engines, working with modern gearbox technologies, deliver the ultimate in refinement, innovation and economical consumption, ensuring your Volkswagen CC more than meets your expectations.

TSI PETROL ENGINES follow the downsizing principle, using low capacity, highly sophisticated turbocharging and precise direct injection to deliver maximum power and exceptional fuel economy. Maximum torque is delivered at low engine speeds, reducing both fuel consumption and noise levels.

TDI DIESEL ENGINES benefit from sophisticated turbocharging along with the latest common rail direct injection technology, ensuring exceptional pulling power throughout the rev range alongside low fuel consumption. This technology not only ensures excellent performance and economy, but also an exceptionally smooth, quiet ride.

represents a milestone in the development of gearbox technology. Unlike conventional automatic gearboxes, it shifts smoothly and imperceptibly into the pre-selected next gear within a few hundredths of a second, without disrupting traction. It also offers you a choice of Normal

The DUAL-CLUTCH DIRECT SHIFT GEARBOX (DSG)

next gear within a few hundredths of a second, without disrupting traction. It also offers you a choice of Normal or Sport mode, to suit your driving style, and for more dynamic driving you can change gear manually via the gear knob. When used in conjunction with a diesel engine, the freewheel function temporarily declutches the engine when the driver takes his or her foot off the accelerator.

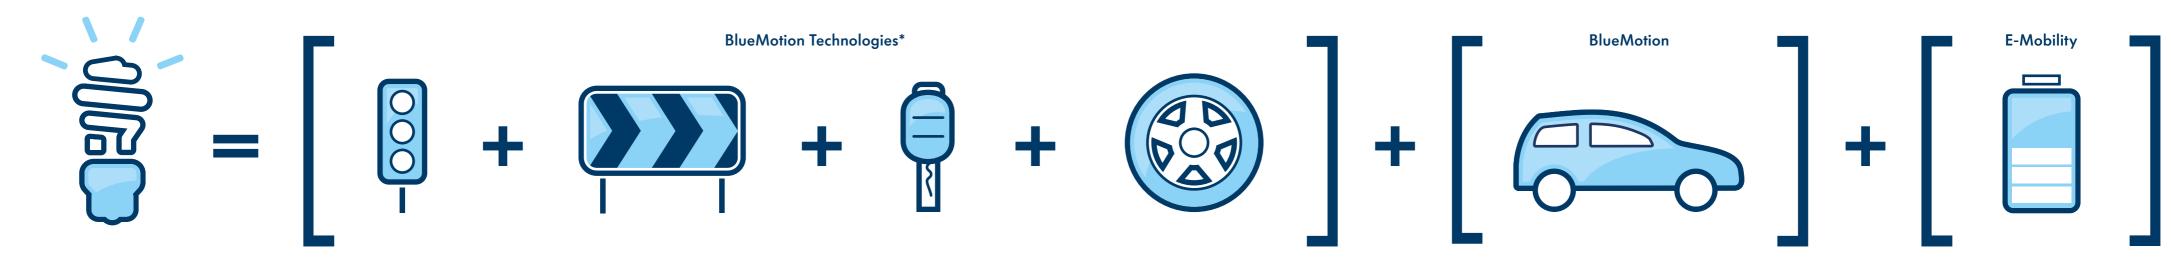

The START/STOP FUNCTION turns off the engine when the vehicle is stationary, in neutral and the clutch disengaged, notified via a symbol on the multifunction computer display. This occurs when the engine is idle, such as at traffic lights. It then restarts when you depress the clutch and put the vehicle back in gear, thereby saving fuel.

Think Blue.

Sustainability + Ingenuity.

'Think Blue' is Volkswagen's promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

Think Blue. Smart ideas for sustainable driving.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and R. Or for something more refined and elegant, there's the Eos too.

Efficient

Our BlueMotion models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and new Passat Estate.

Style

Beetle: The original icon.

And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of 'World Car of the Year 2013'.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the new Passat, new Passat Estate and Jetta.

l√4

New Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: Tiguan and new Passat and Estate 4MOTION models

TECHNICAL SPECIFICATION

TECHNICAL SPECIFICATION NOTES

01 The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.

02 Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.

03 With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.

04 The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.

05 The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.

06 Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/ EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.vca.gov.org.

07 The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

TECHNOLOGY.

ENGINES

Front transverse-installed engine

1.4 litre/160 PS ⁽⁰¹⁾ (118 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection twin-charged engine with four valves per cylinder, a supercharger and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission

2.0 litre/210 PS (01) (155 kW) petrol engine: four cylinder in-line engine, aluminium cylinder head, four valves per cylinder with roller rocker finger valve drive, electronic direct injection, variable inlet valve timing, programmed ignition with cylinder-selective anti-knock control, four single spark ignition coils, longlife spark plugs, exhaust gas turbocharger, three-way close-coupled pre-catalyst and underbody catalyst, lambda control. Available with a six speed manual or a six speed automatic DSG transmission

2.0 litre/140 PS ⁽⁰¹⁾ (103 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF). Available with a six speed manual or a six speed automatic DSG transmission

2.0 litre/177 PS ⁽⁰¹⁾ (130 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF). Available with a six speed manual or a six speed automatic DSG transmission

BRAKE

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- · Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pads
- Hydraulic Brake Assist (HBA)
- Electronic parking brake

STEERING

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

TRANSMISSION

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism.
 Six speed manual, six speed automatic DSG or seven speed automatic DSG gearbox with double joint half axles
- Six speed manual: 1.4 litre TSI 160 PS, 2.0 litre TSI 210 PS, 2.0 litre TDI 140 PS, 2.0 litre TDI 177 PS
- Six speed automatic DSG: 2.0 litre TSI 210 PS, 2.0 litre TDI 140 PS, 2.0 litre TDI 177 PS
- Seven speed automatic DSG: 1.4 litre TSI 160 PS

RUNNING GEAR

- Electronic Stability Control (ESC) including Electronic Differential Lock (EDL),
 Traction Control (ASR) and Countersteer Support
- XDS electronic differential lock (2.0 litre TSI 210 PS and 2.0 litre TDI 177 PS models only)
 Front suspension through coil springs with telescopic shock absorbers, all elements integrate
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

VOLKSWAGEN SERVICE

THE VOLKSWAGEN WARRANTY. THREE-YEAR WARRANTY.

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

BODY PROTECTION WARRANTY.

The internal body sections and panels of the Volkswagen CC are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

THREE-YEAR PAINTWORK WARRANTY.

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

APPROVED ACCESSORIES.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

EXTENDED WARRANTY.

If you order the Volkswagen Extended Warranty as an option when buying your new Volkswagen CC then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

SERVICE INTERVALS.

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service –
- After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² –

First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,0003 and a maximum of 20,0003 miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service According to flexible service interval display (after 2 years at the latest).
- Inspection service² First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

VOLKSWAGEN INSURANCE⁴.

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

VOLKSWAGEN ENSURANCE5.

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

VOLKSWAGEN FINANCE⁶.

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO, EMISSIONS.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

VOLKSWAGEN ROADSIDE ASSISTANCE.

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

TAX FREE SALES.

For full details, please contact your authorised Volkswagen retailer.

PLEASE NOTE.

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Oftel regulations.

- 1 All warranty work must be completed by an authorised Volkswagen retailer or repairer.
- 2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
- 3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
- 4 Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
- 5 Ensurance from Volkswagen Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 lbis Court, Lakeside Drive, Centre Park, Warrington, Cheshire WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire SOS3 3YA).
- 6 Finance is available to 18s and over, subject to status. Terms and conditions apply. Volkswagen Finance.
