SMOOTH TARMAAC OR ROUGH TERRAIN. THE CHOICE IS YOURS.

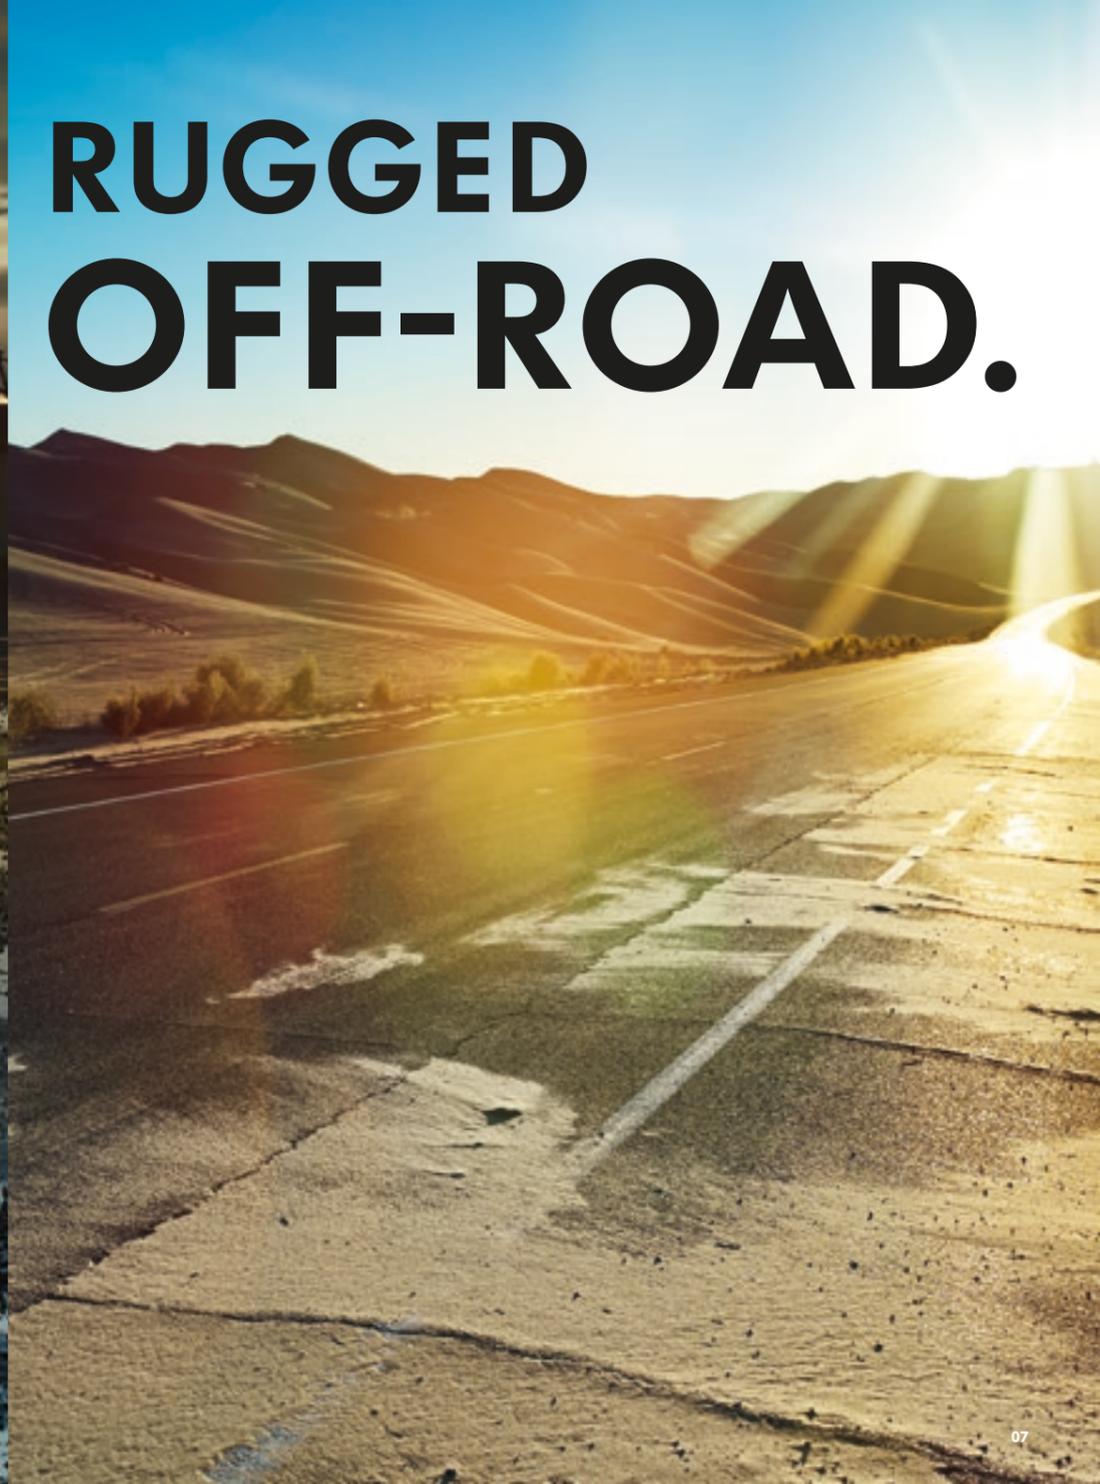

Model shown is Tiguan R-Line.

URBAN ELEGANCE.

Model shown is Tiguan Match with optional 'Vienna' leather upholstery and metallic paint.

RUGGED OFF-ROAD.

Model shown is Tiguan Escape with optional Bi-xenon headlights and metallic paint.

THE TIGUAN.
STOP AND ADMIRE, WHILE THE WORLD RUSHES PAST.

Model shown is Tiguan Match with optional 18" 'Sierra' alloy wheels and metallic paint.

EXTERIOR.

With its distinctive shape, sculpted bodylines and refined design, the Tiguan is unmistakably Volkswagen, while the front incorporates two designs: elegant and sporty or rugged and powerful, depending whether you require on- or off-road capability.

01

The **electrically operated panoramic glass sunroof** gives an extra dimension of light and space and comes equipped with a retractable blind to prevent glare from the sun. The front area of the sunroof can be adjusted to a number of positions to provide optimum ventilation. Optional on all models.

Not in conjunction with Storage pack.

02

Optional **Bi-xenon headlights** are equipped with automatic range adjustment, dynamic curve lighting, LED daytime running lights and headlight washers ensuring optimum illumination whilst driving. Standard on all R-Line models and optional on all other models.

Bi-xenon headlights are not available in conjunction with optional High Beam Assist.

03

Front fog lights with static cornering function improve your visibility in adverse weather conditions and mounted in the front bumper, reduce the amount of light reflected from fog, rain and snow. Standard on all Match, R-Line and Escape models and optional on all S models.

04

Sturdy **black roof rails** are integrated into the design of the Tiguan, featuring as standard on all S models. Not only are roof rails extremely practical, they can also be fitted with various carrier systems for transporting bulky items.

05

Heat insulating rear tinted glass from the B pillar backwards is 65% light absorbing, reducing exposure to the sun's rays and creating a sporty look. Standard on all Match, R-Line and Escape models and optional on all S models.

06

The optional **Mirror pack** includes electrically foldable door mirrors for all models, whilst S models also benefit from automatic dimming interior rear-view mirror, dusk sensor (automatic headlights), coming/leaving home lighting function (shown above), driver's and front passenger's footwell illumination and a rain sensor. Optional on all models.

07

The manually **swivelling towbar** enables you to tow loads of up to 2.5 tons. It can easily be stored behind the bumper and folded out when required. 13-pin connection and 12 electrified poles provide functionality for vehicle lighting plus additional power supply for caravan auxiliary battery charger, internal trailer lighting and fridge. Optional on all models.

An adaptor for 13-pin 12V socket to a 2 x 7-pin 12V socket is available from the Tiguan Accessories brochure enabling additional functionality i.e. split charging, fridge and interior lighting.

Interior shown is Tiguan Match with optional 'Vienna' leather upholstery and panoramic sunroof.

INTERIOR.

01

The highest quality materials combine with ergonomic styling to bring you an interior that is as comfortable and refined as it is well designed and practical. Thanks to the flexible seat system, the Tiguan is as adaptable as you like, offering many different seating and stowage arrangements, and enabling you to transport long and bulky items with ease. This, combined with a wealth of equipment designed to provide both comfort and convenience, creates the perfect environment for any journey.

The interior of the Tiguan can be specified in optional luxurious and extremely durable 'Vienna' leather upholstery, which includes the driver's seat with electric 12-way adjustment (in lieu of driver's under seat drawer) and electrically adjustable lumbar support, while the front passenger benefits from manual lumbar support. Heated front seats are also included to make cold mornings just that little bit easier to bear. Optional on all models. The leather trimmed three-spoke multifunction steering wheel and gear knob are standard on all Match, R-Line and Escape models and optional on all S models.

Please note: some parts of leather interior will contain artificial leather.

02

The manual air conditioning system is extremely user-friendly achieving your required cabin temperature quickly and efficiently, producing a pleasant, consistent temperature throughout your journey. Standard on all S and Escape models.

03

The Driver Alert system detects when the driver is becoming tired and recommends taking a break. This is achieved by monitoring the driving behaviour closely, noting any erratic steering wheel movement or lane deviation and alerting the driver via a visual and audible warning. Standard on all Match, R-Line and Escape models.

04

The Multi Device Interface (MDI) with iPod and USB cables enables you to play audio files directly from a compatible device and can be operated via the radio or navigation system. Specify this option on all S models and you also get a handy front centre armrest. Optional on all S and Escape models and standard on all Match and R-Line models.

05

The RCD 310 DAB radio/MP3 compatible CD player features eight speakers with an output of 4 x 20 watt delivering crystal clear digital sound. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player). Standard on all S models.

06

The multifunction leather trimmed steering wheel enables you to control the radio, multifunction computer and Bluetooth telephone connection without taking your hands off the steering wheel. Standard on all Match, R-Line and Escape models and optional on all S models.

Please note: R-Line models feature aluminium inserts and 'R-Line' logo on the multifunction leather trimmed steering wheel.

01

The **front centre armrest** provides a handy storage compartment, keeping all those useful items at easy reach. It also has two rear air vents and two rear cup holders. Standard on all Match, R-Line and Escape models and optional on all S models.

02

The **net partition** can be pulled out when the rear seats are folded down, keeping luggage or pets securely in the boot area and helping to protect occupants in the event of an emergency stop. Optional on all R-Line models, or as part of the Storage pack on all other models.

03

Forming part of the **Storage pack**, additional storage compartments in the roof console ensure items such as sunglasses can easily be reached. Optional on all S, Match and Escape models.

04

The **electrically operated panoramic glass sunroof** provides an extra dimension of space and light. If it gets too hot or too cold, simply close the roof at the touch of a button using the control panel in the roof console above. As well as tinted glass to minimise glare, there's also an electric sunblind that can be closed while the roof is still open, enabling you to enjoy the sunshine without fear of sunburn. Optional on all models.

Panoramic sunroof and Storage pack cannot be specified in conjunction with each other. Models shown are for illustration purposes only and may not necessarily reflect UK specification.

05

Thanks to its **exceptional flexibility**, the Tiguan provides exactly the seating or stowage arrangements you require. The rear seats split 60:40 and each side can be moved lengthways, while all but the driver's seat can be folded flat, providing a massive loading volume of up to 1,510 litres.

Please note: passenger seat on S models cannot be folded flat.

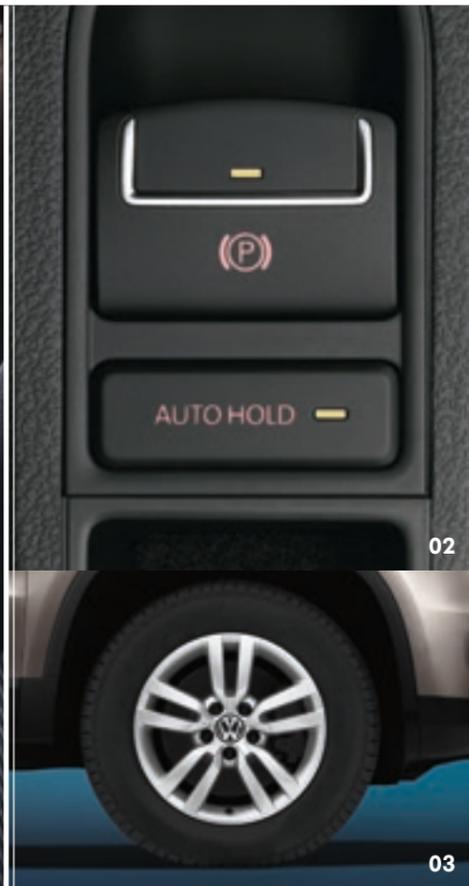

**FOUR DIFFERENT MODELS.
FOR ALL LIFE'S EVENTUALITIES.**

Model shown is Tiguan S with optional 18" 'Sierra' alloy wheels, Bi-xenon headlights and metallic paint.

Interior shown is Tiguan S.

01

02

03

S AND S BLUEMOTION TECHNOLOGY.

01

The impressively equipped entry level Tiguan includes a host of features fitted as standard, including manual air conditioning, tyre pressure loss indicator and an RCD 310 DAB radio/MP3 compatible CD player, to make driving so much more relaxed. The stylish front, with its prominent radiator grille with double chrome louvres and sleek front bumper, gives a dynamic, characteristically Volkswagen look.

02

The seats are finished in contemporary 'Pakata' upholstery, and the interior enhanced by 'Steel finish' air vent surrounds and 'Anthracite metallic' decorative inserts. Front seats feature height and lumbar adjustment and the steering wheel is height and reach adjustable for maximum driving comfort.

03

The electronic parking brake with auto hold function secures the vehicle automatically via a toggle switch when you come to a stop on a hill, and is automatically released when pulling away.

16 inch 'Portland' alloy wheels with 215/65 R16 tyres add a touch of style to the exterior of the S and S BlueMotion Technology.

Interior shown is Tiguan Match.

01

02

03

MATCH AND MATCH BLUEMOTION TECHNOLOGY.

01

Elegant and luxurious, the Tiguan Match is equipped with a wealth of advanced features, such as the Driver Alert system and Bluetooth telephone connection for additional safety, and climate control – 2Zone electronic air conditioning which allows you and your passengers to travel in total comfort. The chrome trimmed front air intake surround, chrome-plated roof rails and chrome side window surrounds add a particularly refined look to the exterior.

02

Alcantara seat centre section and 'Milan' side bolsters, 'Silver metallic' decorative inserts, multifunction colour display and a leather trimmed three-spoke multifunction steering wheel and gear knob give the interior a subtle, refined feel.

The RNS 315 touch-screen navigation/DAB radio system will guide you to your destination and includes eight speakers, a 5 inch colour display, SD card reader and AUX-in socket for connecting external audio devices such as an iPod or MP3 player.

03

The Park Assist system makes parallel parking significantly easier and can now help you reverse park into a space at 90 degrees to the kerb. Using ultrasonic parking sensors, Park Assist will detect a parking space large enough for either reverse or parallel parking, then steer itself into its chosen space. This ingenious system can now manoeuvre your Tiguan into spaces just 1.1m longer than the vehicle.

Interior shown is Tiguan R-Line.

01

R-LINE AND R-LINE BLUEMOTION TECHNOLOGY.

01

Uncompromisingly sporty, timelessly elegant. The Tiguan R-Line builds on the self-assured and sporty character of the Tiguan Match – and adds even more dynamism. From the outside the R-Line boasts a sportier silhouette, with Bi-xenon headlights and LED daytime running lights, 18 inch ‘Mallory’ alloy wheels, a body-coloured rear roof spoiler and an ‘R-Line’ styling pack comprising unique front and rear bumpers, black wheel arch extensions and body-coloured side skirts with matt chrome strip. There’s no mistaking the R-Line either, with unique badging on the front grille completing the look.

Inside the cabin the R-Line is easily recognisable too, sporty down to the very last detail. The front sports seats are upholstered in **black ‘Kyalami’ cloth, with crystal grey ‘Microfibre’ side bolsters** and the ‘R-Line’ logo is embroidered into the front head restraints. There are also ‘R-Line’ logos on the door sill protectors and aluminium inserts on the leather trimmed three-spoke multifunction steering wheel. The sporty feel is completed with a ‘Titanium Black’ rooflining and stainless steel pedals.

02

The **leather trimmed multifunction steering wheel** offers a soft, comfortable grip, along with features and aesthetics that would please any driver. The aluminium inserts and ‘R-Line’ logo set off the sporty interior, while intuitive buttons on either side allow fingertip control of the radio, multifunction computer’s colour display and Bluetooth telephone connection.

02

03

04

05

06

03

LED daytime running lights give a purposeful edge to the R-Line, while **Bi-xenon headlights** with automatic range adjustment and dynamic curve lighting provide better illumination of the road ahead, on bends and when turning. Headlight washers help keep your headlights free from dirt, ensuring maximum visibility.

04

The ‘R-Line’ logo on the **radiator grille** is an unmistakable sign of the Tiguan’s sporty character.

05

The striking finish of the 18 inch **‘Mallory’** alloy wheels with 235/50 R18 tyres, anti-theft wheel bolts and sports suspension perfectly complement the black wheel arch extensions and give the R-Line its powerful stance.

06

The powerful rear of the **Tiguan R-Line** is easily identifiable by the body-coloured roof spoiler and uniquely-shaped rear bumper, incorporating black grained diffuser.

01

02

Interior shown is Tiguan Escape.

03

ESCAPE BLUEMOTION TECHNOLOGY.

01

Robust and rugged, the off-road design of the Tiguan Escape features a 28 degree angle of approach and front underbody protection allowing it to take steep inclines in its stride, while the refined interior offers a wealth of advanced features, ensuring you travel in the lap of luxury.

02

The off-road setting, which includes hill descent assist combined with ABSPlus adjusted to suit braking on loose ground, enables the Tiguan to manage difficult terrain at the press of a button.

03

The exterior of the Tiguan Escape features rear tinted glass from the B pillar backwards, which reduces sunlight by up to 65%, helping to ensure a pleasant temperature in the passenger compartment and also providing additional privacy. Chrome-plated roof rails are also a handy and practical addition allowing various carrier systems to be easily utilised.

The luxurious passenger compartment is fitted with front comfort seats, attractive 'Pandu' upholstery, an RCD 510 touch-screen DAB radio/dash-mounted MP3 compatible six CD autochanger, and a leather trimmed multifunction steering wheel and gear knob, while a useful extra is the compass in the multifunction computer's colour display.

Model shown is Tiguan Escape with optional Bi-xenon headlights and metallic paint.

LET THE ADVENTURE BEGIN.

Model shown is Tiguan Escape with optional 18" 'Sierra' alloy wheels, Bi-xenon headlights and metallic paint.

ALLOY WHEELS.

01

'Portland' 6½J x 16" alloy wheels with 215/65 R16 tyres and anti-theft wheel bolts. Standard on all S models.

02

'New Orleans' 7J x 17" alloy wheels 235/55 R17 tyres and anti-theft wheel bolts. Standard on all Match models.

03

'Mallory' 8J x 18" alloy wheels with 235/50 R18 tyres and anti-theft wheel bolts. Standard on all R-Line models.

04

'Tunis' 7J x 17" alloy wheels with 235/55 R17 tyres and anti-theft wheel bolts. Standard on Escape BlueMotion Technology and optional on all S models.

05

'Sierra' 7J x 18" alloy wheels with 235/50 R18 tyres and anti-theft wheel bolts. Optional on all S, Match and Escape models.

06

'Savannah' 9J x 19" alloy wheels with 255/40 R19 tyres and anti-theft wheel bolts. Also includes sports suspension. Optional on all Match models.

Not in conjunction with Dynamic Chassis Control (DCC).

07

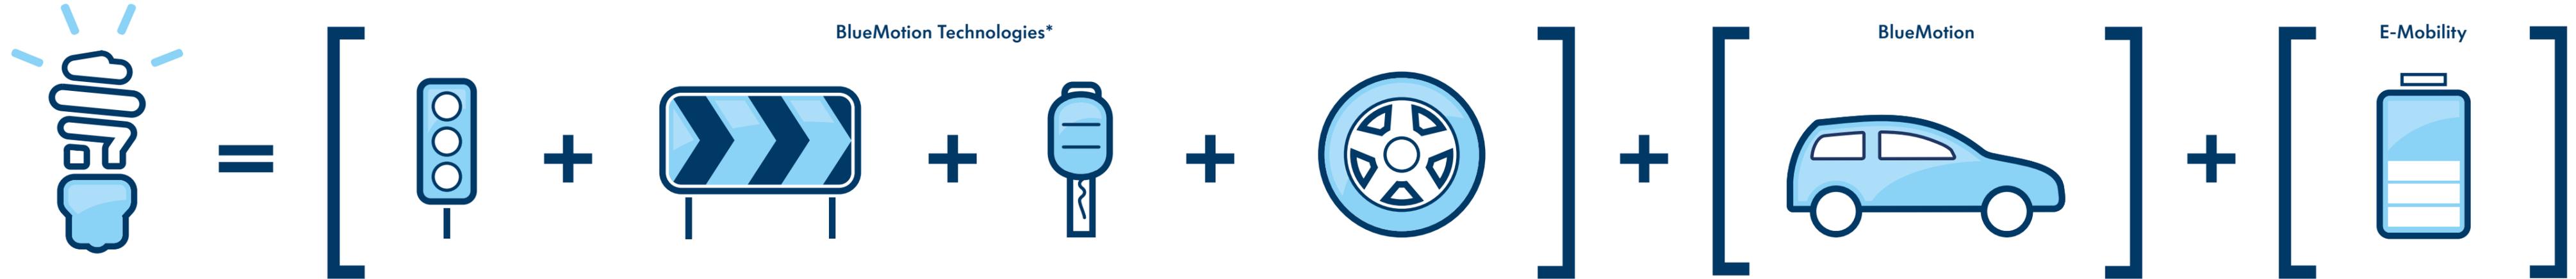

'Mallory' 9J x 19" alloy wheels with 255/40 R19 tyres and anti-theft wheel bolts. Optional on all R-Line models.

Not in conjunction with Dynamic Chassis Control (DCC).

Think Blue.

Sustainability + Ingenuity.

'Think Blue' is Volkswagen's promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

Think Blue.
Smart ideas for sustainable driving.

Start/Stop technology saves fuel and therefore cuts emissions by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system saves fuel by making the most of energy that's usually lost when you brake.

Turbocharged engines deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres save you fuel by reducing the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance and increase efficiency.

Electric vehicles comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts combined with the ultimate in driving efficiency and low operating costs. The ultimate way to Think Blue.

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

01

02

03

ENGINES, CHASSIS AND GEARBOXES.

01

Powerful, latest generation engines and modern gearbox technologies deliver the ultimate in refinement and innovation, ensuring the Tiguan more than meets your expectations. A combination of direct fuel injection and intelligent turbocharging technology ensure TSI petrol engines offer high performance, high torque and reduced fuel consumption; while TDI diesel engines, equipped with common rail technology, ensure low consumption, high torque and amazingly quiet performance.

Intelligent **4MOTION** four wheel drive distributes power to all four wheels as required, and ensures optimum traction on almost every surface, even in adverse weather conditions.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

02

Dynamic Chassis Control (DCC) adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. At the touch of a button, you can decide how firm or comfortable you wish to set the suspension: Sport, Comfort or Normal. Optional on all models.

Not in conjunction with 19 inch alloy wheels.

03

The **dual clutch DSG (Direct Shift Gearbox)** shifts smoothly and imperceptibly into the next pre-selected gear within a few hundredths of a second, without disrupting traction, enabling you to change gear faster than a manual and more smoothly than a conventional automatic – making dynamic acceleration twice as much fun.

01

02

04

SAFETY.

01

From its elevated driving position and ergonomic design to the latest active and passive intelligent safety features, the Tiguan provides the highest levels of protection for you and your passengers, ensuring you're well prepared for any adventure and creating a calm, relaxed driving experience.

Lane assist is a camera controlled lane tracking aid which warns you by vibrating the steering wheel if your vehicle drifts out of its lane at speeds of 40mph and above. It operates via a camera located between the roof console and rear-view mirror. This option also includes cruise control. Optional on all Match, R-Line and Escape models.

Includes Traffic Sign Recognition when ordered in conjunction with RNS 315 navigation/DAB radio system or RNS 510 DVD navigation/DAB radio system.

02

ABSPlus (Anti-lock Braking System) together with EBD (Electronic Brake-pressure Distribution) help to deliver exceptional handling and braking. When driving straight ahead on loose surfaces, the system will briefly lock the front wheels which enables them to dig into the surface and help reduce the stopping distance. When the wheels are turned, the normal ABS is activated.

03

The **ESC (Electronic Stability Control)** utilises sensors to detect critical situations at an early stage, reacting within milliseconds by controlling the speed of individual wheels, helping to bring the vehicle under control.

04

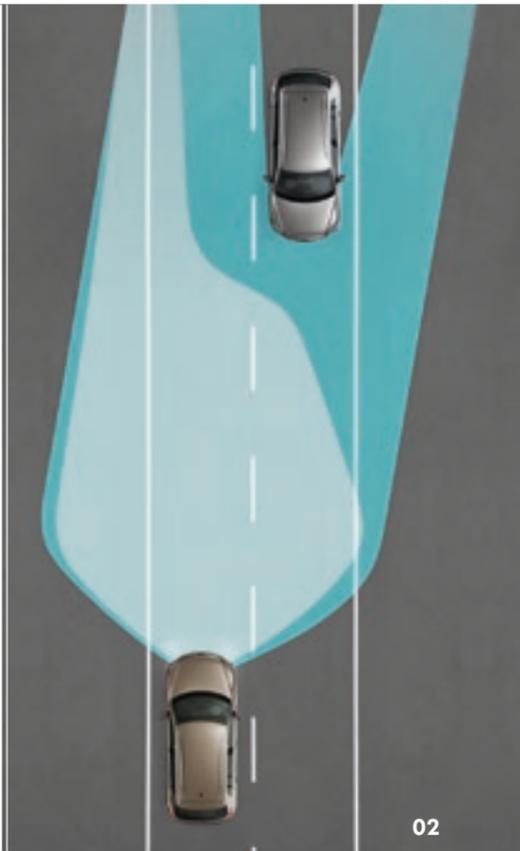

The **airbag system** includes driver's and front passenger's airbags with passenger deactivation switch, front seat side impact airbags, and curtain airbag system, with optional rear side airbags available upon request. On deployment of the airbags, the doors are simultaneously unlocked, hazard warning lights and inside lights switched on and the fuel pump deactivated.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

The **tyre pressure loss indicator** (not shown) will alert you to any change in tyre pressure via a warning in the multifunction display, advising you to rectify the situation.

01

02

03

04

05

06

OPTIONAL EQUIPMENT.

01

Bi-xenon headlights with automatic range adjustment and dynamic curve lighting continually follow steering movements, ensuring optimum illumination, particularly on bends and when turning. Integrated LED daytime running lights ensure the vehicle can be seen better during the day and headlight washers improve safety in rain, snow and poor road conditions. Optional on all S, Match and Escape models and standard on all R-Line models.

Not in conjunction with High Beam Assist.

02

High Beam Assist ingeniously senses the lights from oncoming vehicles and switches between main and dipped beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order not to dazzle vehicles in front. Optional on all Match and Escape models.

Not in conjunction with Bi-xenon headlights.

03

The **Park Assist system** not only makes parallel parking significantly easier, but now has the added functionality to help you reverse park into a space at 90 degrees to the kerb. The driver activates the system by pressing a button on the centre console and, using ultrasonic front and rear parking sensors, Park Assist will then detect a parking space large enough for either reverse or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a good lookout, while the Tiguan steers itself into its chosen space. Improvements to the system mean Park Assist can now manoeuvre into spaces 1.1m longer than the vehicle. Optional on all S and Escape models and standard on all Match and R-Line models.

04

The optional **Mirror pack** includes electrically foldable door mirrors for all models, whilst S models also benefit from automatic dimming interior rear-view mirror, dusk sensor (automatic headlights), coming/leaving home lighting function (shown above), driver's and front passenger's footwell illumination and a rain sensor. Optional on all models.

05

Cruise control can be set at speeds of over 19mph to maintain a constant speed. Once set to your desired speed, all your concentration can be focused on the road ahead creating a more relaxed drive. Optional on all models.

Cruise control cannot be specified in conjunction with Lane Assist.

06

The **tyre pressure monitoring system** informs you, audibly and also via the multifunction display, of any loss in tyre pressure. Not only does permanent monitoring ensure a high degree of safety, but correct tyre pressure also extends the life of the tyres and reduces fuel consumption. Optional on all models.

Image shown features colour multifunction display.

01

The **Winter pack in conjunction with cloth upholstery** includes heated front seats with three preset temperature settings and heated windscreen washer jets, ensuring you are fully prepared to face any cold spell. Optional on all models.

02

In the event of poor visibility, the **front fog lights with static cornering function** provide better illumination of the road ahead and are thus highly recommended for maximum safety. Optional on all S models and standard on all other models.

03

The **Keyless entry system** offers the highest standards of convenience, enabling you to enter your vehicle and even start the engine using a button in the centre console, without taking the key out of your pocket. Optional on all models.

04

The **electric panoramic glass sunroof** is just as eye-catching from the outside as it is from the inside. Adding light and space, it fills the interior with additional natural light, providing an uninterrupted view of the sky overhead. The front area of the sunroof can be adjusted to a number of positions to provide optimum ventilation. Optional on all models.

Not in conjunction with Storage pack.

05

Sumptuous 'Vienna' leather upholstery creates a high quality look and feel that is both durable and hard-wearing. This option also features driver's seat with electric 12-way adjustment (in lieu of driver's under seat drawer), electrically adjustable lumbar support and passenger's seat with manual lumbar support. It doesn't just look good, it's also designed for personal comfort. Optional on all models.

Please note: some parts of leather interior will contain artificial leather.

06

The **Storage pack** includes a handy **luggage net**, a **net partition** which can be pulled out when the rear seats are folded down, and additional storage compartments in the roof console ensure items such as sunglasses can easily be reached. Optional on all S, Match and Escape models.

07

Climate control – 2Zone electronic air conditioning controls the temperature electronically and divides the interior into two different climate zones, enabling the driver and front passenger to adjust the temperature, air supply and distribution to suit their individual preference. An air quality sensor continually monitors the outside air, automatically activating the interior air recirculation if necessary. Optional on all S and Escape models and standard on all other models.

01

The **RCD 510 touch-screen DAB radio/dash-mounted MP3 compatible six CD autochanger** features a large 6½ inch colour display, with intuitive menu navigation and touch-screen operation. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player) and an SD card reader. Optional on all S models, and standard on Escape models.

02

The **RNS 315 touch-screen navigation/DAB radio system** with MP3 compatible CD player features a 5 inch colour display with clearly arranged map navigation to guide you to your destination. Also featured is an SD card reader and practical AUX-in socket for connecting external audio devices such as an iPod or MP3 player. Optional on all S and Escape models, and standard on all Match and R-Line models.

03

The **RNS 510 touch-screen DVD navigation/DAB radio system with rear-view camera** responds to spoken voice commands for navigation, DVD, CD and radio functions, and features a 6½ inch colour screen, 30 GB hard drive with preloaded navigation data, SD card reader, compatibility with MP3, WMA and DVD video data files, and AUX-in socket for connection to an external multimedia source such as an iPod or MP3 player. The **rear-view camera** provides a clear view to the rear of your Tiguan, transmitting an undistorted live image to the 6½ inch colour screen of the RNS 510. Optional on all models.

RCD 510 DAB radio system, RNS 315 navigation/DAB radio system and RNS 510 DVD navigation/DAB radio system cannot be specified in conjunction with each other. DVD playback will not function whilst the navigation system is in use, or the vehicle is in motion.

04

Bluetooth telephone connection for HFP (Hands Free Profile) enabled telephones, with multifunction leather trimmed steering wheel, allows you to make and receive phone calls via the audio system or multifunction steering wheel. The phone book and call information is displayed on the audio system's display and on the multifunction computer. Optional on all S models and standard on all other models. Image shows the multifunction computer display on S models.

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

05

The **rear-view camera** provides a clear view to the rear of your vehicle, transmitting an undistorted live image to your radio or navigation system's display, enabling you to manoeuvre quickly and easily into the most difficult parking space. Optional on all models in conjunction with RNS 315 navigation/DAB radio system or RNS 510 DVD navigation/DAB radio system.

Image shown features RNS 510 DVD navigation/DAB radio system.

06

The **Multi Device Interface (MDI)** with iPod and USB cables enables you to connect and charge a compatible device, while track selection is viewed and selected via the vehicle's radio system. Specify this option on all S models and you also get a handy front centre armrest. Optional on all S and Escape models and standard on all Match and R-Line models.

07

Another addition to improve your journey's soundtrack is the **'Dynaudio' soundpack** incorporating an eight channel digital amplifier. It provides impressive acoustics and the highest levels of audio pleasure, delivering 600 watts through eight high performance speakers. Optional on all models in conjunction with RCD 510 DAB radio system, RNS 315 navigation/DAB radio system or RNS 510 DVD navigation/DAB radio system.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Efficient

Our BlueMotion models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and new Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the new Passat, new Passat Estate and Jetta.

4x4

New Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: Tiguan and new Passat and Estate 4MOTION models.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and R. Or for something more refined and elegant, there's the Eos too.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of 'World Car of the Year 2013'.

TECHNOLOGY.

Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen web site at www.volkswagen.co.uk and at www.vca.gov.org.
- 07) The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

Maximum luggage capacity, litres VDA measuring method using 200 x 100 x 50mm blocks

Engines

Front transverse-installed engine

- 1.4 litre/160 PS⁽⁰¹⁾ (118 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection twin-charged engine with four valves per cylinder, a supercharger and a turbocharger. Available with a six speed manual transmission.
- 2.0 litre/180 PS⁽⁰¹⁾ (132 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection turbocharged engine. Fitted with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/210 PS⁽⁰¹⁾ (155 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection turbocharged engine. Fitted with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/110 PS⁽⁰¹⁾ (81 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual transmission.
- 2.0 litre/140 PS⁽⁰¹⁾ (103 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/177 PS⁽⁰¹⁾ (130 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine with four valves per cylinder, Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual transmission or a seven speed automatic DSG transmission.

Transmission

Front wheel drive

- Six speed manual gearbox: 1.4 litre TSI 160 PS, 2.0 litre TDI 110 PS, 2.0 litre TDI 140 PS

Four wheel drive

- Six speed manual gearbox: 1.4 litre TSI 160 PS 4MOTION, 2.0 litre TSI 180 PS 4MOTION, 2.0 litre TSI 210 PS 4MOTION, 2.0 litre TDI 140 PS 4MOTION, 2.0 litre TDI 177 PS 4MOTION
- Seven speed auto DSG gearbox: 2.0 litre TSI 180 PS 4MOTION, 2.0 litre TSI 210 PS 4MOTION, 2.0 litre TDI 140 PS 4MOTION, 2.0 litre TDI 177 PS 4MOTION

Running gear

- Front suspension: McPherson strut, one-piece aluminium subframe, decoupled spring and shock absorber mounting, anti-roll bar
- Rear suspension: multilink, anti-roll bar
- ESC (Electronic Stability Control) – includes EDL (Electronic Differential Lock) and ASR (Traction Control)

Steering

- Maintenance-free rack and pinion steering rack with speed related, electronically controlled servo assistance
- Height and reach adjustable and collapsible safety steering column

Brakes

- Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Electronically controlled ABSPlus (Anti-lock Braking System) and EBD (Electronic Brake-pressure Distribution)
- Electronic parking brake – with auto hold function
- Battery regeneration (recuperation – energy recovery during braking)

Model shown is Tiguan Escape with optional metallic paint.

VOLKSWAGEN SERVICE.

The Volkswagen Warranty.

Three-year Warranty.

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty.

The internal body sections and panels of the Tiguan are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty.

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty.

If you order the Volkswagen Extended Warranty as an option when buying your new Tiguan then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals.

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴.

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵.

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶.

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO₂ Emissions.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced. The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Volkswagen Roadside Assistance.

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Tax Free Sales.

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available.

In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change.

If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet OfTel regulations.

1 All warranty work must be completed by an authorised Volkswagen retailer or repairer.
2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
4 Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
5 Ensurance from Volkswagen Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire SO53 3YA).
6 Finance is available to 18s and over, subject to status. Terms and conditions apply. Volkswagen Finance.
