S80 V70

Your own Volvo. Is in reach

On the one hand there's the Volvo S80, an executive saloon where form, function and advanced technology blend together effortlessly to deliver a superior drive. Giving you the sophistication and status you deserve.

On the other hand, the V70, an iconic estate that combines performance, comfort and versatility in true Scandinavian style. Elegant engineering and quality craftsmanship providing a feeling of complete space and graceful movement.

Both are anything but ordinary. And both offer a rewarding driving experience for those behind the wheel and anyone who shares the ride. So which one will you make yours?

The next few pages will give you everything you need to make an informed choice. **And with this guide, you're already in the driving seat...**

Volvo has always led the way in innovation, with products that continue to influence and shape the entire car industry. But that's never been our motivation. You are.

Every car, and every world first we introduce, is designed around you... to keep you safer on the road and more at ease behind the wheel. To bring extra excitement to every journey and improve your whole driving experience.

Your S80 Range. At a glance.

S80

SE NAV

The SE Nav model delivers luxury with leather-faced upholstery, an 8 speaker high performance multimedia audio system, a DAB (Digital Audio Broadcasting) Radio, integrated satellite navigation system and features such as automatic rain sensor, autodimming rear view mirror and Bluetooth®. On the outside, 17" alloy wheels, LED day running lights, retractable rear view mirrors, rear park assist and chrome window surround enhance the exterior style.

SE LUX

The SE Lux adds a power adjustable driver's seat and an active TFT crystal driver's information display whilst the exterior benefits from active bending xenon headlights with headlight cleaning system.

S80 EXECUTIVE

The Executive is the ultimate Volvo S80 variant. Elegant 18" Magni alloy wheels differentiate the refined exterior, whilst the unique walnut wood executive console extends a warm welcome to the interior along with ventilated soft leather upholstery with massage function. Additional features include a premium sound multimedia audio system, heated rear seats and front park assist.

NAV

All S80 models include a fully integrated satellite navigation system with voice activated control, high performance multimedia audio player, a 7" colour display screen and DVD player. As well as full European mapping, two complimentary annual map updates are included (register at navigation.com/volvomapcare).

This is the first exciting step in the journey to driving your own Volvo S80. And getting started is easy – simply decide which model, engine and price are right for you.

ACCESSORY ALLOYS

Remember, to see how good your colour choice and alloys look together visit volvocars.co.uk/createyourown

In the S80 or V70 you're in safe hands. Because your new car comes with the option to add an incredible array of advanced features to give both driver and passengers all the support and protection they need. Which is not surprising, because no other carmaker in history can match Volvo's record of industry-leading safety innovations.

Included as standard on your S80 or V70 is City Safety, which senses potential collisions (active from 2 to 31 mph) and can activate the brakes should you not react in time.

(i) The results do not express or imply any guarantee of the fuel consumption of a particular car.

(ii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.

(iii) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.

(iv) All diesel models are fitted with a particulate filter.

Notes The weight of the vehicle will influence the level of CO₂ emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, vehicle tax is paid according to the weight and CO₂ emissions of the standard vehicle, as published in this price list. A weighbridge must be used to determine specific weights. Auto = Geartronic Automatic Transmission (D3/D4/D5/T6) or Powershift Automatic Transmission (D2).
