In your XC60 you'll be in safe hands. Because your new car comes with the option to add an incredible array of advanced features to give both driver and passengers all the support and protection they need. Which is not surprising, because no other carmaker in history can match Volvo's record of industry-leading safety innovations.

Protecting the fun of driving. And you.

Included as standard on your XC60 is City Safety, which senses potential collisions (active from 2 to 31 mph) and can activate the brakes should you not react in time.

Notes: The weight of a vehicle will influence the level of CO₂ emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight and CO₂ emissions of the standard vehicle, as published in this price list. The weight effect of any additional items does not affect the amount of Vehicle Excise Duty payable.
