Safety and Quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of Genuine Accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users.

The star logo has always signified allure, perfection and responsibility – attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness – not to mention their already outstanding comfort. That special sense of design, zeitgeist and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense just by looking, listening, touching – and of course driving.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz partner has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.
