# Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO<sub>2</sub> emissions. A first year rate of Vehicle Excise Duty applies to new cars on their first year of registration. For the second and subsequent years a standard rate for each taxation band will apply.<sup>1</sup> The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO<sub>2</sub> emissions are listed in the technical data on pages 56 and 60, and the relevant Excise Duty is reflected in the on-the-road prices on pages 10 and 11.

| Band | CO <sub>2</sub> emissions | First year rate (£) | Standard rate (£) |
|------|---------------------------|---------------------|-------------------|
| A    | up to 100 g/km            | 0.00                | 0.00              |

### **...you could lock your Mercedes, even if you're miles away?**

The uncertainty of whether you've forgotten to lock the car is only human. To make sure your Mercedes-Benz is safe and secure, you can simply lock the car remotely via your PC/Mac, tablet or smartphone.

### **...your Mercedes told you when your service is due?**

Being connected means essential data is constantly sent to your Mercedes-Benz Retailer so they know when it is time for a service. Your Retailer can then contact you with a tailor-made service quote.

### **...your Retailer already knows which parts need replacing?**

As surprising as this sounds, with telediagnosics your Retailer can recognise remotely if certain parts are due for replacement, contacting you to book an appointment and making sure the relevant parts are in stock when you arrive, getting you back on the road as quickly as possible.

### **...you could just push a button to deal with a breakdown?**

Should your car break down, with a simple press of the button everything is taken care of – from breakdown assistance to vehicle recovery.

### **...your Mercedes called for help?**

Your Mercedes comes with an SOS button. Press it if you need urgent help and you will be contacted by the emergency response centre.<sup>2</sup> In the event of an accident where airbags or seatbelt tensioners have been activated, a call is placed automatically. Your GPS position is sent to the response teams to initiate rescue efforts.<sup>3</sup>

### **The Mercedes that thinks and acts for you.**

Contact your Retailer to get connected, or go to [www.mercedes.me](http://www.mercedes.me) for more details.

<sup>1</sup>This is available as an option in conjunction with Audio 20 CD, and standard with COMAND Online. Remote Online is standard with electric drive and plug-in hybrid. Use of the Remote Online equipment option is limited to three years from first registration of the vehicle and can then be extended at extra cost.

<sup>2</sup>A call is placed via the car's sim card, rather than the customer relying on their mobile phone.

<sup>3</sup>This feature is still available to customers without Mercedes connect me services. The customer is not required to accept the terms and conditions on the portal to activate this feature. For all other features the customer will have to accept terms and conditions on the portal to activate them.

## Mercedes-Benz Finance and Insurance

### Choosing the colour of your Mercedes-Benz can be difficult. Fortunately, financing it isn't

So you've chosen your new Mercedes-Benz and you've finally settled on a colour. The good news is you've done the hard part. Now simply sit down with one of our Business Managers and they'll be happy to guide you through our range of finance packages, service options and insurance cover.

At Mercedes-Benz Finance, we're not in the business of simply providing a loan to fund the purchase of your dream car. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

You should find our finance packages are more convenient than a traditional personal loan. They are:

- **Quick and easy to arrange.** On average, approved credit applications are processed within 18 minutes.<sup>1</sup>
- **Immediately available.** With no waiting for cheques or loans to clear.
- **No security on your home required.** You will not be required to provide us with any security against your house as a condition of taking out the finance agreement.

● **Clear and transparent.** Other lenders may offer you a higher APR to the one you applied for based on your credit status. With Mercedes-Benz Finance, where we advertise an APR this is the APR you will receive if your credit application is successful.

● **Guarantee the future value of your car.** Our Personal Contract Purchase plan, Mercedes-Benz Agility, features a future guaranteed value, which provides you with protection against the risk of depreciation and also makes your payments more affordable.

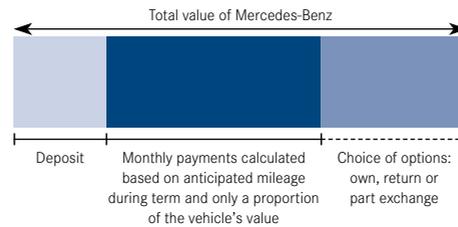

<sup>1</sup>Based on all credit applications received January–November 2012
