Black line Jet black headlight decorative rings

Why not give your MINI Convertible an unmistakably stylish and sporty character with these Black Line lights. The rear lights feature a darkened inner ring while the indicator lights remain white. To complete the look, the rear fog lights and side indicators come with darkened lenses along with matching headlight trims.

# MINI. A JACK O

From valve caps to mirror covers, right through to the side scuttles, combine the various BlackJack accessories to really give your MINI the full package.

OF ALL TRADES.

## MINI DAYTIME RUNNING LIGHTS LED.

Super bright, super stylish – super that they're there at last: the newly developed MINI daytime running lights LED with integrated position light and fog lamp. A real designer item in an innovative O-shape and a perfect match for your MINI. The efficient full LED lights save up to 80 % energy compared to headlights and reduce fuel consumption and CO<sub>2</sub> emission. The bright white light blends particularly well with the colour of the xenon headlights and presents your MINI in a dazzling light during the day, at night and in fog.

### LIFETIME MAPPING.

Includes detailed maps of major metropolitan areas in Europe, including motorways, national and regional thoroughfares and local roads. It updates the street maps on your MINI Navigation Portable for the lifetime of your device. You can download the latest data up to 4 times a year.

### NEARLY HALF A MILLION VEHICLE RELATED THEFTS WERE REPORTED OVER 2009/10, AND 2011 SHOWED A 7% INCREASE.<sup>1</sup>

There is a solution – the key to recovery is speed. MINI Trackstar is the only MINI UK approved stolen vehicle recovery product which can pinpoint the location of a stolen vehicle, which means in the unlikely event that your vehicle is stolen, MINI Trackstar can assist you in locating it and getting it back.

- Endorsed by all Police Authorities
- Protects against unauthorised movement
- Insurance approved
- European cover as standard<sup>2</sup>

Vehicle theft is an unfortunate fact of modern life however, with the comprehensive security systems your MINI offers, you are covered against most types of potential car theft. Despite this fact, the ever increasing levels of sophistication in car/key theft mean you don't always know what's round the corner.

Vehicle theft is as inconvenient as it is distressing and there is a strong possibility that your vehicle could never be recovered.

<sup>3</sup>All MINI Trackstar products are subject to a subscription charge.

MINI Trackstar is a MINI UK approved product.

## MINI TRACKSTAR PRODUCTS.

### MINI TRACKSTAR PROVIDES:

- Protection against illegal movement of the vehicle, via its unique motion sensor detector.
- Full battery back-up, which ensures that your vehicle is protected in the event of the battery being disconnected. The system automatically arms when the ignition is switched off.

This means if your vehicle is moved illegally, your in-vehicle unit will immediately alert the Control Centre and provide the exact location of the vehicle. You will then be contacted to confirm that your vehicle has been stolen. The Control Centre will then contact the Police and continually track your vehicle which will then be returned to you once your vehicle has been recovered.

### INSURANCE APPROVED.

MINI Trackstar is an insurance approved security product, so you may be entitled to an insurance discount.

### MINI TRACKSTAR<sup>3</sup>.

MINI Trackstar is a small covert electronic device installed in your vehicle which utilises state of the art technology such as GPS (Global Positioning Satellite), GSM (Global Systems for Mobile Communications) and an integrated motion detector in order to accurately locate your vehicle, should it be stolen.

Therefore, either when you report a theft or the Control Centre contact you to advise you of a possible illegal movement, the unit is activated and tracking will commence.

MINI Trackstar attracts full Thatcham Quality Accreditation (CAT 6).

### MINI TRACKSTAR CAT 6 ADVANCE<sup>3</sup>.

The latest product in the range is Trackstar Advance, which uses a clever electronic key tag to provide an advanced level of theft prevention. With MINI Trackstar Advance, a key tag is needed as well as your usual car key. This connects to the in-car system and recognises you as the owner of the car, otherwise your MINI will refuse to start.

MINI Trackstar Advance attracts full Thatcham Cat 6 Accreditation.

### MINI TRACKSTAR 5<sup>3</sup>.

The MINI Trackstar 5 unit operates in the same way as the MINI Trackstar unit but incorporates the added benefit of a Driver Authentication Device.

If the Driver Authentication Device is present the MINI Trackstar 5 unit can detect that the person driving the vehicle is authorised to do so, therefore in the event of a theft where the thief does not have the Driver Authentication Device, the Control Centre is alerted.

MINI Trackstar 5 attracts full Thatcham Category 5 Accreditation.

### MINI TRACKSTAR ON-DEMAND<sup>3</sup>.

MINI Trackstar On-Demand is a web based technology enabling you to track your vehicle, view recent journeys and run business / private mileage reports.

## **THROW OUT THE BUBBLE WRAP. THERE IS AN EASIER WAY TO PROTECT YOUR MINI.**

MINI Seal & Protect is a paint, interior and cloth upholstery protection system from MINI designed to keep your paint perfect, your cloth clean and your MINI looking mint.

With MINI Seal & Protect we'll give your car a showroom shine with MINI Hard Wax. This super-smart wax has more than one trick up its sleeve. Not only does it improve the water-repellence and surface resilience of your paintwork, but it also actively enhances it, meaning your beloved MINI will stay looking as good as new.

It doesn't stop there. The inside of your car gets just as much attention from the MINI Seal & Protect team. The MINI science bods have developed an impregnating agent that is applied to your cloth upholstery and carpets, protecting them against the damaging effects of moisture and keeping the inside of your MINI in top shape.
