WHY WE INNOVATE

VOLVO XC60

Because you have a wave to catch  
And a mountain to climb  
Because you promised the kids to go skiing tomorrow  
Because you need a break  
And sometimes a brake  
Because elks don't read road signs  
And neither do cows or kangaroos  
Because parallel parking should be a cakewalk  
Because you appreciate beauty and craftsmanship  
Because you love the feel of hand-stitched nappa  
Because you like your coffee hot and your water chilled  
Because you have blind spots  
Because it's been a long day  
And you deserve a massage from your car seat  
Because you don't have eyes in the back of your neck  
Because you want to be in control  
Because you expect to be entertained  
And informed  
And occasionally pampered  
Because you forgot where you parked  
Because you would rather share than own  
Because there are road works today  
Where there were none yesterday  
Because we want to impress you  
And that isn't easy  
Because you care about the future  
Because we live on a finite planet with finite resources  
Because you're human  
Because time is not money, but life

# WHEN WE INNOVATE, THE CAR IS NOT TOP OF MIND.

We admit it. You fascinate us. We think and talk about you all day. Everything about your life – its ups and downs, joys and disappointments, needs, demands, frustrations and hopes – captivates us.

So when we innovate, every detail – from service design right down to the teeniest screw – has to justify itself to you. Does it add anything? Is it useful?

All this time spent thinking about your life has allowed good things to happen. Perhaps you didn't know, but we have a vision that by 2020 nobody dies or is seriously injured in a new Volvo. Nice-sounding words? Not at all, it's realistic and achievable.

We know you live a rich, fulfilling life in almost every way. We say almost, because there's one commodity you seem to be short of. Time. So by 2025, we aim to pack every new Volvo with enough smart solutions to free up a whole week of quality time per year. 168 hours to do with as you please.

We also know you care about the future of the planet. That's why our Drive-E technologies allow you to drive sustainably – without compromising on performance. We know you want to stay connected to the world around you. Our Sensus solutions ensure you are. We know you always want to feel in control. Our IntelliSafe technologies not only help to save lives, but also give you more enjoyment behind the wheel.

And we know you're interested in self-driving cars. Each day we take pioneering steps in our quest to deliver a safe and relaxing autonomous driving experience. The same goes for fully electrified powertrains. And even smarter services.

We happily walk the extra mile to give you what you want.

***You are why we innovate.***

## THE EVOLUTION OF THE DYNAMIC SWEDISH SUV EXPERIENCE.

**The Volvo XC60** is the perfect balance between comfort and control. It's the SUV where bold design meets a beautiful interior, where technology is natural and where every drive is a pleasure.

With its dynamic, commanding presence, the XC60 is the SUV with a unique Scandinavian attitude. The exterior mixes muscular dynamism with clean, elegant Scandinavian design. One glance tells you this is a car that's ready for whatever activity or challenge awaits. And the interior is crafted from the finest Swedish materials, making sure it's full of natural light and packed with clever touches to make every day easier.

Behind the wheel, you can enjoy technology with a human touch. You're connected, and our most advanced safety technology will help looking out for you, your passengers and other road users.

This is the dynamic Swedish SUV experience. Evolved.

VOLVO XC60

**T8 Twin Engine AWD | R-Design**  
707 Crystal White Pearl | 21" 5-triple spoke  
Matt Black Diamond Cut alloy wheels

**The XC60 possesses** all the qualities of good Scandinavian design – understated yet confident, uncluttered and beautiful. It is an SUV that projects poise and power. In profile, the bonnet, rising side window line and sharply angled tailgate highlight its dynamic nature. Large wheels and pronounced wheelarches express the car's athleticism and capability.

Up close, the sharp creases and sculpted side panels emphasise its muscular, contemporary character. Full-LED headlights with distinctive T-shaped daytime running lights create an unmistakable impression, day or night, while rear lights that flow into the tailgate are a Volvo design cue that emphasise the car's strength. Everywhere you look there is something to delight. The XC60 is a car that you will always be proud to own, and which you will never tire of looking at.

## PLEASURE FOR YOUR SENSES.

**The XC60 is** built for enjoyment, because we think you should enjoy every drive in your car, no matter how short or long the journey. That's why we crafted the XC60 to be a car that you feel inspired and confident when driving. One where you always feel in control, and where technology is there to support you and make every interaction second nature.

With its strong, lightweight construction and sophisticated suspension components, the chassis of the XC60 allowed us to find just the right balance between comfort and control. To create a car that offers great driver feedback but which leaves you feeling fresh, even after a long journey.

Experience the rewards offered by the dynamic handling in a cabin that provides outstanding comfort and a calm, restful environment. With seats designed to perfectly complement the human form, quiet powertrains and first-class sound systems that let you enjoy your favourite music as the artist intended, the interior of the XC60 is a haven. This is the Volvo approach to driving enjoyment.

## THE COMMAND CENTRE.

**When you sit** in the driver's seat of the XC60 you're in control. In control of everything the car can do for you and in control of your journey, from the driving position to the way you interact with the navigation system.

The experience starts with the driving environment. The dashboard and centre console wrap around, creating the feeling of a cockpit and putting you in command. Beautifully designed and finished controls make every interaction with the XC60 a pleasure.

We put as much thought into materials as we do into design. The Tailored dashboard with contrasting stitching, gear selector made from Orrefors® crystal and wood and metal inlays that allow the materials to speak for themselves. You're surrounded by the precision of skilled craftsmanship, where everything works with accuracy and precision. In the XC60 it's effortless to be in command.

## YOUR SANCTUARY.

**When designing the** interior of our cars we apply the same principles you would when designing a living room. High-quality materials, intelligent use of space and attention to detail work together to create a warm, inviting environment. And it's for all of your passengers. Everyone who travels in the XC60 gets the same standards of comfort, space, light and design. Everyone will enjoy the journey, no matter where they sit. Welcome to a sanctuary that calms and soothes.

Exceptional seating is at the heart of the experience. We build all of our seats to give the same high standards of comfort and support, with plenty of adjustment so everyone can find a position that suits them.

The design of the interior is as important as the way it's built. Light floods in through the panoramic roof to make the cabin bright and airy. Reducing the number of buttons and switches creates a distinctly Swedish feel of uncluttered calm. And the clever use of space, such as the storage compartments under the rear seats, is typical Scandinavian ingenuity. They're just the right size to store electronic devices, like a tablet, out of sight.

Unlock the car and the door handles light up to make getting into the XC60 quick and easy. At night the cabin glows with the warmth of its interior lighting, welcoming you into the car. The optional lighting package includes ground lighting in all of the doors to illuminate the area below an open door, so you can avoid stepping into puddles, as well as additional interior lighting such as a worklight in the tailgate.

CleanZone technology means the air you breathe inside the car is clean and fresh, regardless of the air quality outside the vehicle. It filters dust, pollen, particulates and odours while monitoring the air quality and closing the intakes if pollutant levels rise too high. It happens automatically – all you need to do is set the temperature you want and the XC60 does the rest.

Rich materials and intricate detailing, like the Driftwood trim, and yellow Kevlar® speaker cones behind stainless steel speaker panels, provide contrast and visual interest.

**The panoramic roof** extends the full length of the cabin, flooding the interior with natural light – so everyone gets the benefit.

The combination of clear, easy-to-read instruments and the distinctive lines of the dashboard look great and work beautifully. They exemplify the meeting of form and function.

The way we've reduced the number of buttons has created a clean, uncluttered cabin reminiscent of the traditional, functional design of Swedish homes.

## VERSATILITY'S NEW LOOK.

**A car has** to be more than great design and a rewarding driving experience – the XC60 is versatile, a place which complements and copes with your active life, with extra usefulness built in.

Even getting into the XC60 is easy – you can open the powered tailgate by waving your foot under the rear bumper. Inside you'll find a large, evenly shaped load compartment that makes it easy to accommodate irregular sized objects. Fold the seats at the push of a button and you get a fully flat load floor – and you can do this from the rear of the car, so you don't have to open the doors to fold the seats.

A loading hatch in the seats means you don't have to fold the seats to carry long objects, so you can still carry passengers. And, to make your XC60 even more useful, add extra equipment from our accessories range, which are designed to complement the car's interior.

## STAY CONNECTED AND IN COMMAND.

**We create technology** to serve you and make life easier. Everything that's complicated or doesn't add to your experience is removed.

You control your Volvo intuitively and easily. And seamlessly connected with the car and the world around you, you're in command of every aspect of your journey.

Instead of a multitude of physical buttons, you find a large, 9-inch centre display with touch screen. It's as easy and straightforward to operate as your smartphone, with bold, clear graphics so you can keep your attention on the road. The touch screen blends seamlessly with the car's clean interior design and is easily operated. You can even operate it wearing gloves.

Essential driving information is clearly presented in our 12.3-inch driver display. It adapts to your needs, preferences and surrounding light, so information is always shown on your terms.

For even better control, our head-up display projects vital driver information at a comfortable view distance. It looks like the graphics hover in front of the car, which allows you to stay informed without taking your eyes off the road.

Your Volvo also listens to you. Keep both hands on the steering wheel and speak naturally: our voice control will carry out your command to operate climate control, navigation, entertainment and your smartphone.

In a Volvo, you and your car act as one.

#### Sensus Navigation.

Let Sensus Navigation guide you, inform you and help you find the best route. Road directions are clearly shown in the driver display, centre display and head-up display. Touch screen controls allow you as well as your passenger to operate the system conveniently and safely. Or talk naturally to your Volvo, and let our voice control carry out your commands while you having full attention to traffic. With the Volvo On Call app, you can also send the destination to your car before you go. And helping to save time, our in-car navigation apps can help you find and pay for parking, share your location with friends or simply find the best coffee in town. If you drive our T8 Twin Engine plug-in hybrid, the navigation system can also help you optimise the use of pure electric power all the way to your destination. Free life-time map updates ensure your navigation system is always up to date.

## FEEL THE MUSIC.

**Inside the cabin** of your Volvo you can enjoy an audio system designed to put you closer to the music you love, wherever you're seated.

All our audio systems are tailored to the acoustics of your Volvo. Our audio philosophy is very simple: it's all about the soul of music, not the number of speakers or watts. And together with the audio specialists at Bowers & Wilkins and Harman Kardon®, we have created some of the best-sounding audio systems in the class.

Our new audio system, Harman Kardon® Premium Sound, delivers a beautifully balanced, powerful sound. This immersive experience is enabled by 14 hi-fi speakers including an air-ventilated subwoofer that produces a bass sound you'll feel in your body.

If you're truly passionate about music, the Bowers & Wilkins audio system will take the experience to an even higher level. The 15 separate high-end speakers – including a tweeter-on-top centre speaker that minimises acoustic reflection from the windscreen and our unique air-ventilated subwoofer – will surround you with a powerful, pristine sound that feels more spacious and true to life than ever.

It's all about music and making it possible for you to experience it just as it was intended when it was created.

**Harman Kardon® Premium Sound** is developed together with the hi-fi specialists at Harman Kardon®. Powered by a 600W digital amplifier, the 14 speakers are tailored to the acoustics inside your Volvo and deliver a powerful, high fidelity surround sound experience. A unique sound processing software – Dirac® Unison Tuning – optimises the response of each individual speaker as well as the speakers all together to ensure they perform in perfect harmony. So wherever, you're seated, you and your passengers can enjoy a seamless first-class listening experience in all conditions and – not least – an extremely unified and tight bass sound.

**Our Bowers & Wilkins audio system** integrates seamlessly with the cabin architecture of your Volvo to deliver the most realistic immersive sound possible. Innovative audio processing technology with three room modes allows you to recreate the acoustics of a specific room inside your Volvo, bringing you even closer to the music. And to enable extremely low and undistorted bass tones, the air-ventilated subwoofer uses innovative technology that allows it to pulse large amounts of air, actually turning the cabin into one big woofer.

**Smartphone integration.** Use your smartphone in a smarter way. Via Apple CarPlay™ or Android Auto™, you simply integrate the familiar functions and interface of your smartphone\* with the car's centre display. You can enjoy music, make calls and send messages easily via the car's touch screen, steering wheel buttons or voice control.

\*Supports iPhone® (5 or later) or Android smartphones (5.0 Lollipop or later).

**Intuitively connected.** You operate the audio system and hands-free phone easily using the touch screen controls, steering wheel buttons or voice control. Bluetooth® connection also allows convenient streaming of music via your phone. Within easy reach on the car's touch screen, there's also a Spotify® in-car app that makes finding new music quick and easy without you having to connect your phone. Using Volvo On Call, you can also create a wifi hotspot in your car with a stable internet connection for your and your passengers' mobile devices.

# VOLVO ON CALL. YOUR PERSONAL ASSISTANT.

The **Volvo On Call app** connects your car with the rest of your world, helping make life less complicated. It's there when you need it, so your car becomes more than just a means of travel – it's your personal assistant.

You can use it to make your car ready for the drive to the office, or the drive home, by remotely cooling or heating the cabin (automatic only). It can help you find a parking space, then take you straight to it. You can sync your Volvo On Call app with your calendar, so if you've got appointments it will tell your car where they are and how to get there. And it keeps you safe, automatically contacting emergency services if you're involved in an accident and telling them where you are.

## YOUR DAY MADE EASIER WITH VOLVO ON CALL

*From saving you time in the morning to helping you relax on the way home, Volvo On Call can be an indispensable part of your daily routine.*

### THE PERFECT START

*When you get into the car in the morning it's warm and defrosted, thanks to the Volvo On Call app's ability to run the heater (Automatic Only). En route, you press the On Call button in the car and ask the operator to send your destination to the car's navigation system, so you don't have to manually enter it.*

07.30

### WHERE NEXT?

*A calendar card shows your next meeting. You push a button in the app, sending the address to the car's navigation system.*

11.00

### FIND YOUR CAR

*You've forgotten where you parked, so you use the car locator map to find the street and then use the flash lights function to pinpoint the car.*

12.00

**REMOTE CONTROL COMFORT**

You set the parking heater to warm the car interior so it's ready for when you leave the office. (automatic only)

**READY FOR A NEW DAY**

A notification reminds you that you've got a meeting in the morning. You send the location to the Sensus Navigation system and set the parking heater timer to come on before you leave. (automatic only)

13.00

17.15

17.45

22.20

**DELIVERIES TO YOUR CAR**

The shoes you ordered yesterday using In-car Delivery are delivered to the boot of your Volvo. (Expected late 2018)

14.45

You get a notification that your order has been delivered to the boot of your car.

**WIFI ON THE GO**

You head for home. Using the wifi hotspot you can stream music via your phone to the car's audio system.

## **PILOT ASSIST. DESIGNED TO MAKE DRIVING SAFER AND EASIER.**

**Our latest advances** in semi-autonomous driving technologies allow you to enjoy smooth, intuitive driving from standstill up to motorway speeds.

To make driving in demanding traffic less stressful, we created Pilot Assist and Adaptive Cruise Control. Pilot Assist automatically helps you maintain a safe distance from the car in front of you by adapting your speed while helping to keep you centred in the lane by automatically making small steering adjustments. It's intelligent too: using map data from the car's navigation system, the car identifies hills ahead and adapts the speed to help optimise your comfort and safety.

This technology also makes driving in stop-and-go traffic more effortless. Maintaining the set distance, your car follows the car ahead of you and brakes automatically to full stop when needed. And if the car in front just makes a short stop, your car starts following it as it takes off again.

This is driving made safe and easy, with the aim to optimise your control, comfort and convenience.

**Please note:** The driver is always responsible for how the car is controlled, the functions described here are only supportive.

## CITY SAFETY TECHNOLOGY. YOUR PRO-ACTIVE PARTNER ON THE ROAD.

With advanced pro-active safety technology we add extra power to your senses and enhance the confident feeling of being in control.

At the heart of our safety technologies is City Safety. By helping you to keep a lookout and brake or steer away if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if needed and can brake automatically to help you avoid a collision or reduce the impact. And our advanced Oncoming Mitigation by Braking technology – a Volvo safety world first – can detect if there's another vehicle driving towards you and brakes automatically to help mitigate the impact.

Your Volvo can also support if you're forced into a rapid evasive action at speeds between 31 and 62 mph. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is simply your perfect co-pilot: pro-active when it's needed, and staying discreet in the background the rest of the time.

### Oncoming Mitigation by Braking

A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If a collision can't be avoided, it will brake your car automatically to help reduce the effect of a collision.

### Oncoming Lane Mitigation

Using automatic steering assistance, this system helps you avoid collisions with oncoming vehicles. If you drift across the lane markings in the way of an oncoming vehicle, your car steers back.

#### Lane Keeping Aid

If you're about to cross a lane marking unintentionally, the Lane Keeping Aid will gently steer your car back into its lane. If this is not enough or you keep steering across the lane markings, you'll be alerted with vibrations in the steering wheel.

#### Run-off road Mitigation

Stay safely on the road with this Volvo Cars safety innovation. If Run-off road Mitigation detects you're about to leave the road unintentionally, it uses steering input and, if necessary, brake support to guide you back on track.

#### BLIS™ with Steer Assist

BLIS™ alerts you when a vehicle enters your blind spot or approaches fast from behind. If you nonetheless drift into the path of another vehicle, BLIS™ can gently steer you back into your lane.

#### Active Bending Headlights with Adaptive Shadow Technology

To give you the best view, our LED headlights allow you to drive with high beam on all the time, without dazzling others. It detects road users ahead of you and automatically shades the part of the high beam that would dazzle them.

## PERFECT PARKING, EVERY TIME.

**In a Volvo**, you can enjoy smooth parking.

Our navigation system gives you access to an in-car app that helps you find the nearest free parking space and even pay for it. When parking, you're supported by front and rear park assist functions that alert you if there are obstacles in your way. And by adding our 360° camera, you get a detailed bird's eye view of the area surrounding your Volvo – a great help when you reverse or manoeuvre in confined areas with impaired visibility.

If you want, our Park Assist Pilot can park the car for you. It measures the parking space, and if the space is at least 1.2 times the length of your car it can park by taking over the steering. Park Assist Pilot handles both parallel and perpendicular parking, and can also assist when leaving a tight parallel parking space.

And to make it easier when you reverse out of a parking space, Cross Traffic Alert helps you keep a lookout on approaching vehicles in your blind sectors.

### 360° camera

The 360° camera uses images from discreetly mounted cameras to create a bird's eye view of your car and its closest surroundings. In the centre display, you can see obstacles all around you, which makes it easier to park and manoeuvre in tight spaces.

## PROTECTING WHAT'S MOST IMPORTANT.

**Protecting you and** your passengers has always been at the heart of every car we make, and the advanced safety features in your Volvo are the result of decades of passionate innovation.

In a Volvo, it's the interaction between all the safety features that determines how efficiently the car will protect you and your passengers in a collision. Everything, from the design of the seats to the surrounding safety cage and the safety belts and airbags, works together to help minimise the strain on all occupants and maximise protection.

The front seats not only provide world-class comfort. They are also designed to protect you in the event of an impact. Our unique

whiplash injury protection helps protect your back and neck if your car is hit from behind. And in a run-off road scenario, the energy-absorbing front seat structure will help protect your spine in a hard landing, should the car become airborne.

Your Volvo can even sense and prepare for impact. The optional prepared front safety belts tighten automatically if the car detects that a collision is likely, to ensure you're in the safest position should one occur.

It's this range of safety technologies and attention to detail that makes your Volvo a safe place to be.

### Crash-absorbing front seats

The sculpted front seats in your Volvo are more than just beautiful to look at. Their unique structure helps to absorb a vertical impact, helping to protect your spine if the car lands heavily after leaving the road. It's another example of how we make every part of a Volvo work harder for your safety.

### Volvo safety cage

The passenger compartment uses a high percentage of ultra high-strength boron steel to create a protective cage around everyone inside the car, while front and rear deformation zones help dissipate the crash energy. The safety belts and airbags work together to cushion you and your passengers in a controlled fashion.

### Child safety

At Volvo Cars we've spent decades continually researching and improving child safety. Our unique approach includes creating and carrying out tests based on real-life traffic situations, as well as testing our child seats alongside our cars. With our latest range of child seats, we offer unparalleled protection.

## ENJOYING MORE, USING LESS.

**With the perfect** balance between performance and efficiency, every Volvo powertrain gives you a great drive with low fuel consumption and reduced emissions. The combination of lightweight, low-friction engine design and advanced boosting technology allows you to enjoy outstanding performance and a smooth, agile driving experience. Reduced size and weight also frees up interior space and contributes to the car's dynamic handling.

This innovative approach also makes driving fun. Choosing the 235hp D5 diesel powertrain, you can enjoy PowerPulse. At lower speeds and from standstill, it activates the turbocharger as soon as you press the accelerator to give an instant boost of acceleration. It's Volvo technologies like this that allow you to experience the power of a much larger engine from a compact four-cylinder, so you get the perfect mix of power and efficiency.

All our powertrains are quiet and smooth to give you a relaxing journey. In our diesel engines, for example, the i-ART injection technology precisely meters exactly the right amount of fuel for each cylinder to make the engine run more smoothly while using less fuel. And to help minimise health-impairing emissions, the latest generation emission control with Selective Catalytic Reduction reduces emissions of nitrogen oxides (NOx) by up to 90%.

Precise manual transmissions and our eight-speed automatic gearbox make the most of each engine's potential. Designed to minimise power loss and maximise performance, the gearbox will always select the right gear for whatever is coming next, or you can choose to change gear yourself in manual mode.

The powertrain can also adapt to the mood you're in. Select Comfort, Eco, Dynamic, Off Road or Individual mode with our drive mode control, and the powertrain, steering and optional active chassis with air suspension adapt instantly to your preferences.

Whichever powertrain you choose for your Volvo, you will enjoy the benefits of responsive power and uncompromised efficiency – simply a great drive.

## POWER WITHOUT COMPROMISE.

**Our high-performance powertrain**, the T8 Twin Engine AWD, turns the XC60 into a true performance car but, with its combination of turbocharged and supercharged petrol engine with an electric motor, also has the lowest CO<sub>2</sub> emissions of the range.

The combination of a high-performance four-cylinder petrol engine and a powerful electric motor offers the power and performance of a much larger engine, but use much less fuel. The 303hp petrol engine drives the front wheels and the 87hp electric motor powers the rear, giving instantaneous acceleration and on-demand all-wheel drive.

With just the electric motor powering the car, you benefit from silent, exhaust emissions-free driving and an electric-only range ideally suited to daily commuting.

Four different drive modes offer precise control over the car's powertrain. Hybrid mode uses petrol and electric power for the best balance of power and efficiency while Pure uses the electric motor

only for zero-emission driving. Power combines the full output of the petrol engine and the electric motor for the best performance, while Off-Road switches to full-time all-wheel drive. Blend your favourite elements of each mode and create a mode that's tailored to your needs by selecting Individual.

Controlling this technology is intuitive and straightforward. A beautiful roller switch allows you to flick easily between modes. And if you've chosen our active chassis with air suspension your car automatically selects the best chassis settings to complement the drive mode, allowing you to enjoy the drive while your Volvo does the work.

Charging the battery is quick and easy. Drive the car and it charges the battery with a generator and regenerative braking. If you need to top it up, just plug it into the mains supply.

The T8 Twin Engine AWD gives you the best of both worlds. Power without compromise.

Made from Orrefors® crystal, the gear selector in the T8 Twin Engine AWD blends traditional Swedish materials with advanced design and technology.

The power of a turbo and supercharged petrol engine combined with a responsive electric motor makes the T8 Twin Engine AWD a true performance SUV.

Plug your T8 Twin Engine into our specially-designed wall box at home and charge it conveniently and safely. Fully charged, the battery will provide enough electric-only power to cover the average daily commute of many people.

**T8 Twin Engine AWD | R-Design**  
707 Crystal White Pearl | 21" 5-triple spoke  
Matt Black Diamond Cut alloy wheels

DRIVE-E | 41

**The way we've** designed the T8 Twin Engine AWD gives you more than just efficiency – you will notice how well balanced and responsive the car feels on the road, and how quickly it reacts to changes of direction. By mounting the electric motor over the rear axle and fitting the battery along the car's centreline, we've given the XC60 near-perfect weight distribution, a key element in creating agile handling. The battery's location helps create a low centre of gravity in the middle of the XC60 so the car is stable, sure-footed and comfortable. And because the battery is not in the boot, you get the same luggage capacity in the T8 Twin Engine AWD as you do in all other XC60 models. Our cars are designed from the outset to use plug-in hybrid technology, so your experience with them is never compromised.

**Inscription**

Black Diamond Cut alloy wheels

## DRIVE. DON'T COMPROMISE.

**We believe** a car can be both great to drive and comfortable, so we built the XC60 to strike that balance between control, precision and comfort. It's a car that rewards the way you drive with response and control. A car for long distances and memorable journeys.

Sophisticated double-wishbone front suspension and our innovative integral axle rear suspension work together to put you in control of every drive. You get a car that responds to your commands but doesn't sacrifice the comfort you need.

Full air suspension makes the XC60 even more capable, isolating the car's body from the road and soaking up uneven surfaces. By keeping the ride height constant the air suspension increases stability, making the XC60 easier and more predictable to control. The car body's height is adjusted according to its drive mode and speed. In Comfort or ECO drive mode, the body is lowered 10–20mm at higher speeds, using less fuel and making it quieter. In Dynamic mode the body is lowered constantly by 20mm in order to enhance handling and road holding.

Our AWD technology with Instant Traction™ gives you an edge by increasing driving stability and traction – on all road surfaces and in all weathers. As conditions change, wheels with the best grip get the most power to optimise your drive.

The drive mode selector with five different drive modes allows you to tailor the car's behaviour to your mood and find the perfect setting for the road you're on. Altering the engine, gearbox, accelerator and steering response changes the way the car behaves and, in the case of the optional active chassis with full air suspension, even how it rides and handles. On rough roads, Off Road mode makes the XC60 easier to control at the low speeds needed to tackle bad surfaces, and engages Hill Descent Control to make descending slopes safer and simpler.

Air suspension on all four wheels gives the XC60 outstanding ride comfort – the air springs absorb up imperfections in the road – and make the car stable by keeping the ride height constant, regardless of the load. With the active chassis you can alter the way the car rides and handles to suit your mood or the road.

## **SIGN UP TO THE FUTURE.**

**Welcome to the future.** Where a simple, convenient subscription will revolutionise your car experience. We call it Care By Volvo, a new way to experience Volvo cars, and part of our vision to give you back more time to do the things you love.

For one fixed monthly cost, with no down payment, you can have access to your own Volvo model. And we take care of everything else: insurance, tax, maintenance and servicing. It is convenient, transparent and hassle-free. And as the service is flexible, once you've subscribed, you can borrow other Volvo models for short periods of time\* – if you need a larger car, for instance.

Making use of our exclusive concierge services, which will vary depending on your location, will allow you to make better use of your time. And because you get to drive the latest Volvo models, you benefit from our progressive technologies and innovations.

Better still, because you don't own the car in the traditional sense, you don't take any of the responsibility. Your future proof yourself against unexpected costs.

This is the future of motoring. This is the luxury of simplicity. Available from Volvo Cars today.

VOLVO XC60

## YOUR JOURNEY BEGINS HERE.

We created the new XC60 with one single purpose: to provide you with an SUV that perfectly fits you and your lifestyle. It's a car that meets your expectations of a dynamic drive with refined comfort and confident design – built with care for people and the world we share. And designed to be intuitive to use and to make life easier, the XC60 is a pleasure to live with every day.

At the heart of your XC60 is a dynamic, efficient powertrain. Whichever you choose, you will enjoy our latest Drive-E technology that gives you instant response and a comfortable ride while keeping fuel consumption and CO<sub>2</sub> emissions low.

Our Drive-E powertrain range includes advanced diesel and petrol engines mated to our smooth eight-speed automatic gearbox or a distinct six-speed manual gearbox. The responsive AWD all-wheel drive technology gives you an edge by increasing driving stability and traction – on all road surfaces and in all weathers. And for the ultimate combination of performance and efficiency, there's the option of our T8 Twin Engine plug-in hybrid powertrain.

Make your choice, and enjoy the journey wherever it takes you.

### T8 Twin Engine AWD

Our T8 Twin Engine plug-in hybrid powertrain delivers an exhilarating drive with uncompromised efficiency. Combining a high-performance petrol engine and an electric motor, this 303hp+87hp/400Nm+240Nm powertrain allows outstanding highway performance and zero exhaust emission commuting – with all-wheel drive capability when needed.

### T5 AWD

The 250hp/350Nm T5 AWD petrol powertrain is as responsive on the highway as in the city. This superb all-rounder delivers generous power just where you need it, ensuring excellent driveability in combination with our smooth 8-speed automatic gearbox and all-wheel drive.

### D5 AWD

Our most powerful 235hp/480Nm diesel powertrain D5 AWD allows you to experience performance and refinement without compromises. Twin-turbo engine technology, our 8-speed automatic and all-wheel drive add to instant control.

### D4 AWD

Our sophisticated 190hp/400Nm D4 diesel powertrain allows you to enjoy more while using less. Available with our dynamic all-wheel drive and 8-speed automatic or 6-speed manual gearbox, the D4 is designed to give you the most efficient and confident driving experience.

**Volvo XC60 Momentum**

The high level of standard equipment meets your demands on style, comfort, safety and sophisticated design.

**Volvo XC60 Inscription**

The highly sophisticated expression of Swedish luxury.

**Volvo XC60 R-Design**

The thrill of a spirited drive, characterised by style, responsiveness and control.

## CREATE THE SWEDISH SUV OF YOUR CHOICE.

Our approach in everything we do is to always put people first. This also includes allowing you the freedom to create a Volvo that perfectly matches your style and personality.

To ensure you get your new XC60 exactly as you want it, we have created a range of options, trim levels and personal expressions. The standard XC60 Momentum provides you with everything you

need for inspired travelling. Maybe you want to indulge your senses in the finest Swedish luxury? Then you'll feel at home with XC60 Inscription. Or if you're in for a more sporty style inside and out – take a look at XC60 R-Design. Whatever you prefer, you can rest assured there's a Volvo XC60 for you. Read on, and see what your new XC60 will look like.

## VOLVO XC60 MOMENTUM. THE RIGHT EQUIPMENT FOR YOUR DRIVE.

Generously equipped as standard Momentum trim level, the XC60 will provide you with a high level of technology that will meet high demands on style, comfort, safety and distinctive design.

Unique exterior design cues such as our signature design LED headlights, the high gloss black grille and integrated roof rails in satin silk metal finish contribute to the both powerful and stylish appearance of the XC60 Momentum. The 18-inch or 19-inch alloy wheels will add to the car's exclusiveness and road presence, while the dual stainless steel end pipes add a powerful finish.

On the inside, aluminium tread plates welcome you every time you enter the cabin of your XC60. You can enjoy the control provided by our 12.3-inch driver display and Sensus Connect with enhanced connectivity – such as the intuitive operation of our 9-inch centre display with touch screen and voice control – while everybody on board will appreciate the clear sound reproduction of our High Performance audio system including Bluetooth® music streaming. Volvo On Call connects with your car with your smartphone and gives you access to a wide range of smart services. Our two-zone climate system ensures you and your passengers can enjoy a comfortable

cabin climate in all temperatures – the driver and front seat passenger can adjust the temperature to suit individual preferences. As driver you will enjoy the feel of a leather-clad steering wheel with Silk Metal inlays, a leather-clad gear lever and ergonomic Comfort seats. Power adjustable 2-way lumbar support for the front seats makes it easy to optimise the support to your needs. The seats are upholstered in Leather-faced upholstery available in a choice of colours. Textile floor mats and Iron Ore aluminium decor inlays further complement the interior ambience. And when it's dark, the interior illumination enhances the luxurious feeling inside your XC60 Momentum.

Power retractable door mirrors and rear park assist supports your parking, and adding our 360° camera and Park Assist Pilot you'll enjoy perfect parking with total confidence – even at tight spaces.

To make your XC60 Momentum fit for your adventures as well as your everyday challenges, the rear seat backrests fold individually to create a flat load compartment floor. And to further facilitate loading and unloading, there's our power-operated tailgate with a hands-free function – just move your foot beneath the rear bumper and the tailgate opens and closes at your convenience.

### XC60 MOMENTUM

Includes:

#### Exterior:

18" alloy wheels | LED headlights with automatic lever adjuster | Visible end pipes in chrome | Front grille high gloss black with chrome frame | Park assist, rear | Charcoal decor side windows | Wipeblades with integrated water nozzles | Integrated rails in satin silk metal finish | Retractable rear-view mirrors

#### Interior:

The interior of the XC60 is created with you in the centre of attention. Every detail, every line, every shape is testimony to our designers' pursuit to create a space in which you feel relaxed and in complete control. For a contemporary look and feel, the Momentum trim level features comfort seats upholstered in an exclusive Leather-faced upholstery available in several different interior colour combinations

to suit your personal preferences. The interior ambience is further enhanced by decor inlays in Iron Ore aluminium and aluminium tread plates. Or for an exclusive look inspired by contemporary Scandinavian furniture, opt for our genuine wood decor inlays such as Linear Lime – a unique matt inlay with a warm, modern retro look.

## Inscription

### A HIGHER GRADE OF REFINEMENT.

We created the exclusive XC60 Inscription to meet your highest expectations on Swedish luxury. It's a highly personal expression that evokes a strong sense of elegant refinement. Each detail is carefully selected to give you and your passengers a stylish and invigorating experience. Distinguished exterior design cues enhance the luxurious look and feel of the XC60, while the meticulously

crafted interior with leather seats gives you ample room for a relaxed driving experience. The XC60 Inscription epitomises our proud heritage of human-centric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the XC60 Inscription is in a class of its own – just like you.

### XC60 INSCRIPTION

Includes XC60 Momentum trim level plus the following:

**Exterior:**

19" alloy wheels | Chrome deco lower front bumper | chrome window surround | Chrome deco moulding with embossed Inscription logotype, side | Dual integrated end pipes | Front LED foglights

**Interior:**

Nappa leather perforated and ventilated upholstery | Nappa leather key remote | Driftwood decor inlays | Power passenger seat | Tailored instrument panel | Cushion extension, driver and passenger seats | Power side support, driver and passenger seat

### INSCRIPTION PRO

Includes Inscription equipment plus the following:

Heated Aqua Blades | Headlight Cleaning System | Heated Steering Wheel | Head-up Display | Active Bending Headlights with Adaptive Shadow Technology | Front LED Foglights with Cornering Function | Keyless Drive | Active Four-C Chassis – Four Corner Adaptive

Dampers with Electronic Air Suspension | Front Seat Backrest Massage | 20" 8 Spoke (Diamond Cut/Black) Alloy Wheels with 255/45 Tyres (#1012)

**Inscription**

724 Pine Grey metallic | 20" 8-spoke  
Black Diamond Cut alloy wheels

1

2

3

The highly sophisticated XC60 Inscription expresses the essence of contemporary luxury. Instantly recognisable thanks to its distinctive chrome-finish grille and lower door bright deco moulding, this expression sets the XC60 apart thanks to a number of well-judged exterior design cues that correspond with the car's timeless Scandinavian design. Just like beautifully crafted pieces of jewellery design, the ten-spoke 19-inch alloy wheels in distinctive Diamond Cut design harmonise perfectly with the dynamic and exclusive character of your XC60 Inscription. Together with the elegant dual integrated end pipes, the wheels also contribute to the car's confident stance. Our signature LED illumination contributes to both a strong visual identity and excellent vision in the dark. And for an even better and uninterrupted light pattern, you can opt for our advanced Full-LED Active High Beam illumination technology.

On the inside, the luxurious theme continues with authentic, finely crafted materials that create a lounge-like atmosphere of sumptuous well-being. You and your passengers can lean back in sculpted power-operated Comfort seats with Nappa Perforated and Ventilated Leather upholstery, power adjustable 4-way lumbar support and front

seat cushion extensions. Unique Driftwood decor inlays in genuine wood, the Tailored dashboard with contrasting stitching and our most advanced ambience interior illumination add to the rewarding Inscription experience. For you as driver, the large 12-inch driver display and convenient drive mode settings in the console between the front seats add to your feeling of being in command. And to enhance your driving experience, our optional Active chassis with air suspension optimises comfort and handling – select between five different chassis settings with the drive mode control.

The optional four-zone climate control allows both the driver and the front seat passenger as well as the outer rear seat passengers to set their individual cabin temperature. Adding a panoramic glass roof, everyone inside your XC60 will enjoy a superb experience of air and light – the front section can be opened at a push of button and during sunny days a power operated sunshade in perforated textile will reduce the heat and glare while maintaining the airy feel inside the cabin. And turning your XC60 into a concert hall, our optional high-end audio system Bowers & Wilkins brings exceptional clarity and realism to your music, wherever you're seated.

1. The power-operated Comfort seats with Leather upholstery and front seat cushion extensions and the exclusive Driftwood genuine wood decor inlays add to the sensory experience of contemporary luxury. 2. Select your preferred drive mode and steering characteristics with the scroll wheel in diamond patterned metal finish. 3. The exclusive Inscription leather-clad remote control shell is in the same colour as the leather upholstery in your XC60 Inscription – an excellent example of thoughtful Scandinavian craftsmanship and clean design. 4. The XC60 Inscription with dynamic yet elegant 20-inch Inscription 8-spoke alloy wheels (optional) in distinctive Black Diamond Cut design. 5. Dual integrated end pipes and bright deco trim add to an elegant and powerful impression. 6. Our Tailored dashboard enhances the luxurious interior ambience, while the intuitive 12-inch driver display with four graphic modes and the 9-inch centre display with touch screen puts you in the centre of action. 7. Inscription front grille in elegant chrome finish and the signature headlights with LED illumination. 8. The lower door bright deco moulding with Inscription logotype. 9. The lower outer grilles with chrome trim and LED fog lamps complement the elegant front design of your XC60 Inscription.

## RDESIGN

### INSPIRED BY THE ART OF DRIVING.

If you love to drive, the XC60 R-Design is for you. With a unique personality, R-Design captures the thrill of a spirited driving experience characterised by style, responsiveness and control. A wealth of distinguished design details raises the dynamic soul of your Volvo and gives it a sportier, more distinct road presence. It's an expression that catches the eye from every angle and hints at the promise of an amazing drive, every time. And you can rest assured that the

XC60 R-Design will deliver. Surrounded by meticulously crafted and expressive interior design details, you can feel it right from the moment you take your position in the sculpted R-Design driver seat. Everything – from the R-Design steering wheel with gearshift paddles to the Charcoal headliner – is there to inspire and support your driving. And for an even more energetic, road-hugging drive, the XC60 R-Design benefits from an advanced sport chassis.

### XC60 R-DESIGN

Includes XC60 R-Design trim level plus the following:

#### Exterior:

19" alloy wheel | Door mirror caps in matt silver finish | Dual integrated end pipes | Lower front, unique sporty design | Grille with unique mesh in glossy black and frame in silk metal finish | Lower outer grilles, unique design and glossy black | Side window trim in silk metal finish | Body-coloured rear lower insert | Sport chassis | Bright integrated roof rails

#### Interior:

Contour seat with Leather/Nubuck upholstery and R-Design logotype | Charcoal headlining | Metal Mesh Aluminium decor inlays | Cushion extension mechanical, driver and passenger | Tread plates with R-Design logotype in the front ones | Gearshifter knob in perforated Fine Nappa Leather and light contrast stitching | Gaiter with light contrast stitching | Remote control clad in Perforated Fine Nappa Leather | Textile mats with light contrast stitching | Sport pedals in aluminium with rubber inserts | Sport steering wheel with gearshift paddles

### R-DESIGN PRO

Include R-Design equipment plus the following:

Heated Aqua Blades | Headlight Cleaning System | Heated Steering Wheel | Head-up Display in Windscreen | Active Bending Headlights with Adaptive Shadow Technology | Front LED Foglights with Cornering Function | Keyless Drive | Power Driver Seat with Memory for Seat and Exterior Mirrors | Multicolour Theatre Lighting | Front and Rear Door Pocket and

Front Cupholder Illumination | Tailgate Illumination | Rear Footwell and Side Step Illumination | Active Four-C Chassis – Four Corner Adaptive Dampers with Electronic Air Suspension | 21" 5 Triple Spoke (Diamond Cut/Matt Black) Alloy Wheels with 255/40 Tyres (#1013)

1

R-Design is Volvo in smart designer sports gear – it's all about a performance-inspired look and feel, both inside and out. It's a truly eye-catching expression with sporty exterior design cues, such as its own distinctive grille in high gloss black with Silk Metal frame, front spoiler, stylish Silk Metal window trim, Bright Silver matt finish door mirror caps, prominent dual end pipes and Matt Black R-Design 19-inch alloy wheels in striking Diamond Cut design. Our signature headlights with LED illumination provide excellent vision and a distinctive attitude on the road.

And when it's dark, our interior illumination enhances the ambience inside your XC60 R-Design. Further adding to your sense of being in control, the R-Design also provides you with our largest 12-inch driver display and steering-wheel mounted gearshift paddles

that enhance your control by allowing quicker manual shifts. Conveniently positioned in the tunnel console between the front seats, there's also a drive mode control that allows you to shift between five driving modes – Comfort, Dynamic, Eco, Off-road and Individual mode.

Behind the R-Design sport steering wheel in Perforated Fine Nappa Leather, you can enjoy the dynamic response and feedback from a finely tuned sport chassis. This chassis features stiffer springs and dampers for a more responsive handling and less roll when cornering.

The XC60 R-Design is available with all power trains including our plug-in hybrid T8 Twin Engine AWD.

The exterior leaves no doubt about the intention of your XC60 R-Design. The exterior colours are carefully selected to match the car's dynamic character, each with its unique expression – especially Passion Red and Bursting Blue metallic, exclusively created for R-Design. Passion Red is the iconic sporty colour, while Bursting

Blue metallic adds a techy, sporty look that perfectly highlights the body inserts in high-gloss black and silk metal finish. The 19-inch five-double spoke R-Design alloy wheels in Matt Black Diamond Cut or the optional 21-inch alloy wheels give your XC60 R-Design a superior road presence that put your Volvo in a class of its own.

## ACCESSORIES. MAKE IT YOURS.

Add your own style to the XC60 with Volvo styling accessories; the perfect addition to your new car. Designed to perfectly complement the lines of the XC60, the exterior styling kit allows you to create an exclusive, individual look – no matter which trim level you've chosen.

At the front, a stainless steel skidplate wraps around the leading edge of the lower bumper, adding definition. At the rear a matching stainless steel skidplate and integrated dual split tail pipes give the car a powerful presence.

In addition to this the stainless steel bumper protector looks great and stops the paintwork from being damaged during loading.

The 22-inch wheel designs combine delicate, technical forms with a high-tech look. Both the five double-spoke and 10 open-spoke wheels are finished in black with a diamond cut finish, a technique that provides a striking contrast between the dark recesses and bright faces. Body-coloured wheelarch extensions cover the wheels' extra width and help to create a more powerful visual statement. And to maintain that powerful look all year round, choose our 21-inch winter wheels for your winter tyres.

**T8 Twin Engine AWD | R-Design**

707 Crystal White Pearl | 22" 5-double spoke Matt Black Diamond Cut alloy wheels

Coupled with R-Design trim, the exterior styling kit accentuates the car's athletic, dynamic design. With just the right amount of stainless steel detailing to contrast with the body colour and complement the R-Design silver mirror covers, it's a great way to add your own touch to the XC60. The 22-inch 5-double spoke wheels in distinctive Matt Black Diamond Cut design add a rugged, sporty edge to your XC60 R-Design.

## SWEDISH LUXURY, YOUR WAY.

The XC60 Inscription is about elegant, Swedish luxury. To make your SUV an even stronger and more personal statement, you can add our exterior styling kit. Front and rear skidplates in stainless steel combined with the integrated dual split tail pipes enhance

your car's exclusive and powerful presence. And adding our large 22-inch 10 open-spoke alloy wheels, you lend the elegance of your XC60 Inscription a more rugged touch – perfectly harmonising with the stainless steel design elements of the exterior styling kit.

**T6 AWD | Inscription**  
724 Pine Grey metallic | Exterior styling kit with stainless steel skidplates front and rear |  
22" 10-open spoke Black Diamond Cut alloy wheels

Our new 22-inch wheels are the largest we've ever fitted to a production car and give the XC60 extra width and attitude. The front and rear skidplates with integrated double tailpipes are made of stainless steel.

## FOR ALL OF LIFE'S JOURNEYS.

Create an XC60 that's perfect for your life, with Volvo accessories that are designed around you and your car.

The sleek iPad® holder complements the car's interior. It allows rear-seat passengers to watch, read or play and has two USB ports for charging devices.

Our Media Server allows passengers to enjoy large amounts of stored entertaining content via their mobile devices, especially comfortable combined with our iPad® holder.

Our child seats are comfortable and stylish. Made from Wooltextile, which is 80 per cent wool, they're both soft and durable. They also

represent state-of-the-art safety: the child seat has side impact protection and is rearward-facing for maximum safety. We apply the same stringent standards to our child seats as we do to building our cars, so you know your children are well protected. Our exclusive booster cushion and backrest in genuine Leather/Nubuck Textile or Wooltextile allows a child to travel in comfort safely restrained by the car's safety belt and is designed to match your car's interior.

Your car and its load are also protected. A steel grille provides a sturdy barrier between boot and passenger compartment and load compartment mats help protect the car interior.

8

3. iPad® holder (available later in 2018). 4. Child seat, infant seat. 5. Child seat, rearward-facing. 6. Red Key, restricted remote key. 7. Child seat, booster seat. 8. Child seat, booster cushion with backrest, Leather/Nubuck Textile.

## WORKS HARDER WHEN YOU NEED IT.

Make the XC60 work for you with Volvo Cars' range of exterior accessories, designed to look good and work flawlessly. Made from tough, high-quality materials they're built to withstand the punishment inflicted by Sweden's winter.

Take advantage of our range of roof-mounted accessories by adding a pair of tough, low-profile load carriers. Easy to install (they clip onto the car's roof rails), they instantly allow you to fit our load carrier accessories, such as our bike rack or canoe holder. Our lightweight, stylish roof box fits straight onto the load carriers, adding 350 litres to the carrying capacity. Ideally suited to carrying skis (and capable of carrying up to six pairs). Its low weight and Quick Grip mountings allow you to fit the roof box easily and conveniently. Neat touches such as LED lighting in the lid, to help you load in the dark.

The bumper cover protects the paintwork from damage caused by loading objects into the boot. Made from stainless steel with a high gloss finish, the cover looks great and works well.

The electrically folding towbar gives you the ability to tow and folds discreetly away when not in use. A press of a button inside the load compartment, and the towbar folds out – all you have to do is lock it into position with one click. If the towbar is not locked in position or if any of the lights on the trailer cease to function, you'll be alerted in the car's driver display. And available in different variants, a towbar mounted bicycle holder allows you to bring your bikes safely and conveniently.

## WELCOME TO VOLVO CAR LIFESTYLE COLLECTION.

Our Lifestyle Collection includes a wide range of lifestyle accessories – from Swedish crystal and crafted leather bags, to clothing, watches and more selected items. To view the complete collection, please visit [collection.volvocars.com](https://collection.volvocars.com)

## SERVICE BY VOLVO. A SIMPLER WAY.

When you buy a Volvo, you buy the simplest way to have a car. No matter what your car may need, your authorised Volvo workshop will take care of it for you and make sure that your Volvo stays in tip-top shape.

We have our own approach to service that's personal, efficient, and which takes care of you as well as it takes care of your

car. We call it Service by Volvo and it will provide everything you need in the simplest way possible.

Your Volvo Cars dealer offers a whole range of simplifying services all designed around you, ensuring you a carefree ownership experience. Still, this is just the beginning. Soon, you will also get a Personal Service

Technician, your car will be ready within the hour and you can relax in our lounge instead of driving back and forth. It's because everything we do is about finding new ways to make life simpler for people, with our cars as well as our service.

### HAVE YOU GOT YOUR VOLVO ID?

A Volvo ID allows you to access a whole world of connectivity with your Volvo. With your Volvo ID, you can:

- Access your My Volvo account on [volvocars.co.uk](http://volvocars.co.uk) for car information
- Access internet services and apps in your car, including connected service booking
- When applicable, sign in to the Volvo On Call app and connect with your car from everywhere

### CONNECTED SERVICE BOOKING

If your Volvo has Sensus Connect, it will remind you when it needs servicing and offer to contact your Volvo dealer for you. Booking proposals sent from your preferred dealer can easily be managed directly in the car. When the time comes to drive to your workshop, your Volvo will remind you and even guide you there. And since your Volvo tells us what it needs, we can make sure it always receives the service it requires when it gets there.
