EXTERIOR.

Around the exterior, it is clear that the new BMW 1 Series not only embraces its strong BMW legacy but also proves its presence on the road. Featured as the centre-piece, the interconnected BMW Kidney grille perfectly aligns with the standard LED headlights to provide an invigorating appearance. From the front to the rear, the strikingly sporty design truly defines the new BMW 1 Series.

The design of the standard tilted LED headlights clearly distinguishes the new BMW 1 Series as youthful, thanks to its slender appearance. From the daytime driving lights to the low and high-beam headlights, all functions of the LED headlights have a longer lifespan and save more energy. As well as illuminating the road, the LED headlights create a striking and unforgettable design.

New technologies are also available for the exterior. Thanks to the range of optional packages available for the new BMW 1 Series, you can now perfectly tailor any driving needs within your vehicle. Options such as Comfort Access and the Digital key provide innovative, intelligent and convenient solutions. The Digital key allows you to lock and unlock your BMW, and even start the engine, without needing a physical key. It can be downloaded to selected Android smartphones using the BMW Connected App and shared with family and friends.

INTERIOR.

Pure driving joy continues inside the car. Available with a combination of stylish interior design cues and a generous BMW ConnectedDrive offering, the new BMW 1 Series presents an attractive modern ambience set to keep the senses tingling.

Featured below and exclusively available for the M135i xDrive, the Trigon cloth / Alcantara upholstery is perfectly complemented by the surfaces covered by the Illuminated Boston interior trim. This feature is perfectly combined with the optional Extended lighting (standard for M Sport and M135i xDrive) that allows dynamic light flow throughout the interior.

Available for the first time on the new BMW 1 Series, the new ConnectedDrive offering presents a whole host of technology available as standard. Once you have registered for a free BMW ConnectedDrive account, you are now more connected than ever before. In combination with the optional BMW Live Cockpit Professional (standard for M135i xDrive), by simply saying "Hey BMW" the BMW Intelligent Personal Assistant is activated to support you in a range of situations. The feature allows you to communicate with your vehicle and enables you to know your BMW better. Thanks to its range of comprehensive technology, it truly demonstrates how progressive the new BMW 1 Series can be.

PACKAGE HIGHLIGHTS.

BMW packages in the new BMW 1 Series are designed to create greater convenience, functionality, desire and comfort on any drive. With options ranging from a selection of visually enhancing alloy wheels to the comfort of keyless access, this generous selection of combinations will enhance any journey in your new BMW 1 Series.

M SPORT PLUS PACK.

£1,800

Enhance your new BMW 1 Series M Sport with the M Sport Plus pack. With this package, you receive a generous selection of visual and performance upgrades to deliver the ultimate BMW experience.

The **M Sports steering** creates a more direct and linear steering ratio for lower steering angle requirement.

The dark-tinted **Sun protection glass** for the rear side windows and rear windscreen prevents the interior from heating up when exposed to direct sunlight.

The **M seat belts** in Black are finished with a coloured M seam and fitted to all five seats.

18" M light alloy V-spoke style 554 M wheels, Orbit Grey. Also shown is the **M Sport braking system** which is distinguished by exclusive Blue brake calipers and features the M logo on the front axle calipers.

The **M rear spoiler** emphasises the vehicle's athletic silhouette and reduces unwanted lift. By producing downforce on the rear axle, it provides the vehicle with greater driving stability.

COMFORT PACK I.

£600

The Comfort pack I, exclusively available for SE and Sport models, combines convenient and innovative functionality with pure comfort. Offering practical storage solutions like the Luggage compartment package which can be utilised for your convenience in the new BMW 1 Series.

The **Luggage compartment package** includes a tensioning strap, frame net in Black, 12V socket, cargo function and a stainless steel loading sill.

Extended lighting features numerous LED lights, both inside and outside, for increased convenience and a stylish look. The BMW logo projection, as shown above, is featured on the driver's side only.

The **Exterior mirrors with automatic anti-dazzle** and electric fold-in functions.

The **Seat heating for driver and front passenger** allows for heating of the entire seat base and backrest.

COMFORT PACK II.

£1,500

With the Comfort pack II you can now access your car with greater ease and keyless entry thanks to the Automatic tailgate and Comfort Access.

The **Steering wheel heating** quickly warms up the rim of the steering wheel at the push of a button, which is especially comfortable in winter.

The **Electric seat adjustment with driver memory** makes it particularly convenient and easy to adjust the driver and front passenger seats.

The **Automatic tailgate** operation enables the convenient opening and closing of the tailgate using the boot button or remote key.

The **Comfort Access** system makes it possible to open all of the vehicle doors and the luggage compartment, without using the key. You can use the BMW Digital Key on a compatible smartphone or the NFC key card for accessing and starting the vehicle.

PACKAGE HIGHLIGHTS.

M135i PLUS PACK.

£1,500

Enhance your new BMW 1 Series M135i xDrive with the M135i Plus pack. This package enhances the vehicle through a selection of visual and performance upgrades to deliver the ultimate BMW experience.

Shown above, **19" M light alloy V-spoke style 557 M wheels, Bicolour** lend a particularly sporty appearance to the M135i xDrive.

The **harman/kardon surround sound system** has a 464W digital amplifier, nine channels, vehicle-specific equaliser and 16 speakers.

The dark-tinted **Sun protection glass** for the rear side windows and rear windscreen prevents the interior from heating up when exposed to direct sunlight.

Alternatively available, the **19" M light alloy Double-spoke style 552 M wheels in Bicolour** provide a particularly jaw-dropping performance on the road.

TECH PACK I

£1,500

Offering the latest innovations, the Tech pack I is the perfect companion on any journey. From the ability to charge your phone wirelessly, to the convenience of relevant driving information projected onto the windscreen, this package enhances your driving experience.

Enhanced Bluetooth with wireless charging provides a wireless connection of the telephone with the vehicle. **WiFi hotspot preparation** enables connection of mobile devices to the internet via the SIM card installed in the vehicle.

The **Head-up Display** projects information relevant to the journey into the driver's field of vision. The system can display navigation information, speed, warning information, if driver assistance systems are selected, and much more.

Park Assist makes parking easier with Parking Assistant, Reversing Assistant, Lateral Parking aid and Reversing Assist camera. The Reversing Assistant saves the last 50 metres of an entry path at a speed of up to approximately 20mph in order to follow this path while reversing.

BMW Icon Adaptive LED headlights include additional contents over the standard LED headlights: eight power LEDs for low and high-beam headlights, '4-eye face' with all light functions, adaptive headlights with city, main road and motorway mode and anti-glare high-beam headlights with predictive Adaptive headlights coupled to navigation data.

TECH PACK II.

£1,500

The Tech pack II offers the latest BMW technology and a host of BMW ConnectedDrive services just for you at a touch of a button.

As well as two high-quality 10.25" display networks, **BMW Live Cockpit Professional** offers you additional ConnectedDrive services including BMW Intelligent Personal Assistant and Remote Software Upgrade. By upgrading to **Connected Package Professional**, you also benefit from services such as Connected Parking, as well as a three month trial with Connected Music.

The outstanding **harman/kardon surround sound system** features a 464W digital amplifier, nine channels and 16 speakers. Its extremely harmonious sound perfectly fills the interior space. Fully automatic, speed-dependent equalising precisely compensates for any background driving noise.

MUSIC HIGHLIGHTS.

THE PERFECT SOUNDTRACK.

There's so much to experience while on the road in your BMW. And because the right soundtrack turns every route into an adventure, there's a host of music technology available to ensure the right backing track is played to suit your mood. As standard, SE, Sport and M Sport models on the new BMW 1 Series can simply stream music via Bluetooth and USB. However, the new BMW 1 Series has far more on offer for you to unlock thanks to BMW ConnectedDrive.

Whether you're on your commute to work or heading to the shops, you can ensure your favourite songs are with you anytime, anywhere thanks to Connected Music which is part of the optional 3 month Connected Teaser package. Also available as part of the Connected Teaser, BMW Music allows you to access millions of songs and thousands of audio books straight into your vehicle. Take your journey to the next level – the perfect soundtrack is sorted in the new BMW 1 Series.

CONNECTED MUSIC.

Your favourite songs anytime, anywhere. With Connected Music you'll always find the perfect soundtrack for the road. Unlimited streaming of millions of songs from BMW's music partner Spotify, Deezer or Napster via the SIM card in the vehicle. All you need to do is log in directly in the vehicle with the access credentials for your premium account to gain access to all your favourites, playlists and audio books.

- ✓ Access to millions of tracks and thousands of audio books.
- ✓ Direct streaming via the built-in SIM card in your BMW without having to use your smartphone.
- ✓ Synchronisation of your favourites and playlists in the vehicle and on all end devices.
- ✓ Available on vehicles fitted with optional BMW Live Cockpit Professional.

BMW MUSIC.

BMW Music powered by Napster brings your favourite music to your BMW. Get access to millions of songs and thousands of audio books with a single click. You do not need to register, have an account or a smartphone. All BMW Music powered by Napster tracks are streamed via the SIM card into the vehicle and are only available there.

- ✓ Access to millions of tracks and thousands of audio books.
- ✓ The music is already in your BMW. No registration, no login, no password required.
- ✓ Direct streaming via the built-in SIM card in your BMW without having to use your smartphone.
- ✓ Available on vehicles fitted with optional BMW Live Cockpit Professional.

UNFORGETTABLE JOURNEYS NEED UNFORGETTABLE SOUNDS.

Sound is a significant part of the BMW experience, it's an extra layer to inspire the senses and makes the journey not only immersive but also more enjoyable. The following loudspeaker systems below are available on the new BMW 1 Series.

The **HiFi loudspeaker system**, featuring a 205W amplifier and ten speakers, provides an even distribution of sound throughout the interior of the vehicle. The digital amplifier guarantees a particularly fine audio adjustment and thus produces brilliant sound for any drive.

Superior surround sound: the outstanding **harman/kardon surround sound system**, available as optional equipment, produces an extremely harmonious sound that reproduces voices, instruments and musical subtleties precisely and naturally. The system's main features are the highly efficient 464W digital amplifier with nine channels and individually adjustable equalising. Its fully automatic and speed-dependent control function finely offsets the influence of any driving noise. The 16 speakers create a full, consistent sound at every seat. Only available with the BMW Live Cockpit Professional. Part of the Tech pack II and M135i Plus pack.

BMW PAY MONTHLY SERVICING & TRACKSTAR.

SERVICING MADE SIMPLE.

Planning for the road ahead has never been easier. With the BMW Pay Monthly Service Plan¹ you can remove the uncertainty often associated with car servicing costs by spreading them monthly, much like you would your household bills. Our Pay Monthly service plan covers two services and any unused credit can be transferred to another BMW if you decide to switch unexpectedly. As part of the Pay Monthly plan you will also receive a number of added extras including:

- Fluid top ups
- An MOT
- A Wash & Vac each time you visit
- Seasonal health checks
- Sat Nav Map updates

Get the quality service and parts you expect from BMW with a fixed monthly payment. Give your BMW the care and attention it deserves from the experts that made it.

Price: £20 per month for 36 months

Please contact your preferred BMW Centre for further information.

BMW TRACKSTAR.

Locate and recover your vehicle if it is stolen with BMW Trackstar or BMW Trackstar Advance. Benefits include:

- 24/7 Trackstar Monitoring Centre
- Thatcham accredited
- Integrated motion sensor
- Pan-European protection

BMW Trackstar S7 price from: £399²

BMW Trackstar S5 price from: £549²

BMW Trackstar S5 Advance price from: £649²

¹ = Participating Retailers only. Two services must be claimed within four years or 40,000 miles, whichever occurs soonest. ² = Price excludes subscription. Please consult your preferred BMW Centre for further details. Content correct at time of going to print. Prices subject to change.

BMW M PERFORMANCE ACCESSORIES.

The new BMW 1 Series' distinctive character and outstanding agility ensures an unmistakable sporty driving experience. The extensive range of M Performance accessories allow the car's sporty appearance and dynamic potential to be given an additional boost.

The new high-quality Carbon Fibre components are crafted elaborately by hand before being sealed with a clear finish and given a High-gloss polish.

Carbon Rear Diffuser, Rear Spoiler, Side Skirt attachment and M Performance 19" alloy shown here.

The front splitter and aero flicks in High-gloss Black optimise the aerodynamics.

The rear throughflow spoiler enhances the sporty appearance. Available in PU High-gloss Black (can be painted).

A new range of carbon accessories available, including mirror covers.

A range of M Performance Accessories will also be available for the interior, including M Performance Steering Wheel with distinctive Alcantara grip.

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as "BMW") provides the customer with certain vehicle-related information and assistance functions (hereinafter called "Services") under the name of "BMW ConnectedDrive". BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorized BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via "My BMW ConnectedDrive".

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle's built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
