The AMG Line Hybrid Premium is based on the AMG Line Hybrid and comes with that little bit of extra comfort and technology, such as the MULTIBEAM LED Intelligent Light System, which provides you with perfect light and visibility. Thanks to the Parking package you will master tight parking spaces effortlessly. Active Parking Assist with PARKTRONIC searches for a suitable parking space and then helps you to park in it, while the 360° reversing

camera gives you the complete overview around your car. Conveniently store and select up to three different seat positions with the Memory package. COMAND Online, the online-capable infotainment system, gets you to your destination faster and in more relaxed style. And while on the road, compatible smartphones can be charged wirelessly.

In addition/replacement to AMG Line Hybrid:

Exterior

MULTIBEAM LED Intelligent Light System – headlamps with 84 individually-controlled LEDs, integrated daytime running lamps, Active Light System, cornering light function, motorway mode function, enhanced fog lamp function, Adaptive Highbeam Assist and locator lighting

Interior

Memory package – driver’s seat, front passenger seat, steering column and exterior mirrors – electrically adjustable with memory; includes electro-pneumatic four-way lumbar support and seat cushion depth adjustment (6 cm)

Parking package including 360° camera – Active Parking Assist makes it easier to find and select a parking space as well as to enter or leave parallel and end-on parking spaces or garages. The 360° camera transfers a realistic image to the multimedia system’s display, thus providing assistance when parking and manoeuvring

Communications, Safety and Assistance Systems

COMAND Online system¹ – media Interface and touchpad with control wheel and 12.3-inch colour display. Integrated WLAN hotspot for onboard access of WLAN-enabled devices

Wireless charging – wireless charging surface integrated into quick stowage tray in front of centre console. Quick establishment of connection between multimedia system and mobile phone via Near Field Communication (NFC)

BP Chargemaster Homecharge – simple, convenient, faster charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Homecharge wallbox through our charging partner BP Chargemaster. The 7 kW Homecharge unit delivers a full charge in just four hours – that’s three times faster than using a 13 A three-pin domestic plug.¹

HOMECHARGE 7 kW: £399* incl. VAT & installation

Key benefits of the 7 kW BP Chargemaster Homecharge:

Robust and weatherproof, for indoor or outdoor use, and comes with a three year warranty

Installed in as little as two weeks

The cost for a fully-installed charge point at your home includes the £500 OLEV (EVHS) grant²

As a Mercedes-Benz driver, when you install a Homecharge unit through BP Chargemaster you will automatically receive three months FREE membership to POLAR plus, the UK’s largest public charging network with over 6,500 charge points

Questions?

- Simply email mercedes-benz@chargemasterplc.com or
- call their dedicated Homecharge team on 01582 399 412

!Warning

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price includes £500 OLEV EVHS Grant. Price correct at time of publication, subject to change ¹Based on 7kW power output for plug-in hybrid vehicles

²The BP Chargemaster Homecharge £500 Grant (including VAT) is only available to customers who meet the criteria of the Office of Low Emission Vehicles (OLEV) and is provided and installed by BP Chargemaster plc. For full details and eligibility criteria for the OLEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>. Driving Assistance Plus package

Active Distance Assist DISTRONIC

Active Steering Assist

The Driving Assistance Plus package contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

Driving Assistance Plus package (code P20) – designed and priced as a package, including items as listed below.

AMG Line Night Edition Premium Plus, All-Terrain Edition and Mercedes-AMG E 53 4MATIC+ **Total incl. VAT £1,695.00**
Standard on Mercedes-AMG E 63 S 4MATIC+ Premium Plus

Driving Assistance Plus package comprises:

Active Blind Spot Assist can warn the driver of vehicles in the blind spot during a lane change and can help to avoid a collision by means of one-sided braking intervention

Active Braking Assist with cross-traffic function can help to avoid accidents with vehicles ahead, crossing traffic and also pedestrians, and/or mitigate their consequences

Active Distance Assist DISTRONIC helps maintain the desired distance from the vehicle in front

Active Emergency Stop Assist: immediate emergency braking if evasion is impossible

Active Lane Changing Assist aids the driver with changing lanes by means of steering torque as soon as the driver initiates the change by activating the direction indicator

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Active Steering Assist: targeted steering intervention to prevent unintentional drifting out of lane

Evasive Steering Assist can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

PRE-SAFE® PLUS: when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment: adaption of speed before curves, roundabouts and junctions

¹The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK.

For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging

*CO₂ figures have been converted into NEDC-equivalent values for use with the current VED and BiK tax legislation

Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>

⁶All figures are based on a standard specification with the smallest tyre size. ⁷The choice of wheels and transmission may affect CO₂ emissions and corresponding Road Fund Licence

⁸The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK.

For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging

*CO₂ figures have been converted into NEDC-equivalent values for use with the current VED and BIK tax legislation

Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging

³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase)

⁴If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions are listed in the technical data on pages 78, 86 and 92, and the relevant Excise Duty is reflected in the on-the-road prices on pages 46–51.

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your E-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

To receive a personalised ServiceCare plan recommendation visit the ServiceCare Calculator at servicecarerates.mercedes-benz.co.uk

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Motor Insurance

Superb cover comes as standard. When reviewed by an independent research company, Defaqto, Mercedes-Benz Motor Insurance received a five-star rating, the highest rating available. We design our Motor Insurance specifically for Mercedes-Benz drivers.

For more information or to obtain a quote, click [here](#).

Mercedes-Benz Finance

Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit www.mercedes-benz.co.uk/fandi.

Mercedes-Benz Agility (our PCP product).

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

> View the Range Guide

Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

At the end of your agreement you have three options to choose from.

Option 1: Purchase your Mercedes-Benz.

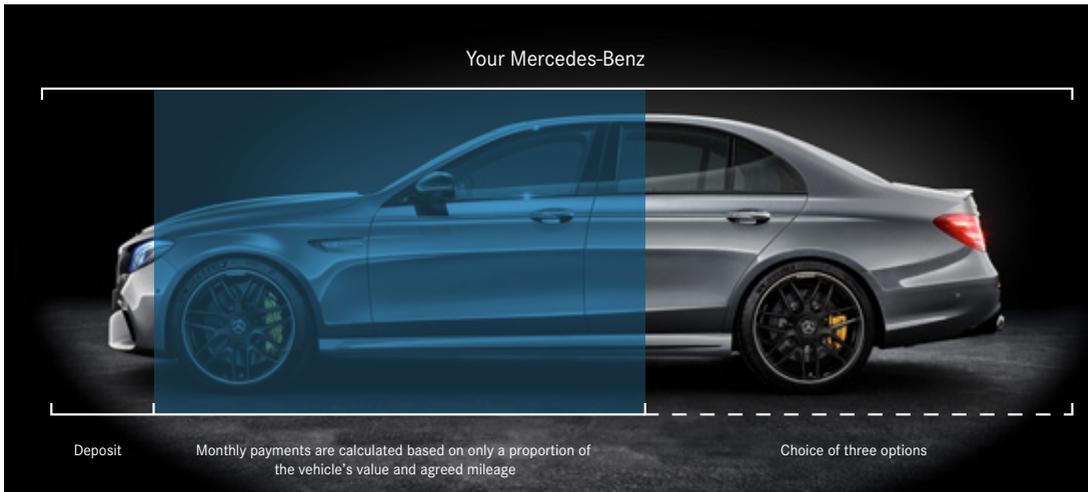

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.¹ This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

Option 2: Hand back your Mercedes-Benz.

If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,^{*} as vehicle condition, excess mileage and other charges may be payable.

Option 3: Part-Exchange for a new vehicle.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.¹ This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.

¹Please note the 'Purchase Activation Fee' of £10 will be debited from your account *To find out more information about our Vehicle Return Standards please visit <http://mercedes-benz.co.uk/vrs>
