VOLVO **V60**

**For more than** 60 years, Volvo Cars has been driven by a vision to create estate cars that enrich people's lives. That exact same vision underpins the V60. This is a car where modern Scandinavian design and a focus on innovation allow you to live the life you want. The V60 does more than simply fit into your active life. This is a car that will help make every moment count.

Elegant, sporty, spacious and versatile: welcome to the new generation of Volvo estate car. Welcome to the Volvo V60.

## WE ARE REDEFINING PERSONAL MOBILITY.

**Our aim is** to provide freedom to move in a personal, sustainable and safe way. We do this by putting your needs first – using the best available technology to serve you, inventing new technology where none already exists and combining technologies to deliver new experiences.

At Volvo Cars, we have always put people first. We believe that technology should set us free – not restrain us. The car shall be an enabler of a richer, less complicated life. And as a progressive provider of personal mobility, we want to enable a future of fully connected, fully electrified and self-driving cars.

We are committed to pursuing our visions:

- No one should be seriously injured or killed in a new Volvo car by 2020.
- We want to give back one week of quality time per year through a new Volvo car by 2025.
- Around 50 per cent of the cars we produce and sell will be electric by 2025.

These visions reflect our commitment to protecting what's important to you and the world we share. This is summarized in the Swedish word "Omtanke" which stands for caring and consideration. It also means "to think again", so we collaborate with some of the world's top tech companies to nurture innovations that will take us into a better, more sustainable future.

Our goal is to make your life easier and more enjoyable – and to give back that sense of joy and freedom that the car represents.

## MOMENTS MAKE MEMORIES.

**Life is about** the experience. Making the most of every moment. The moments of calm. The moments of freedom. The moments of confidence. Creating memories that will last forever.

With versatility, intuitive technology and engaged dynamics, the V60 is the car with which you will share life's little – and big – moments. A car that is the ultimate lifestyle enabler.

**T5 | Inscription**

Black Diamond Cut alloy wheels

## CONFIDENT SCANDINAVIAN DESIGN.

**The purity of line** and purpose that defines the Volvo V60 is classic Scandinavian design. Dynamic, elegant and considered, it is a car that projects confidence.

It's the little things that make the biggest differences. Our deeply sculptured sides emphasise the car's athletic character, while a roof spoiler further helps convey the dynamic nature of

the V60. Large side windows suggest a spacious interior and help communicate its practicality. Finely crafted details such as the proud front grille and LED lights – front and rear – help lend it a strong identity.

This is the bold new wave of Volvo Cars' design, personified.

**T5 | Inscription**

727 Pebble Grey metallic | 19" 5-multi spoke  
Black Diamond Cut alloy wheels

## GET ACCUSTOMED TO LUXURY.

**Inside the Volvo V60**, you're in a place where Scandinavian design and Swedish craftsmanship meet. A place where all the occupants travel in comfort, thanks to superb seats and individually adjustable climate control. Clean, uncluttered design combines form and function. Authentic materials and refined details, such as the diamond pattern on the control knobs and the optional tailored dashboard, create a sense of contemporary luxury.

The front seats are shaped to complement the human form, so they're exceptionally supportive and have a wide range of adjustment. In the rear, generous legroom and the supportive seats mean everyone will be comfortable.

The optional panoramic glass roof floods the cabin with light. It's tinted to reduce glare and has a powered sunshade and our CleanZone technology filters incoming air to help remove dust, pollen, particulates and odours.

**T5 | Inscription**

Perforated Nappa Leather | Charcoal in Charcoal  
interior RC00 | Driftwood inlay | Bowers & Wilkins audio system

**The distinctive air vents** have controls with a metal finish and a diamond-pattern on the knob. Driftwood trim is a unique wood treatment, influenced by Volvo Cars' Swedish heritage. It is satisfying to look at and touch.

The intuitive 12-inch driver display with four graphic modes and the 9-inch centre display with touch screen puts you in the centre of action.

**Spacious, filled with light and beautifully made,** the interior of the V60 is a place where you'll delight in the details.

## THE LUXURY OF VERSATILITY.

**The thoughtfully designed** interior of the Volvo V60 helps you do what you want to do, combining smart versatility with dynamic elegance.

The load compartment is nearly square, without any intrusion from the rear suspension, resulting in a space that easily accommodates bulky and awkwardly-shaped objects so you can make the most of the class-leading luggage capacity. The powered tailgate allows you to open or close it using a

button on the car's remote, dashboard or the tailgate itself. And it's available with a hands-free function that allows you to open and close it simply by moving your foot under the rear bumper.

Clever details make every day easier. A bag holder that flips up out of the floor of the load compartment stops shopping bags from sliding around, while a hidden storage compartment allows you to keep valuables out of sight.

**T5 | Momentum**  
726 Birch Light metallic

## CAPTURE THE FEELING.

**From the moment** you settle into your seat and close the door behind you, the V60 is a car set up to inspire driving pleasure. Standard Comfort seats have extensive adjustment so it's easy to get comfortable – and to stay comfortable, even on long journeys. Contour seats add deeper bolsters and an extending cushion with side support, which gives even greater support for the whole body.

On the road, the chassis and suspension provide exceptional control, creating a truly dynamic driving character. At the front of the car, a sporty double wishbone, transverse link suspension provides the best possible contact between tyre and road surface. At the rear, an integral link design features a sophisticated transverse leaf spring made from lightweight composite and tuned to provide sporty, dynamic roadholding without compromising refinement and ride comfort. Advanced, lightweight materials reduce overall weight and ensure sharp responses.

As well as providing a confidence-inspiring drive, the V60 delivers the breadth of ability that you expect from a Volvo, with a ride that provides excellent comfort over any road.

The optional active chassis allows you to customise the way the V60 rides and handles, and four Adaptive Drive Modes mean you can choose your preferred configuration for engine, gear-box, accelerator and steering. Or you can even create your own bespoke set-up with Individual mode.

However you configure it, the V60 is as comfortable on the highway as it is capable on your favourite roads.

The advanced engineering in the V60 delivers pure, dynamic driving pleasure. With double-wishbone front suspension similar to that found in sports cars, the V60 provides you with more precision and control more of the time.

## POWER TWINNED WITH EFFICIENCY.

**Our range-topping plug-in hybrid**, the T8 Twin Engine, has power and finesse, with the ability to adapt to every moment. Driving the front wheels is a powerful turbocharged and supercharged petrol engine. Power to the rear wheels comes from a responsive electric motor. This set-up really does offer the best of everything – silent, emission-free driving in the city and powerful highway performance.

Because it was designed to use a hybrid powertrain, the T8 Twin Engine has the same space and capacity as other V60 models, so it's just as practical. Charging is quick and easy. Just plug it in to the mains supply or at a charging station.

Five drive modes allow you to change the car's character to suit the road ahead and even your mood. Pure mode is optimised to allow zero-emission commuting with electric power up to a range of 31 mph. Switch to Power mode and the turbocharged, supercharged petrol engine and powerful electric motor work together to give you an instant response and all-wheel drive traction when you accelerate. In default Hybrid mode, the T8 Twin Engine chooses between the petrol engine, electric motor or a combination of the two, to keep you moving as smoothly and efficiently as possible. And to optimise traction in slippery conditions, there's an AWD mode that gives you all-wheel drive that distributes the drive between the front and rear wheels to help keep you going. A customisable Individual mode allows you to tailor your car's behaviour to suit your specific needs.

Made from Orrefors® crystal glass, the gear selector in the T8 Twin Engine Inscription blends traditional Swedish materials with advanced design and technology. The latest shift-by-wire technology allows even smoother operation of the gear selector.

VOLVO V60

**T8 AWD | Momentum**

Tinted Silver Diamond Cut alloy wheel, 1040

**POWERFUL.  
EFFICIENT.  
REFINED.**

**Wherever you're headed,** our powerful and refined powertrains make the driving experience a real pleasure. Choose from the efficient turbodiesels or the high-performance petrol engines. Compact and light, these four-cylinder powertrains reduce weight over the front wheels, helping to improve agility and the way the car responds to your driving inputs. And because smaller engines lose less energy through friction, you'll find them more efficient – every drop of fuel works harder and helps minimise emissions.

And through our innovative i-ART direct fuel injection system we are able to precisely monitor each of the four cylinders in our D3 and D4 diesel engines, so the control system can calculate the exact amount of fuel needed. It makes your engine perform better and more efficiently for the lifespan of the car, as well as reducing engine noise for a more refined experience.

All of our powertrains can be complemented by adaptive drive modes, allowing you to alter the way the V60 drives to suit the road ahead. Eco mode, for example, recalibrates the powertrain for the lowest possible fuel consumption, while Dynamic sharpens response times to make the V60 react faster to your commands.

## PILOT ASSIST. YOUR JOURNEY MADE EASIER.

**Our advanced driver assistance technology** helps make your life easier, allowing you to relax and enjoy the drive while still being in control. Pilot Assist helps to reduce some of the effort required at higher speeds (up to 80 mph) or in stop-start traffic, so journeys are more enjoyable. It keeps the V60 at a set speed and distance from the vehicle in front, and uses steering inputs to keep you in the centre of your lane. This means that even in the most monotonous driving situations, such as on long highway journeys, your car helps take some of the strain and keeps you focused on the drive.

It does this using a combination of information from both a camera and a radar integrated into the V60's windscreen, which the car uses to monitor its position relative to visible lane markings and the vehicle in front of you (if there is one).

It's intelligent too: using map data from the car's navigation system, the car identifies hills and curves ahead and adapts the speed to help optimise your comfort and safety. And when the system deactivates, you are notified by a discreet vibration in the steering wheel.

This is our approach to technology – designed to make every journey you take safer and more relaxing.

**Please note:** The driver is always responsible for how the car is controlled, the functions described here are only supportive.

**T5 | Inscription**

727 Pebble Grey metallic | 19" 5-multi spoke  
Black Diamond Cut alloy wheels

## CITY SAFETY TECHNOLOGY. YOUR PRO-ACTIVE PARTNER ON THE ROAD.

### Connected Safety

This safety innovation can help you to foresee potentially hazardous traffic situations, for example if there's another connected car ahead with activated hazard lights. And using actual weather and infrastructure information, Connected Safety can also alert you if there is a risk for slippery road. This information can also be shared with other connected cars.

### Oncoming Mitigation by Braking

A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If a collision can't be avoided, it can brake your car automatically and tighten the optional prepared front safety belts in order to help reduce the effect of a collision.

### Oncoming Lane Mitigation

If you drift across the lane markings and into the path of an oncoming vehicle, your car can alert you and gently steer you back onto the correct path. This system does this using automatic steering assistance, helping you to avoid collisions with oncoming vehicles.

**Our advanced pro-active** safety technology helps you feel confident and in control. At the heart of this technology is City Safety. By helping you to keep a lookout and brake or steer away for you if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if needed and can brake automatically to help avoid a collision or reduce impact. Our advanced Oncoming Mitigation by Braking technology – a Volvo Cars safety world first – can detect if

there's another vehicle driving towards you and brakes automatically to mitigate the impact.

Your Volvo can also support if you're forced into a rapid evasive action at speeds between 31 and 62mph. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is simply your perfect partner: pro-active when it's needed, and staying discreetly in the background the rest of the time.

#### Lane Keeping Aid

The Lane Keeping Aid can gently help steer your car back into its lane if it senses you are about to inadvertently cross into a different lane. If this is not enough or if you keep steering across the lane markings, you'll be alerted with vibrations in the steering wheel.

#### Run-off road Mitigation

Stay safely on the road with this Volvo Cars safety innovation. If Run-off road Mitigation detects you're about to leave the road unintentionally, it can provide steering input and, if necessary, brake support to help guide you back on track.

#### BLIS™ with Steer Assist

BLIS™ can alert you when a vehicle enters your blind spot or approaches fast from behind. If you nonetheless drift into the path of another vehicle, BLIS™ can gently help steer you back into your lane.

## DESIGNED TO PROTECT.

**Protecting you and** your passengers has always been at the heart of every car we make, and the advanced safety features in your Volvo are the result of decades of passionate innovation.

In a Volvo, it's the interaction between all the safety features that determines how efficiently the car will protect you in a collision. Everything, from the design of the seats to the surrounding safety cage and the safety belts and airbags, works together to help minimise the strain on all occupants and maximise protection.

The front seats not only provide world-class comfort, they are also designed to protect you in the event of an impact. Our unique whiplash injury protection helps protect your back and neck if your car is hit from behind. And in a run-off road

scenario, the energy-absorbing front seat structure will help protect your spine in a hard landing, should the car become airborne.

Your Volvo can even sense and prepare for impact. The optional prepared front safety belts tighten automatically if the car detects that a collision is likely, to ensure you're in the safest position should one occur. And in the event of an accident, your Volvo can automatically contact emergency services and communicate the car's location so that you can get help as quickly as possible.

It's this range of safety technologies and attention to detail that makes your Volvo a safe place to be.

### Crash-absorbing front seats

The sculpted front seats in your Volvo are more than just beautiful to look at. Their unique structure helps to absorb vertical impacts, helping to protect your spine if the car lands heavily after leaving the road. It's another example of how we make every part of a Volvo work harder for your safety.

### Volvo safety cage

The passenger compartment uses a high percentage of ultra high-strength boron steel to create a protective cage around everyone inside the car, while front and rear deformation zones help dissipate the crash energy. The safety belts and airbags work together to cushion you and your passengers in a controlled fashion.

### Child safety

At Volvo Cars we've spent decades continually researching and improving child safety. Our unique approach includes creating and carrying out tests based on real-life traffic situations, as well as testing our child seats alongside our cars. With our latest range of child seats, we offer unparalleled protection.

## PARKING PEACE OF MIND.

**Every journey you will** ever make begins and ends with the parking experience, which is why Volvo Cars has invested a lot of thought into developing solutions that make parking easier and help save you time. Your V60 can help find you a parking space, park itself and also pay for it.

If you want to take control of parking yourself, then the 360° camera and Park Assist sensors help you to park safely and easily. The 360° camera is there to help you with its bird's-eye view of your surroundings, shown on the centre display. In order to pay for your parking, just use the Park & Pay app that comes with Sensus Navigation.

And for even simpler, safer parking, Park Assist Pilot is like having someone park your car for you. It will tell you if a space is big enough and then takes over the steering for the parking manoeuvre. It can park in a space just 1.2 times the length of your Volvo – all you need to do is accelerate and brake according to the prompts on the driver display.

Then, when you leave a parking space, Cross Traffic Alert with Autobrake helps you to avoid a collision when you reverse out. It warns you of vehicles, pedestrians and cyclists approaching from either side and will even brake for you if it detects an imminent collision.

### 360° camera

Our 360° camera provides you with a helpful bird's-eye view of your car and its surroundings on the 9-inch centre screen display in the cabin, so you'll be able to park simply and safely, with excellent visibility of what's around you.

## THE HUMAN TOUCH.

**We set out to make** living with your Volvo easier and more enjoyable. To do that, we understood that the advanced technology that connects you to your car and the world around you should have a natural, human feel.

Our 9-inch centre display with touch screen allows you to intuitively control the functions of your Volvo and stay connected. The touch screen surface is so responsive that you can operate it wearing gloves. It also has an anti-reflective coating to help reduce glare, so it's always easy to see what's on the screen.

One of Volvo Cars' guiding principles is to make it easy for you to interact with your Volvo without being distracted. As a result, we put essential information right in front of the driver by using a digital driver display in the instrument panel. This high-resolution screen showcases key information for the driver and can vary the size and shape of the readouts it shows, depending on how you are using your car. For example, if you are using the navigation system, the display for that becomes enlarged, so you can focus on your directions more easily. The driver display also adapts its brightness according to exterior light sources such as bright sunshine or the lower light conditions of tunnels.

An optional head-up display also projects information onto the windscreen so it's closer to your eyeline – another way of reducing any potential for distraction.

And with Voice Control, you can access many functions of the V60, while keeping your hands on the steering wheel and your eyes on the road at all times. As it uses natural speech patterns, you don't need to learn specific commands – you can just talk to your Volvo as if you were talking to another person.

**The 9-inch centre display** with touch screen allows intuitive control of the car's functions. You can use it to operate the navigation, entertainment, climate control and your smartphone. Sleek and responsive, it looks beautiful and works beautifully – just how all technology should be.

VOLVO V60

**T5 | Inscription**  
727 Pebble Grey metallic

## YOUR WELL-CONNECTED GUIDE.

**Intuitive technology** in the V60 helps get you where you need to go quickly and easily. The clear graphics of Sensus Navigation are easy to read, while the portrait format of the centre display means maps scroll less and are able to show more of the road that you are travelling on.

Our innovations also save you time by helping you to find what you're looking for, with built-in apps such as Google Search and

Yelp. Find a petrol station, a restaurant or a hotel and then use Sensus Navigation to take you there.

The V60 keeps you connected with your digital world with an onboard wifi hotspot and 4G connectivity. And connecting your phone to the car is as easy as plugging it in – Apple CarPlay™ or Android Auto™ will do the rest, turning the centre display into an extension of your phone's screen.

### Voice control

Volvo Cars' latest voice recognition technology understands natural speech, so you can simply talk naturally to your car – there's no need to memorise specific phrases to operate climate control, navigation, media or telephone features.

### Sensus Navigation

With its clear mapping, seamless connectivity and ease of use, Sensus Navigation is your companion on every drive, taking care of the journey and leaving you to enjoy every moment.

### Smartphone integration

Apple CarPlay™ or Android Auto™ allows you to simply and easily connect your smartphone to your car. All you need to do is plug it in and the centre display will show you the same type of interface that you'll recognise from your phone's home screen.

## HEAR THE DIFFERENCE.

**Immerse yourself in** the clarity and detail of your favourite music in the V60. By working with some of the world's finest audio makers, we've created an in-car experience that takes you closer to the music you love.

Harman Kardon® Premium Sound delivers a beautifully balanced, powerful sound. This immersive experience is enabled by 14 hi-fi speakers including an air-ventilated subwoofer that produces a bass sound you'll feel in your body.

If you're truly passionate about music, the Bowers & Wilkins audio system with a full 1100W output will take the experience to an even higher level. The 15 separate high-end speakers

– including a tweeter-on-top centre speaker that minimises acoustic reflection from the windscreen and our unique air-ventilated subwoofer – will surround you with a powerful, pristine sound that feels more spacious and true to life than ever. It's all about music and making it possible for you to experience it just as it was intended when it was created.

And with seamless smartphone integration, enjoying music on your device is as easy as making a call, thanks to Apple CarPlay™ and Android Auto™. Spotify comes as standard\* with Sensus, giving you access to all the music you'll ever want.

\*subscription required

Our Bowers & Wilkins audio system integrates seamlessly with the cabin architecture of your Volvo to deliver the most realistic immersive sound possible. Innovative audio processing technology with three room modes allows you to recreate the acoustics of a specific room inside your Volvo, bringing you even closer to the music. And to enable extremely low and undistorted bass tones, the air-ventilated subwoofer uses innovative technology that allows it to pulse large amounts of air, actually turning the cabin into one big woofer.

We developed Harman Kardon® Premium Sound together with the hi-fi specialists at Harman Kardon®. Powered by a 600W digital amplifier, the 14 speakers are tailored to the acoustics inside your Volvo and deliver a powerful, high fidelity surround sound. A unique sound processing software by audio specialists Dirac Research optimises the response of each individual speaker as well as the speakers all together to ensure they perform in perfect harmony. So wherever you're seated in the front or rear seats, you can enjoy a seamless first-class listening experience in all conditions and – not least – an extremely unified and tight bass sound.

Apple CarPlay is a trademark of Apple Inc.  
Android is a trademark of Google Inc.  
Bowers & Wilkins is a trademark of B&W Group, Ltd.

## VOLVO ON CALL. ALWAYS THERE WHEN YOU NEED IT.

The **Volvo On Call app** connects your car with the rest of your world, helping make life less complicated. It's there when you need it, so your car becomes more than just a means of travel – it's your personal assistant.

It can tell you about the best coffee in town and send the destination to your car's navigation system. It knows when you've got appointments, where they are and how to get there. You can use it to make your car ready for the drive to the office, or the drive home, by remotely cooling or heating the cabin (automatic only). It can help you find a parking space, then take you straight to it. And it helps to keep you safe, automatically contacting emergency services if you're involved in an accident and telling them where you are.

Volvo On Call keeps you connected to the things you need. It's always on. Always with you. Always there.

### YOUR DAY MADE EASIER WITH VOLVO ON CALL

*From saving you time in the morning to helping you relax on the way home, Volvo On Call can be an indispensable part of your daily routine.*

### THE PERFECT START

*When you get into the car in the morning it's warm and defrosted, thanks to the Volvo On Call app's ability to run the engine. En route, you press the On Call button in the car and ask the operator to send your destination to the car's navigation system, so you don't have to manually enter it.*

07.30

11.00

### WHERE NEXT?

*A calendar card shows your next meeting. You push a button in the app, sending the address to the car's navigation system.*

#### FIND YOUR CAR

*You've forgotten where you parked, so you use the car locator map to find the street and then use the flash lights function to pinpoint the car.*

12.00

13.00

#### WIFI ON THE GO

*You pick up some colleagues. Using Volvo On Call, you create an in-car wifi hotspot with a strong internet connection for their mobile devices.*

#### REMOTE CONTROL COMFORT

*You set the engine to pre-heat or pre-cool the car interior so it's ready for when you leave the office.*

17.15

22.20

#### READY FOR A NEW DAY

*A notification reminds you that you've got a meeting in the morning. You send the location to the Sensus Navigation system.*

## CARE BY VOLVO – YOUR COMPLETE MOBILITY SOLUTION

**Today**, our concept of ownership is changing. Leases and subscription services have never been more popular. Well, why should you have to own something to enjoy it? This is the thinking behind Care by Volvo: a new service, designed to let you enjoy all the benefits that come with having a new Volvo without actually owning one. For a fixed monthly amount Care by Volvo not only gives you a brand-new Volvo for a fixed time period of two or three years, it also covers all regular service and maintenance costs and provides you with comprehensive insurance and breakdown cover. All you have to do is select which vehicle you would like and Care by Volvo will take care of the rest, leaving you free to enjoy life on the road.

**Care by Volvo** Includes:

### **Insurance**

Care by Volvo comes with the option of a comprehensive insurance policy for you and up to two additional drivers

### **Service and Repair**

Care by Volvo covers all regular service and maintenance costs plus the costs of any unexpected repairs

### **Pick-up and Delivery**

When it's time to service your car, we will pick it up, drive it to your Volvo retailer and deliver it back to you fully serviced

### **Tyre Replacement**

If the tyres on your Volvo begin to wear out we will replace them for you - quickly and conveniently

### **Connected Services**

Care by Volvo includes connected services like Volvo On Call

### **Breakdown Cover**

Care by Volvo includes Roadside Assistance, 24 hours a day, 7 days a week, 365 days a year

Insurance is underwritten by ABC Insurance, a trading style of Liverpool Victoria Insurance Company Limited. Subject to eligibility and underwriting criteria.

**Volvo V60 R-Design**  
The thrill of a sporty drive, characterised by style, responsiveness and control.

**Volvo V60 Cross Country**  
The rugged yet elegant V60 Cross Country, built to enhance your every adventure.

**Volvo V60 Momentum**  
Dynamic contemporary style with a premium appearance.

**Volvo V60 T8 Polestar Engineered**  
Optimised for pure performance with advanced driving dynamics.

## CREATE THE SWEDISH DYNAMIC ESTATE OF YOUR CHOICE.

Our approach in everything we do is to always put people first. This also includes allowing you the freedom to create a Volvo that matches your style and fits perfectly into your life.

To ensure you get your new V60 exactly as personal as you want it, you have several different design expressions to choose from – each with a distinctive style and character: the luxurious

V60 Inscription, the sporty V60 R-Design, the premium V60 Momentum and the adventurous V60 Cross Country. Or for truly advanced performance: the astonishing V60 T8 Polestar Engineered.

Whatever you prefer, you can rest assured there's a Volvo V60 for you. Read on, and see what your new V60 will look like.

## Inscription

### CONTEMPORARY LUXURY.

We created the elegant Volvo V60 Inscription to meet your expectations on contemporary Swedish luxury. It's a highly personal expression that evokes a strong sense of dynamic refinement. Each detail is carefully selected to give you and your passengers a stylish and invigorating experience.

Sophisticated exterior design cues enhance the luxurious look and feel of the V60 Inscription, while the meticulously crafted interior with leather seats gives you ample room for a relaxed driving experience.

The V60 Inscription epitomises our proud heritage of humancentric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the V60 Inscription is in a class of its own – just like you.

**T5 | Inscription**

727 Pebble Grey metallic | 19" 5-multi spoke  
Black Diamond Cut alloy wheels

The exclusive Volvo V60 Inscription with its subtle jewellery touches and beautifully crafted wheels expresses the essence of contemporary Swedish luxury. On the inside, you are surrounded by genuine materials and fine craftsmanship. It's a sensory experience, further enhanced by the Comfort seats in smooth Leather and genuine Driftwood decor – all to make the Volvo V60 Inscription your own personal statement of dynamic luxury.

The V60 Inscription with dynamic yet elegant 19-inch 5-multi spoke alloy wheels (optional) in distinctive Black Diamond Cut design.

The Inscription front grille in elegant chrome finish and the signature headlights with LED illumination.

The bright side window trim adds up to the luxurious appearance of the V60 Inscription.

Dual integrated end pipes and bright decor trim enhance the elegant and powerful impression from the rear.

The sculpted Comfort seats with Perforated Fine Nappa Leather upholstery and adjustable seat cushion extensions, and the Driftwood decor provide a sensory experience of contemporary luxury. In the tunnel console, there's a scroll wheel in diamond patterned metal finish that allows you to select your preferred drive mode and steering characteristics.

The exclusive Driftwood decor in the dashboard and tunnel console resembles the look and feel of wood shaped by the natural force of water, wind and waves.

The rear seat passengers can enjoy the comfort and convenience from a centre armrest with integrated cup holders and storage.

The Perforated Fine Nappa Leather front seats feature perforated Nappa Leather on the seating panels and contrasting stitching for a sporty, luxurious look and feel and includes seat ventilation for optimised comfort.

The intuitive 12-inch driver display with four graphic modes and the 9-inch centre display with touch screen puts you in the centre of action.

**R**DESIGN

## INSPIRED BY SPORT.

If you love to drive, the Volvo V60 R-Design is for you. With a athletic styling and precise control, R-Design captures the thrill of a sporty driving experience. A wealth of distinctive design details raises the sporty soul of your Volvo and gives it an even more powerful road presence. It's a design expression that catches the eye from every angle and hints at the promise of an amazing drive, every time. And you can rest assured that the V60 R-Design will deliver. You can feel it right from the moment you take your position in the sculpted R-Design driver seat – everything is there to inspire and support your driving.

The Volvo V60 R-Design is characterised by distinctive styling and a powerful road presence. Sporty exterior R-Design details and the glossy black colour theme leave no doubts about the intention of your V60 R-Design. On the inside, sculpted R-Design seats, Metal Mesh decor and Charcoal headlining give the cabin a sporty, cockpitlike feel. A finely-tuned sport chassis helps ensure you're in control without compromising ride comfort.

Our headlights with LED illumination, the glossy black R-Design grill with frame in Silk Metal finish and unique glossy black lower outer grilles add to the dynamic character of your V60 R-Design.

R-Design door mirror caps in dynamic glossy black and stylish glossy black rails and window trim highlight the sporty look of your V60 R-Design.

Enjoy the ultimate R-Design experience with our 20-inch 5-triple spoke Matt Black Diamond Cut aluminium wheels and the lowered sport chassis with stiffer springs and shock absorbers for sportier handling and less roll when cornering.

Dual integrated end pipes for a distinctive road presence.

The Volvo V60 R-Design in Crystal White pearl with 20-inch 5-triple spoke Matt Black Diamond Cut alloy wheels.

The R-Design interior featuring the R-Design sport steering wheel, R-Design gear shifter and gaiter in Fine Nappa Leather with contrasting stitching, Contour seats with exclusive Charcoal Fine Nappa Leather/Open Grid Textile upholstery and Metal Mesh aluminium decor.

The Metal Mesh aluminium decor add to the dynamic, hi-tech ambience inside your V60 R-Design.

The R-Design sport steering wheel in Leather with gearshift paddles, the optional Tailored dashboard and our 12-inch driver display with four graphic modes.

The sculpted R-Design Contour seats with adjustable seat cushion extensions provide relaxed support, while the exclusive Fine Nappa Leather/Open Grid Textile upholstery with contrasting stitching provides a sporty yet sophisticated feel.

## VOLVO V60 CROSS COUNTRY. READY FOR YOUR ADVENTURE.

The Volvo V60 Cross Country embodies the human spirit of pushing the boundaries of what's possible and going in that direction. To be equally curious and courageous, to go further and open up a world of new destinations.

It's a genuine Volvo Cross Country vehicle in every aspect, providing you with the capacity to confidently deal with any road or weather. All-wheel drive, increased ground clearance and an advanced chassis give you the control you need to keep moving when conditions get tough.

Unique exterior details and large wheels create a rugged yet stylish look that excels in the centre of the city as well as in the middle of nowhere. And no matter what's going on outside your car, the V60 Cross Country is a haven inside. The spacious cabin is made from the finest material and constructed with the care and attention provided by Swedish craftsmanship. So wherever your sense of adventure takes you, the Volvo V60 Cross Country is ready to get you there in style and comfort.

## IN COMMAND, EVERYWHERE.

To help you pursue your passions to the full, the advanced chassis of your Volvo V60 Cross Country puts you in command in all weathers and on all roads. High ground clearance (210 mm) and large wheels give you access to more roads, and our all-wheel drive technology helps keep you going by instantly distributing the right amount of power to the wheels that need it most. This enhances driving stability on all road surfaces and

makes it easier to drive in slippery conditions or when towing. Hill Descent Control is another feature that makes driving down steep or slippery roads as easy and safe as possible. And by selecting Off-road mode from the Drive Mode menu, you make the car easier to drive on difficult surfaces such as mud and loose gravel by and recalibrating the car's powertrain so you have more control at slower speeds.

The chassis of the V60 Cross Country is designed to deliver all-road capability, agile handling and supreme comfort. High ground clearance, large wheels and all-wheel drive enhance your capacity to get through where others get stuck.

## BE PREPARED.

Whatever gear you need to bring on your adventures, your V60 Cross Country has what it takes to make it happen. The load compartment gives you class-leading capacity, and the compartment's clean, straight-forward design makes it easy to utilise it to the full. If necessary, you conveniently fold one or both seat backrests at a touch of a button. Should you need to temporarily increase the load capacity of your V60 Cross Country, you'll easily attach Volvo Cars' load carriers, such as a roof box, on the car's integrated roof rails. Or for even bigger challenges – the car's all-wheel drive and highly capable chassis give the V60 Cross Country all the characteristics of an outstanding tow car, with a towing capacity of up to 2,000 kg depending on powertrain.

By adding our foldable tow bar you conveniently turn your V60 Cross Country into a highly capable tow car. A push of a button, and the tow bar folds out and is easily put in position. And when not needed, it's discreetly hidden under the rear bumper.

The Volvo V60 Cross Country is a car that's elegant, tough and practical. Its large wheels and increased ground clearance give you confidence on any road, while wheel arch extensions and dark lower body parts add a rugged edge. On the inside, you can relax on the way to your adventure in a meticulously crafted interior with excellent finish and detailing wherever you look. Leather seats with optional contrasting stitching and Iron Ore aluminium decor add to the car's bold character.

The standard Glossy Black window trim perfectly matches other exterior details such as the unique front grille and adds a touch of contemporary style that's unique for the V60 Cross Country.

The optional, large 20-inch 7-spoke Matt Graphite alloy wheels perfectly complements the car's rugged Cross Country character.

A unique grille, large wheels, increased ground clearance, high gloss black side window trim and lower body parts and wheel arch extensions in contrasting Charcoal add to the rugged character of the V60 Cross Country. Here shown with optional 19-inch Matt Graphite alloy wheels.

Our signature design LED illumination headlights and unique high-gloss front grille with lower spoiler together with a wider front and rear track and 206 mm ground clearance give a commanding, confident stance.

At the rear, the integrated stainless steel dual tail pipes and the Charcoal bumper with embossed Cross Country logotype add to the car's strong road presence.

The Cross Country Leather seats together with Iron Ore aluminium decor add to the sensory experience of contemporary luxury.

The Leather seats with unique Cross Country stitching and adjustable seat cushion extensions provide relaxed long-distance comfort and enhance the luxurious interior ambience.

Select your preferred drive mode and steering characteristics with the scroll wheel in diamond patterned metal finish.

## VOLVO V60 MOMENTUM. THE PREMIUM TOUCH.

The V60 Momentum is a confident expression of dynamic style and liberating versatility, where progressive design and intuitive technology create a premium experience. Designed to be your premium Swedish dynamic estate, the V60 Momentum will meet your demands on style, comfort, safety and design.

The V60 Momentum is twisted towards a distinctive, contemporary approach. Our signature design LED headlights and elegant wheels contribute to the car's premium appearance. And on the inside, you and your passengers can enjoy fine materials, elegant design and a host of comfort-enhancing amenities.

The Volvo V60 Momentum embodies the essence of confident Scandinavian design. LED headlights highlight, black exterior design cues and dual stainless steel end pipes enhance the distinct presence of your Volvo estate. Inside the V60 Momentum, you and your passengers are surrounded by thoughtful comfort. The interior ambience is further enhanced by Iron Ore aluminium decor and aluminium tread plates.

Park Assist supports you when reversing and the chrome dual end pipes add a dynamic finish.

The Volvo V60 Momentum with signature design LED illumination headlights, black grille and black grille with bright chrome frame and black integrated roof rails, 19-inch alloy wheels (optional) and black side window trim.

The black front grille with bright chrome frame LED illumination headlights give the V60 Momentum a distinctive, dynamic character.

The Comfort seats provide excellent body support and are upholstered in Leather for a premium look and feel.

The Iron Ore aluminium decor in the dashboard perfectly complements the dynamic character of your V60 Momentum.

The standard 12-inch driver display allows you to choose between different visual appearances. To provide optimum visibility, the display's brightness automatically adapts to exterior light conditions.

**T8 Twin Engine AWD | Polestar Engineered**

## Polestar Engineered

### PURE PERFORMANCE.

We created the Volvo V60 T8 Polestar Engineered with one single-minded ambition – to give you the most precise and involving driving experience, period.

To achieve this, we joined forces with the engineers at Polestar – our electric performance car brand. Refinement, human centric innovation and world class safety combined with Polestar's applied performance expertise enable what we call advanced driving dynamics.

This means we've fine-tuned and engineered each component to act as one for your driving enjoyment. Everything, from the powerful T8 Twin Engine AWD plug-in hybrid powertrain to the exclusive Polestar Engineered Öhlins chassis and the high-performance Polestar Engineered Brembo brakes, work together to optimise performance, handling and control. Combined with lightweight, Polestar Engineered Forged Wheels and distinctive styling, this will provide you with a high-precision driving experience that's simply electrifying.

The Volvo V60 T8 Polestar Engineered takes the driving precision and performance of the V60 to a higher level. The 318hp+87hp T8 Twin Engine AWD powertrain with plug-in hybrid technology and all-wheel drive gives you uncompromised power and efficiency. Together with the engineers at Polestar, we have upgraded the highly capable V60 chassis with stiffer springs by Polestar and high-end suspension technology by Öhlins – the renowned Swedish manufacturer of shock absorbers for performance and racing cars and motorcycles. This gives you precise and consistent handling characteristics together with maximum road contact in all road conditions, while still providing supple ride comfort. And the Polestar Engineered Brembo brakes maximises braking performance in all conditions.

The Polestar Engineered Brembo brakes feature 6-piston brake calipers and 371mm ventilated and slotted floating discs at the front. They're designed to maximise your control and braking performance with a minimum of fading even during hard driving.

We created the Polestar Engineered Öhlins Chassis to give you the perfect balance of agility, control and comfort. The advanced Öhlins shock absorbers work together with the Polestar Engineered front and rear springs that stiffen up the chassis and lower the ride height. This gives a somewhat firmer and more composed ride with less roll and more grip when cornering. And for stable and predictable handling, the technical layout of the T8 Twin Engine AWD powertrain adds to even weight distribution and a low centre of gravity.

The advanced, hand-made Öhlins shock absorbers deliver the perfect mix of agility and comfort. The unique Dual Flow Valve technology means the shock absorber can react more quickly, allowing the wheel and tyre to regain road contact instantly after passing a bump or a pot hole without losing traction. You can enjoy sporty handling and great control without compromising comfort.

The front suspension is further stabilised by a Polestar Engineered strut bar. This contributes to even more precise, responsive steering characteristics at all speeds and more controlled handling through the curves.

The Volvo V60 T8 Polestar Engineered in Crystal White Pearl with optional Polestar Engineered 20-inch 5-Y spoke Black forged wheels and Polestar Engineered Exhaust pipes in stainless steel with black chrome finish.

The dynamic Charcoal interior of the V60 T8 Polestar Engineered with Contour seats in Fine Nappa Leather/Open Grid textile with adjustable seat cushion extensions and our Tailored dashboard with contrasting stitching.

Safety belts coloured in gold, a subtle nudge to the unique chassis details of your V60 T8 Polestar Engineered.

Adding to the car's excellent handling as well as its distinctive look, the Polestar Engineered 20-inch 5-Y spoke Black forged wheels are in a unique light-weight design.

## EXTERIOR COLOURS.

## MAKE IT YOURS.

The Volvo styling accessories are created by our own team of designers to perfectly complement the lines of the V60 and enhance its dynamic, contemporary character. And to make your sporty Volvo estate an even stronger and more personal statement, you can add our exterior styling package. Body coloured front and rear side deflectors and sculpted

side mouldings accentuate the car's low stance, while the integrated dual split end pipes create an even more powerful look. And for the V60 Momentum, a black rear diffuser adds an extra touch of dynamic luxury.

This is your opportunity to express yourself and come up with a look that is all yours.

V60 exterior styling package.

20" 10-spoke Turbine Black Diamond Cut alloy wheels (require the optional sport chassis).

Integrated dual split end pipes in stainless steel.

Sculpted side mouldings.

Rear bumper protection plate in brushed stainless steel.

## MORE RUGGED, MORE YOU.

Bring out the rugged, adventurous soul of your Volvo V60 Cross Country with our specially-designed Exterior styling kit. The front and rear skid plates together with the side scuff plates in brushed stainless steel and the dual split tail pipes perfectly

complement the car's adventurous appearance. And adding attitude beyond the ordinary, the powerful, optional large 20-inch Matt Graphite alloy wheels in expressive 7-spoke design further enhance the rugged Cross Country look.

Side scuff plates with Cross Country logotype (included in the Exterior styling kit\*).

Front skid plate (included in the Exterior styling kit\*).

20" 7-spoke Matt Graphite alloy wheels.

Rear skid plate and dual split tail pipes (included in the Exterior styling kit\*).

\*Cross Country styling kit will be available in the middle of 2019.

## GET READY.

We designed the Volvo V60 to be your versatile partner, allowing you to do what you want to do. To make your Volvo estate work even harder for you, just add our load accessories.

Designed to look good and work flawlessly, they will make life less complicated and help you bring the equipment you need for your adventures.

Reversible/folding textile load compartment mat (with integrated bumper cover).

Load securing net.

Shaped plastic load compartment mat.

Protective steel grille.

Roof box and exterior styling kit designed by Volvo Cars.

Load carriers.

Bicycle holder, towbar mounted.

Foldable towbar, semi-electric.

## DESIGNED FOR ALL OF LIFE'S JOURNEYS.

The Volvo V60 is about catching every moment and sharing them with family and friends. To enhance the experience for anyone who shares your ride, we've created specially-designed accessories that cater for your passengers' comfort and safety. For children up to 10 years, our child seats combine comfort with state of the art safety and are designed to fit perfectly into your Volvo. We apply the same stringent standards to our child seats as we do to building our cars, so you know your children are well protected.

Child seat, infant  
seat (up to 13 kg).

Child seat, booster cushion with

## MAKE YOUR POWERFUL CHOICE.

We created Volvo V60 with one single purpose: to provide you with a car that perfectly fits you and your active lifestyle. It's a sporty estate that meets your expectations of a dynamic drive with exceptional comfort and distinctive Scandinavian design – built with care for people and the world we share. And designed to be intuitive to use and to make life easier, the V60 is a pleasure to live with every day.

At the heart of your Volvo V60 is a dynamic, efficient powertrain. Whichever you choose, you will enjoy our latest engine technology that gives you responsive power. Fuel consumption and CO<sub>2</sub> emissions are kept low, and our powertrains comply with strict exhaust emission requirements.

Our powertrain range includes advanced diesel and petrol engines mated to our smooth eight-speed automatic gearbox or distinct six-speed manual gearbox, available with responsive AWD all-wheel drive technology or front wheel drive.

And for the ultimate combination of performance and efficiency, there's the option of our smooth and powerful T8 or T6 Twin Engine AWD powertrain with plug-in hybrid technology.

Make your choice, and enjoy the journey wherever it takes you.

### T8 Twin Engine AWD

Our T8 Twin Engine plug-in hybrid powertrain delivers an exhilarating drive with uncompromised efficiency. Combining a high-performance petrol engine and an electric motor, this powertrain allows outstanding highway performance and zero emission commuting – with all-wheel drive capability when needed.

### T5 T5 AWD

The 250hp/350Nm T5 petrol powertrain is as responsive on the highway as in the city. This superb all-rounder delivers generous power just where you need it, ensuring excellent driveability in combination with our smooth 8-speed automatic gearbox and optional all-wheel drive.

### T4

With the T4 190hp/300Nm petrol powertrain you can enjoy a smooth, responsive and highly efficient driving experience. Optimised turbocharging with full torque from low to medium revs and our smooth 8-speed automatic gearbox puts you in control of your drive.

### D4 D4 AWD

Our sophisticated 190hp/400Nm D4 diesel powertrain allows you to enjoy more while using less. Available with our dynamic all-wheel drive and 8-speed automatic or 6-speed manual gearbox, the D4 is designed to give you the most efficient and confident driving experience.

### D3

We designed the 150hp/320Nm D3 diesel powertrain to give you the ultimate combination of fuel economy, performance and refinement. A perfect partner for any journey, it's available with a 6-speed manual gearbox or a responsive 8-speed automatic gearbox and all-wheel drive.

## WELCOME TO VOLVO CAR LIFE- STYLE COLLECTION.

Our Lifestyle Collection includes a wide range of lifestyle accessories – from Swedish crystal and crafted leather bags to clothing, watches and more selected items. To view the complete collection, please visit [\*\*collection.volvocars.co.uk\*\*](http://collection.volvocars.co.uk)

**V O L V O**

Fuel consumption and CO<sub>2</sub>\* figures for the Volvo V60 range, in MPG (l/100km): WLTP Combined 32.1 (8.8) - 166.1 (1.7). NEDC CO<sub>2</sub> emissions 170 - 39g/km. Twin Engine WLTP electric energy consumption 3.3 - 3.5 miles/kWh. Twin Engine WLTP all electric range 31.0 - 36.6 miles.

Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. \*There is a new test used for fuel consumption and CO<sub>2</sub> figures. The CO<sub>2</sub> figures shown however, are based on the outgoing test cycle and will be used to calculate vehicle tax on first registration.

**N.B:** Some information may have been updated since this brochure was printed. Some of the equipment described or shown is only available at extra cost. Before ordering, please ask your Volvo retailer for the latest information. The manufacturer reserves the right to make changes at any time, without notice to prices, colour, materials, specifications and models.
