

ALL NEW
YARIS CROSS COMPACT SUV

CREATED FOR YOUR LIFESTYLE

Wherever life leads you, take it in your stride. Blending bold, sophisticated looks with spacious and commanding views of the road, Yaris Cross offers genuine SUV attitude on a scale that fits perfectly into the city and beyond. The efficient hybrid engine will keep you moving and you'll enjoy the confidence to go anywhere you want, when you want. Drive on.

POWERFUL DESIGN

Sit up and see the world from a new perspective. With its raised ground clearance and commanding driving position, the high-riding Yaris Cross gives you the confidence to tackle the city on your terms.

Bold wheel arches, a wide planted stance and large imposing alloy wheels deliver unmistakable attitude. Yet, thanks to its compact size, you'll instantly feel at home in bustling city streets. With reassuring poise and a spacious, versatile interior excelling at everyday demands, Yaris Cross, a true SUV, always keeps you moving.

Images are not UK specification.

HYBRID MOVES YOU FORWARD

From owning the city streets to embracing the open road, Yaris Cross is built with the fourth-generation, self-charging Hybrid system making every drive effortless. A new 116 DIN hp 1.5-litre Hybrid powertrain delivers high levels of performance and efficiency. Switching seamlessly from petrol to electric power at just the right moment, you're rewarded with smooth, responsive acceleration and excellent fuel efficiency. Once you press start, nothing holds you back in this SUV.

A CONFIDENT DRIVE

Thanks to the intelligent design of the Yaris Cross and its Hybrid engine, Yaris Cross is fun to drive and kinder to the environment. A lower centre of gravity and high body rigidity ensure that it's agile threading through city streets and expertly handles country roads. Combined with low fuel consumption and CO₂ emissions, you'll find life really starts to flow.

UNBEATABLE POISE IN EVERY SITUATION

Whatever the day throws at you, drive on. With Hybrid intelligent all-wheel drive (AWD-i), Yaris Cross is the only compact Hybrid SUV to offer the security of intelligent AWD-i. From cornering in heavy rain to accelerating on loose surfaces, AWD-i provides stability and traction. By switching automatically from front- to all-wheel drive, the lightweight system delivers great fuel efficiency and low CO₂ emissions, whether you're tackling everyday commutes or extraordinary weather.

HELP IS AT HAND

To give you a helping hand when conditions get tricky, Yaris Cross's AWD-i mode switch features Trail and Snow modes. On icy, snowy and muddy roads, it helps to minimise wheel spin and tyre slip, keeping you on track and moving on.

Images are not UK specification.

YOUR SPACE, YOUR RULES

The Yaris Cross's large boot up to 397 litres volume can be increased with a class-first 40:20:40 folding rear seat system⁹, giving you the room you need when some things are impossible to leave behind.

SPACE THAT LETS LIFE FLOW

Whether it's space for your shopping or bags for a weekend away, Yaris Cross has all the right answers. Practical and versatile, it features a kick-activated power back door* for when your hands are full. Its flexible rear interior space can be adjusted in height and split in two[§], to give you secure underfloor storage[¶] or increased luggage space on demand. And with a flex belt securing everything from bags to bikes and snowboards while you drive, finding room for life doesn't get any smarter.

* Only available on Excel & Premiere Edition.

SIT BACK, RELAX AND PARK UP

Choose the optional City Pack* and every space in the city is yours for the taking, nothing stops you. Whether you're parallel parking outside your favourite store or reversing in a crowded supermarket parking bay, Toyota Advanced Parking Assist makes even the most challenging manoeuvres safer and convenient. With steering, acceleration and braking being operated automatically for you, the pressure of parking is a thing of the past. Along with the 360° Panoramic View Monitor this will make city life feel safer, even in the tightest spots.

Images are not UK specification.

* Please note The City Pack reduces the 9" HD Wireless Smart Connect multimedia screen to the 8" Toyota Touch® with Go Navigation, and replaces the Reversing Camera with a 360° Panoramic View Monitor (PVM), and is only available on the Excel, Dynamic & Premiere Edition grades.

360° VIEWS OF THE CITY

A Panoramic view monitor combines images from four cameras to create a near 360° view of your surroundings, helping to make parking safer and easier.

UK specifications may vary.

**CONNECTED
WHENEVER, WHEREVER**

With the MyT app's expanding Connected Services offering, you can feel connected to your car, no matter where you are. Receive service reminders on the move and optimise your driving style to lower your fuel consumption with Hybrid Coaching. MyT helps you get the most out of life.

LIFE IN SYNC

If you're getting ready for the day or on the go away from your car, comfort and control are in the palm of your hand. With Remote Control Services* you can pre-set the temperature of your car's cabin before setting off[§], lock and unlock the doors or switch on the hazard lights, all operated via the MyT smartphone app.

You'll also enjoy the freedom of wireless smartphone integration, including Apple CarPlay® with Siri voice assist and Android Auto™ with Google assistant. Once connected, your favourite smartphone apps like Spotify, WhatsApp, Audible, Google Maps and Waze are accessible on the car's large touch screen. From playing music and making calls to listening to messages, you'll always feel in sync with life.

* Please note that remote control features are shown here for illustration purpose only.

[§] When using the remote control services please ensure that:

- This service may only be used on the owner's/registered keeper's drive, and you must not leave a parked vehicle unattended with the engine running whilst stationary on a public road.
- The vehicle is fully immobilised, and you check the safety of the vehicle's surroundings. Make sure that there are no people or animals inside the vehicle.
- Do not operate the system if the hood is open or when the vehicle is parked indoors without ventilation.
- Use this service only when necessary. Please be respectful of the environment and minimise any excessive noise or air pollution.

ALWAYS CONNECTED, NEVER FAZED

With Toyota Smart Connect, advanced multimedia and connectivity is at your fingertips. A new 9" high-definition touch screen* makes streaming playlists, taking phone calls and accessing trip information easy, intuitive and safe. Featuring connected cloud navigation with live road events, Toyota Smart Connect takes the stress out of every trip. Its community-based, real-time accident and speed camera warnings plus live traffic navigation and over-the-air map updates make journeys feel smoother than ever. To help you stay focused on what matters, a full-colour 10" Head Up Display[§] projects essential information at a glance in your eyeline.

* Standard on Dynamic, Excel and Premier grades, and optional on Design.
§ Only available on Premiere Edition.

INTEGRATED INTO LIFE

Whether it's easily locating on-street parking or fuel, Toyota Smart Connect saves you time and energy at every turn.

TOYOTA SAFETY SENSE

The All New Yaris Cross comes with a comprehensive range of Toyota Safety and Advanced Driver Assistance Systems. From active safety technologies such as Pre-Collision System with enhanced steering assist, Intelligent Adaptive Cruise Control and Lane Trace Assist, helping to protect you, your passengers and other road users too.

Yaris Cross also boasts an Adaptive High Beam System. Optimising your headlight beam when cornering or approaching other vehicles, the system helps you spot danger that's out of sight while also reducing the stress and strain of night-time driving.

Images are not UK specification.

PRE-COLLISION SYSTEM WITH EMERGENCY STEERING ASSIST AND INTERSECTION TURN ASSIST

When the possibility of a collision is detected, Pre-Collision System alerts the driver with audio and visual warnings and brake assistance is activated. If the driver fails to brake in time, the brakes automatically engage to reduce the likelihood and severity of an impact. In addition, early detection of pedestrians (day or night) and cyclists (day only) is also possible. Intersection Turn Assist and Emergency Steering Assist, provide further driver support in the daytime by delivering greater safety when turning at junctions and enhanced steering assistance and stability.

INTELLIGENT ADAPTIVE CRUISE CONTROL (IACC)

Combining the benefits of Adaptive Cruise Control and Road Sign Assist, IACC automatically keeps the vehicle at a pre-selected speed and warns the driver if the speed limit changes, allowing them to easily adapt their cruising speed accordingly.

LANE TRACE ASSIST

Should the vehicle begin to drift unintentionally from its lane, steering assist is applied to correct its course and keep the vehicle centred in its lane.

AUTOMATIC HIGH BEAM

When driving at night, a camera detects other vehicle's lights and automatically switches between high and low beam, allowing the driver to concentrate safely on the road ahead.

BLIND SPOT MONITOR*

Alerts the driver to any vehicles that might be missed in the side mirrors.

REAR CROSS TRAFFIC ALERT* AND INTELLIGENT CLEARANCE SONAR WITH AUTOMATIC BRAKING*

When you back out of a parking space, rear-mounted sensors identify vehicles approaching from the left or right, or stationary objects. Warnings are given and the brakes applied to avoid a collision.

TOYOTA ENVIRONMENTAL CHALLENGE 2050

At Toyota, we want to go beyond zero environmental impact and leave the world in a better place than we found it. To make that happen, we have set ourselves six challenges to complete by 2050. Each one presents its own difficulties, but we are committed to generating a positive and sustainable impact on society and the natural world as a whole.

For more information regarding Toyota Environmental Challenge please visit: toyota.co.uk/world-of-toyota/environment/environmental-challenge-2050 or contact your local Toyota dealer.

CHALLENGE 1 NEW VEHICLE ZERO CO₂ EMISSIONS

By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 3 PLANT ZERO CO₂ EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 5 ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota Yaris is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'. We are pursuing full life cycle management for battery recovery & reuse and remanufacturing green parts.

CHALLENGE 2 LIFE CYCLE ZERO CO₂ EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle*.

CHALLENGE 4 MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

CHALLENGE 6 ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by T.V Rheinland and has been certified to comply with ISO14040/14044 standards.

OWNING YOUR YARIS CROSS

Servicing your Toyota

Toyota Service Pricing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your car based on the car's age, mileage and service history.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Service Plans

Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/owners/servicing-and-aftercare/service-mot-maintenance

Toyota Price Repairs

We offer transparent prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your car will always be dealt with by a trained Toyota technician.

Up to 10 Years (100,000 mile) Toyota warranty

Every new Toyota is eligible to be covered by up to 10 years' manufacturer warranty through Toyota Relax. This is provided through an initial 3 years manufacturer warranty that can be extended with regular servicing at a Toyota dealer. 12 months warranty is included with every Toyota Service, up to 100,000 miles or 10 years, whichever comes first, giving you a chance to relax in the knowledge that you and your vehicle are in safe hands. Terms and conditions apply.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/relax

Corrosion Cover

The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover

The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. For the latest specification and availability, we ask that you contact your local Toyota Centre. Vehicle body colours may differ slightly from the printed images in this brochure.

Quoted mpg and CO₂: Figures are provided for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results. Fuel consumption and CO₂ produced varies significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load. All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP). All mpg and CO₂ figures quoted are full WLTP figures. The official CO₂ figures for vehicles changed as from 6 April 2020, due to a change in the official method of calculation. CO₂ figures are used in the calculation of Vehicle Excise Duty (car tax) for new cars during their first year of registration. As a result, all CO₂ figures, car tax and 'on the road' prices for new vehicles, which were provided or displayed prior to 6 April 2020, may now have changed for vehicles which were not registered before that date. These dates may change, please visit www.vehicle-certification-agency.gov.uk/fcb/wltp.asp for the latest information. Please contact your local Toyota Centre for further information.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. Toyota (GB) PLC is continually updating and changing specifications of accessories and reserves the right to do so at any time without prior notice.
