

Founded in Florence in 1921, Gucci has become renowned the world over as a name synonymous for luxury, Italian craftsmanship and glamour. In 2007, fifty years after its debut, another Italian myth - the iconic Fiat 500 - was reborn to outstanding acclaim. This storied model looks at the world from a new perspective. A pop icon that symbolizes an everlasting appeal going far beyond the automotive world. Ironic, sporty, eccentric and elegant, hatchback or convertible, the 500 captures attention wherever it is seen. In the year that celebrates the 150th anniversary of the Unification of Italy and Gucci's own 90th anniversary, Gucci and Fiat have joined together to create the unique "500 by Gucci," a special edition model personalized by Creative Director Frida Giannini. A true marriage of Italian design and style. Unique details and exclusive materials make the 500 by Gucci one-of-a-kind. Available in pearlized black and white, with Gucci's iconic green-red-green web motif on the side, on the roof and on seatbelts. Added distinction is provided by alloy wheels, a Guccissima leather driving wheel and seats and a GG gear stick and hub caps. Gucci Creative Director Frida Giannini has also designed a 500byGucci collection of casualwear, luggage, sunglasses and other accessories to complete the look.
