# FA MILY SPACE

## NEW DOBLÒ. UNIQUE FROM ALL POINTS OF VIEW.

Safe, comfortable, stylish, spacious and ecological. The new Doblò is far more than just another car. Think of it as your **Family Space**, an ideal way to take everything with you when you travel, starting with plenty of company. On top of that, the new Doblò's surprising and unique character will make you want to drive it every day. The new Doblò: a new lifestyle for you and your family.

# TAKE A SEAT AND BE YOURSELF.

The new Doblò typifies **everything that's good about travelling with company**: high spirits, plenty of energy and unique characters. The unmistakable front of the new Doblò combines an **original design** with high levels of **protection**. Its prominent features, like the robust looking wheel arches, give a clear impression of **strength and solidity**. And when you walk around to the back, the **generous boot and large rear window**, with the Fiat logo as focal point, will have you applauding.

The characteristic, three-dimensional, wrap-around headlights stretch back at the top to incorporate the indicators.

The body-coloured door mirrors also incorporate the side indicators.

**FAMILY SPACE**

**YOU DON'T NEED A SPACESHIP  
TO TRAVEL IN SPACE.**

If you enjoy travelling together you'll have plenty of opportunities with the new Doblo, thanks to its 5, 6\* and 7\* seat configurations. Every seat is spacious, offers the ultimate in comfort and adds to the relaxing pleasant ambience with cleverly matched textiles and colour schemes. The impressive interior and superb driving position achieve a level of roominess and versatility that makes the new Doblo a genuine multi-space vehicle.

\*Optional as part of family pack.

## CHOOSE YOUR OWN WINNING COMBINATION.

The new Doblò's **standard five seats** can easily become four to cater for your particular needs. In fact, the seats can be arranged in **many different ways** to suit any combination of luggage and passengers. You can also specify another two optional seats to carry even more friends.

The luggage compartment provides **790 to 3,200 litres** of boot space (with the rear seats folded down). The 5 seat configuration can also be equipped with a rear parcel shelf (standard on Eleganza), instead of the expandable luggage cover (standard on MyLife), that you can install at two different heights. In its lower position, the shelf gives you a **load capacity of 70 kg** and a perfectly flat surface.

5 seats and 790-l luggage space.

Split rear seats for bulky luggage.

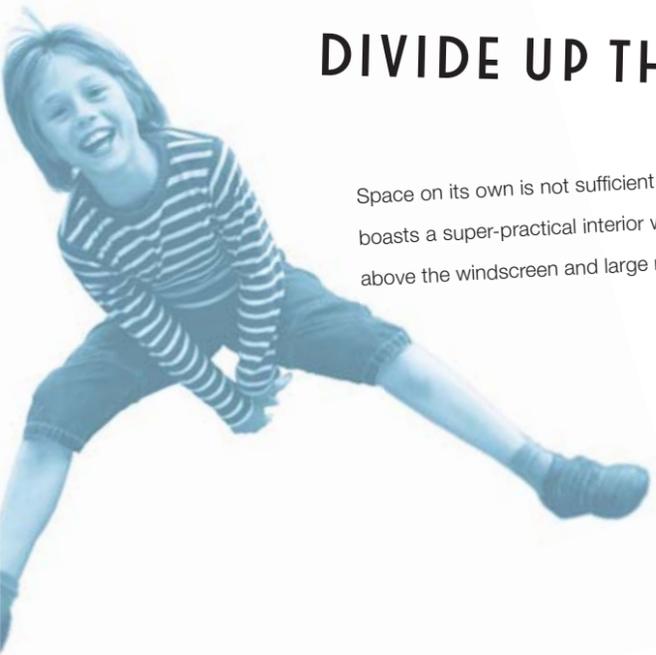

3200-l of luggage by folding the rear seats.

# DIVIDE UP THE SPACE. MULTIPLY THE CONVENIENCE.

Space on its own is not sufficient. To have everything to hand you need **clever organisation too**. That is why the new Doblò boasts a super-practical interior with **plenty of useful pockets and compartments**, like a highly functional and robust shelf above the windscreen and large rigid pockets on the front doors.

Hinged rear windows (standard with Family Pack).

Sliding rear doors with electric windows (standard on Eleganza).

Storage shelf above the windscreen.

Large glove compartment on passenger side.
