# RANGER

## BUILT TO BE PUNISHED

We designed Ranger Raptor's entire frame to be ultra-durable and to handle punishing surface drop-offs most other trucks simply can't survive. 283mm of ground clearance puts ample space between you and almost any off-road obstacle. A 32.5° approach angle, 24° departure angle, and 24° break-over angle help you tackle harsh gradients, and class-leading 850mm water wading makes light work of epic river crossings.3.

### WELCOME TO THE WORLD **OF FORD CONNECTIVITY**

Every 2021.25MY Ranger Raptor will arrive fitted with an embedded modem known as FordPass Connect. Using the FordPass App on your smartphone<sup>13.</sup>, you can locate your vehicle, lock and unlock the doors, and even start the engine remotely to heat or cool the cabin to the last known setting.14.

Ford Performance Blue<sup>2</sup>

Notes

#### SYNC®3 Apple CarPlay™ & Android Auto™1.

Ranger Raptor's voice-controlled SYNC®3 system keeps you connected, entertained, and on track. The 8-inch touchscreen features a unique start-up screen and supports functionalities like swipe and pinch-to-zoom.

#### **Magnesium Paddle Shifters**

High-quality magnesium paddle shifters on the perforated leather steering wheel allow for fast shifting without taking your hands off the wheel.

#### **Race-Bred Suspension**

Ranger Raptor's suspension system was calibrated to tackle tough terrain. Standard 2.5-inch FOX Racing Shocks deliver 30% more wheel travel compared to Ranger.

#### 33-Inch BF Goodrich® Tyres

High-tech All-Terrain Tyres come standard, boasting a precise tread pattern, longer tread life, and 20% tougher side walls compared to standard factory tyres.

#### **Body-Contoured Sports Seats**

Ranger Raptor's purpose-built sports seats include unique head rests, enhanced bolsters and suede inserts for better body grip when driving off-road.

#### Huge Bash Plate

Ranger Raptor's underbody shield is mammoth. Its 2.3mm thick high-strength steel is designed to absorb the impact from almost any off-road event.
