

This is a story about how many stories one van can tell. It's a story that's billions of miles long and millions of people strong. It's told **eight days a week** by construction workers and Sunday

school teachers. It's told with a dozen roses and with a hand truck. It's told over cups of coffee and around water coolers. It's a story that's as familiar as family, that's told thousands of times every day, and each time it's told, it's a story that only gets better.

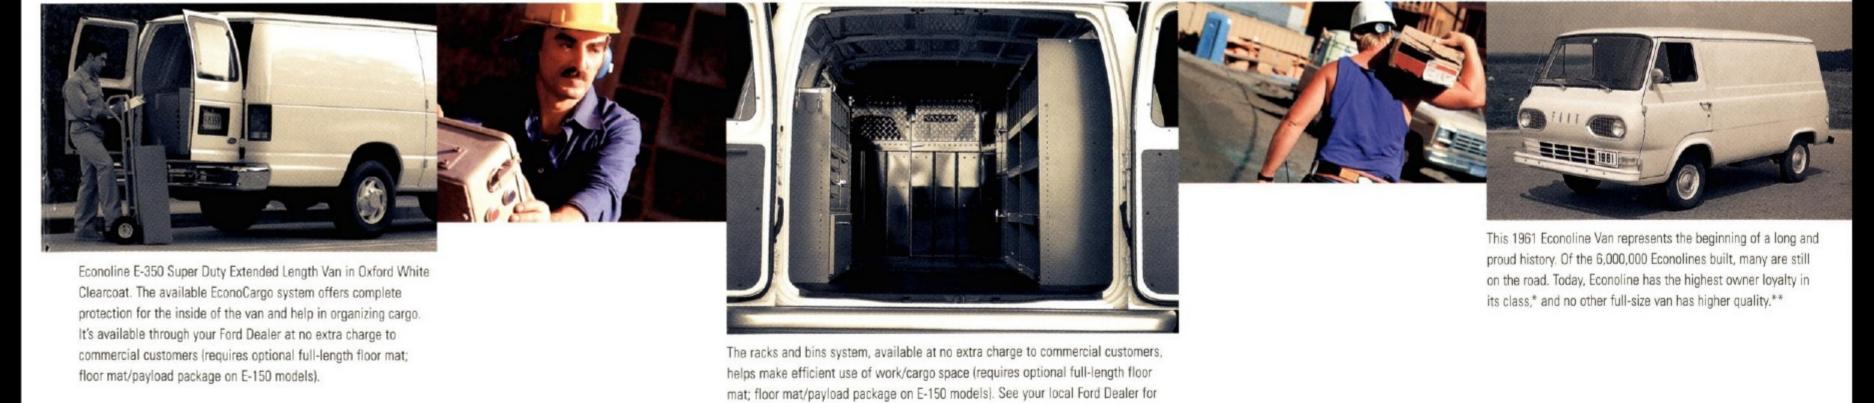

Econoline

Econoline E-250 Van in Toreador Red Clearcoat Metallic. E-250 Vans can handle payloads up to 3,515 pounds and offer up to 309.4 cubic feet of cargo space when properly equipped.

When the very first **Econoline** was built nearly 40 years ago, it was impossible to predict just how much America would come to depend on these rugged performers to handle its commerce. Its services. Its passengers. Its families and their recreation. Its emergencies. In fact, just about everywhere you look, you'll see examples of the many ways Econoline is making the lives of Americans better every day of the week. No wonder it's been the best-selling full-size van in America since 1979.

details on this effective organizational system.

^{*}Based on '93-'97 Ford New Vehicle Customer Survey.

^{**}Based on an average of consumer-reported problems at 3-months' ownership in a survey of Ford and competitive models.

Econoline Super Duty

Econoline E-350 XLT Super Duty Extended Length Wagon in Silver Clearcoat Metallic.

when it comes to the demanding business of business, there's nothing like the **Super Duty** Van, Wagon and Cutaway.

Construction work, heavy delivery, airport shuttle service –

Super Duty does it all with **power and room** to spare.

And with <u>all</u> Econoline models, you can benefit from special Ford programs. **Commercialease** lowers payments and simplifies billing. There's also **Ford Business Preferred** to help take care of you and your vehicles. See page 21 for more.

The new badge on Econoline vans, wagons and cutaways stands for quality, versatility and Built Ford Tough.

The 15-passenger Econoline E-350 XLT Super Duty Extended Length Wagon is shown here with 12-passenger seating. There are several seating configurations to choose from. See page 18 for schematics of seating arrangements as well as interior trim colors.

Van Conversions and Wagons

Econoline E-350 Chateau Super Duty Wagon in Deep Emerald Green Clearcoat Metallic with Silver accent.

Econoline Wagons offer seating for seven to fifteen passengers.

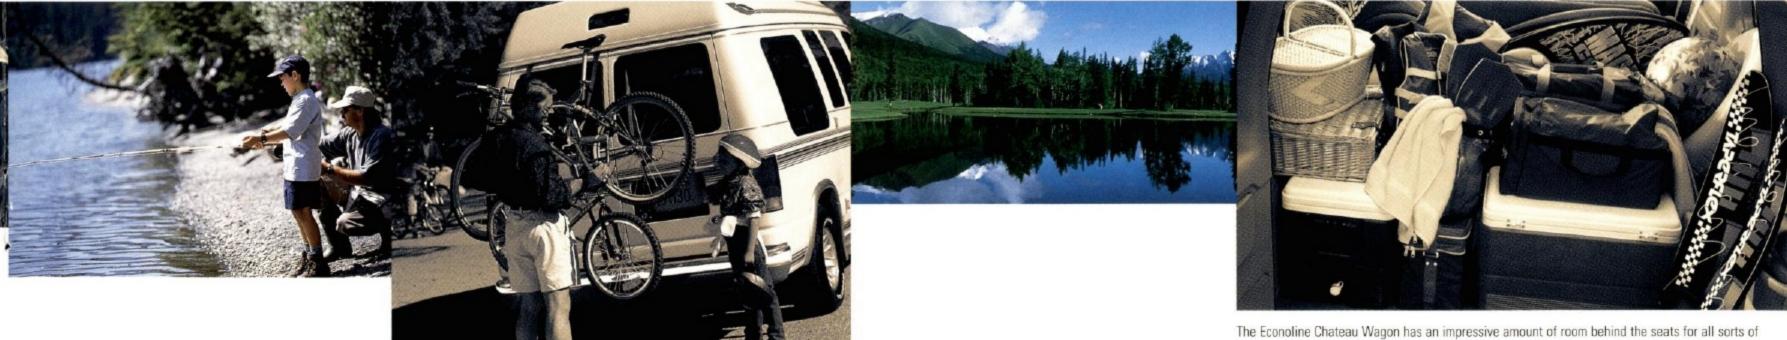

together, a large number of families have something in common –

Ford Econoline. That's because they know Econoline means **quality.** Your local Ford Dealer can show you the Econoline

Wagon and some of the luxurious and versatile van conversions

available from our **Ford Authorized** van converters.

While you're there, ask about the advantages of financing with a **Red Carpet Lease.** See page 21 for more information.

cargo – one of the advantages of being a full-size vehicle.

For active lifestyles, Econoline van conversions can be a big part of family outdoor fun.

Wheelchair racers are passionate about their sport.

They'll cover hundreds of miles just to race in a marathon, a 10k or an ironman. Miles that can be made easier in a specially built Econoline that's part motel, part workshop,

part traveling companion. And after so many races and

so many miles, you'd think they'd get a little tired.

Not these guys. Because every time one of them

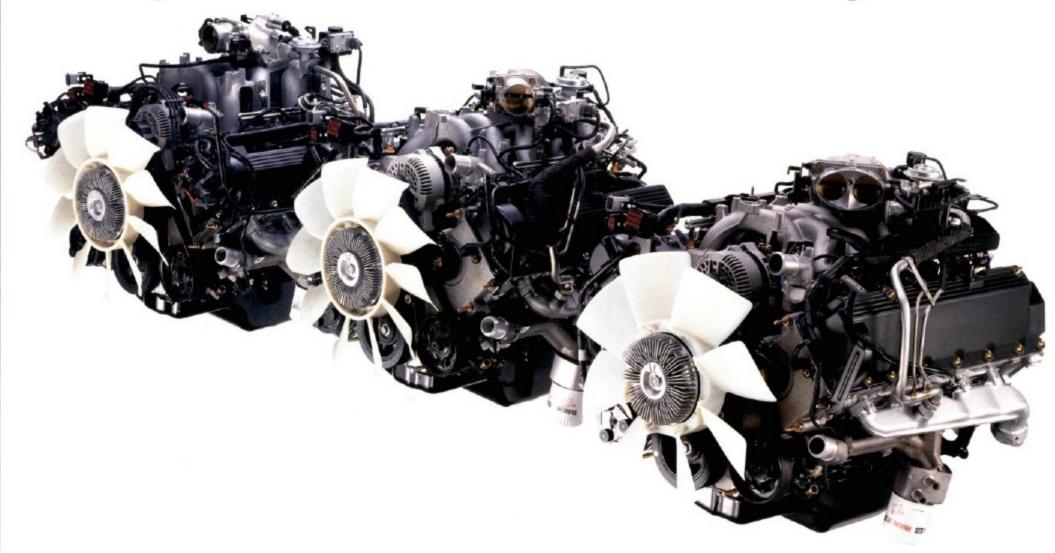

straps himself into a chair, and his arms start to fly,

and the wind hits his face, he feels completely free.

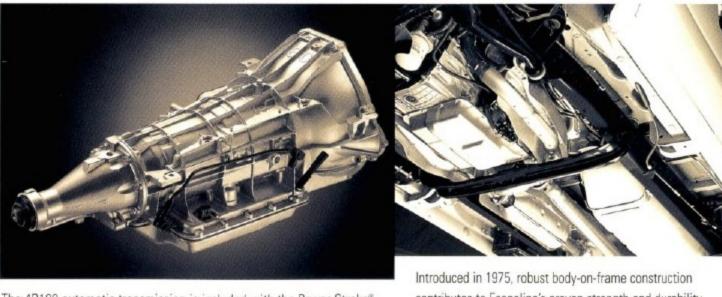

power & durability

Whether you're looking at some plain hard work or rough, tough play, nothing gets you going like Triton.™ Triton engines feature high torque capability at low rpm for tenacious pulling power and big payloads. Also available in natural-gas and bi-fuel versions, these rugged Tritons are the only overhead cam engines available in a full-size van. And all Econoline gasoline engines are capable of traveling 100,000 miles without a first scheduled tune-up.*

Triton is the first and only van engine to provide a fail-safe cooling system to help protect the engine from damage due to coolant loss.

The 4R100 automatic transmission is included with the Power Stroke® diesel and is standard on all E-350 Super Duty vans and wagons as well as all cutaways.

contributes to Econoline's proven strength and durability.

rigidity and helps protect outer walls from cargo dents.

The optional 7.3L V8 Power Stroke turbo diesel is the most powerful engine of its kind ever put into a van.

safety

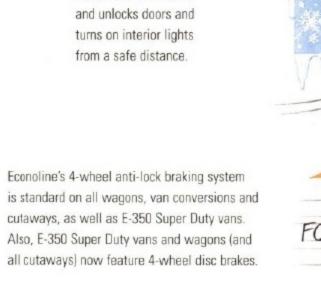

Unfortunately, every day isn't sunny and every road isn't smooth. Econoline is designed to help you deal with the unexpected.

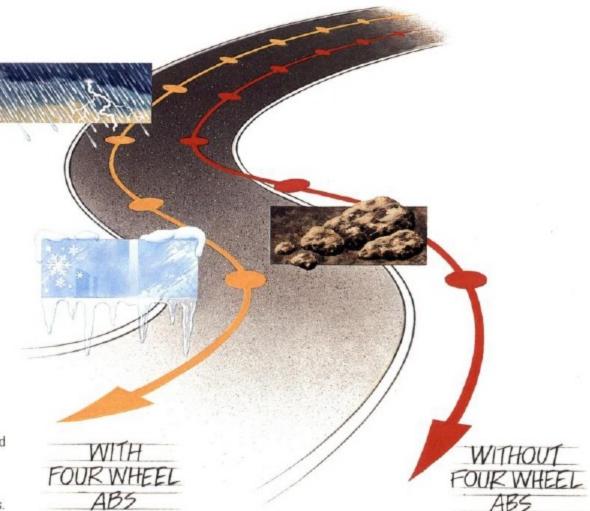

Occupant safety is a primary consideration in the design of Ford vehicles. For example, Ford's use of Second Generation Depowered airbags reduces the risk of potential airbag inflation injury to the driver and front passenger (always wear your safety belt and secure children in the rear seat). To help drivers avoid accidents in the first place, 4-wheel anti-lock brakes or rear anti-lock brakes are standard or available on all Ford Econoline models.

Second Generation Depowered airbags are designed to further enhance protection for driver and passenger while also reducing the risk from potential airbag inflation injury.

Interior

ment system with six premium speakers.

Optional Chateau 7-passenger seating with quad captain's chairs and 3-passenger rear bench shown in Medium Graphite. Econoline is the only full-size wagon to offer this unique seating configuration.

conveniences like a 12-volt powerpoint, interval wipers and an AM/FM stereo radio. Wagon models can be outfitted with a variety of seating arrangements for anywhere from 7 to 15 passengers, and front air conditioning is standard. For the ultimate in luxury, van conversions offer versatile individualized seating, custom audio systems, TVs and even video game systems for terrific family entertainment.

The available deluxe engine cover console is offered with all Econolines. It includes a storage area and two cupholders capable of holding up to 32-ounce cups.

SRW = Single Rear Wheels. DRW = Dual Rear Wheels. Note: Load rating represents maximum allowable weight of people, cargo and body equipment and is reduced by weight of optional equipment. Competitive comparisons based on published 1998 competitive data.

Econoline E-450 Super Duty RV Cutaway with 7.3L Power Stroke turbo diesel and Ambulance Prep Package (aftermarket equipment shown). Econoline is a mainstay for the health care industry.

Commercial Leasing Made Simple: Part of Econoline's success over the years can be traced to the fact that we've taken the time to make your business our business. CommerciaLease** is our response to your need for flexible vehicle financing. It offers lower monthly payments, more working capital and simplified billing. Our commercial purchase plans offer attractive rates and a variety of terms, while the seasonal purchase plan lets you schedule payments to match your cash flow. Ford Credit's staff of highly trained commercial lending professionals will be happy to show you all the financial options available to you. See your local Ford Dealer or contact us at 1-800-706-0997. Or access www.

Business Preferred Program: The Ford Business Preferred Program is all about taking care of you and the trucks you need to run your business. It's about listening and understanding. It's knowing who you are, what you want and doing what it takes to meet your needs on a consistent basis - day in and day out. This program is specifically designed to meet the transportation needs of small- and medium-sized businesses, and we bring a powerful combination of products and services to support you. Among the things we do is make it easy for you to do business with our Ford Business Preferred Dealers. For example, they'll come to your place of business at a time convenient for you. They can arrange test drives and product showings that fit your schedule. For many customers, they can offer

one easy-to-follow monthly invoice for all your vehicle's service needs. In essence, we want to help you reduce time and administrative expenses. For more information on the program and for the name of your Business Preferred Dealer, call 1-800-935-3201 ext. 150 or access www.fleet.ford.com/info/smallbusacc.asp on the web.

Roadside Assistance: Every new Ford includes the assurance of a 24-hour emergency Roadside Assistance Program provided during the 3-year/36,000-mile bumper-to-bumper warranty. Ask your Ford Dealer for complete details on this program and a copy of the limited warranty, which includes such services as fuel delivery, tire change, jump start, or even help when you're locked out of your

Product Changes and Options Availability: Following publication of the catalog, certain changes in standard equipment, options, prices and the like, or product delays, may have occurred which would not be included in these pages. Your Ford Dealer is your best source for up-to-date information. Ford Division reserves the right to change product specifications at any time without incurring obligations. Options shown or described are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

Ford Credit Red Carpet Lease: Ford Credit's 24-month Red Carpet Lease is designed to be easy and trouble free - our primary objective is to deliver the ultimate in customer satisfaction. Advantages of a Ford Credit 24-month Red Carpet Lease include: More vehicle for the same amount of money as a conventional loan. With Ford's 24-month Red Carpet Lease, you may be able to afford an upgrade from a no-options vehicle to a more fully loaded model. A new vehicle every two years. With a 24-month Red Carpet Lease, you can enjoy driving a new vehicle every two years for a payment that is generally competitive with a conventional four-year loan. No up-front acquisition or lease-end disposal fees. Unlike other vehicle lease programs, a Red Carpet Lease has no up-front acquisition or lease-end disposal fees. To learn more about leasing, call toll-free 1-800-LEASE-11 to order a copy of "Leasing Made Easy," a free booklet that helps answer many commonly asked questions, or visit us on the Web at www.fordcredit.com/nafo/usa/rcl.

Komen Foundation's Race For The Cure.

Race For The Cure: As part of our ongoing commitment to breast cancer research and public awareness, Ford Division is proud to continue its national sponsorship of the Susan G.

Mobility Motoring Program

Ford understands that for those with physical disabilities, the independence that comes with operating an automobile is extremely important. The Ford Mobility Motoring Program can help such people gain their freedom in a new Ford or Lincoln-Mercury vehicle with adaptive equipment. Financial assistance, 24-hour roadside assistance, a cellular phone, even cash assistance is available to those who qualify. For information, call toll-free 1-800-952-2248. If you're hearing impaired, call 1-800-833-0312. Or visit us on the Web at www.ford.com/showrooms/pavilion/.
