Meet the strong, luxurious type, Lincoln Navigator.

Lincoln Navigator. The full-sized sport utility vehicle that just happens to be the most powerful luxury SUV in the world. It features the uncompromised level of luxury and comfort you've come to expect from Lincoln. You'll find Navigator is capable of taking you wherever you want to go, no matter how remote your destination. Rugged. Refined. Quite simply, the most luxurious way to travel, anywhere.

N A V I G A T O R

Don't let its strikingly attractive appearance deceive you. Navigator can handle the punishment of rugged terrain as well as a tough city street with its available four-wheel drive, automatic load-leveling

suspension system and unique tires and shock absorbers. The bumpier the road, the more it shines. A very capable vehicle, indeed.

Equipped with the available Control-Trac 4-wheel drive system, Navigator can get you through the worst Mother Nature dishes out. You'll also find Navigator has tremendous towing power. Its engine

produces 300 horsepower and allows you to tow up to 8,850 lbs.

Camping trips. Weekend getaways. Bringing antiques home. Navigator is designed to accommodate it all. It provides up to 116.4 cubic feet of cargo space with the 3rd-row bench seat removed and the

available 2nd-row bench seat folded. And not only is it roomy, it's designed to fit in just about anywhere, including most garages.

It's hard to imagine something this rugged being this comfortable.

It's readily apparent that this is one tough sport utility vehicle—surefooted enough to take you almost anywhere. However, it is also important to remember that it is first and foremost, a Lincoln. Which means it has a surprisingly smooth, level ride and excellent handling characteristics. This sophisticated ride is due to Navigator's automatic load-leveling suspension system and unique tires and shock absorbers. The ride is further enhanced by luxury sound isolation which produces a quiet ride. Additionally, speed-sensitive variable-assist power steering automatically adjusts, depending on Navigator's speed.

A wood- and leather-wrapped steering wheel includes speed control and duplicate climate and audio controls.

Only one word adequately describes this interior: Inspired.

Would you expect anything less from Lincoln? From behind the wheel you'll have a hard time imagining you're in a sport utility vehicle. Here is an interior with graceful lines, stylish, sweeping curves and a rich choice of materials. You'll be treated to the sumptuous feel of fine leather. You'll enjoy the genuine burl walnut accents. And you'll appreciate the abundance of storage space with conveniently located cup holders throughout the cabin. What's more, this is a space that is especially well-appointed. With a level of luxury few other automakers could provide. Note the crisp, full stereo sound. Power everything. The list of amenities is seemingly endless. Fortunately you have the time to take it all in.

Power adjustable brake and accelerator pedals are available and can be electronically moved forward and back for improved driving comfort. Positions can be set and recalled for two drivers, as part of the memory system.

Navigator's standard interior includes quad bucket seating and a third-row bench seat. First-row and second-row consoles with storage and cup holders are also standard. A second-row 60/40 split-fold

bench seat is available as a no-cost option. Naturally, they come with leather seating surfaces. They're shown here in Medium Prairie Tan.

To make your ride even more comfortable, features like electronic automatic temperature control and dual power front bucket seats with lumbar support come standard.

Lincoln Navigator

Navigator features include: Dual heated power outside mirrors, power rear quarter windows, an overhead console with available Auxiliary Climate Control System, separate audio and climate controls for

2nd-row passengers, available heated seats, a memory system for driver's seat and side mirror, Keyless Entry system and duplicate audio and climate controls located on the steering wheel.

The front center console is the perfect place to hold your cellular phone. And it can also house the available six-disc CD player.

N A V I G A T O R

What makes a Navigator a Navigator?

Rugged and refined are two qualities that sum up what Navigator is all about. Its ruggedness is a result of body-on-frame construction and the available Control-Trac Four-Wheel-Drive System which can be operated in three different modes. Navigator is also quite refined. The refinement goes well beyond a comfortable interior with rich leather seating surfaces and burl walnut accents. It also includes a 300-horsepower 5.4-liter DOHC V-8 engine, gas-pressurized shocks, short/long-arm front suspension, load-leveling rear air suspension and speed-sensitive variable-assist power steering. Navigator delivers plenty of peace of mind with its 4-wheel disc ABS, crumple zones and a fail-safe cooling system. Not to mention the command seating position which allows you to see above the traffic ahead. More details on what makes Navigator rugged and refined can be found on the pages ahead.

A. Navigator features a smooth shifting electronically controlled four-speed automatic overdrive transmission.

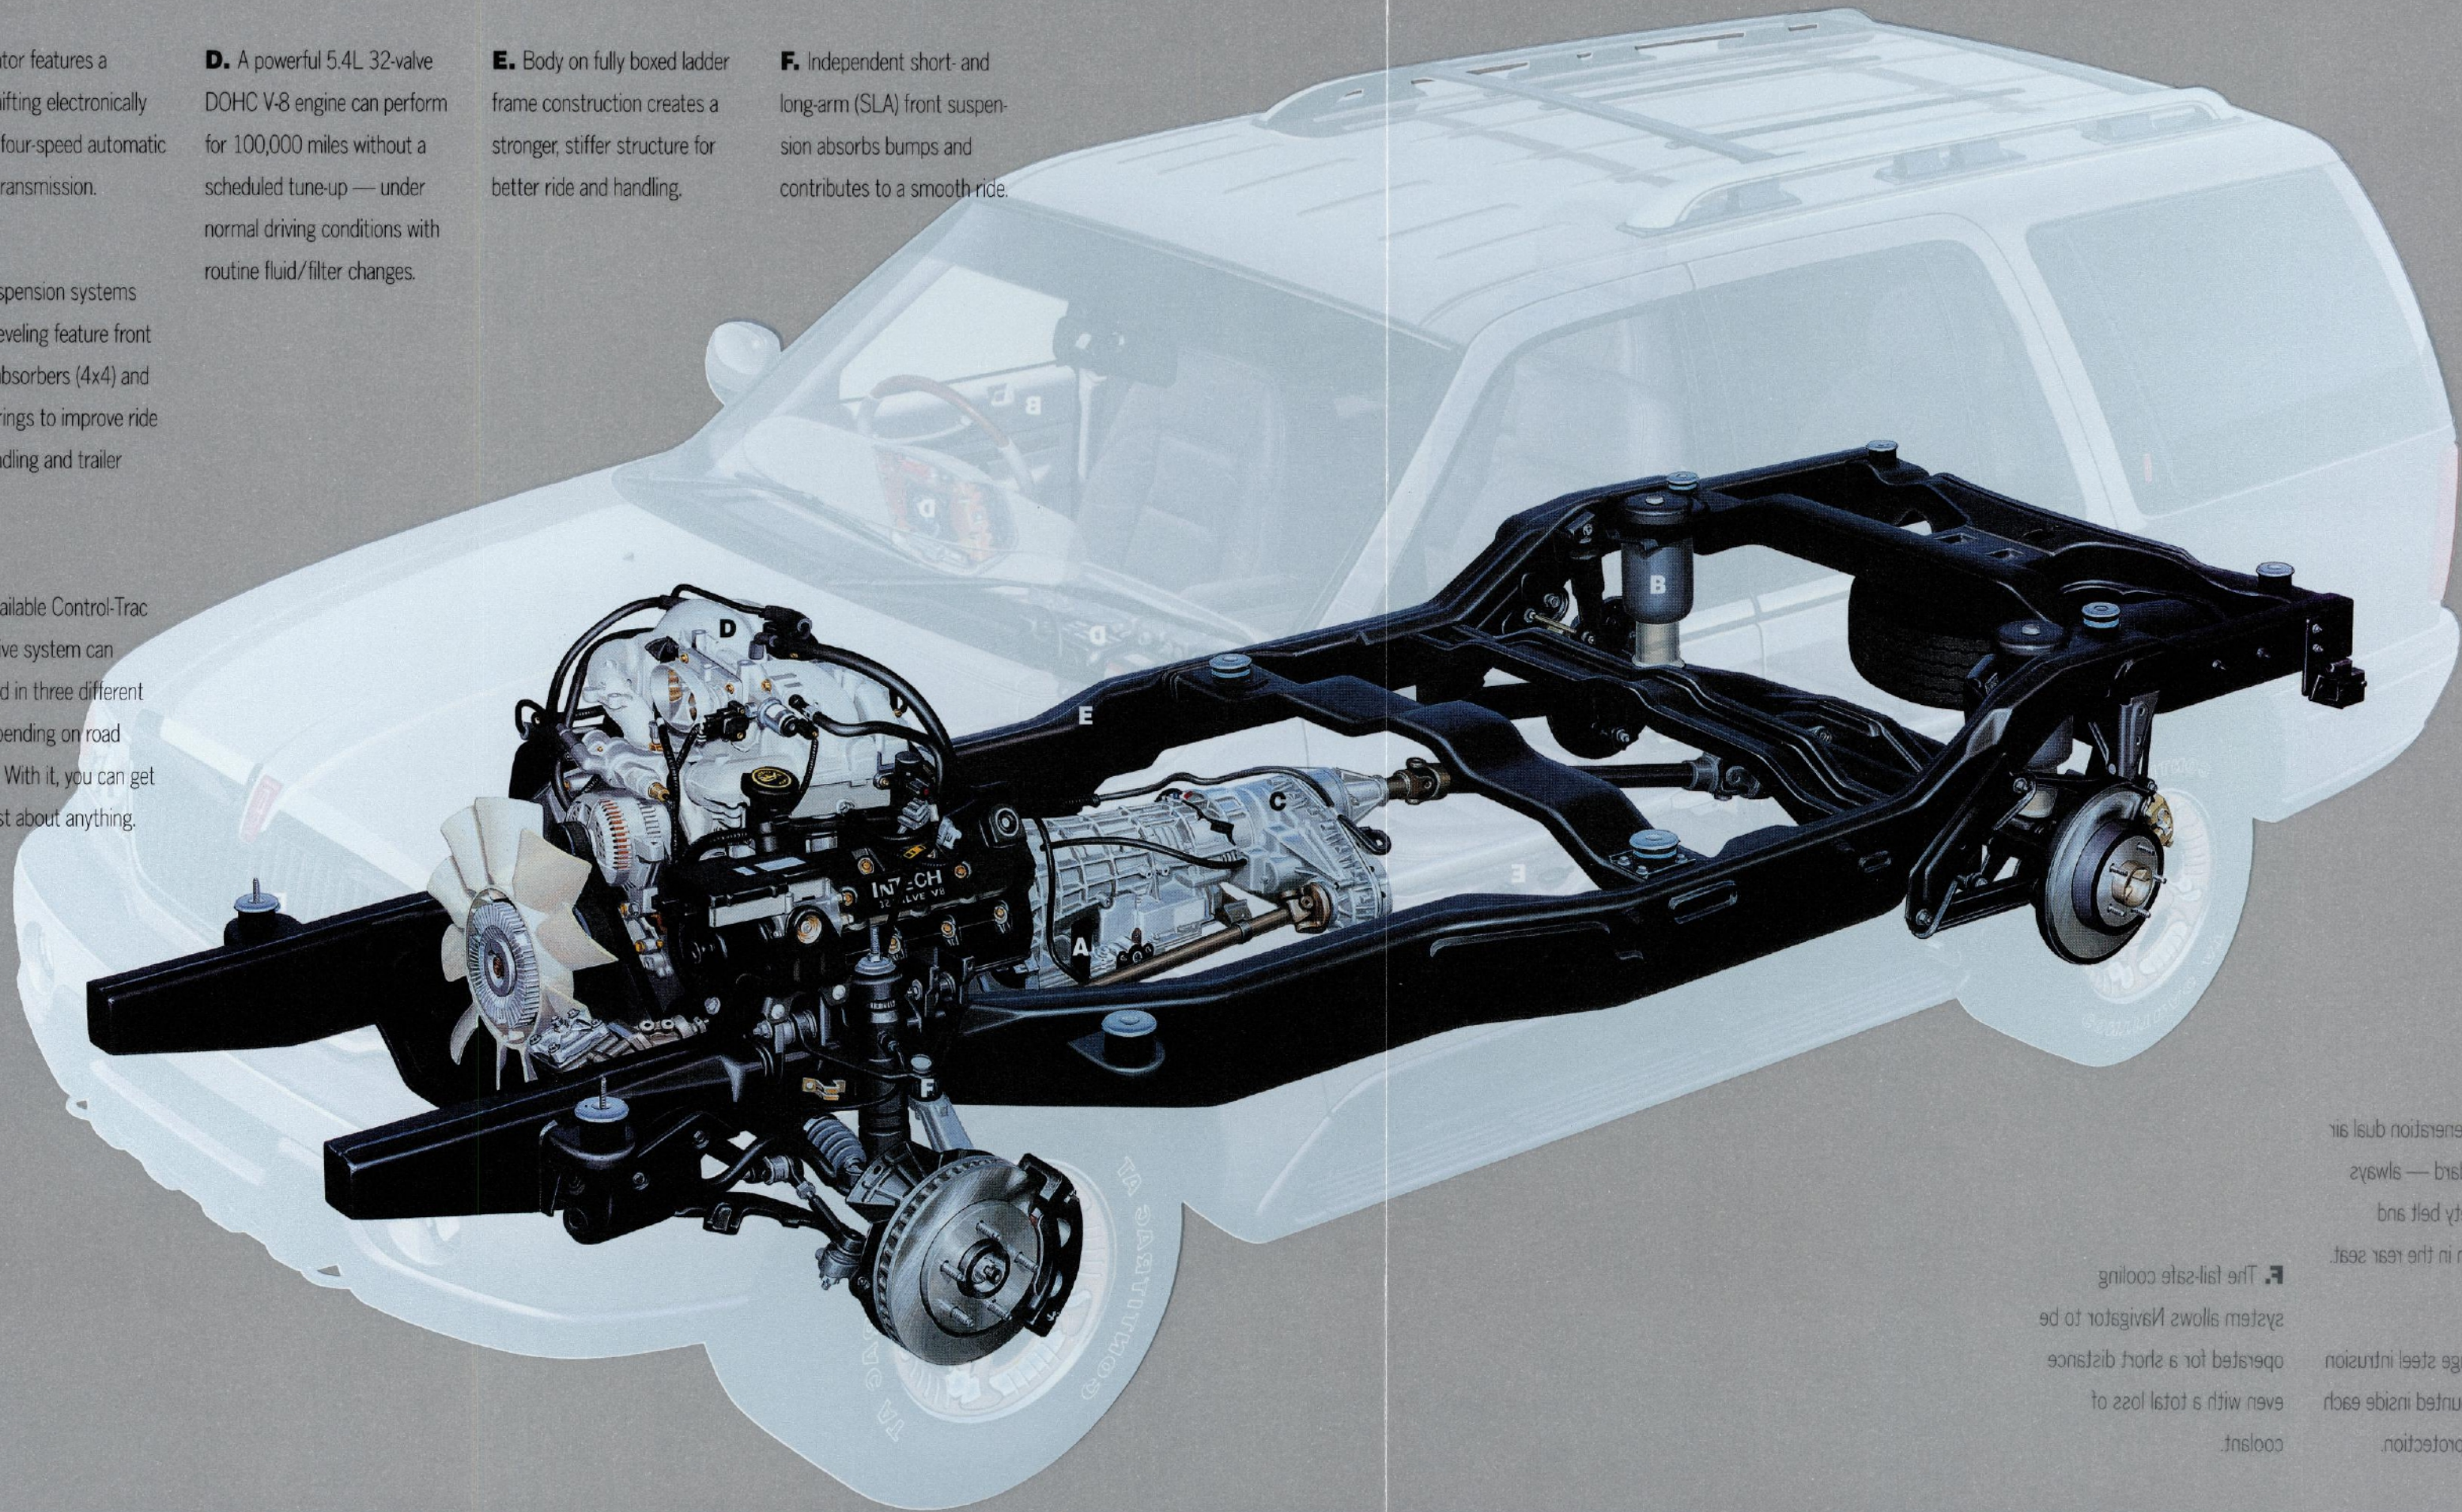

B. Air suspension systems with load-leveling feature front air shock absorbers (4x4) and rear air springs to improve ride quality, handling and trailer towing.

C. The available Control-Trac 4-wheel drive system can be operated in three different modes depending on road conditions. With it, you can get through just about anything.

D. A powerful 5.4L 32-valve DOHC V-8 engine can perform for 100,000 miles without a scheduled tune-up — under normal driving conditions with routine fluid/filter changes.

E. Body on fully boxed ladder frame construction creates a stronger, stiffer structure for better ride and handling.

F. Independent short- and long-arm (SLA) front suspension absorbs bumps and contributes to a smooth ride.

Options

Second-row 60/40 split bench seat with leather seating surfaces
Heated driver and front passenger seats
Auxiliary climate control
Electrochromic rearview mirror
Power moonroof
Premium 6-disc CD changer
Alpine® audio system with premium AM/FM stereo/cassette and seven premium speakers, subwoofer and speed-compensating volume control
3.73 limited slip rear axle (standard on 4x4 model)

Hands-free portable cellular telephone
Power adjustable pedals with memory
17-inch chromed wheels with P255/75R17 outlined white letter all-terrain tires (Available with 4x4 only)
16-inch P245/75R16 outlined white letter all-season tires
Skid plate package (4x4 model only)

An auxiliary climate control system is available and provides a comfortable cabin temperature for 2nd- and 3rd-row passengers.

A skid plate package is available on 4x4 models. It provides protection for the fuel tank, transfer case and front differential.

An electrochromic inside rearview mirror automatically dims to reduce the glare of other vehicles' headlamps.

Enjoy hours of musical pleasure with the clarity of CD sound. The CD changer holds six discs and is conveniently located in the center console. The Alpine Audio System features Premium AM/FM stereo with cassette and seven speakers.

Accessories

Three different ski adapters are available to accommodate a wide range of skis and snowboards.

Bike carrier adapters are designed for the safe transportation of bikes. Each adapter carries one bike.

A car cargo liner helps protect the cargo area from wear and tear and is perfect for hauling gardening supplies, construction materials or whatever.

The cargo tray is made of a high-strength, industrial polyethylene blend and helps minimize carpet soiling and staining.

A car cover is made of all-weather fabric and offers protection against acid rain, air- and weather-borne pollutants, dust, dirt and ultraviolet rays.

A soft luggage cover provides a convenient place to carry luggage and cargo. It features rear and side panels for easy access.

The cargo organizer allows you to keep packages separated and secure. It's lightweight, durable and easy to install.

Product Changes

Premium AM/FM stereo/cassette/radio with second-row controls and speed-compensated volume control
1st-row floor console with storage and cup holders
Full overhead console including map lights, power quarter window switches, electronic display and storage
Power windows and locks with illuminated controls and one-touch-down driver's window
Power flip rear quarter windows
Accessory delay
Battery saver
Remote Keyless Entry
Front and rear floor mats
Speedometer, tachometer, fuel, oil pressure, water temp, and charging gauges
Automatic on/off headlamps

Standard 16-Inch Cast Aluminum Wheel

Optional 17-Inch Chromed Wheel (Available with 4x4 only)

Lincoln Commitment.®

The satisfaction of owning your Navigator goes well beyond the driving experience. It's knowing your vehicle is backed by a comprehensive benefits package like Lincoln Commitment. It includes 24-hour Roadside Assistance—just call our hotline for towing, battery jump-starting, flat tire changing, lockout service or gas delivery. Assistance will usually arrive within 45 minutes. Alternate transportation options are offered by your dealer such as a loaner vehicle or shuttle service should your Navigator require warranty service. Should an emergency arise with your Lincoln, whether you're close to home or away on vacation, rest assured we'll reimburse you for things like meals, lodging, taxis and rental cars. And we'll furnish you with computerized maps and trip routing. What's more, Lincoln Commitment provides a dedicated Lincoln Customer Assistance Center to answer your questions and a 4-year/50,000-mile bumper to bumper limited warranty. A corrosion protection limited warranty provides coverage for 5 years with unlimited mileage and no deductible. Some restrictions may apply. See your dealer for complete details.

Lincoln Navigator. What a luxury [] should be.

Lincoln Navigator
