MOTOR CARS IN THE GREAT EUROPEAN TRADITION

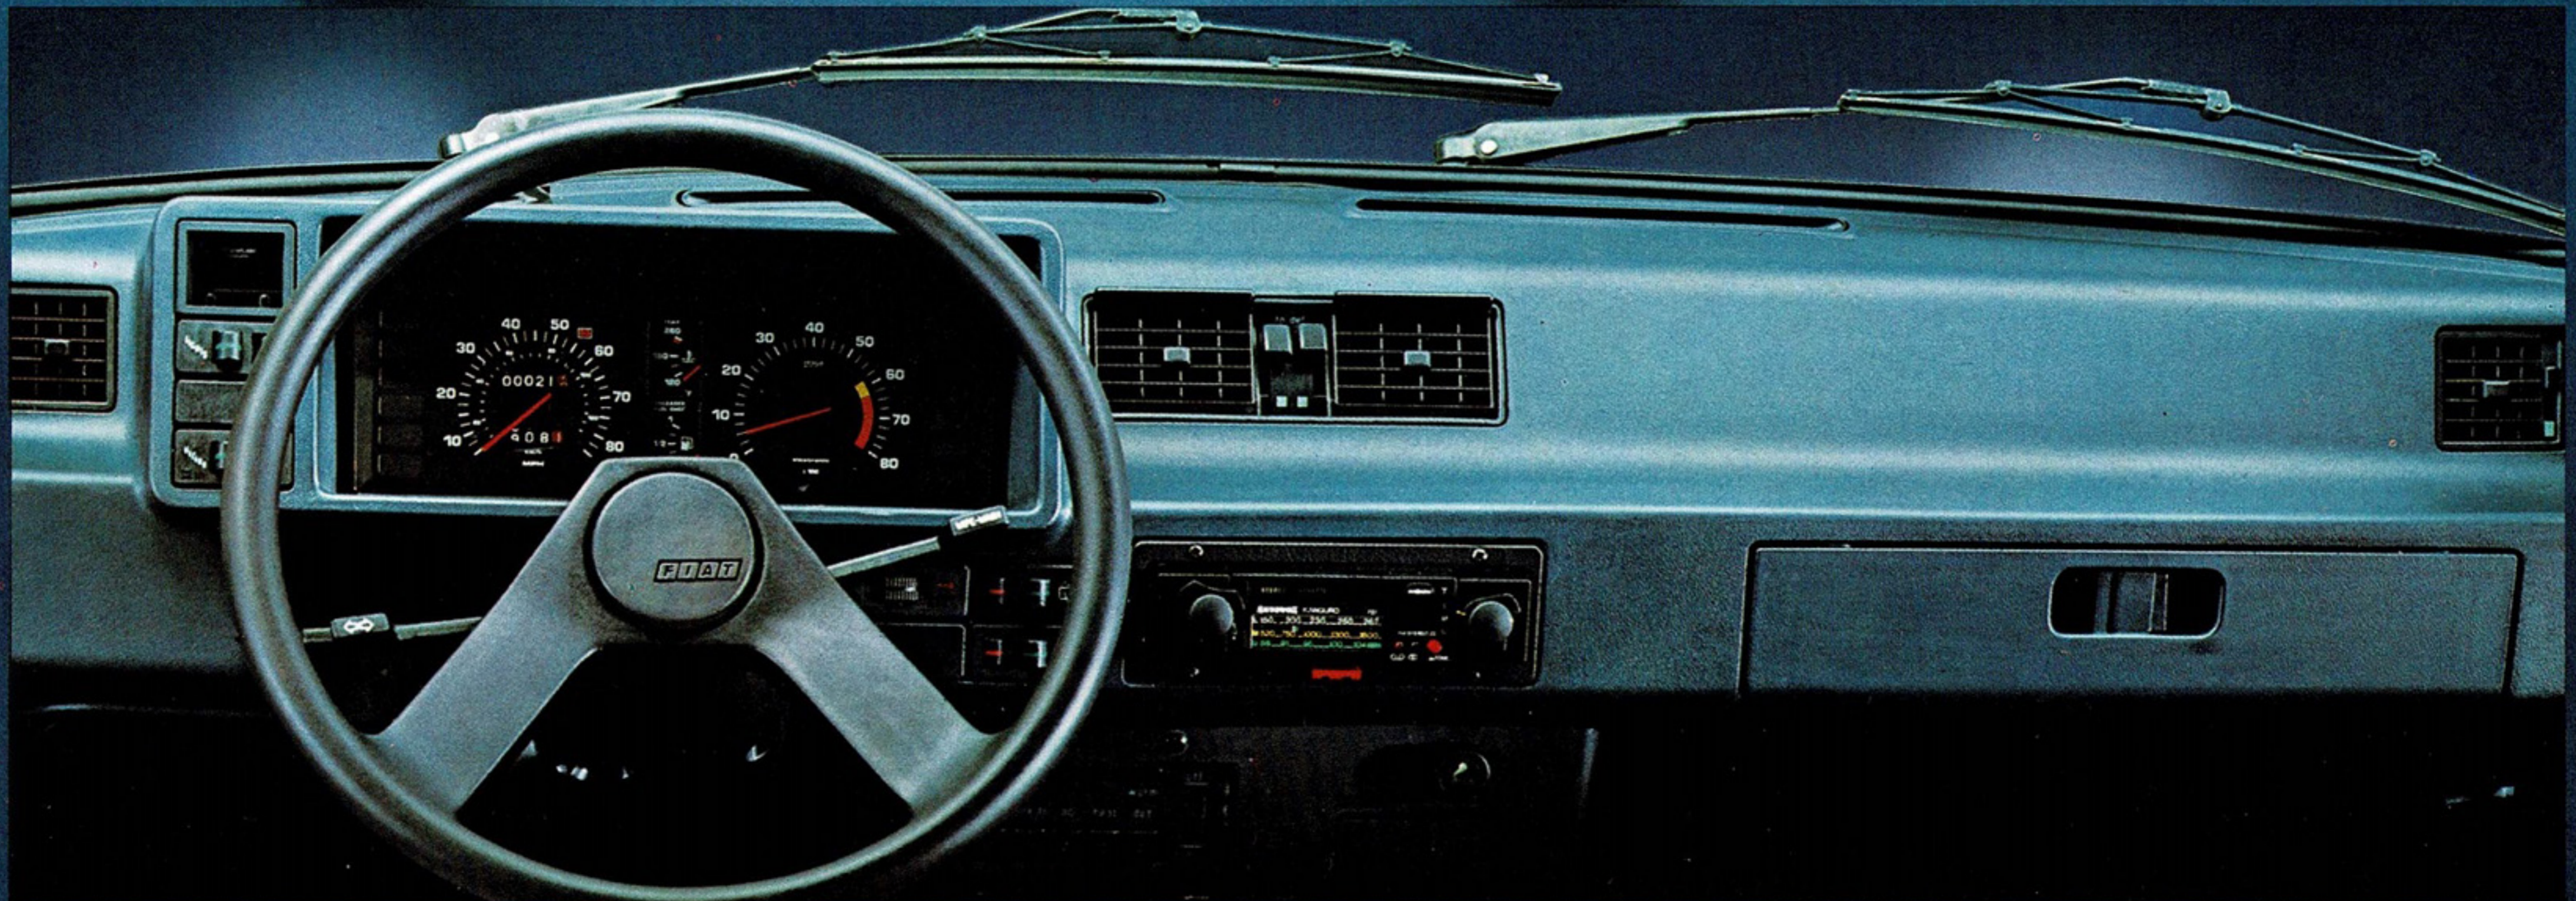

FIAT STRADA

So economical, so driveable, so European.

Extraordinary. That's Strada. Extraordinary space and comfort for its class. Extraordinary economy (in price and fuel economy). Extraordinary performance, with typical Fiat engineering.

It's not extraordinary that many people find Fiat Strada the perfect family car.

With all its practical attributes, Strada is stylishly contemporary. In short, it's in the European tradition.

Sport steering wheel and full instrumentation lend a sportscar feeling to this practical family sedan. (Strada custom dash shown above.)

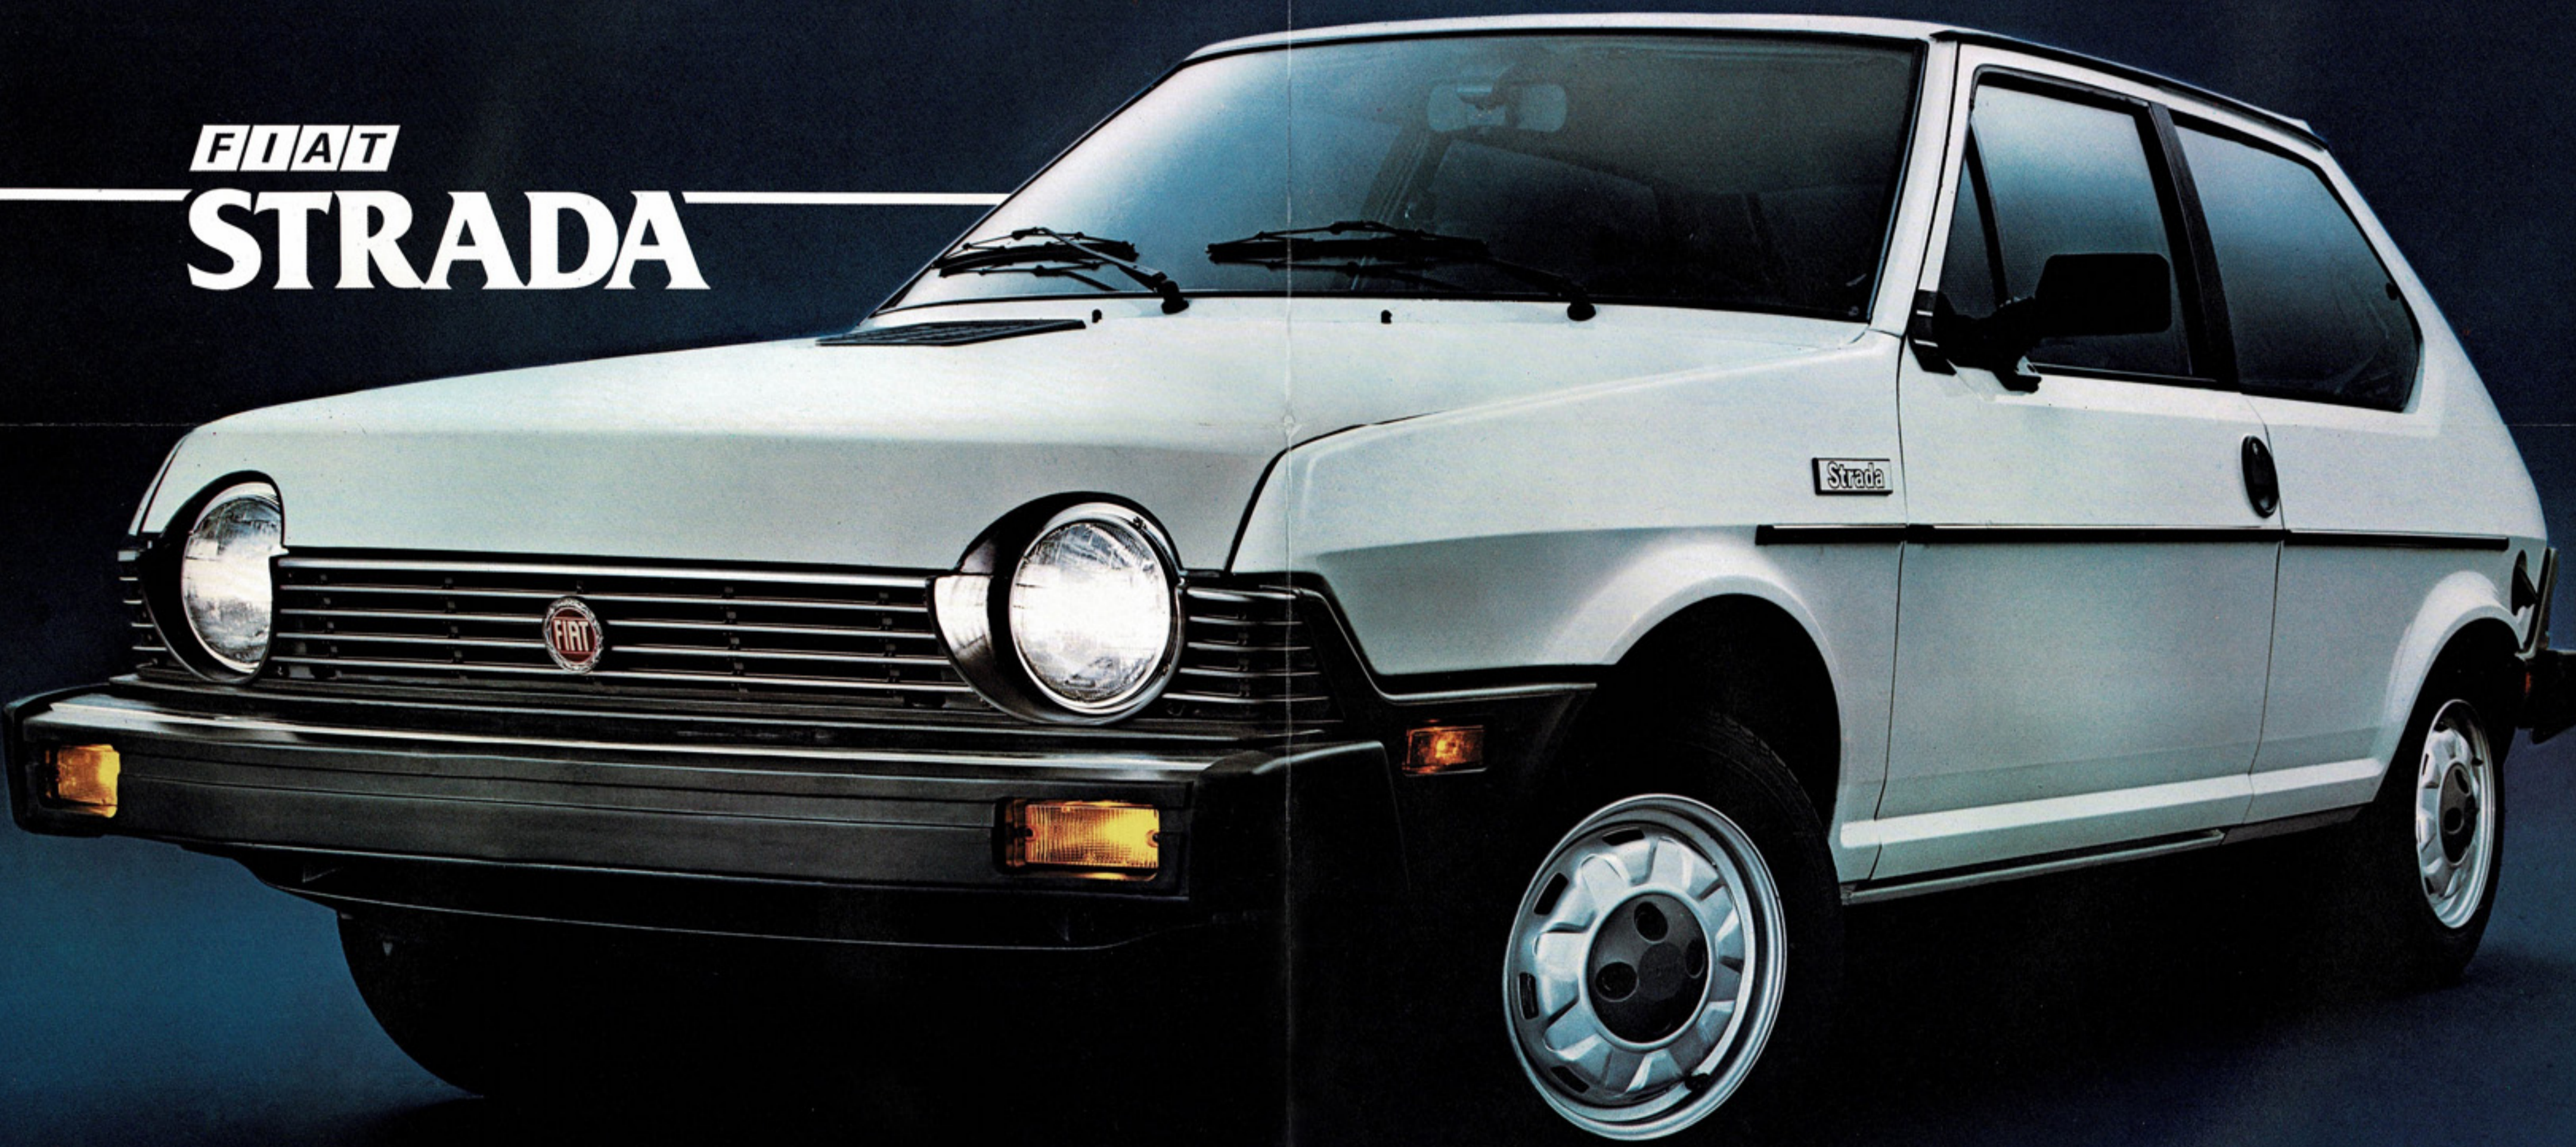

Sophisticated European design prevails in the Strada interior, from the reclining front bucket seats to the convenient color-coordinated accessories.

MOTOR CARS IN THE GREAT EUROPEAN TRADITION

FIAT
STRADA

28^{mpg} / 38^{hwy}* ECONOMICAL • FRONT WHEEL DRIVE • EXCELLENT PERFORMANCE • FUEL INJECTION • SPACE AND COMFORT

*1981 EPA estimates. Remember, compare this estimate to the estimated MPG of other cars. Your mileage may differ due to speed, trip length, and weather. Actual highway mileage will probably be lower. California mileage will be slightly lower. Mileage estimate for manual transmission vehicles.

FIAT

STRADA 3DR/5DR SPECIFICATIONS

American families need a new kind of transportation. The Strada kind. Transportation that combines fine engineering, economy, road performance and comfort.

The new fuel-injected overhead cam engine delivers quick responsiveness; the 5-speed overdrive transmission contributes to excellent gas mileage. Front wheel drive and rack-and-pinion steering give Strada exceptional handling. And there's plenty of space for 5 in this big little car.

But nothing really describes Strada's winning personality. Take your family for a drive in the car you belong in... Strada.

STANDARD EQUIPMENT

Engine/Driveline • 1.5 litre single overhead cam engine • Fuel injection • 5-speed transmission • Front wheel drive • Electronic ignition (breakerless) • Thermo-electric cooling fan

Suspension/Steering/Brakes • Rack-and-pinion steering • Power-assisted front disc brakes • Styled wheels • Radial tires • Equalized dual brake system

Body/Chassis • MacPherson struts (front end) • Unitized construction • Splash resistant distributor • Body side molding • Dual hydraulic hatchlift • Wheel trim rings (not available with alloy wheels) • Dual wiper spray nozzle • Wheel well liners • High gloss enamel paint • Anti-corrosion/P.V.C. undercoat
