

1982 DODGE **024**

DODGE 024...AMERICA'S DRIVING MACHINE.

Some of the equipment shown or described throughout this catalog is available at extra cost.

AT CHRYSLER, QUALITY IS A SCIENCE.

There are many sport coupes on the market today, but none to compare with Dodge's 024 Custom. Just look at the facts. In the first place, 024's been around a lot longer than many of its competitors. When Dodge introduced it in 1979, it was the first American built and designed car in its class to offer front-wheel drive.

But Chrysler engineers are not the type to rest on their laurels, so 024 has become better year after year. Corrosion protection has been improved. And for 1982, there's an improved front suspension system for better ride and handling to go along with 024's already superior aerodynamics. Interiors are now both plusher and more attractive. And this year's special Miser model is rated at ³⁴EPA EST MPG, 51 estimated highway* (see page 6 of this catalog for full details).

All 024's are built in one of the most modern assembly plants in America. Computer-controlled automatic welders ensure the solid Unibody construction which all but eliminates squeaks and rattles. And an intensive quality control program makes certain that every car coming off the line meets our highest standards. So you get more than just a great looking car with all the virtues of front-wheel drive: good performance from a smaller, more efficient engine because heavy drive train components are eliminated to reduce overall weight; greater interior roominess because space-robbing drive train components are repositioned up front; and superior traction and stability because engine and transaxle weight is directly over the front driving wheels.

You get a car with 30 billion miles of front-wheel drive experience behind it. And

the number is growing every day. That's because more and more people are discovering 024's many other qualities: its skill at passing gas pumps, its knack of moving five people in style and comfort, and its ability to take on 33.9 cubic feet of cargo through its big rear hatch when the back seat is folded down.

This year there are three 024's to choose from. The one you see here is our Custom model. It offers a lot of value for the money. Including standard 024 performance features such as front disc brakes and rack-and-pinion steering, plus a peppy 1.7-liter (2.2-liter standard in California) power plant and a sporty four-speed manual transaxle. And a long list of comfort/convenience features and options too numerous to mention here. But that's how 024 keeps ahead of the competition.

A. 024 Custom with Two-Tone Paint Package. Shown in Charcoal Gray Metallic and Burnished Silver Metallic. **B.** 024 Custom's standard dual reclining corded cloth-and-vinyl Sport bucket seats in Silver. **C.** Computer-controlled automated welders are used in the construction of 024s in one of America's most modern assembly plants. **D.** Front-wheel drive and exceptional aerodynamic design help account for 024's superb traction and efficiency. **E.** 024 Custom with Sport Appearance Package. Shown in Burnished Silver Metallic and Flat Black.

About this catalog. We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

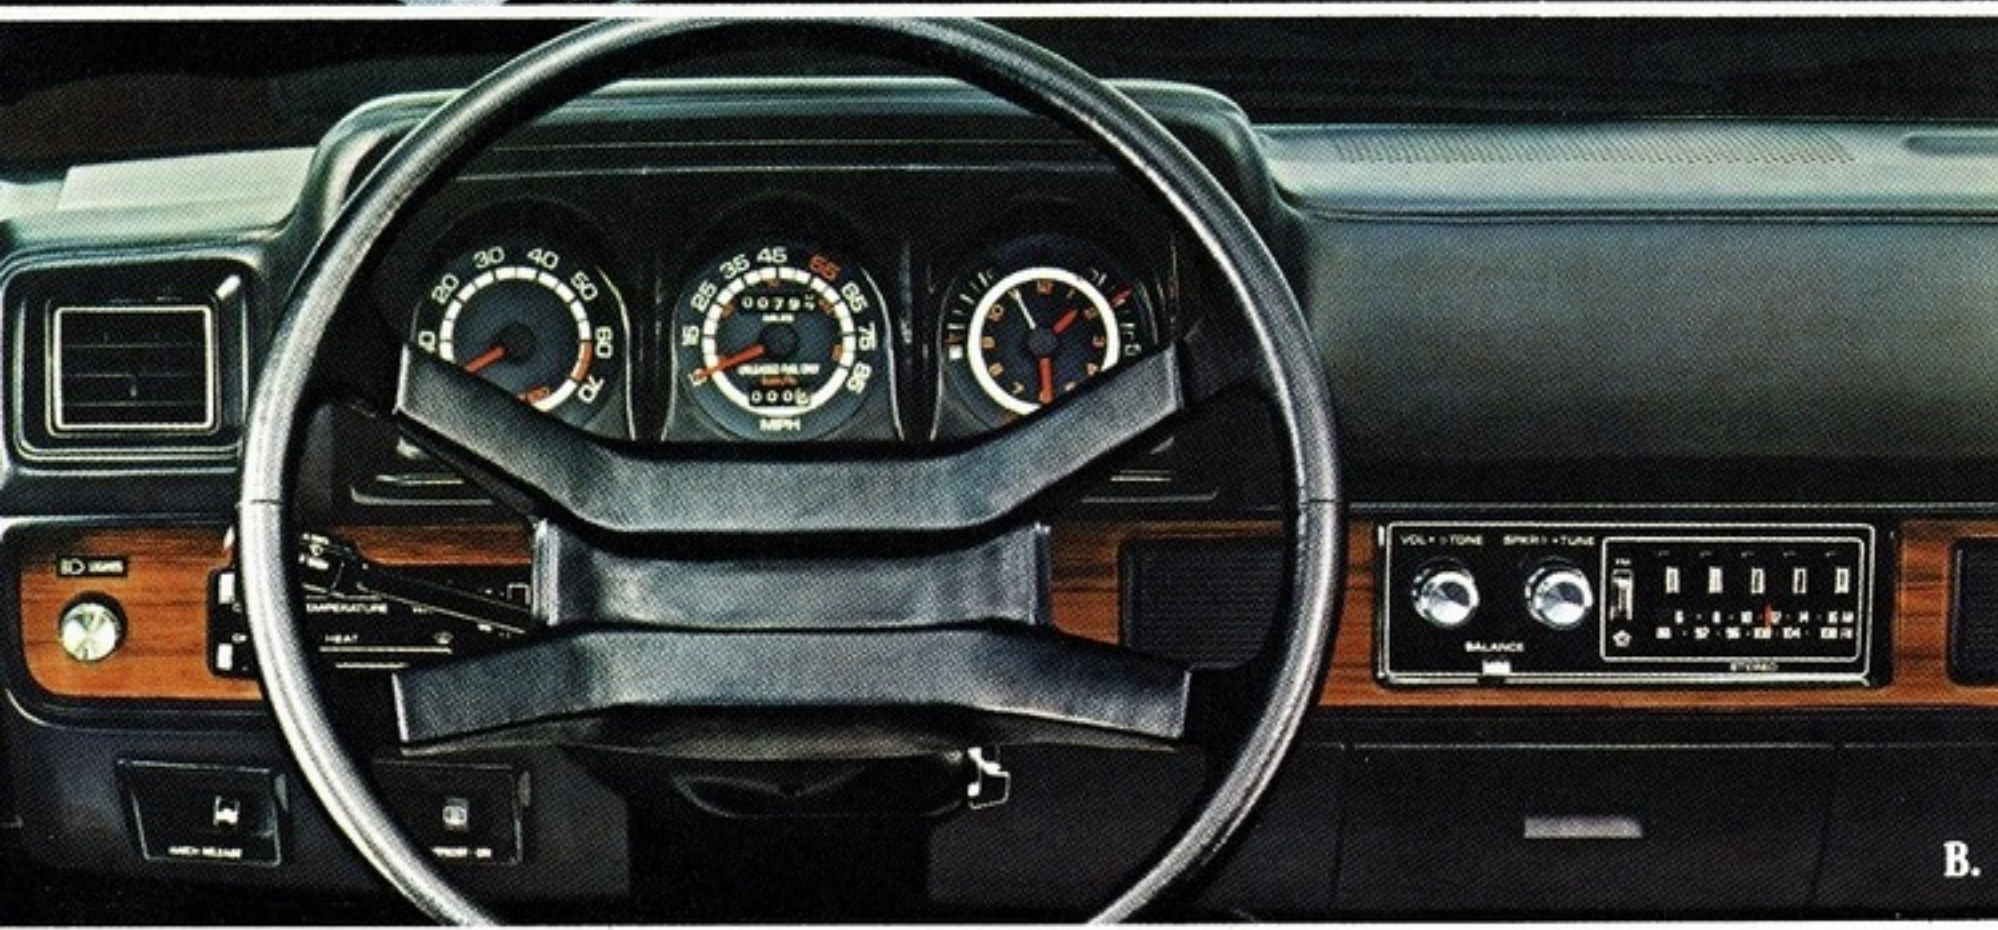

*Use the EPA EST MPG numbers for comparison. Your mileage may differ depending upon speed, weather and trip length. Actual highway mileage will probably be lower than highway estimate.

DODGE CHARGER 2.2...INTRODUCING A LOT OF GO WITHOUT THE GUZZLE.

A USAC CERTIFIED SPORTS CAR.

A.

B.

C.

The Charger name, always known for racy good looks and performance to match, has returned. In a form that's right on target for the fuel-efficient 80's. And overall performance good enough for the United States Auto Club to label it as a genuine sports car.

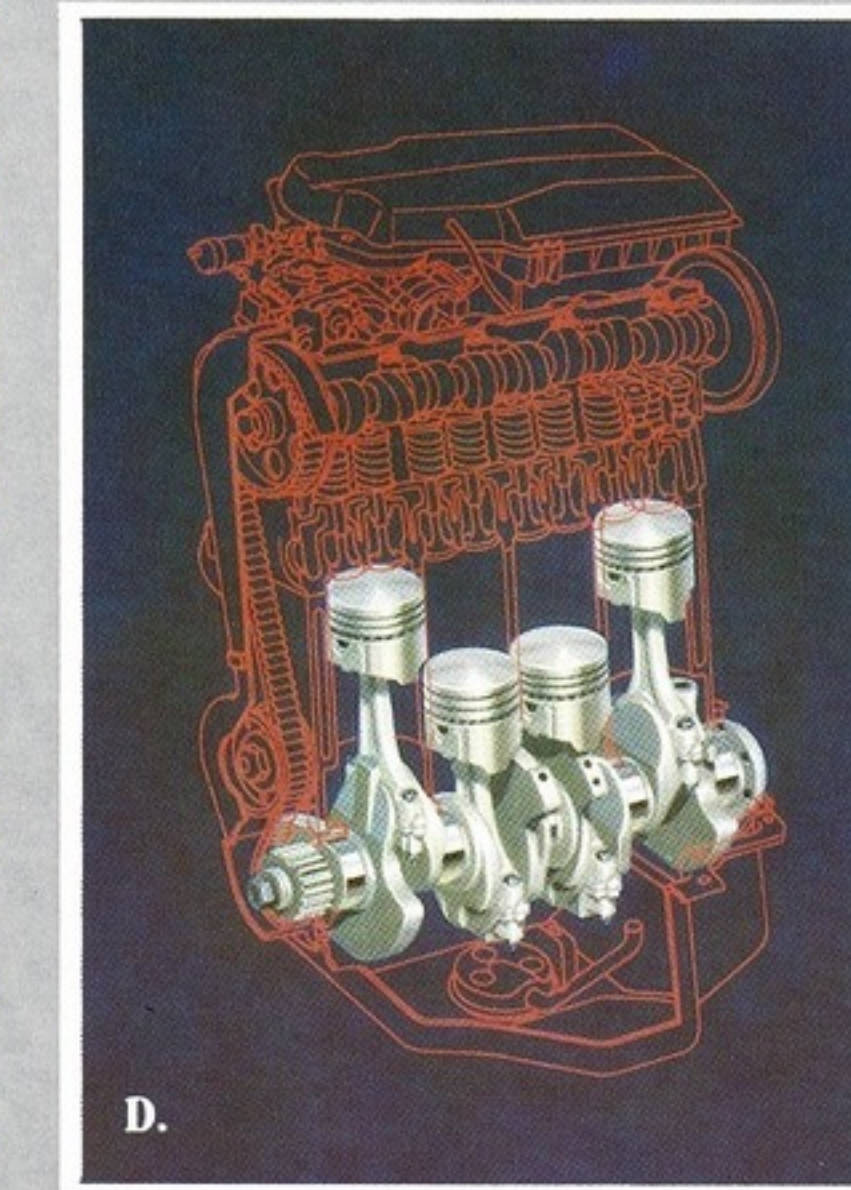

The look is definitely Charger. With black trim. Raised white-letter tires. Fourteen-inch steel Rallye road wheels. Simulated front fender exhausters. Dual remote sport mirrors. And special Red, Black or Gold "Charger 2.2" graphics on the simulated hood scoop, rear spoiler and body sides.

The look continues inside, too. With dual reclining Sport high-back bucket seats and door trim upholstered in corded cloth-and-

forefront of high performance technology, and Charger 2.2 is no different. With sleek aerodynamic styling that lets it slice through the air with the greatest of ease. And front-wheel drive for added traction when accelerating on straightaways. Plus rack-and-pinion steering for handling tight turns. That's when Charger 2.2's sport suspension system and P195/60R14 steel-belted radials (with raised white letters, no less) also show their considerable talents.

High performance technology makes its mark under the hood, too, with a 2.2-liter overhead cam four-cylinder engine that's teamed with a standard four-speed manual transaxle that features a performance 3.13:1 overall top gear ratio and a performance exhaust system for added responsiveness. These make Charger a car that can really perform. A car that can go from 0 to 50 mph in 6.6 seconds,* yet is rated at [26]† EPA EST MPG, 41 estimated highway.

For added performance, ask your dealer about Direct Connection, Chrysler Corporation's Performance Parts Program. You'll find air dams, wheels and engine chrome for the street, as well as a suspension kit, cams and pistons for off-road—items that can make your Charger 2.2 even more of a driving machine!

D.

A. Charger's standard Sport interior—dual reclining bucket seats in cloth-and-vinyl. **B.** A four-spoke sport steering wheel and Rallye instrumentation cluster are standard, too. **C.** Charger 2.2 in Graphic Red with optional Black Lower Paint Package. **D.** An overhead cam Trans-4 engine provides Charger's power.

vinyl. A standard four-spoke sport steering wheel and a Rallye instrument cluster with tachometer, clock and trip odometer.

Chargers have always been in the

*Based on National Hot Rod Association tests conducted on August 12, 1981, at Pomona, California, Raceway. This figure is an average of the best five of ten runs.
†Use the EPA EST MPG number for comparison. Your mileage may differ depending upon speed, weather and trip length. Actual highway mileage will probably be lower than highway estimate. California mileage: [24] EPA EST MPG; 36 estimated highway.

024 MISER. OUR MILEAGE SQUEEZING SPORT COUPE RATED AT 34* EPA EST MPG, 51 EST. HIGHWAY.

Once upon a time, all misers were destined to be unattractive, uncomfortable and generally unloved. Then along came Dodge to dispel those notions with a very thrifty little car that had a lot more going for it than just high mileage and a very affordable price.

How did they do it? By putting a specially calibrated 1.7-liter four-cylinder engine and a four-speed manual transaxle with a 2.69 overall top gear ratio into a trim, aerodynamically designed body that offered plenty of sporty good looks in the bargain.

The result? Great EPA mileage ratings. But not at the expense of comfort for five passengers in high-back bucket seats upholstered in standard all-vinyl (shown here in black) or optional cloth-and-vinyl. Or at the expense of versatility... Miser's handy rear hatch opens to reveal 33.9 cubic feet of cargo space with the rear seat folded.

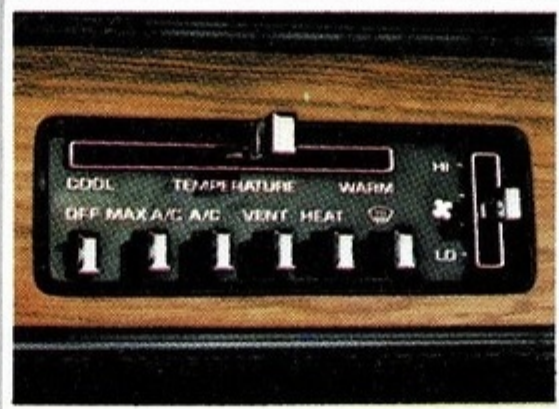

Like all 024's, Miser has road-gripping front-wheel drive, rack-and-pinion steering, front disc brakes and radial tires that make it a real driver's car. Its many added standard features also include a locking glove box, deluxe seat belts, a choice of thirteen exterior colors and much, much more.

A. 024 Miser's standard all-vinyl high-back bucket seats in black. B. 024 Miser in Graphite Yellow.

*Use the EST MPG number for comparison. Your mileage may differ depending upon speed, weather and trip length. Actual highway mileage will probably be lower than highway estimate.

INTERIOR TRIM

Standard on 024 Miser—All-vinyl high-back bucket seats with integral headrests. Fold-down rear seat. Offered in Red, Cashmere, Blue, Black.

Optional on 024 Miser—Cloth-and-vinyl high-back bucket seats with integral headrests. Fold-down rear seat. Offered in Red, Cashmere, Blue.

Standard on 024 Custom and Charger 2.2—Cloth-and-vinyl Sport type, high-back bucket seats with integral headrests and dual seatback recliners. Fold-down rear seat. Offered in Red, Cashmere, Blue,* Silver,* Black.

Optional on 024 Custom and Charger 2.2—All-vinyl low-back bucket seats with adjustable headrests and dual seatback recliners, and easy-entry system on passenger side. Fold-down rear seat. Offered in Red, Cashmere, Blue,* Silver,* Black. *Not available on Charger 2.2.

OPTIONAL PACKAGES

BRIGHT EXTERIOR ACCENT PACKAGE (available on 024 Custom only)
• Rear bumper protective rub strip
• Bright sill moldings* • Bright wheel opening moldings*
*Available in Package only.

TWO-TONE PAINT PACKAGE (available on 024 Custom only)
• Two-tone paint
• Accent stripes on body side
• Rear bumper protective rub strip
• Colors available: see Colors

LIGHT GROUP
• Ash receiver light* • Glove box light*
• Halogen headlamps*
• Headlamps-on warning buzzer*
• Ignition switch light with time delay*
• Luggage compartment light*
• Map/courtesy light*
*Available in Group only.

SPORT APPEARANCE PACKAGE (available on 024 Custom only)
• Black lower paint • Black moldings for drip rail, windshield, rear window, and belt • Accent tape stripe • Rear bumper protective rub strip • See Colors
CHARGER 2.2 BLACK LOWER PAINT PACKAGE (available Charger 2.2 only)
• Black lower paint • Accent tape stripe • See Colors

OPTIONS

• Air Conditioning*—Manual (Miser requires 2.2-liter engine and auto. trans.)
• Battery—430-amp (maintenance-free)
• Carpet—Cargo compartment (includes sound insulation)*†
• Clock—Analog: with trip odometer†
• Cluster—Rallye instrument: includes tachometer, clock and trip odometer†
• Console—Shift lever†
• Cooling—Engine: higher capacity (not available with air conditioner)*
• Defroster—Rear window: electric
• Emissions—California Control System and Testing (required on vehicles registered in California; not available otherwise)
• Emissions—High-altitude (with 2.2-liter engine only)
• Glass—Windshield: clear
• Heater—Engine block
• License Plate Bracket—Front: standard where front plate is required
• Louvers—Rear hatch window (dealer-installed)

• Interior—Vanity: illuminated right visor
POWER
• Brakes
• Steering—Miser requires 2.2-liter engine and auto. trans.
• Protective Rub Strip—Rear bumper††

RADIOS

• AM Monaural—Miser only
• AM/FM Stereo—Electronic tuning #
• AM/FM Stereo—Electronic tuning, with cassette player and Dolby** system #
• AM/FM Stereo—Manual tuning
• AM/FM Stereo—Manual tuning, with cassette player and Dolby** system
• AM/FM Stereo—Manual tuning, with eight-track tape player
• Radio Upgrade—Dual front speakers (not available with stereo radios)

SEATS

• High-Back Bucket—With integral headrests: cloth-and-vinyl (Miser only)
• Low-Back Bucket—With adjustable headrests and dual recliners: all-vinyl†
• Speed Control—Automatic (requires

deluxe windshield wipers)
• Spoiler—Rear liftgate††
• Suspension—Sport††
• Sun Roof—Removable glass

TIRES

• P175/75R13—Glass-belted radial wide white sidewall††
• P175/75R13—Steel-belted radial black sidewall††
• P175/75R13—Steel-belted radial wide white sidewall††
• P195/60R14—Steel-belted radial black sidewall with raised black letters (requires optional 14" wheels)††
• P195/60R14—Steel-belted radial black sidewall with raised white letters (requires optional 14" wheels)††
• Spare—Conventional (Miser requires 2.2-liter engine and auto. trans.)

• Tonneau Cover—Cargo area
• Transaxle—Automatic (with 2.2-liter engine only)
• Undercoating
• Vinyl Protection—Vinyl coating on lower body
• Wheel Covers—Radiant 13-inch††

STANDARD SAFETY FEATURES

• Safety-Rim wheels • Combination lap-shoulder belts for the driver and right front passenger, and lap belts for all other passengers • Seat belt reminder system • Energy-absorbing steering wheel • Dual braking system with separate brake fluid reservoirs in the master cylinder • Brake fluid pressure loss warning light (also serves as indicator when parking brake is applied) • Hazard warning flasher system • Turn signals with lane-change features • Electronic ignition • Backup lights • Energy-absorbing sun visors • Front seat head restraints • Energy-absorbing front seatbacks • Inside and outside rearview mirrors • Side marker lights and reflectors • Seatback latches on folding seats • Fade-resistant front disc brakes • Electric windshield washers and wipers • Ignition and steering column lock • Anti-theft trunk lock • Headlamp and wiper circuit breakers with automatic reset • Key-left-in-ignition warning • Non-overide door locks (except driver's door) • Resilient window crank knobs • Side door beams • Dual throttle return springs • Interlocking door latches • Recessed inside door release handles • Rotary glove box latch • Reinforced windshield header and roof • Glare-reduction measures for windshield wipers, instrument panel and steering wheel • Double ball-joint rearview mirror mount

5/50 PROTECTION PLANS:

Chrysler offers you two choices of 5/50 Protection Plans: the 5/50 Power Train Plan and the 5/50 Custom Plan. These optional service contracts provide you with protection against tomorrow's rising service and parts costs for specified major repairs starting after your vehicle's "basic" limited warranty expires and lasting for 5 years or 50,000 miles (whichever occurs first) from your vehicle's original in-service date. The plans have a \$25 deductible, and provide an allowance for alternate transportation and towing. Ask your dealer for complete details.

CORROSION PROTECTION

Chrysler Corporation's corrosion protection is among the best in the industry. It includes the extensive use of galvanized steel metal panels, one of the best known methods of corrosion protection, and pre-coated steel in critical areas, as well as the seven-step dip-and-spray process.

All product illustrations and specifications are based on authorized information. Although descriptions are believed correct at publication approval, accuracy cannot be guaranteed. Some of the equipment shown on product illustrations is optional, at extra cost. Chrysler Corporation reserves the right to make changes from time to time, without notice or obligation, in prices, specifications, colors and materials, and to change or discontinue models. See your dealer for the latest information.

Buy or Lease a Dodge 024

If you buy a new car every two years or so, or would like to, you're in an ideal situation to take advantage of leasing—for that's the typical length of a lease contract. If you use your car in business, leasing could cut down on your operating and administrative expenses as well as give you accurate records for tax purposes. The more you learn about leasing, the more likely you are to consider it seriously. Talk it over with us—your local member of the Chrysler Leasing System.

A PRODUCT OF
THE NEW CHRYSLER
CORPORATION

MOPAR parts are engineered by Chrysler Corporation for use in your new Dodge 024. When replacement is necessary, be sure to specify MOPAR parts. Used by professional mechanics all over the world.
