Audi S5

Driving redesigned

A new form of coupe: First and foremost the S5 is one hundred percent Audi; the exceptional dynamics, the sports performance, the sophisticated luxury. However in this dynamic model, Audi takes on a new form - with the long sweeping lines, classic wide stance and elegant contours of the iconic coupé.

A new form of power: It's all about your senses. First you hear it. The deep roar of the race-bred 4.2 litre V8 FSI® engine. Then you feel it. The immediate response as it delivers 260 kW of power and 440 Nm of torque. Finally you live it - as the Audi S5 propels you from 0 to 100 km/h in 5.1 seconds towards a top speed of 250 km/h.

A new form of comfort: Slide behind the Audi S5's multifunction sports leather steering wheel, and sink into the embossed leather sports seats, and you're surrounded by luxurious comfort and styling. The interior is elegant and sophisticated. The cockpit is ergonomically designed. Even the instrument panel reflects distinct style with white needles over grey dials.

A new form of agility: It's in the application of this power where the Audi S5 delivers on the promise made so emphatically by its dynamic. The synchronised 6-speed manual transmission works in sync with the Servotronic® power steering for exceptional touch and control. While Audi's quattro® permanent all-wheel drive with variable torque distribution delivers outstanding driving dynamics and excellent road stability.

Model	S5 4.2 FSI manual quattro
Recommended Retail Price[^]	\$131,900 [^]

Technical Data	
Cylinders/valves	V8/4
Capacity (cc)	4163
Power (kW/rpm)	260/7000
Torque (Nm/rpm)	440 / 3500
Driven Wheels	quattro [®] permanent all-wheel drive
Transmission	6-speed manual
Acceleration - 0-100km/h (sec)	5.1
Wheels	18" alloy wheels in 5-parallel spoke styling
