

OUTLANDER OUTLANDER

# TESTED BY THE BEST

## TESTED BY THE BEST IN THE BUSINESS

Not just tested. Pushed to the absolute limit. Rally championships around the world have become the testing grounds for Mitsubishi production vehicles. And we've been doing it for over 40 years.

Constantly evolving technology from each and every gruelling challenge, culminating in vehicles of uncompromising durability, reliability and engineering excellence. What's more, we can't wait to go back and learn more.

### DAKAR CHAMPION TWELVE TIMES OVER

A 9,000 kilometre race over the most inhospitable, treacherous terrain in the world. The searing heat of the Sahara desert, endless, mountainous sand dunes, gruelling conditions and roads through remote forests. The Dakar rally is the pinnacle of off-road racing. Even to finish is no mean feat.

To be the undisputed champion twelve times altogether, the last seven in a row, is extraordinary.

Australian Off Road  
Championship  
(Class 7)

#### THE ULTIMATE TESTING GROUNDS

Over 40 years of rally championships around the world have become the testing grounds for production of Mitsubishi vehicles. These are the places true off-road vehicles are born. The places we choose to test and develop the advanced 4WD technology and innovative driver confidence systems you'll find in every Mitsubishi production car. These deliver proven reliability and durability in 4WD innovations.

OUTLANDER

# REVOLUTION RANGE

## 4WD REVOLUTION RANGE

The Mitsubishi range of 4WDs has been transformed, based on everything we have learned from Pajero's winning performances – not only about rising to the challenges of the world's toughest rally courses, but how to make off-road feel more like on-road.

### ALL NEW PAJERO

The classic five-door, long-wheelbase Pajero, now has a sophisticated new exterior, a new modern interior, and two new engines that are Euro 4 compatible.

Each member of the long-wheelbase Pajero range – the luxurious Exceed, the sporty VRX and the rugged GLX – is more technologically advanced, more comfortable, more powerful, and tougher than ever. A choice of a petrol engine with a massive increase in power and torque, or a new, quieter, more efficient diesel. Everything you could possibly wish for in a 4WD.

### ALL-NEW PAJERO 3 DOOR

A brand new pocket-rocket addition to Mitsubishi's Pajero range. All of Pajero's new-generation features are now loaded into a slick three-door package, with stand-out good looks and a shorter wheelbase for heightened off-road ability.

Pajero 3 door is the closest you can get to the acclaimed Pajero Evolution, the 4WD that thaws the world in the Dakar Rally each year. Without a doubt, Pajero 3 door is a serious high performance 4WD.

### ALL-NEW TRITON

The tough, dependable Triton is an Aussie workhorse, equally at home on the farm, the building site, in the outback and around town.

The Triton range offers the latest technology with a powerful turbo diesel or petrol engine, the capacity of a genuine one-tonne payload, and the comfort of the biggest cabin space ever. The all-new Triton is a hard working ute that gets the job done.

# ACTIVE OUTLANDER

## ACTIVE OUTLANDER

Mitsubishi Outlander has been designed to complement even the most active of lifestyles.

It's as versatile as you want it to be. Optional third row seats allow you the flexibility of carrying up to 7 people. While the unique electric fold-and-tumble rear seats can automatically provide a cavernous cargo area. A split fold tailgate provides a low and flat entry to the rear, making loading a breeze.

As big on innovative features as it is on style, Outlander is brimming with sophisticated technology.

Boasting an impressive Smart Key entry system that enables you to open and start the vehicle with the key still in your pocket; Rockford Fosgate 650 watt audio system with 9 speakers and a 10-inch subwoofer; a rear entertainment system featuring a 9-inch, full-colour wide-screen DVD while

Bluetooth allows you to answer your calls without having to access your handset.

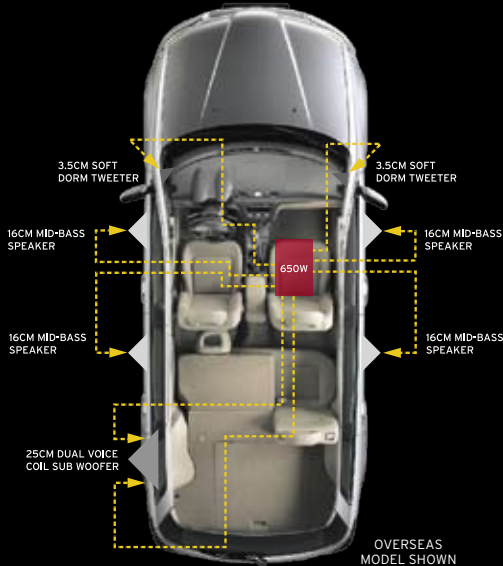

Outlander is equipped with the advanced Active Select 4WD system, giving you the option of 2WD for economy or 4WD, for when you need the added traction. MIVEC engine technology (Mitsubishi Innovative Valve timing and lift Electric Control) powers the new 4WD system resulting in greater fuel efficiency.

Each model in the Outlander range caters for different lifestyle demands with varying distinguishing features. From the 2.4 litre 4-cylinder LS and sporty XLS to the added power and performance of the 3.0 litre V6 VR and premium sports VRX, Outlander has something for everyone.

# ADVANCED TECHNOLOGY FOR LIFE

The new generation Outlander incorporates the latest entertainment technology to enhance the enjoyment of your journey. From the awesome audio system to the DVD entertainment that will keep an army of hyperactive kids quiet. Sit back and enjoy.

**ROCKFORD FOSGATE PREMIUM AUDIO SYSTEM.**  
Delivering a massive 650 watts with 9-surround sound speakers and integrated 10-inch subwoofer including MP3 compatible 6-disc CD player, Outlander VRX has the sound to match its looks.

ROCKFORD FOSGATE SPEAKER LOCATION

**Rockford Fosgate**

Outlander has a raft of next generation technology to suit your active lifestyle. From the hands free Bluetooth mobile phone operation, so you can talk without having to pull over, to the Smart Key entry system when you have armfuls of shopping. Whatever life throws at you, throw it at Outlander. It can more than cope.

#### PADDLE GEAR SHIFTS

Inspired by Mitsubishi's World Rally heritage, paddles on the Outlander steering wheel give you ultimate control in an automatic, allowing you to make lightning quick gear changes in Sports Mode, without your hands leaving the wheel.

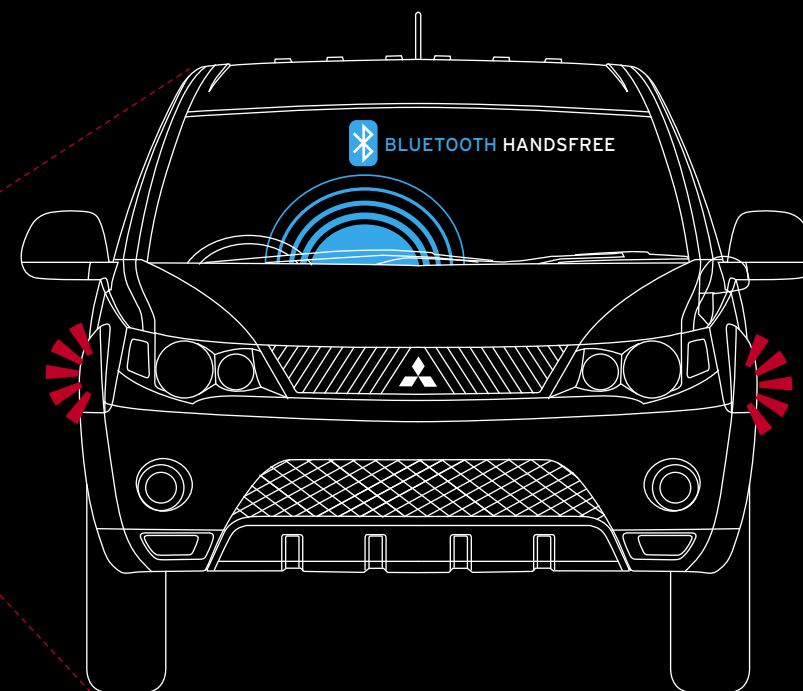

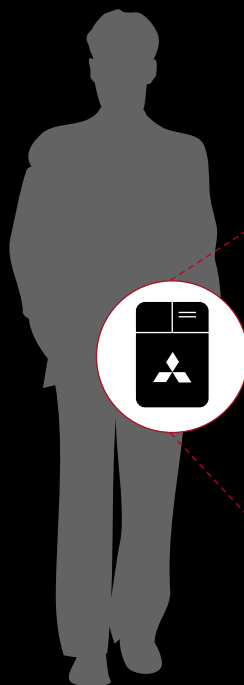

#### REAR ENTERTAINMENT DVD SYSTEM

Why should drivers have all the fun? Outlander rear seat passengers can enjoy sophisticated in car entertainment with their very own 9-inch full colour DVD screen. Games console compatible, it includes one set of infra red cordless headphones. As the passengers watch a DVD, the rest of the car can listen to the music, or simply tune out and take in the surrounding scenery.

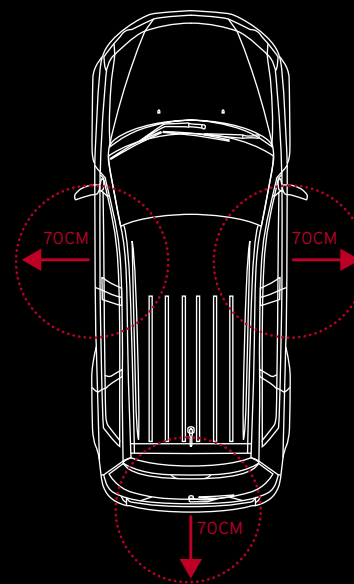

#### SMART KEY

You know the scenario. It's pouring, your arms are full of shopping and you're struggling to find your keys. Luckily, Outlander is clever. By sensing your unique Smart Key, Outlander knows you're coming. Just touch the door handle and Outlander recognises you and unlocks, you can then even start the ignition without using the key. It couldn't be easier.

#### STEERING WHEEL AUDIO & CRUISE CONTROLS

Simple to use and easy to reach steering wheel controls allow you to adjust your audio or set the cruise control, giving you a maximum control with less fatigue on long trips.

#### SMART KEY PROXIMITY

#### BLUETOOTH MOBILE PHONE HANDSFREE

Drive safely. Talk freely. Outlander comes complete with Bluetooth technology with a dash button for pick up and hang up, and auto integration. When a call comes through, it automatically cuts through the radio, and at the touch of a button, comes through the speakers. When the call ends, the radio resumes. All without having to touch your phone, or audio dials.

# ADVANCED TECHNOLOGY

## VERSATILE TECHNOLOGY FOR FLEXIBLE LIFE

Outlander fits with your way of life, whether that means carrying a car-full of kids, cargo or both. The new generation Outlander is as big on innovations as it is on space. Seats move and fold away with ease. Luggage space is bigger. Bulky items go in easier. And loading up is a breeze. Outlander also has many clever storage compartments to keep your car clutter free. So whatever you want to carry, Outlander is designed with the flexibility and versatility you need.

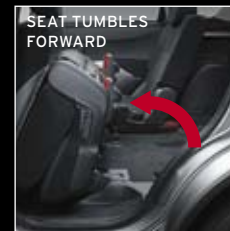

### 7 SEAT CAPACITY

Outlander offers an optional 7-seat capacity with a third row seat, so there's extra room for everyone. And when you need the luggage space, the third row can be conveniently stowed under the floor.

### AUTOMATIC FOLD AND TUMBLE

Flick a switch and the second row seats fold and tumble forward, giving you a completely flat bed in the back – and a massive 1691 litres of storage volume.

**EASY LOADING REAR TAILGATE**  
 Loading up just got a whole lot easier. A new fold down tailgate gives a lower load-in height so bulky items not only fit, but slide in more easily.

**THERMO BOX**  
 A Hot-Cold Thermo Box offers you the ultimate convenience so you can store your drinks and keep them warm or cool.

**CLEVER STORAGE COMPARTMENTS**

# ADVANCED TECHNOLOGY

## ENGINES

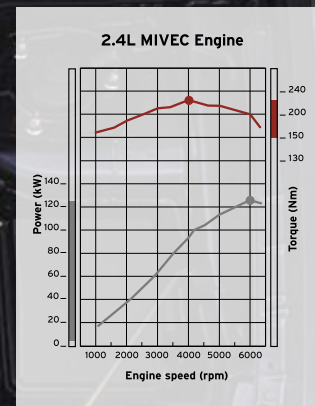

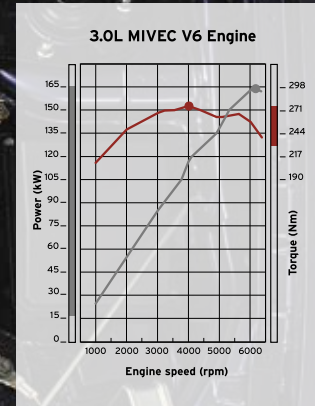

With a choice of two new, more powerful, more fuel-efficient engines, Outlander has never been better equipped for handling your great escapes. And as life gets busier, you demand more from your vehicle, so it's good to know that with Outlander, you've got more impressive power and torque than ever before.

### MIVEC ENGINES

The new MIVEC Engines (Mitsubishi Innovative Valve timing and lift Electronic Control) offer the latest technology through a lighter engine with intelligent valve timing technology to deliver excellent fuel efficiency and lower emissions, while providing improved drivability and towing power. It matches your driving style to minimise fuel consumption at lower revs, while increasing airflow at high revs for greater power and performance.

The powerful new **3.0 litre V6 MIVEC engine** boasts an awesome 162kW of power and 276Nm of torque.

The efficient **2.4 litre 4 cylinder engine** has an impressive 125kW of power and 226Nm of torque. Combined with the Continuously Variable Transmission this 2.4 litre MIVEC engine delivers unbelievable fuel economy at only 9.5 litres per 100 kilometres.

# TRANSMISSIONS

## ADVANCED TECHNOLOGY

Two transmissions are available in the all-new Outlander. Continuously Variable Transmission (CVT) with INVECS "Smart Logic" and 6-speed Sports Mode for the 2.4L models and a 6-speed automatic with INVECS "Smart Logic" and paddle shift Sports Mode for the 3.0L V6 models.

### INVECS 'SMART LOGIC'

To provide smoother shifting, the INVECS 'Smart Logic' transmission system's on-board computer learns and adapts to each driver's preferences by recording engine and foot braking data. The control logic then adapts the automatic gearshift timing to suit the driver's style, while minimising torque function fluctuation for effortless acceleration and a more predictable ride.

### ADAPTIVE SHIFT CONTROL DURING ACCELERATION

#### AVERAGE SHIFTING PATTERN

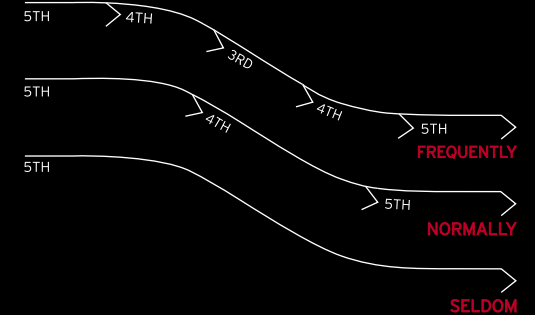

#### SPORTY SHIFTING PATTERN

### ADAPTIVE SHIFT CONTROL GOING DOWNHILL

#### BRAKING

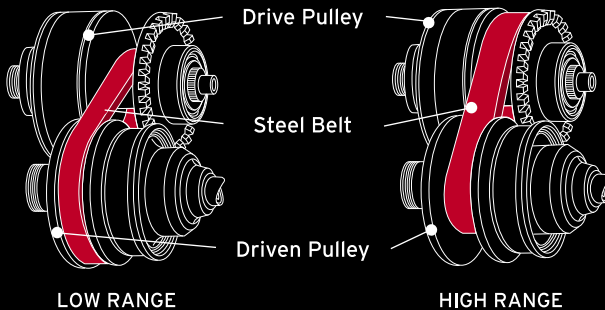

### SPORTS MODE AUTOMATIC TRANSMISSION

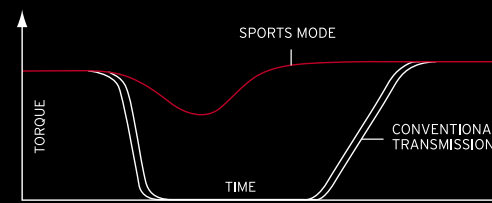

Sports Mode Automatic Transmission gives you the best of both worlds. You get the ease and convenience of an automatic or CVT, with the control and flexibility of a clutchless manual. The advantage is that this clutch free operation reduces rev and torque loss usually associated with changing gears, maintaining precious momentum in off-road situations. Combine this with the paddle shifts; available on XLS, VR and VRX models, and you can make sporty, quick gear changes to make driving all the more fun.

### CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

CVT (Continuously Variable Transmission) is electronically integrated with MIVEC to ensure Outlander is operated in the best gear ratio for optimum revs. This ensures maximum power and economy. What you'll notice is a smoother ride without jolty gear changes.

### COMPARISON OF SHIFT RESPONSE

# DRIVER CONFIDENCE

## MATT: MITSUBISHI ALL TERRAIN TECHNOLOGY

Mitsubishi brings you the latest safety systems and superior 4WD technology. Outlander boasts Dakar rally proven MATT™ (Mitsubishi All Terrain Technology) across the range for the ultimate in on and off road driver confidence.

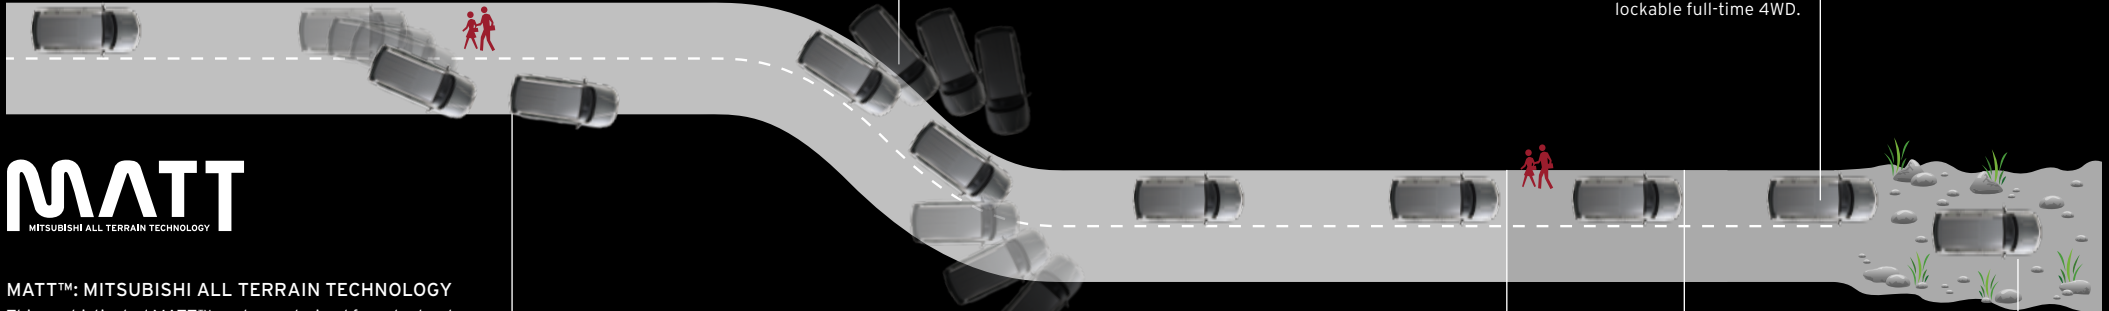

### ACTIVE SELECT 4WD

Make instant choices between 2WD for efficient highway cruising and 4WD for off-road traction, on the move at speeds up to 100 km/h. When in 4WD mode, the intelligent Active Select system actively distributes torque between the front and rear wheels via the electronically controlled coupling to maximise traction and acceleration at all times. Or if you know the going will be rough, you can select lockable full-time 4WD.

### ACTIVE STABILITY CONTROL (ASC)

Maintains stability and prevents loss of control when cornering, automatically recognising under steer and over steer and applies braking to the diagonal wheel to keep you on line through corners. Even in sandy conditions stay in complete control at every turn.

# MATT

MITSUBISHI ALL TERRAIN TECHNOLOGY

### MATT™: MITSUBISHI ALL TERRAIN TECHNOLOGY

This sophisticated MATT™ package, derived from technology tested in the brutal Dakar rally operates using numerous intelligent sensors constantly monitoring your vehicle's wheel speeds, lateral and longitudinal g-forces and yaw rates. The on-board computer then processes this data and matches it to driver intentions via steering wheel and throttle sensors to provide optimum driving performance. When it comes to giving you superior control, we've left no stone unturned.

MATT™ incorporates the following advanced systems to enhance your driving control:

- Active Select 4WD system
- Multi-Mode Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Active Stability Control (ASC) on VR & VRX models
- Active Traction Control (ATC) on VR & VRX models
- Mitsubishi Body Optimised Suspension (MBOS)

### MULTIMODE ANTI-LOCK BRAKING SYSTEM (ABS)

Make driving on slippery roads safer. Outlander's intelligent 4-channel, 4-sensor braking system monitors different wheel speeds and activates brakes to individual wheels when required to deliver superior control. This allows you to manoeuvre around objects under heavy braking conditions.

### ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

Stopping distances are reduced as EBD detects when you are carrying passengers or heavier loads and automatically increases rear-braking force.

**STOPPING  
DISTANCE  
WITHOUT EBD**

### ACTIVE TRACTION CONTROL (ATC)

Maintains traction on the most slippery or rugged of surfaces.

This intelligent system automatically controls the engine output so driving wheels are prevented from spinning. Sensing loss of traction in independent wheels it applies braking force to that wheel and sends extra power and torque to other wheels with traction to keep you moving.

# DRIVER CONFIDENCE

## TECHNOLOGY DESIGNED TO SAVE LIVES

We're proud of our safety systems because they save lives. Proud because it's Mitsubishi breakthrough technology.

**RISE**, Mitsubishi's Reinforced Impact Safety Evolution body design system with integrated chassis, is a highly rigid one-piece shell that has come through the punishing ups and downs of the world's toughest rally like a true champion. The super strength cabin will cocoon your family and provide outstanding protection in the event of an accident.

### RALLY BRED SHOCK ABSORBERS

Outlander uses the same mono-tube rear shock absorbers as the legendary high performance Lancer Evolution, which is efficient in terms of damping force to the stroke length providing enhanced stability. The stroke provides excellent tyre contact to the road, even on rough surfaces.

### RISE SAFETY

The RISE body integrates a newly developed rigid ladder frame, side impact bars, and collision absorbing joints. Outlander is safer than ever before.

Outlander also offers improved stability, handling and ride comfort. An aluminium roof reduces weight and lowers the centre of gravity for greater stability and better cornering offering a sedan-like driving experience.

### SRS AIRBAGS

To provide ultimate protection in the event of a frontal collision, Outlander is fitted with driver and front passenger Supplementary Restraint System (SRS) airbags, and optional side and curtain airbags are available across the range. Six airbags are fitted to all 7-seat models.

## STATE OF THE ART INTERIOR

Take a look at the Outlander VRX's stylish interior design. The 4WD that's great for outdoor adventures also has all the functionality and luxury you'd expect on the inside, with an all-new interior incorporating innovative design features to ensure your comfort and entertainment.

### SPORTS INSTRUMENTATION

Outlander has sporty instrumentation dials with an LED multi function display including a trip computer and outside temperature functions.

### CARGO BLIND

The cargo blind provides added security to keep your valuables hidden away.

# OUTLANDER VRX V6

With innovative features and the ultimate in style, the new Outlander VRX V6 is the premium sports 4WD and is loaded with technology to power you around town or on your weekend escapes. The sporty exterior boasts 18" alloy wheels, fog lamps, chrome dual exhaust and dark privacy glass. Inside you'll find with added sporty style also comes added safety features such as side and curtain airbags, reversing sensors and Bluetooth.

**PREMIUM ROCKFORD FOSGATE AUDIO SYSTEM**  
Delivering a massive 650 watts with 9-surround sound speakers and integrated 10-inch subwoofer. Includes 6 stacker CD, MP3 compatible. The VRX V6 has the sound to match its looks.

**OPTIONAL LEATHER SEATS\***  
Luxuriously finished in durable, soft leather, these seats are also powered and heated for ultimate comfort.

\*Leather seating surfaces only, 1st and 2nd row seats.

**OPTIONAL SUNROOF**  
Let the sun and fresh air stream in. Electric open, tilt and close to help bring the outdoors in.

**HIGH INTENSITY DISCHARGE HEADLAMPS**  
Clever self-levelling headlamps so they adjust themselves. Optional HID headlamps offer brighter illumination for night time driving. Even better, they also self-wash.

# OUTLANDER VR V6

With the added performance through a V6 engine, the confidence of stability and traction control, the VR has the power and safety needed for you and your active family.

And it's loaded with innovative features to help you enjoy the ride. Ready for your next getaway? More than ready is the answer.

## PADDLE GEAR SHIFTS

Inspired by Mitsubishi's World Rally heritage, paddles on the Outlander steering wheel give you ultimate control in an automatic, allowing you to make lightning quick gear changes in Sports Mode, without your hands leaving the wheel.

## DUAL EXHAUST

To match the powerful engine, a sporty chrome tip dual exhaust provides the finishing touch.

OUTLANDER

# OUTLANDER XLS 2.4L

The versatile XLS 2.4 litre is as sporty as it is efficient. Boasting a VRX-style sporty appearance it is at home in the city or the outback. The 2.4 litre 4 cylinder engine delivers superb power when you need it, at maximum efficiency. With the sports exterior also comes an interior with sporty accents and added comfort with automatic climate control air-conditioning.

## 6-STACKER CD

The XLS has the sound to match its looks with the MP3 compatible 6-disc CD player with 6 speakers.

## BLUETOOTH MOBILE HANDS FREE

Drive safely. Talk freely. The XLS comes complete with Bluetooth technology with a dash button for pick up and hang up, and auto integration.

## SMART KEY

Just touch the door handle and Outlander recognises you and unlocks. You can even start the car without using your key.

## REVERSING SENSORS

Outlander now knows what's behind it. Reversing sensors sound and warn if you're too close to an object behind you, helping to ensure you never back into anything.

# OUTLANDER LS 2.4L

The flexible LS 2.4 litre enables you to get up and go with ease, whether you're carrying a car full of passengers or bulky cargo. Adaptable seating configurations give you maximum options and convenience, and innovative features ensure your driving comfort.

LS is equipped with safety systems such as driver and passenger front SRS airbags, Multi-mode ABS with Electronic Brake force distribution and a cargo blind for added security.

## LEATHER BOUND STEERING WHEEL

With simple to use and easy to reach on-wheel audio and cruise controls.

## ACTIVE SELECT 4WD

Active select has three driving modes that are selectable on the move at speeds up to 100km/h. Make instant choices between 2WD for fuel efficiency, 4WD for added traction and safety or 4WD lock for off-road driving.

## POWER WINDOWS

Front power windows with one-touch and safety operation and rear power windows.

# SUPERIOR VALUE

## MITSUBISHI'S DIAMOND ADVANTAGE

Mitsubishi's rally credentials are second to none. You don't win the world's most notorious rallies time after time without breakthrough, advanced engine technology and superior 4WD technological innovations.

Every Mitsubishi rally driver starts a race knowing they have a support system to back them up through every torturous, testing kilometre. It's a level of commitment every Mitsubishi driver can expect, and it's why we've created a comprehensive, efficient and sophisticated support system.

Mitsubishi Motors Australia Limited offers a 5 year/130,000km (whichever comes first) New Vehicle Warranty, a 10 year/160,000km (whichever comes first) Powertrain Warranty and a 5 year Perforation Corrosion Warranty on all Mitsubishi cars and light commercial vehicles.

Plus, when Genuine Mitsubishi Accessories are already fitted to your 4WD on delivery, they're covered by the Mitsubishi 3 year or 130,000km\* Warranty. If they are fitted after you have purchased your 4WD, they will be covered for the remainder of the warranty or for 12 months or 20,000 kilometres.\* For Diamond Spectrum Accessories, the warranty is 12 months or 20,000 kilometres.\*

### Diamond Finance

Take the burden out of financing your new Mitsubishi vehicle with our competitive range of finance products, developed by Mitsubishi Motors Australia Limited and St. George Motor Finance Limited.

### Diamond Leasing

Our tailored fleet leasing services offer innovative, highly competitive features such as card purchasing, roadside assistance, specialist maintenance services, accident and claims management, optional insurance and more.

### Diamond Road Side Assist

Peace of mind is guaranteed anywhere in Australia, 24 hours a day, 365 days a year with our fast, comprehensive roadside service offering assistance, repairs, towing and storage. Our Premium Road Side Assist clients also enjoy the added benefits of accommodation, medical and transport facilities.

### Diamond Insurance

With the sound backing of Swann Insurance and Mitsubishi Motors Australia Limited, Mitsubishi owners can choose between vehicle and personal protection solutions including motor vehicle, gap cover and loan protection insurance as well as a range of tailored warranty policies.

We're here to help, 24 hours a day, seven days a week. So just call Mitsubishi Motors Australia Customer Assistance Centre on 1300 13 12 11 if you have any questions, or for the location of your nearest Mitsubishi.

Always consult your authorised Mitsubishi Dealer for the latest details on specifications, options, prices, availability and conditions on New Vehicle Warranty. All product illustrations and specifications referred to herein are correct at the time of publication approval. Subject to any applicable Federal, State or Territory Laws or ordinances, which may apply from time to time, Mitsubishi Motors Australia Limited reserves the right, without notice, or obligation, to discontinue or make changes to designs, specifications, colours and materials of the options and products referred to herein at any time without incurring any liability to any purchaser thereof. © Mitsubishi Motors Australia Limited. Cargo capacity calculated using VDA method.								
<b>FUEL CONSUMPTION</b>								
COMBINED CYCLE FUEL CONSUMPTION (ADR81/01) (LITRES PER 100 KMS)	9.5	9.5	9.5	9.5	10.9	10.9	10.9	10.9

These figures are obtained from controlled laboratory tests conducted by Mitsubishi Motors to Australian Standard ADR81/01 and are provided to assist you in comparing the fuel consumption of Outlander with other vehicles. The actual fuel consumption you achieve will depend, however, on many factors, including your driving habits, the prevailing conditions and your vehicles equipment, condition and use.
