

LE MANS

The Audi A6 Le Mans

**The Audi A6 Le Mans.
A winning formula.**

Overseas model shown

France's legendary 24 Hours of Le Mans. There's no other endurance race like it. Internationally regarded as the ultimate test of a driver's ability, as well as the reliability and performance of a car – it's a true measure of an automotive brand's commitment, passion and expertise.

With this mind, we are justifiably proud of our record in this world famous event. Powered by highly responsive FSI® or TDI® technology, Audi has secured victory in seven out of the last eight years, and made history in 2006 and 2007 by being the first to win it with a diesel engine.

So when it came time to name our latest A6 model – a model that incorporates all of the technological advances, the exterior and interior design features, and the prestigious touches that set Audi ahead of the competition, the choice was obvious. Introducing the Audi A6 Le Mans. Featuring the sporty S line exterior and interior packages and the advanced Technik package all as standard, the Le Mans is yet another reason why the Audi A6 is the number one luxury car in its class.

Model	A6 2.8 FSI quattro® Le Mans Edition	A6 3.0 TDI quattro® Le Mans Edition	A6 3.2 FSI quattro® Le Mans Edition

• = Standard O/\$ RRP* = Optional extra

^ New vehicle prices shown include Luxury Car Tax (LCT) of 25% and are recommended retail prices (RRP) excluding dealer delivery which vary from dealer to dealer, stamp duty, compulsory third party insurance costs and registration charges which may vary from State to State. LCT applies to new vehicles, factory fitted optional extras and dealer delivery charges where the GST inclusive total price is above \$57,180. In the Federal Budget, the Government announced that LCT would increase from 25 to 33% from 1 July 2008. The Tax Commissioner has advised that the legislation to make that law will not be passed by then. However, if passed at a later date, the proposed law will apply retrospectively from 1 July 2008. Audi Australia Pty Ltd has determined that if the law is enacted, customers will not need to pay the retrospective additional 8% LCT on luxury vehicles delivered from 1 July 2008 to the enactment date. Customers will, however, be responsible for paying the additional 8% LCT from the enactment date of the legislation and an additional 8% will need to be added to the new vehicle prices.

* Recommended retail prices of factory fitted optional extras including Luxury Car Tax (LCT). LCT applies to vehicles where the GST inclusive price is above \$57,180. Optional extra specifications and prices are subject to change without notice, please check with your Audi dealer.

Excludes phone cradle which must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

† Audi Music Interface connector cable must be purchased separately through Audi Genuine Accessories.
