Audio and Electronics

Switching to smart technologies

Upgrade the Euro experience by choosing from a range of smart technologies, such as Auto Dimming Rear View Mirror, iPod® Music Interface and Bluetooth® Phone System. Drive safer, listen to your music collection and communicate easily with accessories that are wired into your Honda's system and deliver exceptional quality and convenience.

7 Auto Dimming Rear View Mirror – improving night vision

The Auto Dimming Rear View Mirror detects the glare of headlights from behind you and automatically darkens your rear view mirror making it easier for you to see. When your vision is clearer your safety is enhanced. Without you lifting a finger or touching a dial, glare is eliminated and night-time driving becomes safer. Standard on Luxury and Luxury Navigation models.

8 iPod® Music Interface⁺⁺ – driving to your own beat

The iPod® Music Interface is wired directly to Honda's premium audio system by trained technicians, giving you superior sound quality and fingertip functionality when connected to your Apple® iPod®. Listen to your music collection, shuffle between sound tracks and create your own unique play lists. Keep your eyes on the road and your ears entertained!

9 Bluetooth® Phone System[†] – communicating made easy

No matter where you've left your mobile phone in the car, this intelligent system lets you take calls with your hands on the steering wheel and your eyes on the road. Using versatile technology, the Bluetooth® Phone System is easy and safe to use. It automatically detects a call and conveniently turns down the audio system, once the call has finished, the audio system is turned back up. No wires, no cradles, no drill holes, no hassles. Please check mobile phone compatibility with your Honda Dealer.
