Tyre size 225/40 R 18

The right workout for your Audi A3.

You can give your A3 an even sportier touch with the aerodynamic style package. It consists of a front spoiler with blade, rear spoiler, rear diffuser with blade and distinct side sills. All combining for a sporty, performance appearance that compliments your Audi A3.

Short shift package

Shortens the travel of the gear lever for faster gear changes. This set includes in addition the gear shift lever, the gear knob in aluminium finish as well as the gear lever boot in leather.

Sports-style tailpipe trims

The sports-style tail pipe trims sparkle in chrome-plated stainless steel.

Only 4 cylinder models

Lower front skirt

Attractive split spoiler design to enhance the sporting characteristics of your Audi A3.

Side skirt set

A slimline design to carry the full sill of your A3.

Bootlid spoiler

For an even more dynamic rear appearance: the permanently installed tailgate spoiler (here painted in body colour).

Only for A3 Cabriolet

Rear diffuser

A subtle open style rear spoiler to suit all tailpipe configurations.

Roof spoiler

The roof spoiler at the rear contributes to the good aerodynamics of the A3.

Only for A3 and A3 Sportback

**Load your luggage, put on your seat belt,
and off you go.**

Where's your next destination? Skiing in the mountains, an extensive kayak tour or a relaxing cycling trip in the countryside? The transport solution from Audi Genuine Accessories® enable you to spend your leisure time as you wish.

Base carrier bars

Carrier unit for various roof rack modules. The profile section is made from anodised aluminium tube. The base carrier bars are easy to install and lockable. Maximum permissible weight of the carrier unit, attachment components and a load of 75 kg must be observed.

Only for A3 and A3 Sportback

**Ski and snowboard mount**

For convenient transport of up to six pairs of skis or four snow boards. Lockable. (Can only be used in conjunction with genuine base carrier bars.)

Only for A3 and A3 Sportback

**Ski and luggage box (480 ltr)**

This attractively designed and compact ski box is also suitable for other items of luggage. It is lockable and easy to open. (Can only be used in conjunction with genuine base carrier bars.)

Only for A3 and A3 Sportback

**Ski and luggage box (450 ltr)**

This attractively designed and lockable ski box is suitable not only for the winter holidays. It is convenient for stowing other equipment as well. (Can only be used in conjunction with genuine base carriers bars.)

Only for A3 and A3 Sportback

Can be opened from both sides, lockable, easy to clean thanks to smooth surface profiles on the stainless steel carrier unit. With quick-fastening system.

Only for A3 and A3 Sportback

Regardless of which side you wish to use to load the car the ski box can open from one side or the other. Here an extra large opening angle provides additional ease of loading. Suitable for a ski length of up to 2.10 m.

Only for A3 and A3 Sportback

Cycle rack

The lockable cycle rack is made of a specially formed plastic profile. The bicycle can easily be mounted on the high-gloss chrome steel frame bracket.

(Can only be used in conjunction with genuine base carrier bars.)

Only for A3 and A3 Sportback

Kayak mount

The kayak mount has been developed specially for the transport of a kayak. It enables you to carry a kayak of up to 25 kg.

(Can only be used in conjunction with genuine base carrier bars.)

Only for A3 and A3 Sportback

Roof basket

For the safe and convenient transport of additional baggage on the roof. It is lockable and is manufactured from high-value Eloxal aluminium and is corrosion resistant. (Only in conjunction with roof bars/racks).

Only for A3 and A3 Sportback

Trailer towing hitch

Removable and lockable. When removed, the towing tongue can be stored in the spare wheel well. (European model shown)

The Audi A3 is a performance artist.

And as any artist, the Audi A3 masters the entire range of modern communication options. Enjoy every note of your favourite concert with the various options for playing music. For your mobile phone calls, make use of the mobile phone adaptor for the optional mobile phone fittings or the adaptor with SIM card access (SIM-Access). Small talk or a longer conversation? The decision is entirely up to you.

iPod adapter

Allows the integrated operation of your iPod through your stereo controls providing high quality sound and the convenience of charging. Not suitable for iPhone or iPod Touch.

**Mobile phone adaptor for optional mobile phone fittings (Bluetooth)**

The mobile phone adaptor makes use of the optionally installed mobile phone fittings and enables phoning using a hands-free facility. The adaptor includes the holder and charger and connects the mobile phone to the antenna. Available for many popular mobile phone models.

**Adapter with SIM card access (SIM-Access)**

Supplements the factory-fitted hands-free system with Bluetooth for the SIM access-capable car phone. You can switch between many popular rSAP-compatible mobile phones without having to change the adaptor. Please refer to www.audi.com.au for compatible phone list.

**Enjoy your Audi A3 every day,
as if it were the first.**

To further enhance the Audi experience, Audi Genuine Accessories® offer functional and practical solutions for cleanliness and maintenance. This helps you to reduce traces of wear in your Audi A3, thus enabling you to relax and enjoy its high-quality interior and exterior for years to come.

Cruise control

Set desired speed from 30kmh onwards. In addition an active brake intervention is included for steep decent safety. The set speed is indicated via the driver information system.

Linkage cover caps

For the elegant covering of the car body openings when the convertible top is down. Includes storage bag.

Only for A3 Cabriolet

Storage pocket

The practical all-purpose pocket offers versatile storage space to keep the vehicle neat and tidy. It is attached to the back rest. The pocket can be easily folded up and taken with you.

Loading sill protection

Transparent foil improves loading protection of the bumper from damage occurring from loading or unloading the trunk.

Door scuff plates

The entry strips are manufactured from hard wearing plastic and metal combination and improve the protection of the plate from scratching and other entry/exit wear. All four pieces include the A3 motif.

Only for A3 Sportback

Wind deflector

Reduces wind in the vehicle cabin. It is easily mounted via three points and includes the storage pocket.

Only for A3 Cabriolet

Luggage Tray

The high cut plastic insert is suitable for everything that leaves marks behind during transport. It is robust and practical to clean. Wide grooves prevent the load from slipping out of place.

Only for A3 Sportback

Boot tray

The boot tray features a lip all the way round, providing the boot floor with better protection against soiling. The non-slip pattern reduces any slipping of the load. The tray is easily stowed away and takes up little space.

Only for A3 Sportback

Luggage compartment shell

The custom-made luggage compartment protection is washable, robust and resistant to acid. The edging offers improved protection of the luggage compartment floor from any fluids that may have escaped.

Premium textile floor mats

The textile mats, cut to the dimensions of your Audi A3's floor, are made from hard-wearing, densely woven velours. They are attached to the vehicle by means of the additional backing and the fastening points provided in the floor. With A3 Emblem.

Rubber floor mats

The exact-fit rubber floor mats offer improved protection from heavy soiling. The floor mats are attached to the vehicle by means of the standard-fitted fastening points on the vehicle floor. With A3 emblem.

Rechargeable LED power light

The powerful rechargeable LED light is connected to the cigarette lighter or power supply socket. Its design enables the light to be easily carried in any pocket.

Care products

The Audi range of care and cleaning products is matched to the high quality materials of your Audi. Suited to exterior maintenance or many applications inside the vehicle, depending on the product.

Mudflaps

Reduces soiling and damage to sill and body area. Available as a pair for front and/ or rear.

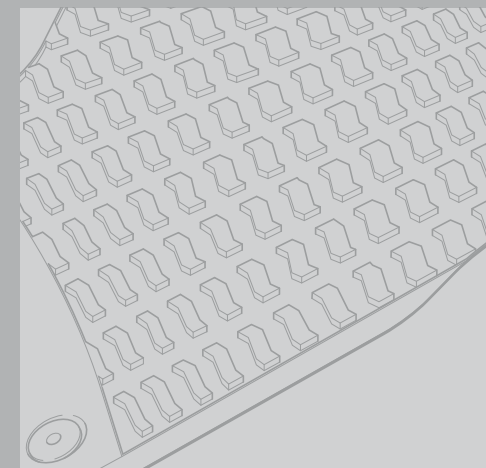

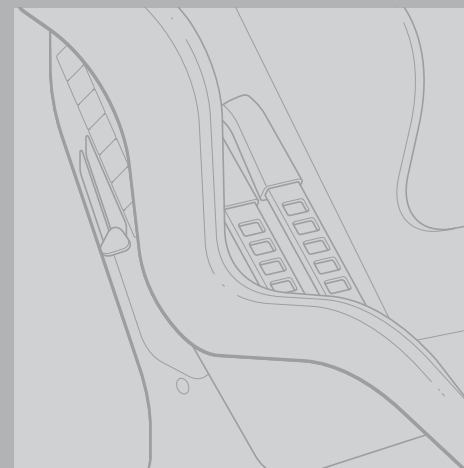

Parking aid

Ultrasound sensors are integrated into the rear bumper and operate via an acoustic signal.
