

OUTLANDER

love that car

TESTED BY THE BEST

TESTED BY THE BEST IN THE BUSINESS

Not just tested. Pushed to the absolute limit. Rally championships around the world have become the testing grounds for Mitsubishi production vehicles. And we've been doing it for over 40 years.

Constantly evolving technology from each and every gruelling challenge, culminating in vehicles of uncompromising durability, reliability and engineering excellence. What's more, we can't wait to go back and learn more.

DAKAR CHAMPION TWELVE TIMES OVER

A 9,000 kilometre race over the most inhospitable, treacherous terrain in the world. The searing heat of the Sahara desert, endless, mountainous sand dunes, gruelling conditions and roads through remote forests. The Dakar rally is the pinnacle of off-road racing. Even to finish is no mean feat.

To be the undisputed champion twelve times altogether, the last seven in a row, is extraordinary.

Australian Off Road
Championship
(Class 7)

THE ULTIMATE TESTING GROUNDS

Over 40 years of rally championships around the world have become the testing grounds for production of Mitsubishi vehicles. These are the places true off-road vehicles are born. The places we choose to test and develop the advanced 4WD technology and innovative driver confidence systems you'll find in every Mitsubishi production car. These deliver proven reliability and durability in 4WD innovations.

OUTLANDER

MITSUBISHI 4WD RANGE

The Mitsubishi range of 4WDs has been transformed, based on everything we have learned from Pajero's Dakar-winning performances. Whatever your lifestyle, the Mitsubishi Pajero, Outlander and Triton can handle it.

Their advanced technology and active driver systems deliver the latest and greatest in 4WD technology, style and sophistication. While their proven and unquestionable reliability give you the confidence to go anywhere and take on almost anything. Whether you need a tough workhorse, serious off-roader or stylish and versatile SUV, Mitsubishi really is the home of 4WDs.

PAJERO

Pajero has been part of Australia's greatest adventures since 1983. The classic five-door, long-wheelbase, has a sophisticated exterior, modern interior, and the choice of two powerful petrol or diesel engines.

Each member of the long-wheelbase Pajero range is technologically advanced and comfortable. But it's also tough enough to tackle almost anything from Uluru to the Bungle Bungles, and, more importantly, back again. Whatever you put in front of it, Pajero will rise to the challenge.

PAJERO 3 DOOR

The pocket-rocket of Mitsubishi's 4WD range. All of Pajero's features and 4WD ability loaded into a slick three-door package, with stand-out good looks and a shorter wheelbase for heightened off-road ability. Pajero 3 door is the closest you can get to the acclaimed Pajero Evolution, the 4WD that wows the world in the Dakar Rally each year. Without a doubt, Pajero 3 door is a serious high performance 4WD.

TRITON

The tough, dependable Triton is an Aussie workhorse, equally at home on the farm, the building site, in the outback and around town. The Triton range offers the latest technology with a powerful turbo diesel or petrol engine, a generous payload and the comfort of an incredibly spacious and quiet cabin. You'll find it tough to outweigh the powerful carrying capacity of the Triton. It's an extremely reliable and hard working ute that really gets the job done.

ACTIVE OUTLANDER

Mitsubishi Outlander has been designed to complement even the most active of lifestyles.

It's as versatile as you want it to be. Optional third row seats allow you the flexibility of carrying up to 7 people. While the unique electric fold-and-tumble rear seats can automatically provide a cavernous cargo area. A split fold tailgate provides a low and flat entry to the rear, making loading a breeze.

As big on innovative features as it is on style, Outlander is brimming with sophisticated technology. Boasting an impressive Smart Key entry system that enables you to open and start the vehicle with the key still in your pocket; Rockford Fosgate® 650 watt audio system with 9 speakers and a 10-inch subwoofer; a rear entertainment system featuring a 9-inch, full-colour wide-screen DVD, while voice activated Bluetooth® allows you to make and answer your calls without having to access your handset.

Mitsubishi's commitment to driver safety means the Outlander is fitted with the advanced All Wheel Control system, Active Stability Control and Active Traction Control as well as Multimode ABS and EBD as standard throughout the range. In combination, all these elements help deliver complete driver confidence.

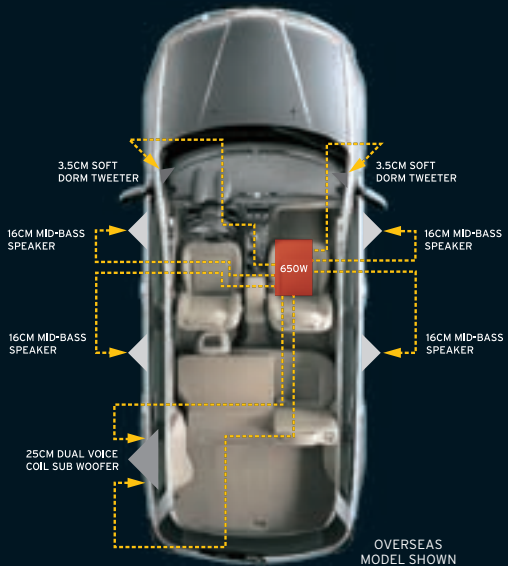

To power the 4WD system, Outlander has MIVEC engine technology. (Mitsubishi Innovative Valve timing and lift Electronic Control). This results in greater fuel efficiency.

Each of the different models caters for different lifestyle demands with varying distinguishing features. Choose from the 2.4 litre 4-cylinder LS, sporty XLS or the sophistication of the XLS Luxury. Alternatively, go for the power and performance of the 3.0 litre V6 VR, premium sports VRX, or the ultimate VRX Luxury.

ADVANCED TECHNOLOGY FOR LIFE

Outlander incorporates the latest entertainment technology to enhance the enjoyment of your journey. From the awesome audio system to the auto dusk sensing headlamps there's a raft of cool technologies to improve your driving experience. Sit back and enjoy.

ROCKFORD FOSGATE® PREMIUM AUDIO SYSTEM.
Delivering a massive 650 watts with 9-surround sound speakers and integrated 10-inch subwoofer, Outlander XLS Luxury, VRX and VRX Luxury have the sound to match their looks. Also included is a 6-disc CD player compatible with MP3 CDs and an audio jack that allows you to plug in your MP3 player.

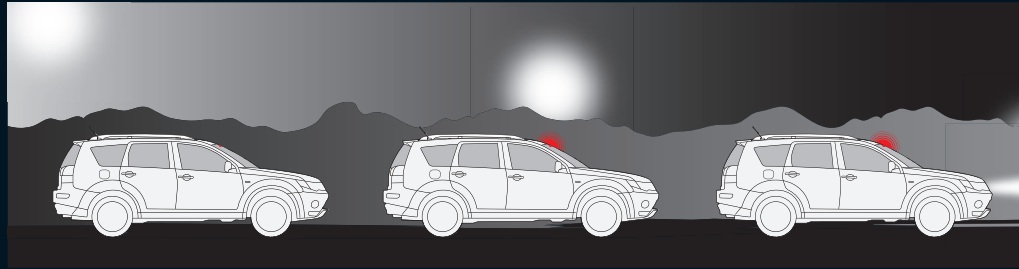

ROCKFORD FOSGATE® SPEAKER LOCATION

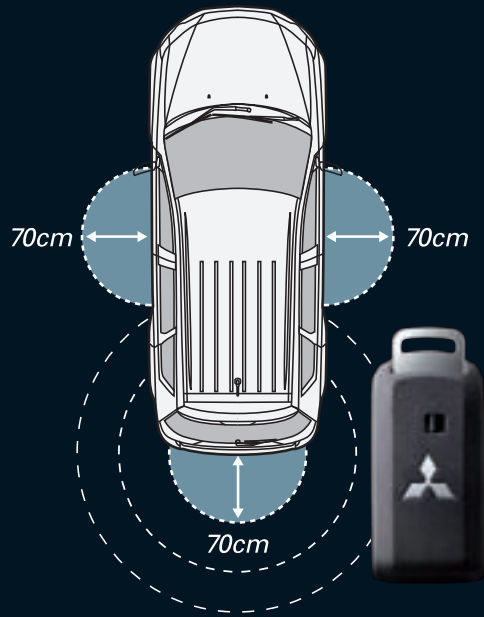

Rockford Fosgate

Outlander has a raft of next generation technology to make your active lifestyle much easier. From the hands free Bluetooth® mobile phone operation, so you can talk without having to pull over, to the Smart Key entry system to unlock the doors when you have armfuls of shopping. Plus you have the option of the state-of-the-art Mitsubishi Multi Communication System (MMCS). Whatever life throws at you, throw it back at Outlander. It handles it with style.

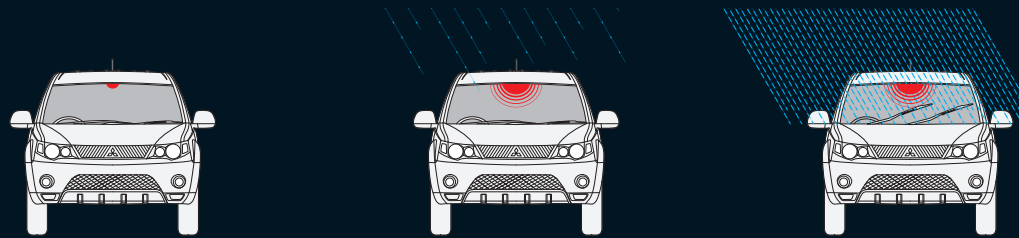

DUSK SENSING HEADLAMPS

The VRX Luxury and XLS Luxury help you stay focused on the road at all times. A sensor on the windscreen automatically sends a signal to your lights and they will turn on when it gets dark or when you're travelling through a tunnel.

SMART KEY

Smart Key is Mitsubishi's advanced security transmitter, which means completely key-less operation. Thanks to Smart Key, Outlander can recognise the key occupant within a 70cm radius. So, you can lock and unlock the doors, open the hatch and even start the engine, all whilst the Smart Key is still tucked in your pocket or bag. The days of searching and fumbling for keys are no longer in your new Outlander.

AUTO RAIN SENSING WIPERS

The XLS Luxury and VRX Luxury models come equipped with premium technology such as rain sensing wipers. A sensor automatically detects moisture on the windscreen and according to the amount of rain present the system will activate the wipers at the appropriate speed.

REAR ENTERTAINMENT DVD SYSTEM

Why should drivers have all the fun? Outlander rear seat passengers can enjoy sophisticated in-car entertainment with their very own 9-inch full colour DVD screen. Games console compatible, it includes one set of infra red cordless headphones. As the passengers watch a DVD, the rest of the car can listen to the music, or simply tune out and take in the surrounding scenery.

VOICE ACTIVATED BLUETOOTH® PHONE CONNECTIVITY

Outlander has the latest hands-free phone system technology, with voice activated Bluetooth® phone connectivity. This allows you to make calls with simple voice commands and receive them at the touch of a button. All this is integrated through the vehicle's audio system, allowing you to stay focused on the road.

MITSUBISHI MULTI COMMUNICATION SYSTEM (MMCS)

MMCS is an option on the Luxury models. Boasting a 7-inch in-dash touch screen, it allows you to access all kinds of information and control a variety of features from the driver's seat.

The system offers advanced navigation functions and integrated communication tools that inform the driver of an array of vehicle information: fuel economy; average driving speed; outboard environmental information; maintenance instructions; air conditioner and audio settings. The system can give you full control of your iPod† and also over the Rear Entertainment DVD and voice activated Bluetooth® phone connectivity.

SATELLITE NAVIGATION

With easy touch screen functionality, satellite navigation gets you where you need to go in good time. You can also search for points of interest like local restaurants, hotels or service stations.

REVERSING CAMERA

The MMCS reversing camera supports the driver's rear field of view, automatically appearing on screen when the reverse gear is engaged. It not only makes parking in tight spots a breeze, it offers safety and peace of mind when you're backing in or out of driveways.

† Optional dealer accessory cable required for iPod integration. iPod device not included.

ADVANCED TECHNOLOGY

VERSATILE TECHNOLOGY FOR FLEXIBLE LIFE

Outlander fits with your way of life, whether that means carrying a car-full of people, cargo or both. It's as big on innovations as it is on space. Seats move and fold away effortlessly. The large luggage space means bulky items go in easily and loading up is a breeze. Outlander's many clever storage compartments also keep your car clutter free. So whatever you want to fit into your life, Outlander is designed with the flexibility and versatility you need.

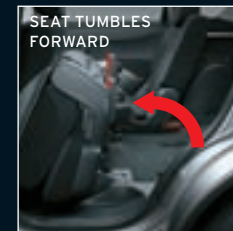

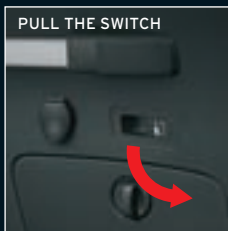

7 SEAT CAPACITY

Outlander offers an optional 7-seat capacity with a third row seat, so there's extra room for everyone. And when you need the luggage space, the third row can be conveniently stowed under the floor.

AUTOMATIC FOLD AND TUMBLE

Flick a switch and the second row seats automatically fold and tumble forward, giving you a completely flat bed in the back - and a massive 1691 litres of storage volume.

EASY LOADING REAR TAILGATE

Loading up just got a whole lot easier. A strong and convenient fold-down tailgate gives a lower load-in height so bulky items not only fit, but slide in more easily.

THERMO BOX

A Hot-Cold Thermo Box offers you the ultimate convenience so you can store your drinks and keep them warm or cool.

CLEVER STORAGE COMPARTMENTS

ADVANCED TECHNOLOGY

ENGINES

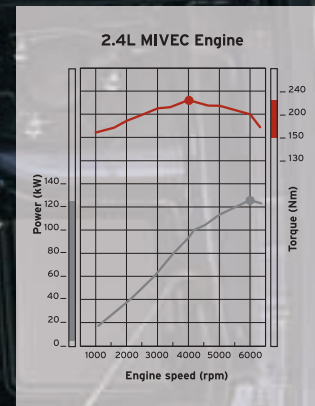

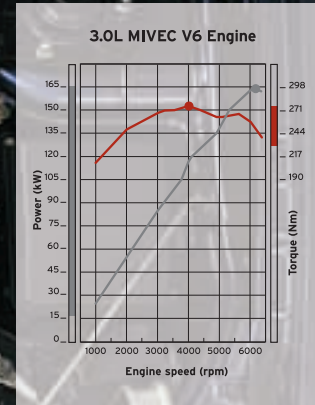

With a choice of two powerful and extremely fuel-efficient engines, Outlander is perfectly equipped for handling your great escapes. And as life gets busier, you demand more from your vehicle, so it's good to know you've got all the power you need.

MIVEC ENGINES

With Mitsubishi's MIVEC Engine technology (Mitsubishi Innovative Valve timing and lift Electronic Control) Outlander has a lighter engine with intelligent valve timing technology. This delivers excellent fuel efficiency and lower emissions, yet still provides excellent drivability and towing power. It matches your driving style to minimise fuel consumption at lower revs, while increasing airflow at high revs for greater power and performance.

The powerful 3.0 litre V6 MIVEC engine boasts an awesome 162kW of power and 276Nm of torque.

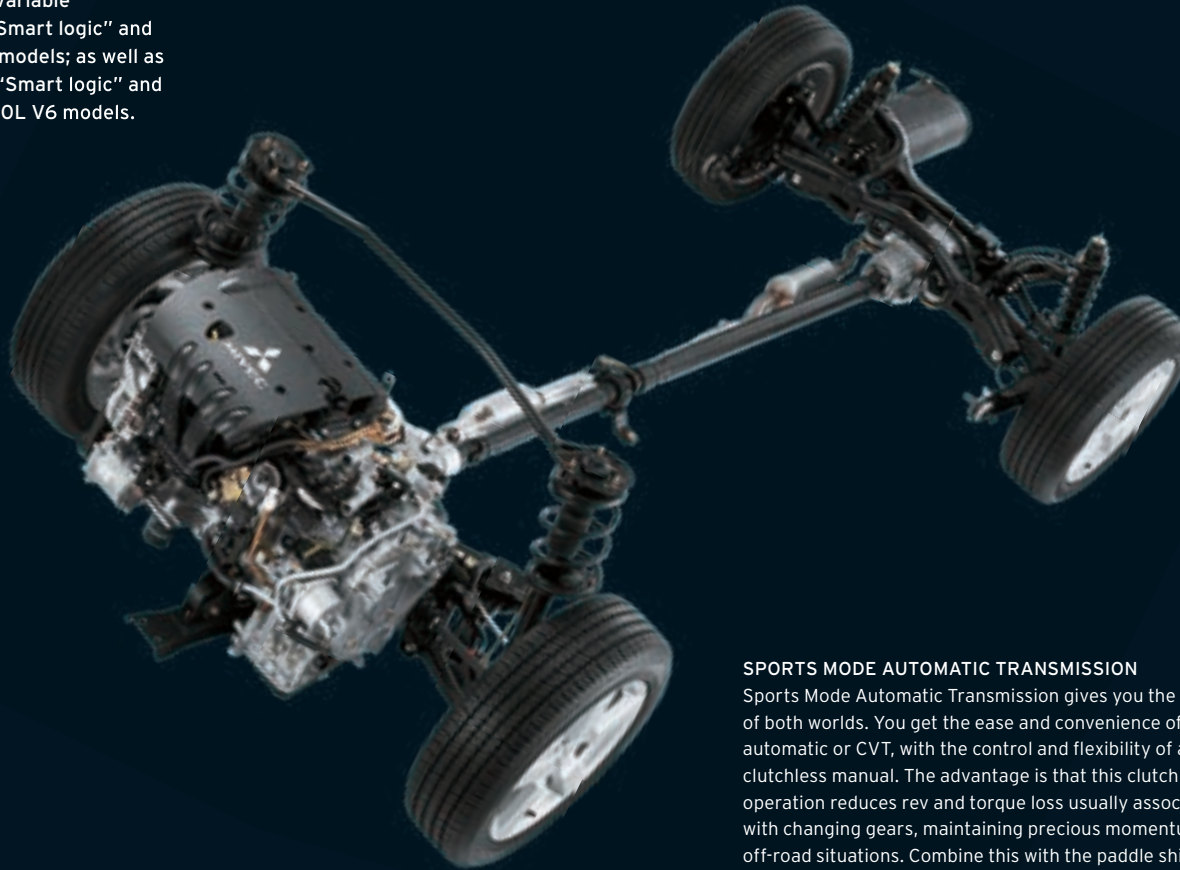

The efficient 2.4 litre 4 cylinder engine has an impressive 125kW of power and 226Nm of torque. Combined with the Continuously Variable Transmission this 2.4 litre MIVEC engine delivers unbelievable fuel economy at only 9.3 litres per 100 kilometres.

TRANSMISSIONS

ADVANCED TECHNOLOGY

Three transmissions are available in the Outlander: a 5 speed manual; a Continuously Variable Transmission (CVT) with INVECS "Smart logic" and 6-speed Sports Mode for the 2.4L models; as well as a 6-speed automatic with INVECS "Smart logic" and paddle shift Sports Mode for the 3.0L V6 models.

INVECS 'SMART LOGIC'

To provide smoother shifting, the INVECS 'Smart Logic' transmission system's on-board computer learns and adapts to each driver's preferences by recording engine and foot braking data. The control logic then adapts the automatic gearshift timing to suit the driver's style, while minimising torque function fluctuation for effortless acceleration and a more predictable ride.

ADAPTIVE SHIFT CONTROL DURING ACCELERATION

AVERAGE SHIFTING PATTERN

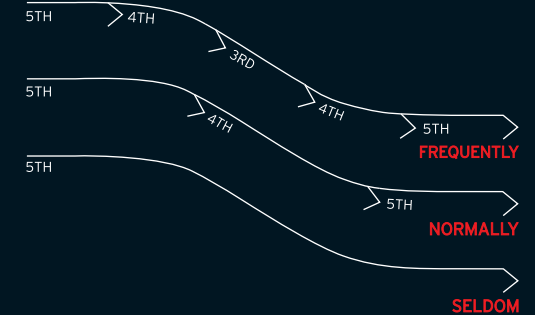

SPORTY SHIFTING PATTERN

ADAPTIVE SHIFT CONTROL GOING DOWNHILL

BRAKING

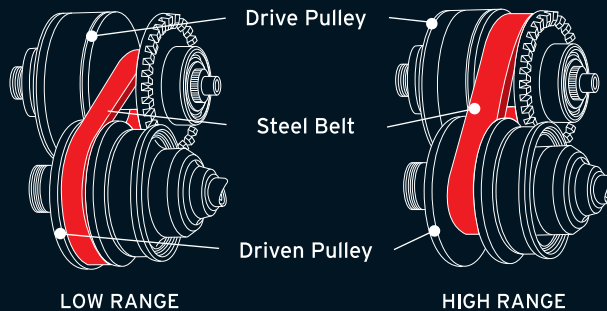

SPORTS MODE AUTOMATIC TRANSMISSION

Sports Mode Automatic Transmission gives you the best of both worlds. You get the ease and convenience of an automatic or CVT, with the control and flexibility of a clutchless manual. The advantage is that this clutch free operation reduces rev and torque loss usually associated with changing gears, maintaining precious momentum in off-road situations. Combine this with the paddle shifts* and you can achieve sporty, quick gear changes to make driving all the more fun.

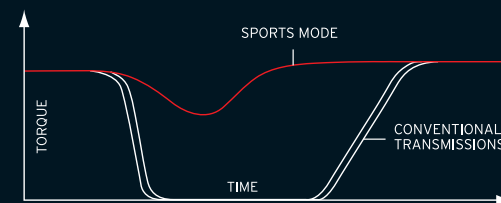

* (Standard on all models except LS)

CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

CVT (Continuously Variable Transmission) is electronically integrated with MIVEC to ensure Outlander is operated in the best gear ratio for optimum revs. This ensures maximum power and economy. What you'll notice is a smoother ride without jolty gear changes.

COMPARISON OF SHIFT RESPONSE

DRIVER CONFIDENCE

MATT: MITSUBISHI ALL TERRAIN TECHNOLOGY

Mitsubishi brings you the latest safety systems and superior 4WD technology. Outlander boasts Dakar rally proven MATT™ (Mitsubishi All Terrain Technology) across the range for the ultimate in on and off road driver confidence.

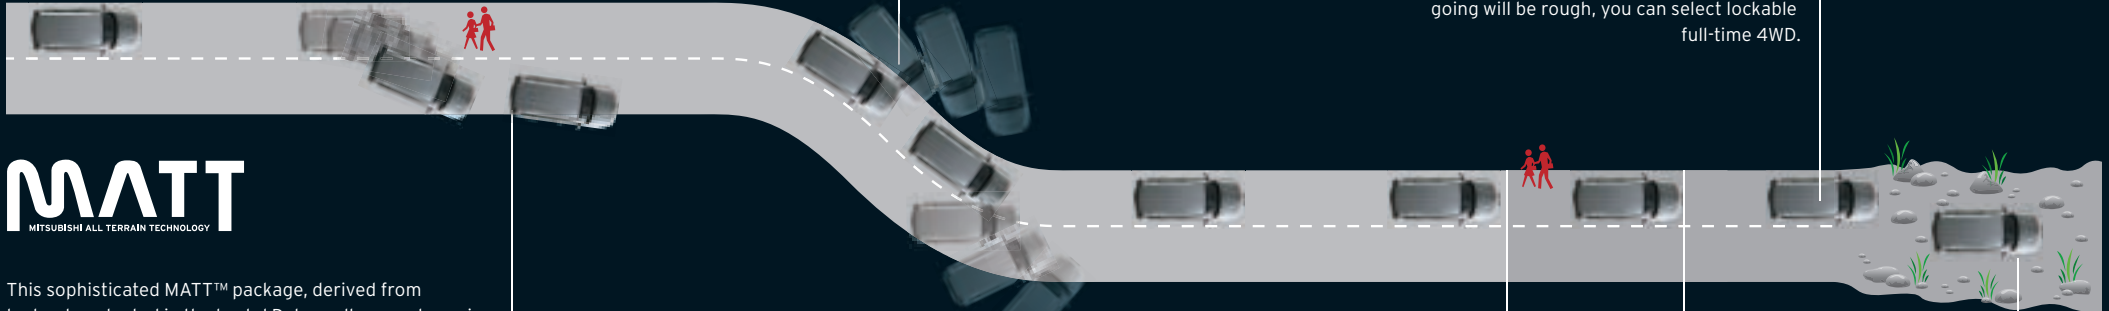

ACTIVE STABILITY CONTROL (ASC)

Maintains stability and prevents loss of control when cornering, automatically recognising under steer and over steer and applies braking to the diagonal wheel to keep you on line through corners. Keeping you in complete control, even in those unexpected situations.

ALL WHEEL CONTROL

Make instant choices between 2WD for efficient highway cruising and 4WD for off-road traction, on the move at speeds up to 100 km/h. When in 4WD mode, the intelligent All Wheel Control system actively distributes torque between the front and rear wheels via the electronically controlled coupling to maximise traction and acceleration at all times. Or if you know the going will be rough, you can select lockable full-time 4WD.

MATT

MITSUBISHI ALL TERRAIN TECHNOLOGY

This sophisticated MATT™ package, derived from technology tested in the brutal Dakar rally operates using numerous intelligent sensors constantly monitoring your vehicle's wheel speeds, lateral and longitudinal g-forces and yaw rates. The on-board computer then processes this data and matches it to driver intentions via steering wheel and throttle sensors to provide optimum driving performance. When it comes to giving you superior control, we've left no stone unturned.

MATT™ incorporates the following advanced systems to enhance your driving control:

- All Wheel Control
- Multi-Mode Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Active Stability Control (ASC)
- Active Traction Control (ATC)
- Mitsubishi Body Optimised Suspension (MBOS)

MULTIMODE ANTI-LOCK BRAKING SYSTEM (ABS)

Make driving on slippery roads safer. Outlander's intelligent 4-channel, 4-sensor braking system monitors different wheel speeds and activates brakes to individual wheels when required to deliver superior control. This allows you to manoeuvre around objects under heavy braking conditions.

ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

Stopping distances are reduced as EBD detects when you are carrying passengers or heavier loads and automatically increases rear-braking force.

**STOPPING
DISTANCE
WITHOUT EBD**

ACTIVE TRACTION CONTROL (ATC)

Maintains traction on the most slippery or rugged of surfaces. This intelligent system automatically controls the engine output so driving wheels are prevented from spinning. Sensing loss of traction in independent wheels it applies braking force to that wheel and sends extra power and torque to other wheels with traction to keep you moving.

DRIVER CONFIDENCE

TECHNOLOGY DESIGNED TO SAVE LIVES

We're proud of our safety systems because they save lives with Mitsubishi breakthrough technology.

RISE SAFETY

RISE, Mitsubishi's Reinforced Impact Safety Evolution body design system with integrated chassis, is a highly rigid one-piece shell that has come through the punishing ups and downs of the world's toughest rally like a true champion. The super strength cabin will cocoon your family and provide outstanding protection in the event of an accident.

The RISE body integrates a rigid ladder frame, side impact bars, and collision absorbing joints to keep you safe. An aluminium roof reduces weight and lowers the centre of gravity for greater stability and better cornering, offering a sedan-like driving experience.

SRS AIRBAGS

To provide ultimate protection in the event of a frontal collision, the Outlander range is fitted with driver and front passenger Supplementary Restraint System (SRS) airbags, with side and curtain airbags available across the range.

STATE OF THE ART INTERIOR

Take a look at the stylish interior design of the Outlander VRX Luxury. The 4WD that's great for outdoor adventures also has all the technology and luxury you'd expect on the inside, with an interior that incorporates innovative design features to ensure your comfort and entertainment.

SPORTS INSTRUMENTATION

Outlander has high contrast, sporty instrumentation dials with an LED multi function display, including a trip-computer, fuel consumption and outside temperature functions. You can even configure the display to show exactly the information you want.

CARGO BLIND

The cargo blind provides added security to keep your valuables hidden away.

OUTLANDER VRX V6

For sports power and styling, the Outlander VRX V6 is loaded with technology to power you around town or on your weekend escapes. The sporty exterior boasts: 18" alloy wheels; fog lamps; chrome exhaust; dark privacy glass; and HID headlamps with washers. Inside you'll find both sporty style and safety features such as: side curtain airbags; reversing sensors; and Bluetooth® hands-free phone connectivity.

PREMIUM ROCKFORD FOSGATE® AUDIO SYSTEM

Delivering a massive 650 watts with 9-surround sound speakers and integrated 10-inch subwoofer, the system includes an MP3 compatible 6 stacker CD. The VRX and VRX Luxury V6 really have the sound to match their looks.

SMART KEY

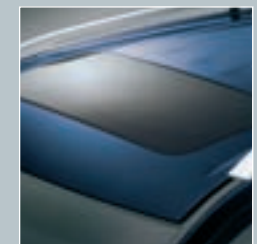

Just touch the door handle and Outlander recognises you and unlocks. You can even start the car without using your key.

HIGH INTENSITY DISCHARGE HEADLAMPS

Clever self-levelling headlamps, so they adjust themselves. HID headlamps offer brighter illumination for night time driving. Even better, they also self-wash.

OUTLANDER VRX LUXURY V6

For the ultimate in innovative technology and style, the Outlander VRX Luxury V6 is the premium sports 4WD. In addition to all the features found on the VRX, the interior of the Luxury also includes: a Rear Seat Entertainment System with 9" DVD Player; Leather Seat trim, Heated Front Seats and Power Driver Seat. Meanwhile the exterior has luxury additions such as: chrome highlights, unique 18" alloy wheels, electric sunroof, automatic rain sensing windscreen wipers and dusk sensing HID headlamps.

OUTLANDER VR V6

With the added performance of a V6 engine, the VR has the power and safety needed for you and your active life. The VR is sporty, offering 18" alloys and a dual chrome exhaust. You also have the added safety of fog lamps and side and curtain airbags. Plus security is covered with privacy glass and a cargo blind to keep your valuables protected. Ready for your next getaway? More than ready is the answer.

PADDLE GEAR SHIFTS

Inspired by Mitsubishi's World Rally heritage, paddles on the Outlander steering wheel give you ultimate control in an automatic, allowing you to make lightning quick gear changes in Sports Mode, without your hands leaving the wheel.

CHROME DUAL EXHAUST

To match the powerful engine, a sporty chrome tip dual exhaust provides the finishing touch.

OUTLANDER

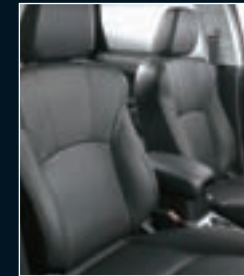

OUTLANDER XLS 2.4L

The versatile XLS 2.4L is as sporty as it is efficient. Boasting a VRX-style appearance, it's at home in the city or on the open road. The 2.4L 4 cylinder engine delivers superb power when you need it with maximum efficiency. You also have the added safety of side and curtain airbags and clever storage with the thermo box to keep food and drinks warm or cool.

SIDE AND CURTAIN AIRBAGS

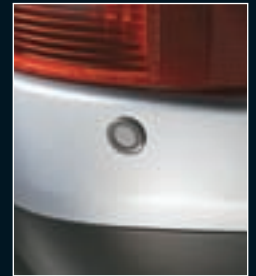

To provide ultimate protection in the event of a collision the XLS is also equipped with side and curtain airbags.

OPTIONAL LEATHER SEATS

Luxuriously finished in durable, soft leather, these seats are also powered and heated for ultimate comfort.

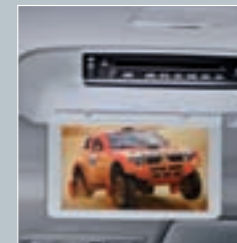

* Leather seating surfaces only, 1st and 2nd row seats.

REVERSING SENSORS

Outlander now knows what's behind it. Reversing sensors sound and warn if you're too close to an object behind you, helping to ensure you never back into anything.

OUTLANDER XLS LUXURY 2.4L

The sporty looks of the XLS Luxury 2.4L are accentuated by its chrome highlights and unique 18" alloy wheels.

Add to that: automatic rain sensing wipers; dusk sensing HID headlamps and washers. On the inside it's all high-end entertainment with: rear seat entertainment system with 9" DVD Player; and a Rockford Fosgate® 9 speaker audio system with sub-woofer. Everything you could want for a short trip to the beach or a weekend away.

OUTLANDER LS 2.4L

The flexible LS 2.4L enables you to get up and go with ease, whether you're carrying a car full of passengers or bulky cargo. Adaptable seating configurations give you maximum options and convenience, while features such as automatic climate control air conditioning ensure your driving comfort.

Sporting 16" alloy wheels and roof rails, LS is equipped with high levels of safety features including: Active Stability Control; Active Traction Control; driver and passenger front SRS airbags and multi-mode ABS with Electronic Brakeforce Distribution.

LEATHER BOUND STEERING WHEEL

With simple to use and easy to reach on-wheel audio and cruise controls.

ALL WHEEL CONTROL

All Wheel Control has three driving modes that are selectable on the move at speeds up to 100km/h. Make instant choices between 2WD for fuel efficiency, 4WD for added traction and safety or 4WD lock for off-road driving.

POWER WINDOWS FRONT AND REAR

AUSTRALIA'S BEST

MITSUBISHI DIAMOND ADVANTAGE

Mitsubishi's 4WD rally credentials are second to none. You don't win the world's most notorious rallies time after time without breakthrough advanced engine technology and superior 4WD technological innovations.

Every Mitsubishi rally driver starts a race knowing they have a support system to back them up through every torturous, testing kilometre. It's a level of commitment every Mitsubishi driver can expect, and it's why we've created a comprehensive, efficient and sophisticated support system.

DIAMOND warranty 5/10 YR ADVANTAGE

Mitsubishi Motors Australia Limited offers a 5 year/130,000km (whichever comes first) New Vehicle Warranty, a 10 year/160,000km (whichever comes first) non-transferable Powertrain Warranty and a 5 year Perforation Corrosion Warranty on all Mitsubishi cars and light commercial vehicles. Service conditions apply. See your dealer for details.

DIAMOND 200+ DEALER NETWORK ADVANTAGE

With a network of more than 200 dealers, Mitsubishi is never too far away.

DIAMOND CUSTOMER ASSIST 24/7 ADVANTAGE

We're here to help, 24 hours a day, seven days a week. So just call Mitsubishi Motors Australia Customer Assistance Centre on 1300 13 12 11 if you have any questions, or for the location of your nearest Mitsubishi Dealer.

DIAMOND GENUINE PARTS ADVANTAGE

Your Mitsubishi will be serviced regularly by skilled Mitsubishi-trained technicians. Only genuine Mitsubishi parts are fitted to your car during scheduled servicing – parts that have been fully tested and meet Mitsubishi's stringent quality control. All these parts carry the Mitsubishi Genuine Parts 12 months/20,000 kilometres guarantee (whichever comes first).

DIAMOND FINANCE ADVANTAGE

Take the burden out of financing your new Mitsubishi vehicle with our competitive range of finance products, developed by Mitsubishi Motors Australia Limited and St. George Motor Finance Limited.

DIAMOND 5 YR ROADSIDE ASSIST ADVANTAGE

Peace of mind is guaranteed anywhere in Australia with our free 5 year/130,000km (whichever comes first) Roadside Assist, 24 hours a day, 365 days a year. Our fast, comprehensive roadside service offers assistance, repairs, towing and storage. Our Premium Roadside Assist clients also enjoy the added benefits of accommodation, medical and transport facilities. Service conditions apply.

DIAMOND GENUINE SERVICE ADVANTAGE

Mitsubishi offers one of Australia's best service intervals of 12 months/15,000km (whichever comes first). Regular scheduled servicing ensures the long-term reliability and safety of your Mitsubishi and our Scheduled Service Program also helps protect your car's resale value.

DIAMOND INSURANCE ADVANTAGE

With the sound backing of Swann Insurance and Mitsubishi Motors Australia Limited, Mitsubishi owners can choose between vehicle and personal protection solutions including motor vehicle, gap cover and loan protection insurance as well as a range of tailored warranty policies.
