## Direct Connect for iPod®<sup>1</sup>

This essential addition to your new Santa Fe R enables you to plug your iPod® directly into the vehicle's sound system to provide superior, crystal clear music enjoyment. With an all-in-one cable with built-in software from Apple® it enables you to use the vehicle's audio or steering wheel controls to adjust the iPod's volume and tone, navigate through files or search play-lists, album listings and artists.

## Bluetooth® Phone Kit<sup>2</sup>

The custom-designed Genuine Hyundai Bluetooth® Phone Kit provides a safe way to stay in touch with business, family and friends when out on the road. Utilising Bluetooth® technology, it connects with your handset and uses the vehicle's audio system, and a secure windscreen-mounted microphone, to enable you to talk wirelessly at the touch of a button.

## DVD Entertainment

Driving can be easier and safer when rear seat passengers (especially children) aren't providing unneeded distractions. And one of the easiest ways to keep them occupied and entertained is by adding a Rear Mounted DVD Entertainment to your Santa Fe R. The versatile roof-mounted DVD unit plays movies, audio CDs, or your favourite MP3 compilation on CDR. In addition, it is Sony Playstation® and Nintendo Gameboy compatible.

## Whispbar™ Quiet Roof Racks<sup>3</sup>

Featuring Whispbar™ Quiet technology and specifically designed for your Santa Fe R, Genuine Hyundai Whispbar™ Quiet Roof Racks combine strength and security, with clean good looks. Holding up to 75kg evenly distributed across 2 bars and made of the highest quality materials to withstand long-term exposure to rain, snow and ultraviolet rays. A range of Genuine Hyundai lifestyle attachments can also be fitted easily, including the Genuine Hyundai Surfboard Carrier which attaches easily to a Genuine Hyundai Whispbar™ Quiet Roof Racks whilst the soft cradle protects up to two surfboards, enabling you to safely and securely transport your surfboard on the roof of your Santa Fe R.

## Portable Cooler - 12 V, 15 L<sup>4</sup>

By keeping your travel supplies cooler and fresher, this Hyundai Portable Cooler is ergonomically designed and spacious enough to hold 2.0-liter bottles. With its thermoelectric functionality it is able to cool up to 20°C below the ambient temperature as well as to warm, when required. The perfect companion for long day trips and picnics, it can be safely fitted to any seat using the vehicle's retractable seat belts. An extendable fastening rail provides extra support during sudden braking.

## Headlight & Bonnet Protector (sold separately)

Designed to fit the individual contours of your new Santa Fe R these tough, durable, acrylic Headlight Protectors ensure that chips and marks on your headlight lenses don't compromise your night-time driving safety. A Genuine Hyundai Bonnet Protector helps you maintain your Santa Fe R's pristine showroom looks by guarding against unsightly pitting from stone chips. Made from tough, durable, shock-resistant acrylic that's UV resistant to prevent cracking, fading and distortion they're also easily removed for cleaning, which simply requires hot soapy water.
