GRAND TOURING IN SKY BLUE MICA

GRAND TOURING WITH BLACK LEATHER³

AN SUV. BUT NOT AS YOU KNOW IT.

ALL-NEW MAZDA CX-5

There's never been an SUV like it. Performance and handling with the instincts of a sports car, plus the amazing fuel saving advantage of SKYACTIV TECHNOLOGY. Now you can have a nimble drive and class-leading economy, along with all the space and practicality of an SUV.

SKYACTIV TECHNOLOGY - PREPARE TO LEAP AHEAD

Mazda CX-5 is the first new-generation vehicle to boast the full suite of SKYACTIV TECHNOLOGY. It represents a complete re-design of the engine, transmission, chassis, aerodynamics and vehicle weight. Breakthrough innovations that minimise fuel consumption and emissions, yet maximise Zoom-Zoom performance, handling and fun. Our clever i-stop system extends your advantage. Come to a halt and it turns off the engine to boost fuel savings. You'll enjoy performance other SUVs can't keep up with, and also love using as little as 5.1 litres of fuel per 100 kilometres*.

YOU CAN SEE IT'S NO ORDINARY SUV

Mazda CX-5 debuts a whole new design direction we call 'KODO - Soul of Motion'. Its inspiration comes from the shape and muscular strength of a cheetah that's about to pounce. Fresh thinking continues inside, with elegant, driver-oriented sports instrumentation. You get a reverse camera as standard, plus features like parking sensors, Lane Departure Warning and Blind Spot Monitoring on selected models. The premium interior generously accommodates five people and all their gear.

All-New Mazda CX-5 is an SUV, but not as you know it. To find out more, or arrange a test drive, see your Mazda Dealer or CX-5.com.au

CX-5 MAXX
