The specifications and major features listed herein are accurate as at the date of printing (May 2013/13YM). However, Honda Australia Pty. Ltd. reserves the right to change or modify specifications and major features at any time without prior notice. Due to ordering, shipping and freight factors, some colour, model, option and accessory availabilities may vary from time to time. Check with your Honda Dealer for current information. Only Genuine Honda Accessories are made to fit Honda vehicles. The fuel consumption figures quoted in this brochure are based on ADR81/02 test results. You may experience different results depending on driving conditions and the condition of the vehicle. Honda's warranties apply where due care is exercised by the owner and the vehicle is maintained in accordance with the vehicle's owner's manual. Please refer to Honda's warranty documentation for exclusions and conditions. Honda Australia Pty. Ltd. recommends careful examination of all official Honda warranty documentation before purchasing. This brochure is printed on HannoArt, a paper that is certified carbon neutral by the Carbon Reduction Institute (CRI) from seedling to printer. Made with totally chlorine free (TCF) pulp which has been sourced from managed plantation forests. HannoArt is manufactured under the world's best practice ISO 14001 Environmental Management System. The pulp used is Process Chlorine Free and is manufactured by an ISO 14001 certified mill. Accord V6L shown in Alabaster Silver on cover. HOD0052

The Honda Accord.

Having it all means feeling like the world was made with you in mind, and behind the wheel of the Accord, it is.

That's the power of clever thinking.

Accord

What does it mean to have it all?

Is it the impression of power that makes others pay attention? Is it intelligent, intuitive technologies? Is it uncompromising safety and handling, ensuring that whatever happens, you'll be ready? Or is it each of the above in equal measure?

The Honda Accord is the car that lets you have it all, without compromise. From the outside, the quality is obvious in the powerful shape of the Accord's body and its overall elegant and athletic appearance. Inside, no detail is too small to have been overlooked. More space and more light with expansive glass surface areas,

a larger boot and premium finishing touches put you in the perfect position to enjoy a seamless, beautifully balanced drive.

Behind the wheel, the latest innovative technology makes the drive something you will enjoy coming back to. A large touchscreen display, cleverly placed consoles and a steering wheel that lets you control it all is further complemented by Honda's most advanced safety features yet.

And all that just to start. With so many features, details, pleasant surprises, 'thought-of-that's' and more, you'll quickly see why the Honda Accord truly has it all.

1119155

188*

THE LATEST FEATURES. CLASSIC STYLE. IN THE ACCORD, YOU GET BOTH.

With a look that will stand the test of time, the Accord's new, reshaped body exudes athletic, yet refined, power. At the front, a sporty appearance is achieved via a streamlined nose section through the bonnet and bumper.

The eye can't help but follow the front of the car down the body thanks to its classically shaped contours. The Accord looks like it's in motion even when standing still, through use of strong character lines that include in-line door handles and elegant windows.

Attention to detail highlights the Accord's most striking features – from the style of the alloy wheels and appearance of the body-coloured side mirrors to the touch of chrome on the dual exhausts of the V6L. Chrome garnishes also extend along the rear of the car, with sleek, modern, wrap-around LED taillights.

Newly designed lighting technologies that pave the way forward.

Slim, angular headlights fit atop the newly designed LED Daytime Running Lights for visible sophistication.

LED projector beams' light the road ahead making for near-day illumination. Active Cornering Lights (ACL)² switch on as soon as you indicate or turn the wheel. The Accord also comes with Honda's High-beam Support System (HSS)², which shifts from high-beam to low-beam automatically when another vehicle comes into sight, giving you more time to enjoy the greatest luxury of all: a hassle-free drive.

So when you look at the Accord, one thing quickly becomes evident: whether it's classic style or modern comforts, you really can have it all.

0

Welcome to a place where every tiny detail is considered, and catered for.

國旗

When you open the door to the Accord, space is the first luxury you'll notice. Honda's clever ability to give the occupants more room, and the machine less, has opened up the rear of the cabin allowing more legroom below, more shoulder room above and more boot space... a space large enough that it can fit 4 golf bags, even without the seats folded down.

You'll experience new levels of comfort with power adjustable, heated front seats! dual-zone automatic climate control and rear sunshades² to keep you and your passengers at ease. Plus you'll never miss a word, thanks to the Active Noise Control (ANC) system blocking sound interruptions from the outside world. You'll also have the perfect view from inside, out, thanks to increased glass areas and thinner roof pillars.

Throughout the interior, premium finishes and quality materials make driving a first class experience – whether you're behind the wheel or enjoying the freedom of space as a passenger.

Experience a car designed from the inside, out.

21 7 -

The Accord's dash has been redesigned with practicality in mind. Ingenious design puts the latest technology where you need it most - right in your line of sight. In front of you sits a high contrast, white-on-black display perched in the centre of the speedometer. The display supplies your essential driving information, from the temperature outside to the distance left in the tank

The centre console boasts dual screens - up top, an 8-inch, colour

intelligent-Multi Information Display (i-MID) shows your audio information, phone details, rear-view camera feed and a huge range of other features. Underneath sits the touch-screen audio display, eliminating button clusters with its sleek, simple design and easy-to-use on-screen controls.

And in control is how you'll feel gripping the Accord's multi-function steering wheel, where you have the tools for complete customisation of your drive, from the music playing to gear selection, should you wish.

Lane Watch.

Audio system

The Accord boasts a 6-speaker audio system including AM/FM tuner, CD player, USB port, auxiliary input and Bluetooth® audio streaming Select models¹ also treat you to a superb 360-watt, 7-speaker system including subwoofer

Dual-zone climate control

Dual-zone climate control allows you and your front passenger to independently adjust the temperature. Plus, select models² feature GPS-linked solar sensors that calculate the sun's position and automatically adjust cabin temperature to compensate.

Auto wipers and headlights¹

For greater convenience in wet weather and dull light, rain-sensing wipers and you focus on the drive

Electric sunroof

The electric sunroof in the VTi-L model and above opens the roof through slide and tilt functionality, whilst a floating liner in the sunroof lets you adjust how much light to let into the cabin.

Power adjustable front seats² VTi-L and V6L models allow for 8-way driver's seat power adjustment. Individual memory settings stored in each key fob will automatically reset the seat back to your preferred arrangement.

Heated seats

Leather-appointed[†], heated front seats in the VTi-L and V6L offer an extra touch of comfort and luxury, and allow individual seat temperature settings for driver and passenger.

Satellite navigation² The Accord's satellite navigation system with easy-to-follow graphics, extensive Points of Interest and the convenience of SUNA live traffic updates means you'll always know the best route to take

The Accord features a camera hidden in the passenger side mirror that lets you see what was previously invisible, simply by indicating to move into the left lane or manually pressing a button on the indicator stalk.

While traditional blind spot monitoring systems merely alert you when a vehicle is detected, Honda's revolutionary Lane Watch uses the i-MID display to show nearly four times the view of a regular mirror, as well as 'car length' markers, so you can easily and safely switch lanes. Now that's clever thinking.

Bluetooth[®] phone and audio[°]

Keep your hands free while talking on your mobile, or wirelessly streaming music.

Multi-angle rear-view camera

All Accord models feature a multi-angle rear-view camera with three different views: a high-resolution wide view, normal view and a top-down view displayed on your i-MID display. Together with guidance lines that show the predicted reversing path of the vehicle, you'll always know where you're going.

dusk-sensing headlights take over and let

Smart keyless entry and start²

As long as the key fob is with you, the Accord will sense your approach and unlock the doors as soon as you touch the front handles. Once inside, the engine starts with just a push of a button.

Auto-dimming rear-view mirror²

An electrochromatic rear-view mirror improves visibility and safety by automatically dimming during night-time driving, which reduces glare from the headlights of vehicles behind.

Rear sunshades

The V6L comes with a rear sunshade that can be activated from the centre console. Each rear door also comes with its own manual slide up shade so your passengers can always be protected from the glare.

Famous for its powerful performance – and rightly so.

With the choice of two powerhouse engines, both incorporating elements of Honda's Earth Dreams technology, how much power and performance you can handle is up to you.

The heart of the Accord: its engine Power, refinement and fuel efficiency are the hallmarks of every Honda engine, and with the Accord, you have the choice of two – a powerful 2.4L 4 cylinder i-VTEC or the commanding 3.5L V6 i-VTEC offering formidable, yet efficient, performance.

The 4-cylinder i-VTEC puts you in control of 129kW of peak power and 225Nm of torque. Innovative fuel converters mean the engine uses as little as 7.9 litres per 100km^{*}, matched by impressively low CO2 emissions.

The 3.5L V6 i-VTEC boasts an immense 206kW of peak power and 339Nm of torque. The force of this engine is matched only by its advanced technology, expending just 9.2 litres of fuel per 100km^The V6 engine also features Honda's revolutionary Variable Cylinder Management system (VCM) that shifts the engine from a 6-cylinder to a 3-cylinder, conserving fuel and keeping the power for when you really need it.

The 2.4L engine features a smooth, precision engineered 5-speed automatic transmission, whilst the V6 model has a 6-speed automatic transmission, combining fuel efficiency and a smooth operating system. 'S' mode allows for performance-oriented driving by giving you more responsive acceleration. Both transmissions can switch to manual mode and feature Honda's unique Grade Logic Control that holds the range of gears when tackling undulating terrain, ensuring a constantly smooth drive.

Eco Assist

Honda's Eco Assist works as a visual coaching system, changing the colour of your speedometer to help you drive more efficiently. When you accelerate heavily, the speedometer will glow white. Drive in a smooth, controlled way and the display glows an encouraging green.

ECON Mode

At the touch of a button, ECON Mode adjusts engine behaviour, transmission and air conditioning to maximise economy.

Handling

The Accord handles with the ease of a much lighter vehicle thanks to the use of high tensile steel and advanced suspension technology. Combining MacPherson struts at the front and an independent multi-link suspension at the rear, the Accord offers intuitive control and greater stability. The Accord's impeccable handling is also thanks to the Electric Power Steering system that reduces steering effort and fuel consumption.

HONDA IS COMMITTED TO DESIGNING EVERY MODEL WITH EXCEPTIONAL SAFETY FEATURES. WE EVEN BUILT THE WORLD'S LARGEST **OMNI-DIRECTIONAL CRASH** FACILITY TO TEST OUR CARS MORE THOROUGHLY

Multi-angle rear-view camera

Every model has a reversing camera as standard, so you'll feel just as safe going backwards as you do going forwards.

Emergency Stop Signal (ESS)

If an emergency situation forces you to brake heavily, drivers behind you need as much warning as possible. Emergency Stop Signal does just that, automatically flashing the hazard lights in the event of hard braking to reduce the chance of a rear-end collision

Front and rear parking sensors¹

These monitor hard-to-see obstacles around the car such as low walls or bicycles, and alert you when close, both visually and with an audible alarm.

Trailer Stability Assist (TSA)

When towing, Trailer Stability Assist (TSA) monitors trailer movement relative to the Accord itself. If too much difference is detected, such as during crosswinds, it adjusts engine torque and applies precisely the right amount of braking to the relevant wheels, stabilising both the Accord and the trailer

Vehicle Stability Assist (VSA) with Traction Control

This technology helps keep the Accord on course in adverse driving conditions by detecting, then mitigating, potential understeer or oversteer. When necessary, VSA automatically reduces engine power and manages brake pressure to individual wheels to help regain control

Hill Start Assist (HSA)

Hill Start Assist prevents 'roll back' when starting on an incline. The system controls brake pressure, keeping the car stationary for a moment after you release the brake pedal.

Tyre Deflation Warning System (DWS)

This clever technology detects and alerts you to an abnormal decrease in tyre pressure.

Airbags

Whiplash mitigating front seats

In the event of a collision, the seatback springs are optimised so that the seat will more equally absorb the occupant's impact, in a manner that can minimise the severity of a whiplash injury.

The clever Honda i-SRS driver airbag system inflates at different rates depending on crash severity, seatbelt usage and a host of other factors to keep you safe behind the wheel. Dual front, side and full-length curtain airbags are standard.

Advanced Compatibility Engineering (ACE)

The Accord has been designed with an innovative body structure, engineered to absorb and deflect the force of a frontal collision away from the passenger compartment, improving the safety of every occupant.

Pedestrian protection

Research has proven that sophisticated protection features, like windscreen wiper pivots that break away on impact and energy absorbing front guard mounts, dramatically improve a pedestrian's chance of survival if struck. So naturally they come standard on the Accord.

Daytime Running Lights

LED Daytime Running Lights don't just look great, they provide increased car visibility too

ABS, EBD and Brake Assist

When emergency braking is detected, Brake Assist (BA) applies maximum braking pressure, activating the Anti-lock Braking System. ABS helps stop the wheels locking under heavy braking, allowing you to maintain steering control whilst Electronic Brake-force Distribution (EBD) works to maintain the directional stability of all four wheels.

Advanced Driver Assist System (ADAS).

Honda has worked tirelessly to ensure the safest and most comfortable driving experience, no matter the situation. Nothing demonstrates this endless search for safety more than the intuitive nature of the Advanced Driver Assist System in the Accord, optional in the VTi-L and standard in the V6L.

Lane Keep Assist System

The Lane Keep Assist System (LKAS) uses a camera mounted behind the windscreen that, when activated, 'senses' the line markings on the road. The system emits an audible warning if the vehicle starts to drift off course and automatically provides gentle steering correction to get you back on track, helping you to stay safely in the centre of your lane.

Collision Mitigation **Braking System**

In the case of an impending collision, the Collision take preventative action, and mitigates the severity

Mitigation Braking System (CMBS) warns you to of an accident if impact is deemed inevitable.

* Adaptive Cruise Control

Adaptive Cruise Control (ACC) builds on

the functionality of the conventional cruise

to maintain a consistent following distance.

control system, adjusting the Accord's speed

2.

When you approach a vehicle that is going slower than your set speed, a radar set behind the front grille detects the vehicle and automatically slows the Accord to maintain a set distance.

You set your desired cruise control speed

and distance between you and the car ahead.

Once the road ahead is deemed clear, the Accord will automatically revert to your desired speed.

3.

If the vehicle in front of you is too close you are prompted to take preventative action with both a visual and audio warning.

When the distance between you and the vehicle in front further reduces, the system applies light braking and a tactile warning by gently retracting the driver's seatbelt.

Finally, if an accident appears to be unavoidable, the system will apply strong braking to mitigate the severity of the impact. At this stage it will also retract both the driver and front passenger's seatbelts to help reduce possible injuries.

VTi

The Accord VTi comes standard with:

- 2.4 litre DOHC i-VTEC 4 cylinder engine
- 5-speed automatic transmission
- Electric Power Steering (EPS)
- 16-inch alloy wheels with full size alloy spare
- Chrome door handles
- Electrically adjustable door mirrors
- Projector-beam halogen headlights
- LED Daytime Running Lights (DRL)
- LED rear combination tail lights
- Mirror-mounted LED turn indicators
- Active Noise Control (ANC)
- Active Sound Control (ASC)
- Dual-zone climate control
- Fabric seat trim
- Intelligent-Multi Information Display (i-MID)
- Multi-angle rear-view camera
- Touch-screen audio display
- 160-watt audio system with 6 speakers
- AM/FM radio with MP3 compatible CD player
- Auxiliary jack and USB connectivity
- Bluetooth[®] phone and audio connectivity[°]
- SRS airbags: dual front, side and full-length curtain
- Advanced Compatibility Engineering (ACE)
- Emergency Stop Signal (ESS)
- Hill Start Assist (HSA)
- Security alarm and immobiliser
- Trailer Stability Assist (TSA)
- Tyre Deflation Warning System (DWS)
- Vehicle Stability Assist (VSA) with Traction Control
- Whiplash mitigating front seats

Additional features over the VTi:

- 17-inch alloy wheels
- Front fog lights
- Projector-beam LED headlights
- Dusk-sensing automatic headlights
- Rain-sensing automatic front wipers
- Front and rear parking sensors
- Lane Watch blind spot monitoring system
- Passenger side mirror with reverse tilt-down function
- Leather-wrapped steering wheel
- Leather-wrapped gear shift knob
- 360-watt premium audio system with subwoofer

VTi-L

Additional features over the VTi-S:

- 18-inch alloy wheels
- Active Cornering Lights (ACL)
- High-beam Support System (HSS)
- Electric sunroof
- Smart keyless entry and start
- Auto-dimming rear view mirror
- i-dual-zone climate control with rear ventilation
- Leather-appointed seat trim^
- Heated front seats
- Satellite navigation system
- with SUNA live traffic updates^t
- Wood-grain look interior finishes
- 8-way power adjustable driver seat
- with two position memory
- Driver power lumbar support
- 4-way power adjustable front passenger seat

Optional Advanced Driver Assist System (ADAS):

- Adaptive Cruise Control (ACC)
- Collision Mitigation Braking System (CMBS)
- Lane Keep Assist System (LKAS)

colour. Select your model and

Additional features over the VTi-L:

- 3.5 litre SOHC i-VTEC V6 engine
- Active Control Engine Mount
- Variable Cylinder Management (VCM)
- 6-speed automatic transmission
- 18-inch alloy wheels (two-tone)
- Hydrophilic door mirrors
- Twin chrome exhaust

V6L

- 8-way power adjustable front passenger seat
- Electric rear sunshade
- Manual rear side sunshade
- Advanced Driver Assist System (ADAS)

Standard equipment. AFactory option Accessory option. – Not available. *The figures quoted in this brochure are based on ADR81/02 combined test results. You may experience different results depending on driving conditions and the condition of the vehicle. °The Bluetooth word mark is owned by the Bluetooth SIG, Inc. and use of such mark by Honda is under licence. Please check the list of compatible phones at honda.com.au/Bluetooth *Only available in conjunction with the Advanced Driver Assist System (ADAS). ^Leather trim includes some non-leather on selected, high impact areas. *Not all devices are compatible and functionality will vary depending on the device. *SUNA is a registered trademark of Intelematics Pty. Ltd. Coverage includes Melbourne, Sydney, Brisbane, Gold Coast, Adelaide, Perth and Canberra metropolitan areas. Refer to www.sunatraffic.com.au for full details.

You're never alone in a Honda.

Buy an Accord and you'll be amazed at how well you'll be looked after.

The care starts with a 3-year/ 100,000km warranty and 6-year rust perforation warranty*.

You'll also have access to HondaONE, an exclusive website that gives you up-to-date service history, vehicle records, maintenance tips and service reminders.

Plus we have a range of benefits that ensure your Accord is as pleasurable to own as it is to drive.

Dedicated Honda Care

Servicing your Accord at a local Honda Dealership will ensure you protect your investment and maximise its outstanding resale value. Dedicated Honda Care provides access to specialist diagnostic equipment and Honda Genuine Parts. There's also the advantage of factorytrained technicians with unparalleled knowledge of Honda products.

Honda Warranty Plus⁺

Accord will be protected with no claim limits and no cost for labour and parts for 5 years or 140,000 kilometres (inclusive of New Vehicle Warranty). You'll also be entitled to 5 years' Premium Roadside Assist. Visit honda.com.au/warranty

Honda Insurance

as your Accord, you really need Honda Motor Vehicle Insurance. You'll enjoy a range of benefits, including: - 3-year new replacement if your Honda is a total loss. Genuine Honda approved parts for the first 3 years - Lifetime guarantee on authorised repairs.

For more information visit

For more information visit honda.com.au or Freecall 1800 804 954

Honda warranties apply where due care is exercised by the owner and the vehicle is maintained in accordance with the Owner's Warranty and Service Manual honda.com.au/warranty for full terms and conditions. *5-year/140,000km Warranty Plus is inclusive of 3-year/100,000km New Vehicle Warranty. Please refer documentation for conditions at honda.com.au/warranty 'Honda Insurance is underwritten by Allianz Australia Insurance Limited Licence No. 234 708 ABN 15 In arranging this insurance Honda Australia Pty Ltd ABN 66 004 759 611 and the authorised dealers act as agents of Allianz and not as your agent. In entering into a this policy, you acknowledge that this Product Disclosure Statement (PDS), your Schedule and any other document which we tell you forms part of this policy sets out the entire agreement that exists between you and Allianz in connection with this policy. You also acknowledge that you have not relied on any prior rep not expressly included in or are otherwise inconsistent with the Policy Documentation. Neither Honda nor any of its related companies have any liability in resp

If you're looking for cover as reliable

Honda Finance

Whether you're buying a Honda for range of flexible finance and leasing find a financial solution that suits you as perfectly as your Accord does. For more information visit honda.com.au/finance

Honda Merchandise

Honda merchandise. For everything from apparel to travel goods, visit your local Honda Dealer or view the range at honda.com.au/merchandise
