# THE BEST MILEAGE OF ANY GAS-POWERED NON-HYBRID VEHICLE IN AMERICA!<sup>1</sup>

Once in a while a car comes along that is intelligently designed – *and* sensibly priced. That time is now. The 2017 Mitsubishi Mirage combines a sporty urban look, significantly improved power and acceleration and outstanding fuel economy. Oh, sure. Everyone says stuff like that, right? But when you experience the Mirage's newly enhanced exterior and interior styling, unique appearance and improved performance, handling and stability, you'll become a believer, too!

And then there's that class-leading warranty. Ten years or 100,000 miles!<sup>2</sup> Now that's something that not everyone says – or *can* say!

What it all adds up to is a vehicle in which fun meets functional. In three distinctive trims and eight great colors. Time to take small seriously.
