Renault MEGANE
Sedan

Overseas model shown.

MEGANE

Stylish design. Innovative technology.

The all-new Megane Sedan has finally arrived in Australia. Combining French design and attention to detail with European technology, engineering and driving dynamics, all-new Renault Megane Sedan brings the flair and performance this segment has been waiting for.

All-new Megane Sedan is a true driver's car that's just as happy performing your daily driving duties.

Emotion in Motion.

All-new Megane Sedan is immediately recognisable as the latest creation of the Renault design philosophy 'Emotion in Motion'. The bold front grille, signature LED 'C' shape running lights and wide front track give it a distinctive muscular stance.

All-new Megane Sedan's seamless profile, with its accentuated shoulders and subtly flared wheel arches, is a perfect example of how clean, uncluttered design delivers beautiful simplicity. From the rear, the elongated horizontal tail lights accentuate the surprising breadth of the car.

Overseas model shown.

Welcome aboard.

All-new Megane Sedan is waiting for you! With your hands-free card, unlocking and locking of doors is automatic. The boot lid opens when your foot is detected under the rear bumper or nearby by a support on your hands-free card. Enjoy the expansive 503 litres of boot space above the floor. To adapt to any situation, the rear bench seat has a 60:40 split-folding design, to free up to 987 litres of loading space over 1.9 m.

Advanced technology.

Dominating the central console is the all-new Megane Sedan's high definition, touch sensitive multimedia system. In all Meganas you'll find either a landscape 7" touchscreen or the class-leading 8.7" portrait style screen.

The touchscreen is central to the Megane's intuitive technological features. It's simple to navigate and works like a tablet – just touch, swipe and zoom with your fingertips. Same for maps and navigation. Just touch and drag to find local amenities or drop a pin to navigate to a point of interest.

Stunning inner beauty.

Make your all-new Megane Sedan really yours. Choose from five different settings for the interior LED lighting^{*}, dash display, overhead, rear, and door lighting to create a cabin ambience that suits whatever mood you are in.

As you would expect from a French car brand, the attention to detail within the cabin is very deliberate with meticulous design. The dash is sleek with a non-scratch and soft-to-touch finish. The steering wheel is wrapped in rich Nappa full grain leather^{*} and feels as good as it looks.

Although there's little chance you'll ever let someone else drive, there is excellent rear leg and head room – plenty of room for two adults should you need it.

^{*}Standard on Intens

[^]Optional on Intens

MULTI-SENSE

Think of MULTI-SENSE* as the conductor of an orchestra, coordinating all the wonderful technology inside Megane Sedan to work in perfect harmony. Whether you are in the mood for a sporty drive, a smooth, relaxed outing, or eco-friendly efficiency, use MULTI-SENSE to enjoy a bespoke experience for every drive.

There are five different profiles to choose from - Blue for Comfort, Green for Eco, Red for Sport, Sepia for Neutral and Purple for Personalised. While each setting is pre-adjusted for a different driving experience, you also have the option to create a custom driving profile. Adjust the engine response, transmission changes, steering effort and engine tone, as well as a suite of on-board instrument design and display combinations.

MULTI-SENSE can be tailored to be as individual as you are and represents a level of technology usually found in premium luxury vehicles.

*Standard on Intens. Not available on Zen.

R-LINK 2

The Renault R-LINK 2 multimedia system controls multiple functions via the large capacitive touchscreen. With two sizes, either the massive 8.7" portrait screen or the standard landscape 7" screen, it is responsive, ergonomic, luminous, and as easy to use as your tablet or smart phone.

R-LINK 2 allows you to design your own personal home screens by choosing the size and position of maps, radio, your favourite contacts, navigation and other functions. Just like your phone or computer, your all-new Megane Sedan's homescreen can be adjusted to prioritise what is most important to you. You can create up to six user profiles so multiple drivers can have the system pre-set to their preferences.

A true control centre, Renault R-LINK 2 also manages the MULTI-SENSE* system, and all the driver assistance systems including Easy Park Assist*.

*Standard on Intens. Not available on Zen.

Overseas model shown.

Safety. A cornerstone of Renault cars.

Road safety has been an important part of Renault's culture for over 50 years, leading to innovations that have set the standard in automotive safety. It's based on a philosophy of building cars that protect occupants in case of an accident, but also contain an array of technologies designed to prevent them from happening in the first place. All-new Megane Sedan is no exception.

Adaptive & Curtain airbags

All-new Megane Sedan protects occupants with multi-stage, variable force deployment airbags. This variable deployment is determined by the severity of the impact and proximity of the driver and front passenger to the dash or steering wheel.

Easy Park Assist[^]

All-new Megane Sedan's parking assistance system measures the parking space with its sensors (whether parallel, perpendicular, or angled) and defines the parking trajectory. Then it takes over the wheel and steers itself while the driver controls the speed and braking. It can also help to exit parallel parking spots.

Blind spot warning[^]

The all-new Megane Sedan Intens detects vehicles entering your blind spot. An indicator light located on each wing mirror will warn you of any potential hazards.

Proximity sensors with reversing camera

All-new Megane Sedan looks in all directions with sensors that give you an audible warning when moving or static objects are too close, as well as visual guidelines letting you know exactly how close you are to an obstacle.

[^]Not available on Zen.

Enhanced power.

Whether you are a Formula 1® fan or not, our long involvement in motorsport gives us the experience and expertise to produce engines that are powerful, responsive, fuel efficient, yet still low on emissions.

Overseas model shown.

ENERGY TCe 130

Capable of 130 hp at 5,500 rpm and 205 Nm from 2,000 rpm, the ENERGY TCe 130 engine offers you the same performance as a 2 litre atmospheric engine. Its direct injection and integrated turbocharger deliver exceptional responsiveness. It feels eager, crisp, yet is surprisingly quiet, operating with a distinctive soft-edged sound.

EDC gearbox

The EDC (Efficient Dual Clutch) automatic gearbox combines the comfort of an automatic with the responsiveness of a manual. With either 7 gears, our EDC delivers flexibility, dynamism and reduced fuel consumption. With super quick, seamless gear changes, what more could you ask?

Our quality. Your peace of mind.

When you choose a Renault, you enjoy years of worry-free motoring, backed by a trusted and reliable brand.

Generous Comprehensive Warranties

Renault has been building and racing motor vehicles for more than 100 years, creating a legacy of invention, innovation and a competitive spirit that drives us to excel. The wealth of experience we've gained is reflected in the design, performance and quality of every vehicle we sell.

We're so confident that your new Renault will provide you with many years of reliable and enjoyable driving that we're backing our quality promise with a comprehensive 5 years unlimited kilometre warranty on all of our passenger vehicles.

Capped Price Servicing[^]

Fantastic Renault value doesn't end once you've got your new vehicle home – you'll enjoy the benefits of lower maintenance costs for your first 3 years or up to 90,000km (whichever occurs first) behind the wheel thanks to Capped Price Servicing.

The Capped Price Service program covers the cost of all Genuine Renault parts, lubricants and labour required for standard scheduled maintenance services.

And because you're busy, Renault vehicles are designed to require servicing only once per calendar year – not every six months like some manufacturers.

24/7 Roadside Assistance

Renault Roadside Assistance is a service Renault provides to you as a new Renault owner for the period of your new vehicle warranty, regardless of how many kilometres you travel.

You could run out of fuel, lose your car keys, have a flat tyre or an accident just around the corner, or a long way from home. Just call 1800 009 008 and we'll arrange the assistance you need to get back on the road. The service is available 24 hours a day, 365 days per year and covers you right across Australia.

Renault Specialist Technicians

Only Renault authorised dealerships have registered Factory Trained Technicians. Known globally as COTECHs, they're trained by Renault to perform all factory-recommended servicing and repair operations. This ensures your car always receives the quality attention it deserves.

COTECHs use specialised service tools and equipment to ensure your vehicle continues to provide optimum performance, safety, economy and emissions. When you combine this technical expertise with the very best Genuine Renault parts, lubricants and accessories, you can be sure your car is in the safest of hands.

Repair and Service Courtesy Cars

Renault quality extends to our customer service.

To minimise your inconvenience while your vehicle is undergoing maintenance or repairs, our authorised Renault Dealers have low cost loan vehicles ready and waiting for you. Simply book a loan vehicle in advance when you book your Renault in for service with your dealer.

Alternatively, most Renault Dealers offer a drop off service to local destinations or to the nearest public transport.

Genuine Renault Parts

Genuine Renault parts, lubricants and accessories are of the highest quality, and specifically designed for Renault vehicles. They are purpose-built to our exacting specifications, guaranteeing fit, function and performance every time. They are also covered by our 1-year unlimited kilometres warranty.

Authorised Renault Dealers keep high stock levels of commonly used Genuine Renault parts to ensure continuous availability.

Renault Dealer Network – The Benefits

Everywhere, at every stage in your car's life, the Renault Dealer network is with you, providing quality service, including:

Personalised reception and advice.

The use of only Genuine Renault parts.

The Renault 1-year parts and labour guarantee for all repairs carried out by a Renault dealership.

Equipment and tools specially designed for your Renault.

Our pricing structures are simple, clear and transparent, so you can always have your car serviced or repaired with confidence.
