BRZ tS

a classic sports car by Subaru

At Subaru, we're passionate about driving. It's in our DNA. That's why we made the Subaru BRZ. A classic sports car designed to sit low and deliver a driving experience that's exhilarating and a whole lot of fun. We made it for us. Now it's over to you.

With a legendary low centre of gravity Boxer engine at the core, and rear wheel drive dynamics, you'll love it the moment you get behind the wheel. Connect your smartphone with Apple CarPlay® and Android Auto™ connectivity¹. Put your favourite track on. As soon as you put your foot down, it'll be tough to wipe that grin off your face.

1. Compatible Apple® or Android™ device required.

Subaru spirit

The Subaru BRZ is powered by Subaru's famous horizontally-opposed Boxer engine. Its low centre of gravity is a major reason why BRZ sits low and grips the road so effectively. The high-revving 2.0-litre four cylinder Boxer engine features both direct and port injection technology for a throaty engine roar that's pure adrenaline-pumping fun. Loaded with cutting-edge technology and infotainment to up the fun factor.

Subaru BRZ Premium steps it up a level with heated driver and front passenger seats and the appeal of high-end Alcantara® seats with leather¹ accents and BRZ branding.

BRZ

BRZ tS

the full kit

Subaru BRZ tS takes some of the best of STI motorsports technology and raises the bar – both inside and out. Performance enhancements push the BRZ tS to the edge, with robust specially-tuned SACHS suspension supporting sharp handling and enviable driving stability. The sports flair continues with red Brembo brake calipers dueling for attention with dynamic 18" STI alloy wheels. Topping it off is a striking tS branded sports grille and a rear spoiler that means business. Subaru BRZ tS is spirited driving as good as it gets.

why BRZ?

Boxing clever

Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine helps to deliver better handling. Sitting horizontally in the engine bay, it moves like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

Finest safety

5 star ANCAP safety across the BRZ range

With spirit, quality and imagination comes some serious safety innovation. We want every Subaru BRZ to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. The Subaru BRZ carries the maximum 5 star ANCAP¹ safety rating.

Eyes in the back of your head

Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. Rear view reverse camera standard on all Subaru BRZ variants.

Control you can count on

Vehicle Dynamics Control

Enjoy having the confidence of precision engineering that helps to maintain control in sticky situations. Subaru's Vehicle Dynamics Control (VDC) utilises a range of sophisticated vehicle sensors and advanced safety technologies, which automatically act to help to maintain stability and control. This electronic Driver Assist system incorporates Subaru's Electronic Stability Control (ESC), Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD), Brake Assist and Traction Control System (TCS).

1. The Australasian New Car Assessment Program (ANCAP) gives consumers consistent information on the level of occupant protection provided by vehicles in serious front and side crashes.

Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

DataDotDNA®

Every Subaru is fitted with advanced engine immobilisers and the DataDotDNA^{®2} Theft Deterrent System. Microscopic dots are laser-etched with each vehicle's unique Vehicle Identification Number – making it a less attractive target for thieves.

Three Year Rebate on Theft Insurance Excess

DataDot Technology (Australia) Pty Ltd will pay your theft insurance excess³ (up to a maximum of \$800 including GST) should your new Subaru be stolen in the first three years of purchase and not recovered within 45 days despite the presence of DataDotDNA^{®2} and warning labels.

1-Month Health Check and Chat

The 1-Month Health Check and Chat is a free consultation within the first month after delivery of your new Subaru. It allows our factory-trained technicians to provide quick vehicle checks, and one of our Service Advisors will answer any of your questions to help ensure an ongoing, worry-free experience.

Subaru's Map Updates

If your new Subaru is fitted with a factory line fit navigation unit your unit will be covered by Subaru's Map Update Program⁴ – guaranteeing you'll have access to the latest maps for the first 3 years of ownership.

My Subaru – online owner's destination

The My Subaru owner's portal is an online destination for owners which provides access to exclusive benefits, tailored content, your vehicle's ownership history and much more.

1. Every eligible Model Year 2018 onward Subaru BRZ comes with Subaru's 63 Month/105,000 Km Capped Price Servicing Program. Available at participating Subaru Retailers only and does not apply to rental and some other classes of vehicles. For full Capped Price Servicing Terms and Conditions visit www.subaru.com.au/service/pricing/capped-price-servicing.
2. DataDotDNA[®] is a theft deterrent not a theft prevention mechanism. 3. Vehicles must be registered, comprehensively insured and less than 3 years old. DTA must receive a claim within 45 days of the theft. Terms and conditions apply. 4. Subaru's Map Update Program is available on MY19 Subaru BRZ models purchased from November 01, 2018 onwards with the factory line fit Gen3.1 navigation unit. Subaru's Map Update Program is not available on accessory fit or dealer sourced navigation units. For full terms and conditions of the Subaru Map Update Program visit www.subaru.com.au/owner-experience/benefits/subaru-map-update-program.
